## *Piper 1985*

Narrating in the Senior floorshow, Jim Hakemian proudly stands for his class. The daringly different Seniors made history as Seaholm's first four year graduates.

Four year Varsity veteran Sarah Yntema fiercely battles for the second singles state title. Sarah was one of 12 team members who traveled to Midland, MI, to compete for the girls' state tennis championship.

*Nick Douras*

Foreign exchange student Silke Wiegund and Julie Rising cautiously examine an earthworm during a lab. Biology 1 gives students the one science credit required for graduation.

Eyeing Groves' defense, All Area quarterback David Kuhn prepares to call the signals for Seaholm's awesome offensive surge toward the end zone. Playing in the Silverdome, the Maples skillfully shut out the Falcons with a 7 - 0 victory.

**F**ield events give not only the participants, but the entire class a release of tension.

*Jenny York, Junior*

# MAKE THE STATE PLAYOFFS

What a difference a day makes . . . and day by day members of the Seaholm community "dare to be different." The traditional customs of Seaholm life were again observed over the past year, with a few added twists. the Junior class "dared" to beat the mighty Seniors in Field Day and just fell short, as was the case in the Freshmen's bid to overtake the Sophomores.

Seaholm's athletic teams dared to differ from the other SMA contenders by finishing on top and bringing our school several league championships. It is teamwork that makes the difference, teamwork amongst the players, coaches, and spectators all working together for one common goal: a victory for our school.

Success in sports is paralleled by many outstanding academic achievements, for which the most visible difference is the greater number of students who participated in these academic successes. Eighty-five percent of current graduates will go on to further their education. These student will represent the first four year graduation class at Seaholm High School. The new four year plan gives students many different opportunities as they "dare to excel."

*Continued*

The Class of 1985 was the first to compete in four Field Days. The Senior floor show unified a touching combination of treasuring earlier years and anticipating the future. Saluting the past, Ben Davis strives for a Field Day victory.

I've been in the band for four years now. It's definitely worth the work.

*Charlie Hufford, Senior*

# TRY A NEW WAVE HAIRSTYLE

In addition to the required courses, all students are able to take those classes that they feel are fun, challenging or necessary for later stages in life. A high school environment, in which all four classes are free to mix, is ideal, as each student "dares to mature."

When the school day is over and the bell has rung, the school halls are still buzzing with students as they prepare to head off to their respective activities, of which Seaholm High School offers an outstanding variety. Clubs and organizations abound with students, as active members "dare to participate." Whether a student is athletic, musically talented, business or politically oriented, artistically or linguistically inclined, that student can certainly find an activity to satisfy his interest.

The administrative differences have given our daily routines new variety. The most notable of them was the moving of homeroom to fifth hour from its traditional 7:40 a.m. time slot. This

change, however, only applies to the 1984 - 1985 school year, the year that marks the end of homeroom as part of the day. This year also marks the end of the six hour day, and fifty-four minute classes, as students and faculty prepare for next year's seven hour day.

Those wild crazy seniors are at it again! Costumed in their class color, they unite for a pre-Field Day celebration.

*Continued*

Mrs. Kathy Young

August through June, talented and dedicated athletes use the practice field. In rain, snow and intolerable heat, teams prepare for competition. But this early October morning makes even the worked-over practice field intriguing.

Victory was in the hearts of Sophomores Randy Winograd, Kathy Catto and Ann McElfresh as they received the Field Day banner from lower school dean Mr. Shuster. The Class of '87 was truly challenged by the frosh, but pulled through in the field events.

The 1985 Upperschool barrel race proved to be thrilling. The Juniors and Seniors were neck and neck as Senior Bill Bertoncin worked to complete his first shoe.

Biology II teachers, Mr. Hackett and Mrs. Baldree, break for lunch during the annual Lower Trout Creek field trip in Lake Orion.

Fritz Kass

**M**y freshman and sophomore years have been great, but nothing lasts forever.

*Eric Purther, Sophomore*

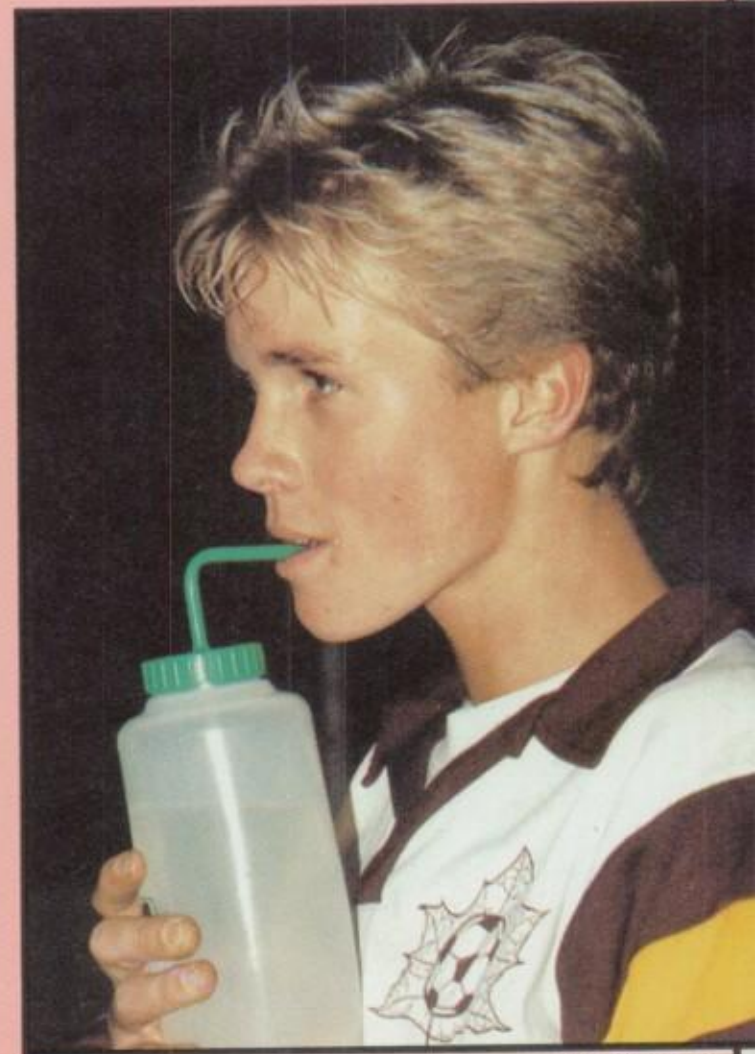

*Nick Doyaras*

# RUN FOR CLASS PRESIDENT

One need only walk down the halls to see how Seaholm students "dare to differ." Some of these differences are quite readily apparent. The student standing on tiptoe at the water fountain can only be a pregrowth-spurt freshman. His know-it-all attitude marks the sophomore, his "I-can't-wait-till-I'm-a-senior" manner typifies the junior, and his "out-of-my-way-I-own-this-place" superiority identifies the senior. The blue-jeaned and well-built jocks, the button-downed and argyle sweatered preppies, and the punk-wardrobed "mods" are present in all classes. It is these different mixtures of lifestyles that give Seaholm a special uniqueness and let many different types "dare to feel at home."

In a similar manner to the Detroit Tigers and the Olympic athletes making a difference to us, Seaholm students dare to make a difference to their community. This year's fall blood drive set a school record for amount of blood donated, for which only those students eighteen years and older can participate. Mark Scharenbrach became the third Loren B. Fischer Memorial Fund speaker to speak to students and invited guests from neighboring areas. This year's successful walk-a-thon, based on student participation and the amount of pledges collected, will make it possible to

*Continued*

*Nick Doyaras*

Representing one of Seaholm's best soccer teams in ten years, Junior Rich Bayman breaks from his midfield position to cool off during half time.

**S**tudents should get involved with their own education · participate.

*Paul Colbrook, English Teacher*

# DARE TO BE DIFFERENT

present an equally outstanding guest speaker next year. Jobs around the community are snatched up by those students who take the time to stop into the Career Placement Center and find one that suits their needs and abilities. The pride in helping out one's community is the motivating factor for Seaholm students as they "dare to get involved."

Each year the faculty roster is different, whether it be through additions or deletions, and this year is no different. New teachers have helped to enhance the business, foreign language and social studies departments for the benefit of all.

The theme of this yearbook is "dare to be different." It is only through change, through individuality, through innovation, and through a sense of adventure that our full potential is realized. To quote Theodore

Roosevelt: "Far better it is to dare mighty things, to win glorious triumphs, even though checkered by failure, than to rank with those poor spirits who neither enjoy much nor suffer much, because they live in the gray twilight that knows not victory nor defeat."

*Opening by Laurie Michelson and Amy Parsons*

"Let the field events begin." Baseball caps flew, costumes were ripped off and the Juniors were ready for a Field Day victory. The "All-American Class" was strong, but "struck out" to the Seniors.

*Nick Doyaras*

First year Varsity Cheerleader, Susie Freydl, celebrates Seaholm's solo first half touchdown. Her enthusiasm led a supportive Maple crowd and carried Seaholm to win the City Championship Title.

Senior Chris Scott was not about to let it happen again. Since Freshman year, the boys' tug-of-war has pulled short of a victory. It took the Seniors four years, but they finally got it right!

Dare to

# PARTICIPATE

Mike Rafferty

Today's cheerleader must be highly athletic as well as enthusiastic. Freshman cheerleader Laura Farrington demonstrates her spectacular gymnastic ability with a split dismount.

Field Day. And it wasn't just a few people who won for us, it was the entire class."

Behind all of this is the motivation to have fun. Working in organizations gives anyone the opportunity to blow off a little steam by being able to constructively work on non-academic projects. These organizations provide more than just fun to their members, however - they provide something for all the school, by bringing concerts, newspapers, yearbooks, and plays to Birmingham.

By Amy Parson

Junior Alyson Crabtree had hopes of catching a glimpse of the Sophomores before they "surfed" into the gym, but was caught in the act by the "local beach bums."

# GOVERNING THE SCHOOL

## *The Students that Represent Students*

*"We give students the opportunity to better their school and plan and organize activities to help make it more pleasant."*

*Cathy Lamarche*

If the school had a voice, it would be the Student Congress. All school issues go through the congress and they represent the whole student body at Seaholm.

In order to be eligible to run for an officer or for home room representative, each student had to attend a leadership seminar at the beginning of the year. This was a sort of screening process to eliminate those who would not be devoted, and insure that those who were would be well trained and have knowledge of effective leadership skills. Each student could elect themselves to run for a position. The

whole school then voted for the members. Each week a meeting is held during an hour of the school day for decisions to be made. Student Congress president, Susan Maentz, feels the meetings are a good place "to learn to work in a big group and apply leadership skill."

Some successful activities sponsored by the Student Congress were Unicef, Halloween dance, Blood Drive, and Teacher Appreciation Day. The planning and guidance never stop in order to make school a better place.

*By Kathy Morgan*

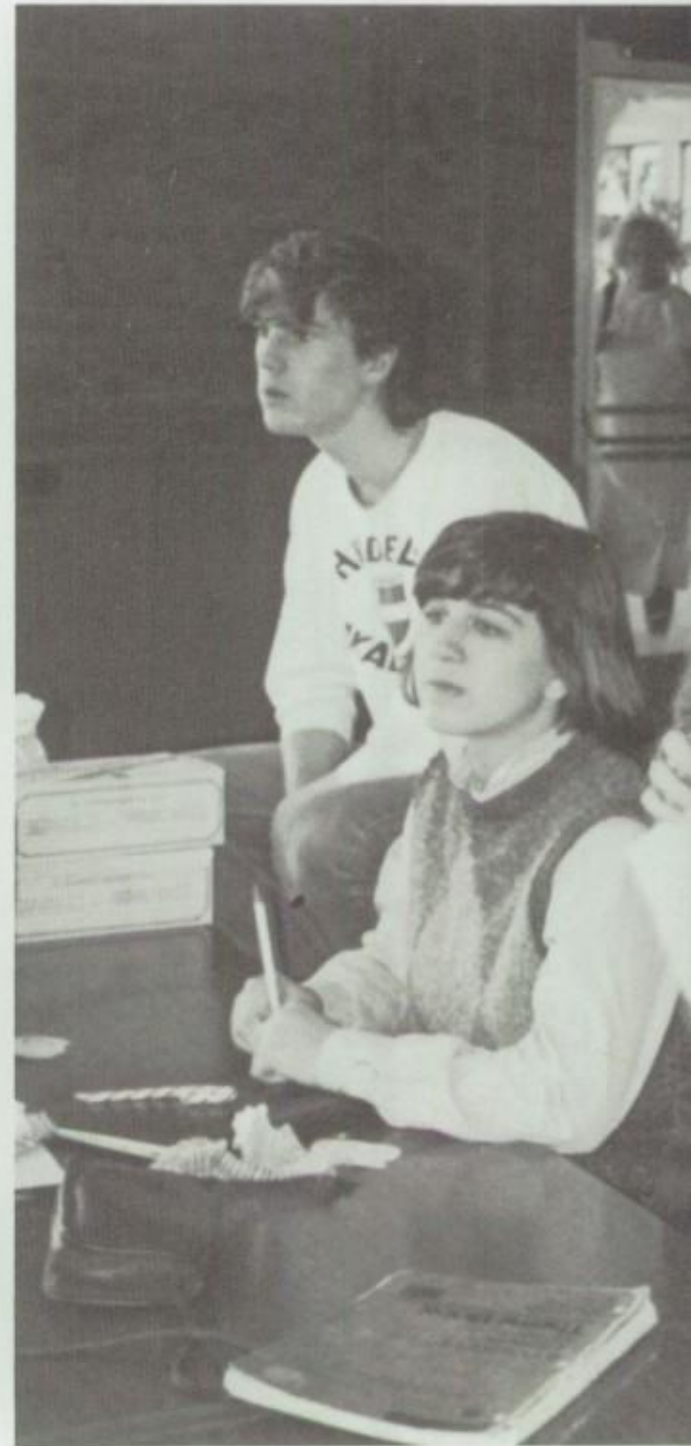

*Kevin Hauser*

# FOLLOW THE LEADERS

*They will go to the head of the class.*

Becoming a class officer this year was not as easy as it used to be. This year, for the first time, all the students running for a position were required to spend one afternoon in leadership seminar. All candidates also got to give a short video campaign speech which was played in the main lobby prior to the election.

Prom and the Sadie Hawkins dance, the only formal dances of the year, are put on by the upperclass officers. The senior class officers are responsible for organizing the Sadie Hawkins dance while

the juniors must coordinate the Prom.

The upperclass officers must also leave a present from the class and sponsor events such as all night graduation party and senior dinner. This costs money, and to raise money the officers devised many fund raisers including bumper sticker sales, bagel sales, and class dues.

The upperclass officers, with the guidance of their advisors, Mrs. Wilson and Mrs. Macy, help to make the school year more exciting for all students while learning leadership and responsibility.

by Jeff Hepfer

# ELECTED EXCELLENCE

## *New Changes Split Serious from Frivolous*

*"I'm proud to be president of the best class Seaholm has ever seen, and I hope I can live up to this tremendous responsibility."*

*Charlie Leto.*

Being elected for a class office position is a demanding responsibility as well as a great honor. Seaholm students who were running for office were required to attend a leadership seminar the first day of school to better prepare them for their position. Most candidates agreed the seminars were helpful to get them ready for the responsibilities to come.

Rather than giving a speech to each class, as has been past tradition, the candidates were given sixty seconds on the T.V. in the main lobby to persuade their perspective voters.

The candidates had mixed emotions about this new procedure. Sophomore class secretary, Jeff Jones, even though victorious, did not feel this was an appropriate way to handle the speeches. "No one watched but a few interested students. It would be better if we were required to go to class meetings where everyone could hear the same speech." In addition to the speeches, the candidates maximized their publicity by putting up posters around the school. All of those elected are intended to give their best effort in fulfilling their duties.

# BEHIND THE SCENES

## *Crews strive to pull "George M." together*

The Seaholm musical, "George M" although glamorous and vibrant from the outside, contains a large amount of time, dedication, and support. This comes from the inside - the people behind the scenes, the stage crew, lighting and sound, and make-up committees. For five months before the actual performances, these people work diligently everyday from three to eleven creating colorful scenes from plywood, figuring the proper lighting, and practicing make-up skills for opening night.

With Mr. Tall as their guide, Wayne Laako (crew head) and team design, build, and paint the

scenes for the extra difficult sets in this year's play. The light crew, under the direction of Tom Hartle and John Pierce, practice the timing and switching of scenes and the various lighting for each scene. The make-up committee exemplifies patience and dedication. They do the make-up for each character each night more than once. Everyone involved in the play has a common goal - to work together to present a spectacular production, filled with a fun, good feeling of satisfaction. These responsible and creative people guarantee a superb musical this year.

*By Kristen Catto*

*"It is not the hard work that brings us back, it's the feeling of accomplishment that makes it all worthwhile."*

*Wayne Laako*

*Mike Rafferty*

# HEARTS BEAT TRUE:

## *Seaholm Gives Its Regards To Broadway*

*"I thought (the musical) would be a good way to meet people, and I knew it would be a lot of fun. And it is!"*

*Laura Mould*

"'George M.' was America - that's why it's so popular," asserts Senior Doug Netzloff, who plays the role of George M. Cohan in the spring musical. Set in the late nineteenth and early twentieth centuries, the American musical "George M." traces the rise to success of the talented George M. Cohan.

"We thought it would be kind of fun and different," explains director Dan Yurgaitis. Student director Andrea Rundell agrees. "I like best the excitement of the show. It's just so much fun to be part of it."

In exchange for the fun times,

however, students must put in many hours of hard work to bring it all together. "We practice like all the time," explains Senior Alysse Donohue. "You've got to be willing to give a lot." This kind of dedicated work is required to create successful performances in a musical. Mike Rafferty, a sophomore, sums it up in one sentence.

# BROADWAY PLAYWRITE

*One of America's best debuts at Seaholm*

"We're a bunch of talented people who want it to be the best play Seaholm's ever seen."

Sophomore Derek Oldham feels that the worst thing about the musical is the hard work. "But," he responds, "it does pay off in the long run!" These payoffs come in the form of rewarding experiences and friendships. Buffy Martin, a junior in the dancing chorus says "I love all the friends I make and the performances are really exciting."

Other bonuses naturally include experience in acting, singing and

dancing; and learning to effectively cooperate with groups of individuals. Maintains Laura Mould, a sophomore, "You learn how to get along with a group of people to perfect the final product."

Overall, the spring musical produces many strong ties among Seaholm students. As an exercise in cooperation as well as performance, "George M." is no exception to the high standards in work and fellowship that Seaholm High School traditionally produces.

*By Liz Krebs and Sarah Yntema*

"I like the excitement of the show best. It's just so much fun to be a part of the play."

*Andrea Rundell*

# SEAHOLM VOCAL MUSIC

*They're Not Just Whistling "Dixie"*

"The kids after all these years still hate *Melodia*. It's like taking vitamins: it's necessary to read (music)."

*Gene Branstrom*

What does it take to belong in a Seaholm choir? "Somebody who has a little bit of performance, you know, in the blood. They like to sing," answers Gene Branstrom, Seaholm's Vocal Music Director.

There are three Seaholm Choirs. Centered around vocal experience, they include a group designed for incoming freshman, the Chorus, and the Chorale. The classes are not restricted by age; as some "very good" sophomores sing in the more experienced Chorale, and a few seniors are included in the middle level Chorus due to scheduling problems.

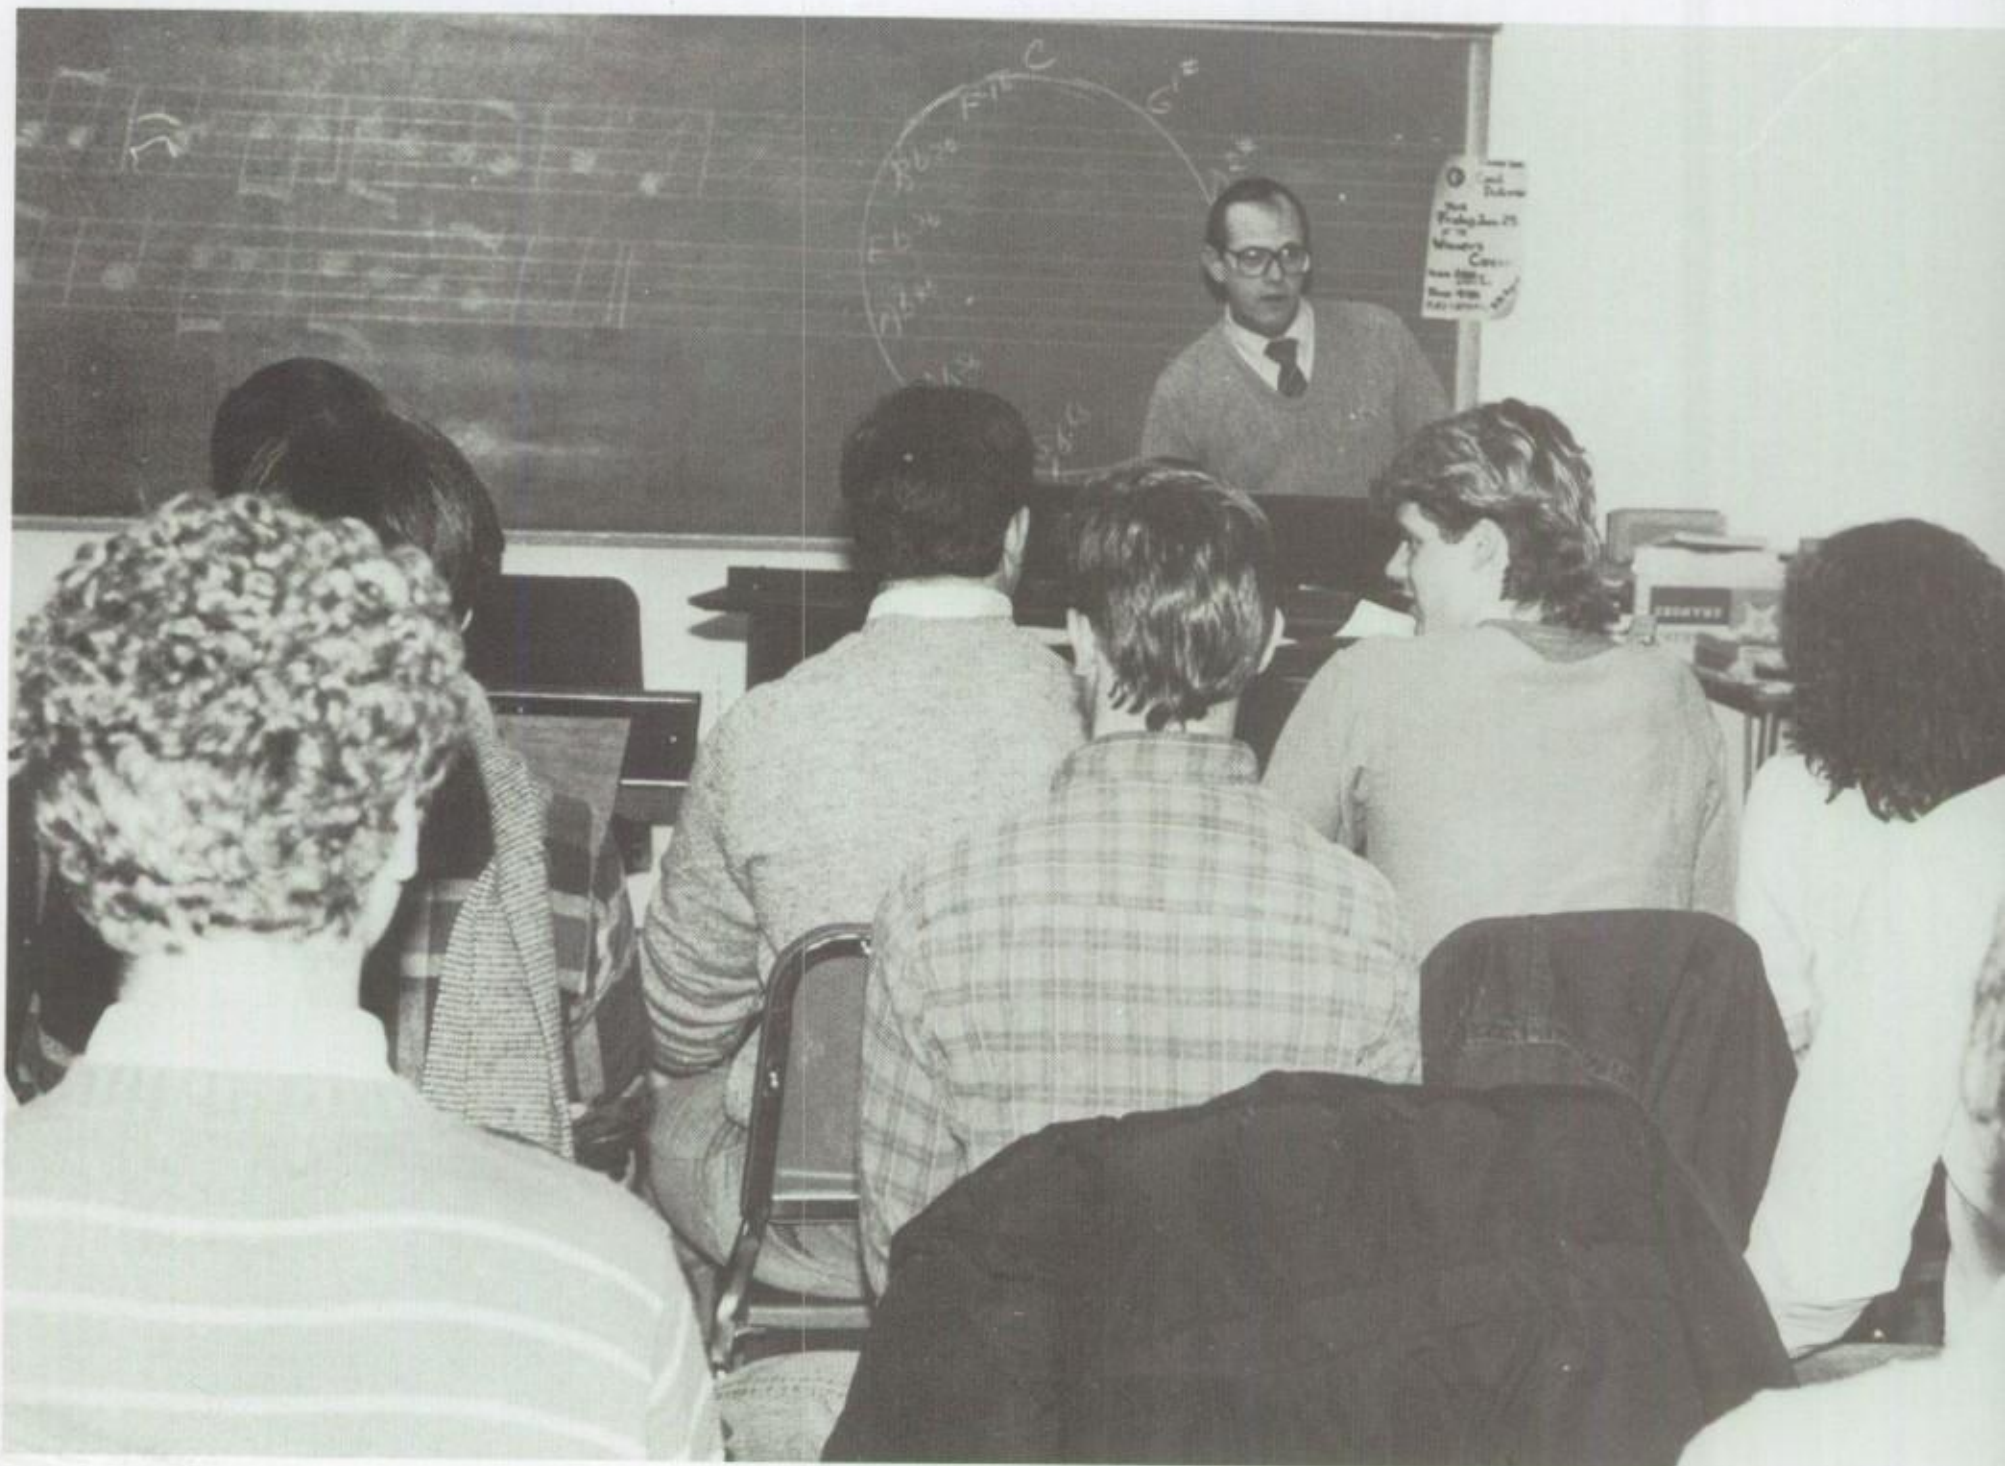

The teaching format in vocal

music differs from other classes. "He doesn't just give you music like other (choral) teachers," explains Sophomore Mike Beliasov, "He goes into posture, correct breathing, and focusing."

Mr. Branstrom works on building musicianship, and he teaches his students to develop the voice as an instrument. "As a piano, violin, or clarinet, the voice is an instrument with its own techniques," Mr. Branstrom expounded.

Most importantly, the students enjoy the choral classes. Freshman Ann Basile asserts, "It's fun to really learn how to sing."

By Liz Kröbs

Nick Dovoros

Choral students Jody Wallis, Carol Senquist, Stephanie Bearden, and Brett Laslie run through a warm up during rehearsal.

Concentrating on correct posture, Sophomores Carrie Pawlus and Leigh Zeising work towards fuller tones and proper phrasing.

# DEDICATION PAYS OFF

## *This Years Choirs Hit the High Notes*

The Maple Chorale, which is made up mostly of Juniors and Seniors may be the best in a long time says sophomore Ted Halbert. Headed by Gene Branstrom this group has eighteen members. "Choir is a lot of hard work, it is not just singing in a classroom, we perform all over the community," said Mr. Branstrom. The small group meets fifth hour every day, and they sing a wide selection of songs ranging from Italian operas to barbershop quartets. A daily routine includes, a back rub, to relax the mind as well as the body, Warm ups, scales, chords, and of course, songs.

There is a special group of men in the choir scene today, and they are SMVS, or Seaholm's Men Vocal Society. Their twenty-five member group meets Monday nights. The group sings a wide variety of songs, and they also add in a bit of acting and humor in their performances. To get into this elite group of guys, you must be accepted by Mr. Branstrom in the fall. "Mr. Branstrom does a great job in making the vocal society a success," stated Junior JJ Cromer.

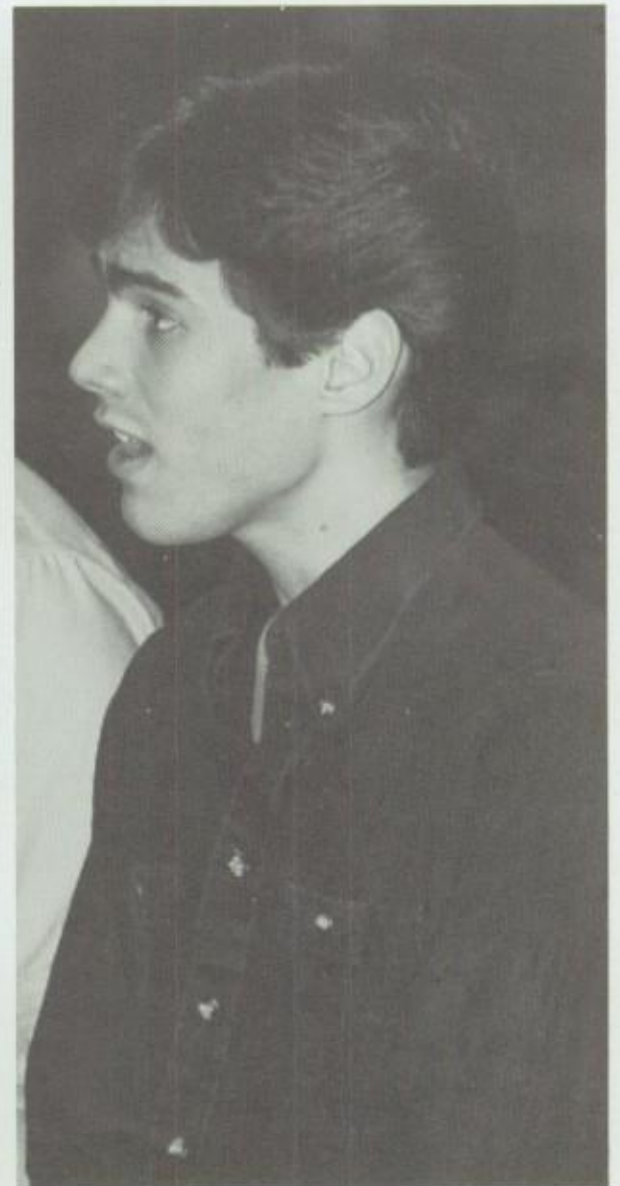

by Mike Rafferty

*"I feel that choir helps me to relax and to express my true self, while still having a great time."*

*Rocky Roland*

Senior Steve Perry sings intently during SMVS rehearsal. The group sings for different functions around the community.

Juniors Rocky Roland and Cheryl Tomblinson share a joke during Maple Chorale rehearsal.

# SWEET IS THE SOUND

## *Of Our Very Own Maple Music*

*"Band is a cultural experience that goes far beyond the classroom and will last me a whole lifetime."*

*Muffy Hayes*

For the past two years, band teacher Mr. Course has spent much time teaching his students the importance of music. Before his arrival at Seaholm, Mr. Course taught at St. Claire Shores Lakeview High School. His dedication gave the symphony band yet another successful year. At District Festival, the band selected and played three pieces; "Toccatta and Fugue", "The Black Horse Troop", and "First Military Suite in E<sup>b</sup>", and achieved perfect scores.

"Not everyone is willing to dedicate time, and effort into music like the students here at Seaholm," said senior band member Muffy Hayes. Muffy was this year's Field Conductor, and she enjoyed the

opportunity to see marching and symphony band from a different perspective. "After a year dealing with the students and having them practice and perform each show, I realize just how hard everyone has to work every day, including the directors!"

Muffy echoes Mr. Course's sentiments in that he puts tireless energy into each rehearsal, performance, and public appearance. Much time is, and was, required of Mr. Course, and he used every spare moment carefully teaching scales and songs to help further develop techniques and skills of the Maple Symphony Band members.

*By The Staff*

*Nick Dovaras*

**Like all band members,** senior baritone saxophone player, Sim Stoddard put in extra necessary practice time during his fourth hour lunch.

**February 14th** was a big day for the Symphony Band. They celebrated Bach's 100th birthday with a concert, playing, of course, only Bach.

# ENTHUSIASM ABOUNDS

## *Contagious Spirit Rallies Crowds*

Neither rain nor sleet nor snow can keep this faithful squad from work. No, it's not the mailman - the Seaholm Varsity Cheerleaders. Through the best and the worst weather all sixteen members enthusiastically support the Maple Football, Soccer and Basketball teams.

Tryouts begin in the spring and after final selections are made, practices start the following week, once a week, for the next year. In addition to the fourteen girls chosen, Dan Demarco and Rocky Roland were wholeheartedly added to the squad.

The cheerleaders' spirit does not

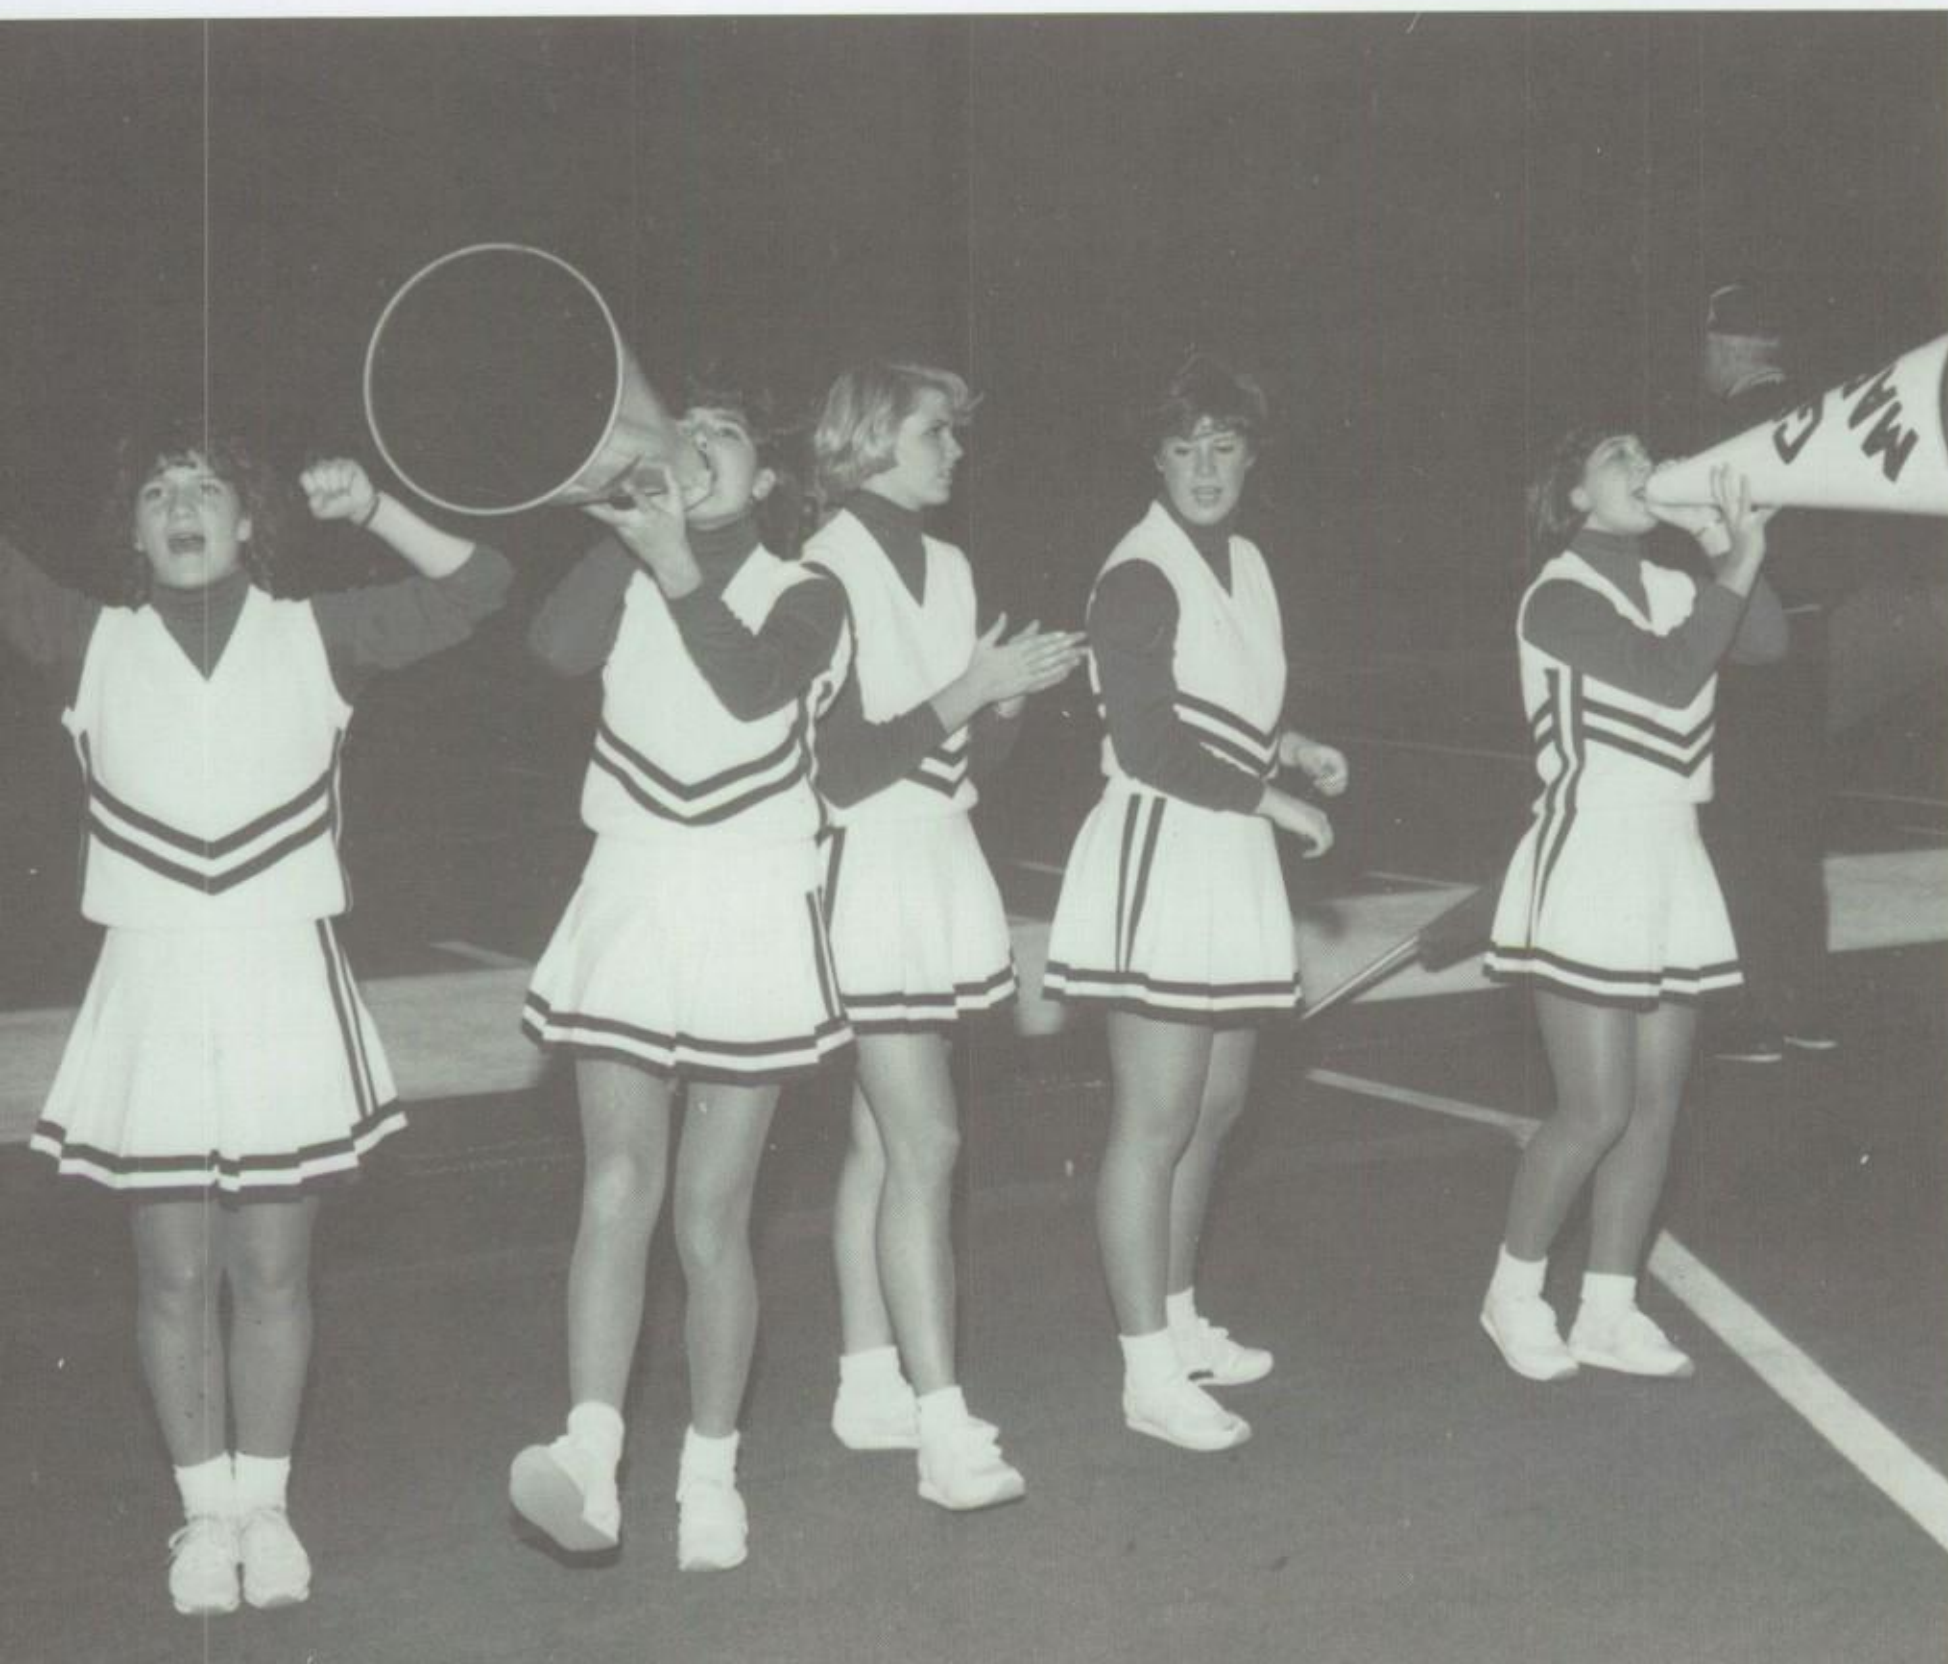

stop when they leave the playing field. All sixteen members participate in garage sales, car washes, and selling balloons, bells, pom-poms and sweatshirts. Before several dual meets the cheerleaders use the money they raised to fill the locker rooms with decorative streamers, balloons, banners, cookies and doughnut cakes.

The squad is proud of the winning teams they cheer for. Senior cheerleader Amy Parsons said "I like cheerleading because there are so many people to share a victory with who really care."

*By Sarah Yntema*

*"I decided to join cheerleading because I love sports and enjoy being involved with the different teams."*

*Susie Freydl*

# GEARING UP THE FANS

## *Underclass Cheerleaders Excite The Stands*

*"The freshman squad really stands out. They care about how one another does and it reflects on the team as a whole."*

*By Mrs. Mann*

Big surprises from two not so big squads arrived this year as the junior varsity and freshman cheerleaders inspired the spectators above them at the football, soccer, and basketball games.

The freshman squad, in particular, has impressed more than a few individuals. With only one girl having cheered before, the squad has really taken off with a bang. "The girls just seemed to hit it off from the beginning. They developed a real close bond between them and the result was dynamite!" proudly revealed Mrs. Mann, who along with Mrs. Bosart, sponsored all

three of the cheerleading squads.

The j.v. squad also contributed to the enthusiasm that spread through the stands. Captain Lynn Sherwood explained, "We are out there primarily to excite the crowd and keep them geared up all through the game."

There is much more to cheerleading than just showing up for the games. The squads organize fund raisers, make pre-game decorations for the lockers in school and the team member's lockers, and travel to Ohio during the summer for camp to improve their skills.

*By Lisa Dietz*

*With precise timing and meticulous movements, the junior varsity cheerleaders shout their support to the j.v. boys soccer team.*

*Confident and strong the freshman cheerleaders finish their routine with a pyramid mount during the first freshman football game.*

*Mike Rafferty*

Mike Rafferty

The Silverdome game brings about real student spirit as Carrie Lalko, Maureen McLaughlin, Lynn Sherwood, and John Ackerman form a cheering section.

Giving each other a "hand" is a common occurrence among the cheerleaders. Balance and timing are important factors when forming perfect mounts.

# POM-PONS IN ACTION

## *One of Halftime's Main Attractions!*

"Hoppin' and boppin' to the Crocodile Rock", getting the crowd "... so Excited" and going "... Crazy", the Pom-Pon girls entertained at home game halftime shows.

Leaders were: sponsor Mrs. Krause, and captains Liz Bray and Jody Kafarski.

The girls started the year by packing their poms and going to Hope College in July for Pom-Pon Camp. Liz Bray said, "Having to compete with a routine we'd spent only two hours learning, put a lot of pressure on us, but the fun we had and getting second place in kicks started our year off great."

The team kept in shape by

practicing two to three times a week and appearing at the football and basketball games. They performed at pep rallies, soccer games, and Silverdome, and even at the Georgian Bloomfield Nursing Home.

To raise money for new sweat-pants the squad participated in various fund raisers. They sold sandwiches, held a car wash and sold pom-poms.

First year Junior, Jenny Forslund said, "I love Pom-Pon because of the people, and I'm doing what I love to do — dance!"

*By Jody Kafarski*

**Second year members**, Aimee Boyer and Maria Rybicki, stretch out before performing in final competition at the summer camp at Hope college.

"The school benefits from a group like this ... you have to care for your school ... and the girls on this squad do."

*Mrs. Barb Krause*

*Jody Kafarski*

**Before the routine** to "Crocodile Rock" Heather Braun, Jody Kafarski, Jane Portnoy, Aimee Boyer, Liz Bray and Karen Finkbeiner keep warm in the stands.

**Pom-Pon Ghosts**, Jodi Wyett, Julie Chiodo and Anne Krause wait in their Halloween attire to spook the fans with a routine to "Ghostbusters".

**Spirit boosters**, Jenny Grey, Kristin Matthews Julie Chiodo, Aimee Boyer, Anne Krause and Heather Braun pose after warming up for the game.

# MARVELOUS MAJORETTES

## *Birmingham Baton Bearers Brighten Band*

*"The majorettes depend on the band, and the band needs the majorettes. They support each other's performance."*

*Cathy Jolliffe*

For those people who have trouble walking and chewing gum at the same time, the ambition to be a majorette would be a virtual impossibility to achieve. Not only must the Seaholm majorette squad march in a perfect formation with the band, they must twirl and catch a baton in difficult routines at the same time. This year only six girls were judged to have the necessary talent, and they are the 1984 majorette squad. Led by 2nd year captain, senior Jaema Hook, and co-captain, junior Beth Snider, the majorettes performed at every home football game. They also performed on occasion with the

pep band at away games and attended any parades in town, such as the Halloween Parade. This year's squad attended a Fred Miller Clinic where they were selected the Most Improved Group and Beth Snider was chosen the Best Majorette. The majorettes hope to increase to eight next year. Their purpose, according to Jaema Hook, is "to perform with the band and add to the band's performance." This hard working group, which practices every day in the fall deserves praise for enhancing the football games' halftime shows.

*By Laurie Michelson*

*With the flair of a maestro, Laura Schmidt is poised and ready to present the band to their exuberant audience at the game.*

*Like ornaments on a Christmas tree, Jaema Hook and Cheryl Yardley illuminate the half-time show of the band.*

MAJORETTES: Mary Beth Snyder, Jaema Hook, Cheryl Yardly, Beth Szuhay, Laura Schmit, Trinna Frever.

# PLAYING WITH MIGHT

## *The Band Helps Us Win Another Fight*

Under their feather topped hats and out on the field, these dedicated players may seem anonymous. But not surprisingly these talented musicians put in hard work to perform as well as they do. Each individual has to contribute to the team to sound and look as one.

The spirit that the band generates throughout the game excites not only the crowd, but the players as well. Even when the score is down, the marching and pep band exude victorious tunes. With Wayne Laako as band major and Muffy Hayes as field conductor, the half-time entertainment is worth waiting for.

Some of the most loyal Maple fans, are those volunteers in the pep band. In rain or shine these 25 members go to visiting schools to root on our team. The football and basketball players agree that without the support of the band cheering them on, at times it would be hard to pull through.

For musicians interested in furthering their education in music camp Interlochen is a choice for most students.

Without the fine abilities of these supportive musicians, our school spirit wouldn't be the same.

*By Patty Willett*

*"Having the pep band in the bleachers at away games, not only makes the crowd sound better, it makes the school sound better."*

*Laura McIntyre*

*Mike Rafferty*

*With an air of leadership, senior drum major, Wayne Laako signals the marching band to begin their routine. Seaholm was playing Andover.*

*David Albaum, Jon Teachman, and Lynne Sheren add to all the crowd's excitement at the victorious Seaholm vs. Groves game at the Silverdome.*

# FORENSICATORS EXCEL IN

## *Expression, Interpretation and Oration*

"It takes extra time and energy to meet the demands of a winning team. And we are a winning team."

*Tom Fiscella*

"Forensics is not just putting on a play, or reading a script or an article," claims one "forensicator," which is the informal denotation for a member of the Seaholm forensics team. One might expect simple entertainment, but in a dramatic interpretation, a forensicator must convey to a judge the concepts and themes within a piece of literature by using dramatic techniques such as facial expression and voice control.

The goal of those involved in Public Address is to get people interested in topics they might not otherwise pay careful attention to, such as Antarctica or Barron's Guide

to Colleges.

In the words of advisor Mr. Klemme, the forensics team is "Seaholm's most successful competitive activity." Asserts one forensicator, "We're mentally athletic."

Following each season, the team competes in districts, regionals, and state finals. They have captured twenty-seven state championships and there are usually seven to ten state finalists each year.

*By Elissa Sard*

*While rehearsing for their dramatic interpretation, the women's multiple assumes a classic forensics performance position.*

*Elissa Sard*

*LeeAundra Preuss demonstrates some useful gestures to fellow orator Amy Zalman, who is speaking on Anti-Semitism.*

*Members of the men's multiple, entitled Clockwork, Orange, demonstrate their ability to convey emotions by using facial expression.*

THIRD ROW: Tim Song, Peter Talmers, John Halbert, Mr. Klemme, Brian Hanan, Joe Argyle, Birger Bergesen, Mark Molesky, Kevin Burke, Carie Lalka, John Burley, Clause Vonzastro, Jim Killeen, Joel Meckalvane.

# DEBATORS SPEAK OUT

*With all talk and some action*

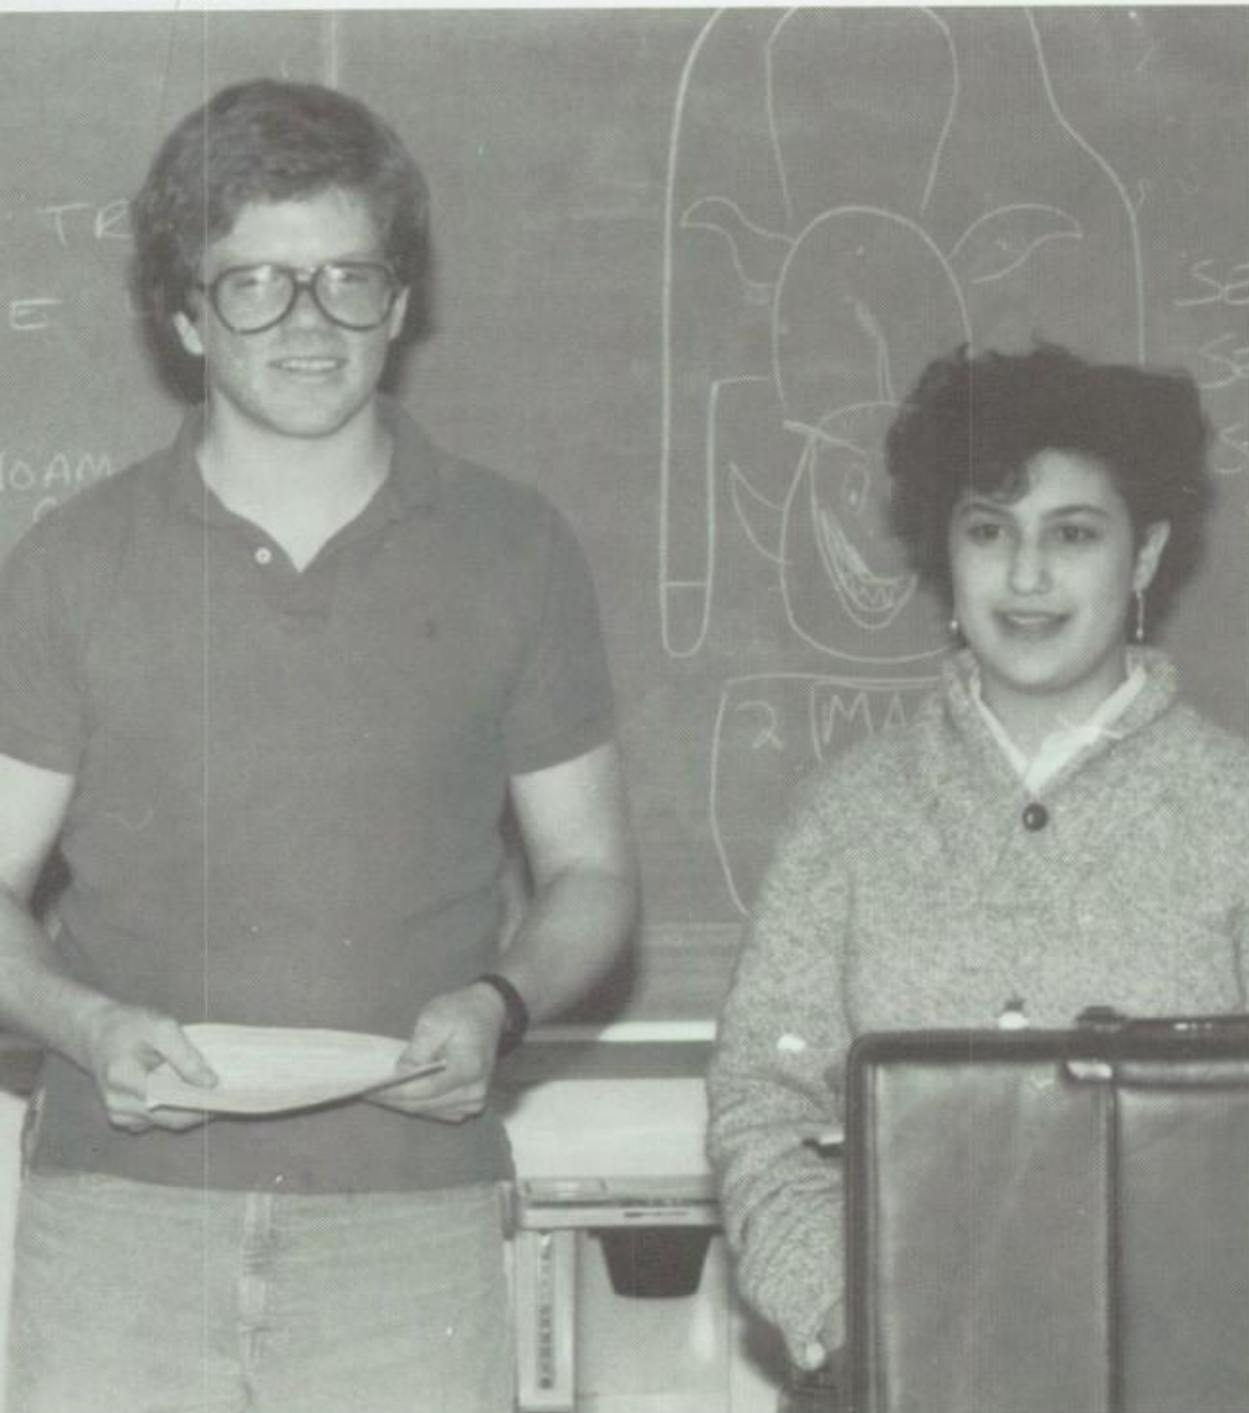

This year's debate team is one of the finest Seaholm has had since the course was introduced. Seaholm's top seven debaters, which include Molly Hauser, Steve Wiczek, Cathy Jolliffe, Birger Bergesen, Rosemary Weatherston, Claus Konzastrow, and Joel MacKelvain, aided in capturing many victories for Seaholm. At the Wayne State University tournament, Seaholm's team not only won but also succeeded in taking the first five speaker awards. Yet, it is not only the top debaters in the class that make a winning team. Others, such as Eric Dickson, Mary Sutherland, and Carrie Crink, helped the team by collecting valuable information

and giving moral support. But this is only the novice team. On the varsity level there was an excellent team consisting of Mike Jacovides, Leean-dra Preuss, Amy Zallman, Ben Vanzastrow, and Tony Logue. Needless to say, this team had a fine season. A few of the bolder novices, such as Birger Bergesen and Rosemary Weatherston, were convinced that they could have participated at the tougher varsity level, but most were content to stay at their present level knowing that if they continue to debate next year at Seaholm or even in college, that they might make the varsity cut.

*by Amy Osterhoff*

# LIGHTS, CAMERA, ACTION

## *Direct Behind the Scenes Experience*

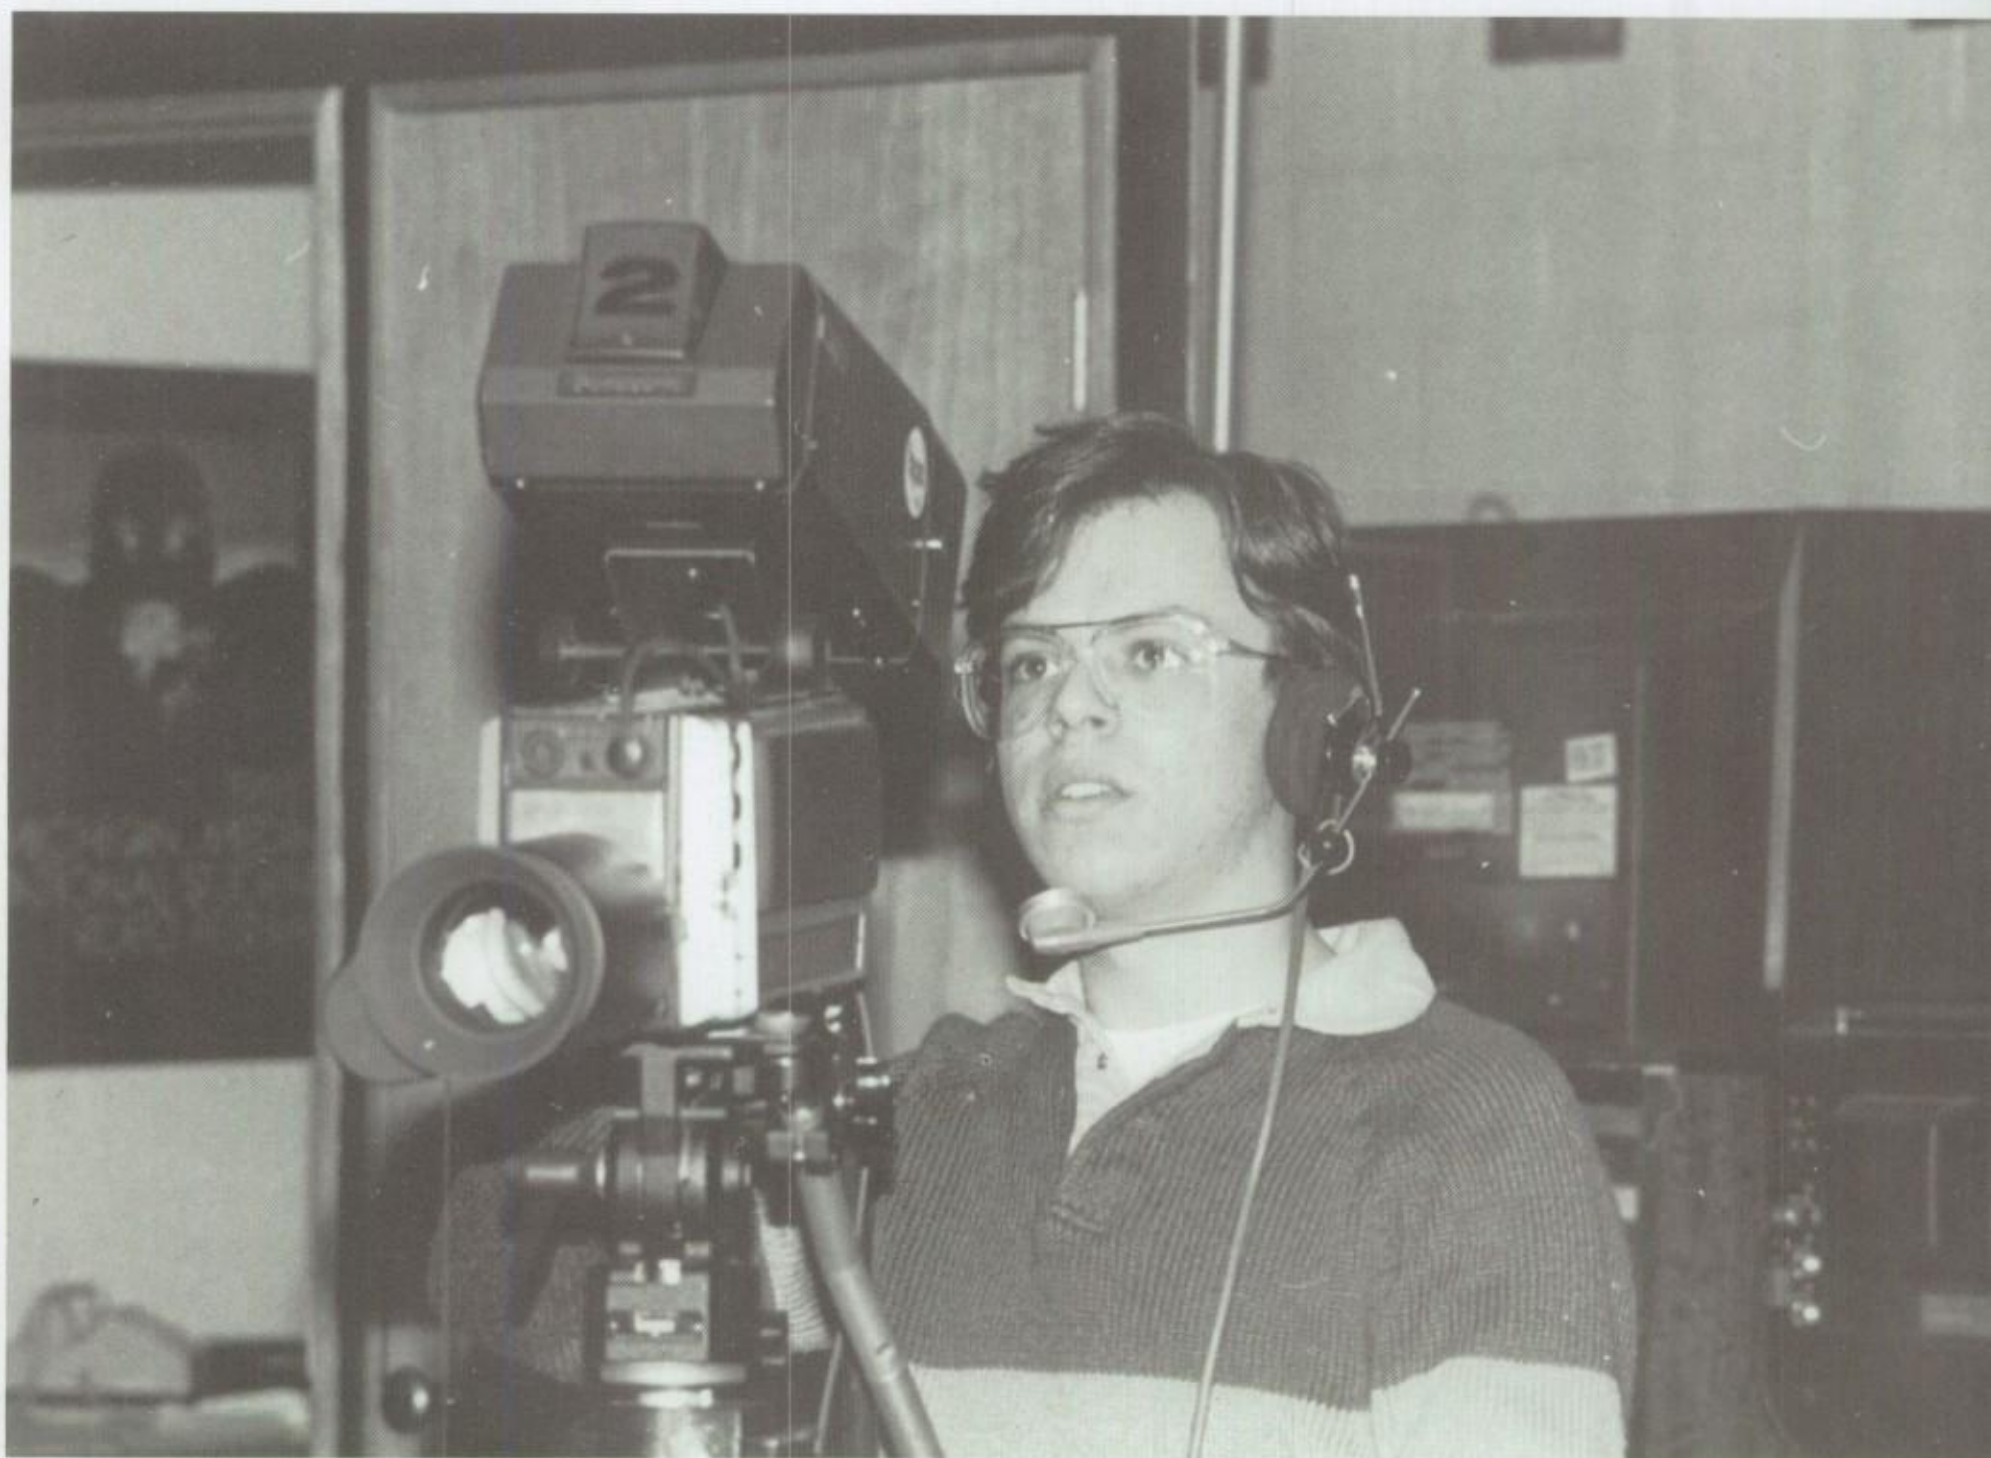

*"It's great doing a show on Channel 21 and then having people come up to me and say - 'Hey, I saw you on t.v.'"*

*Joe Macfarlan*

Writing, producing, and directing is all part of the work for Television Production and Video Club students. Their ultimate goal is to complete a show fit for television. Television Production is a class here, taught by Mr. Hitz, in which students film the daily bulletin and work on independent studies. Video Club is open to anyone and does the same thing except after school. Also, since it is a club, they go on field trips and other special activities that the classes do not. Most shows created by the classes and the club are aired on BPS, Cable Channel 21. Some shows produced for channel

21 include The Seaholm High School Highlight which sights school oriented happenings, and The Spotlight which highlights achievers like foreign exchange students and athletes here at school. Some original studio productions this year include mystery shows, "how to" shows, and comedy shows, all done by students. These students also cover special events at school like guest speakers, Field Day, Swing Out, and Graduation, all for Channel 21. The class is great college prep for those going into broadcasting, and "fun while learning"

*By Kathy Morgan*

*Jane Portnoy and Television Productions instructor, Mr. Hitz, examine the set before taping the news for the day.*

*As anchorwoman for the daily bulletin which is aired everyday on the t.v. in front of the library, Jane Portnoy reports the news.*

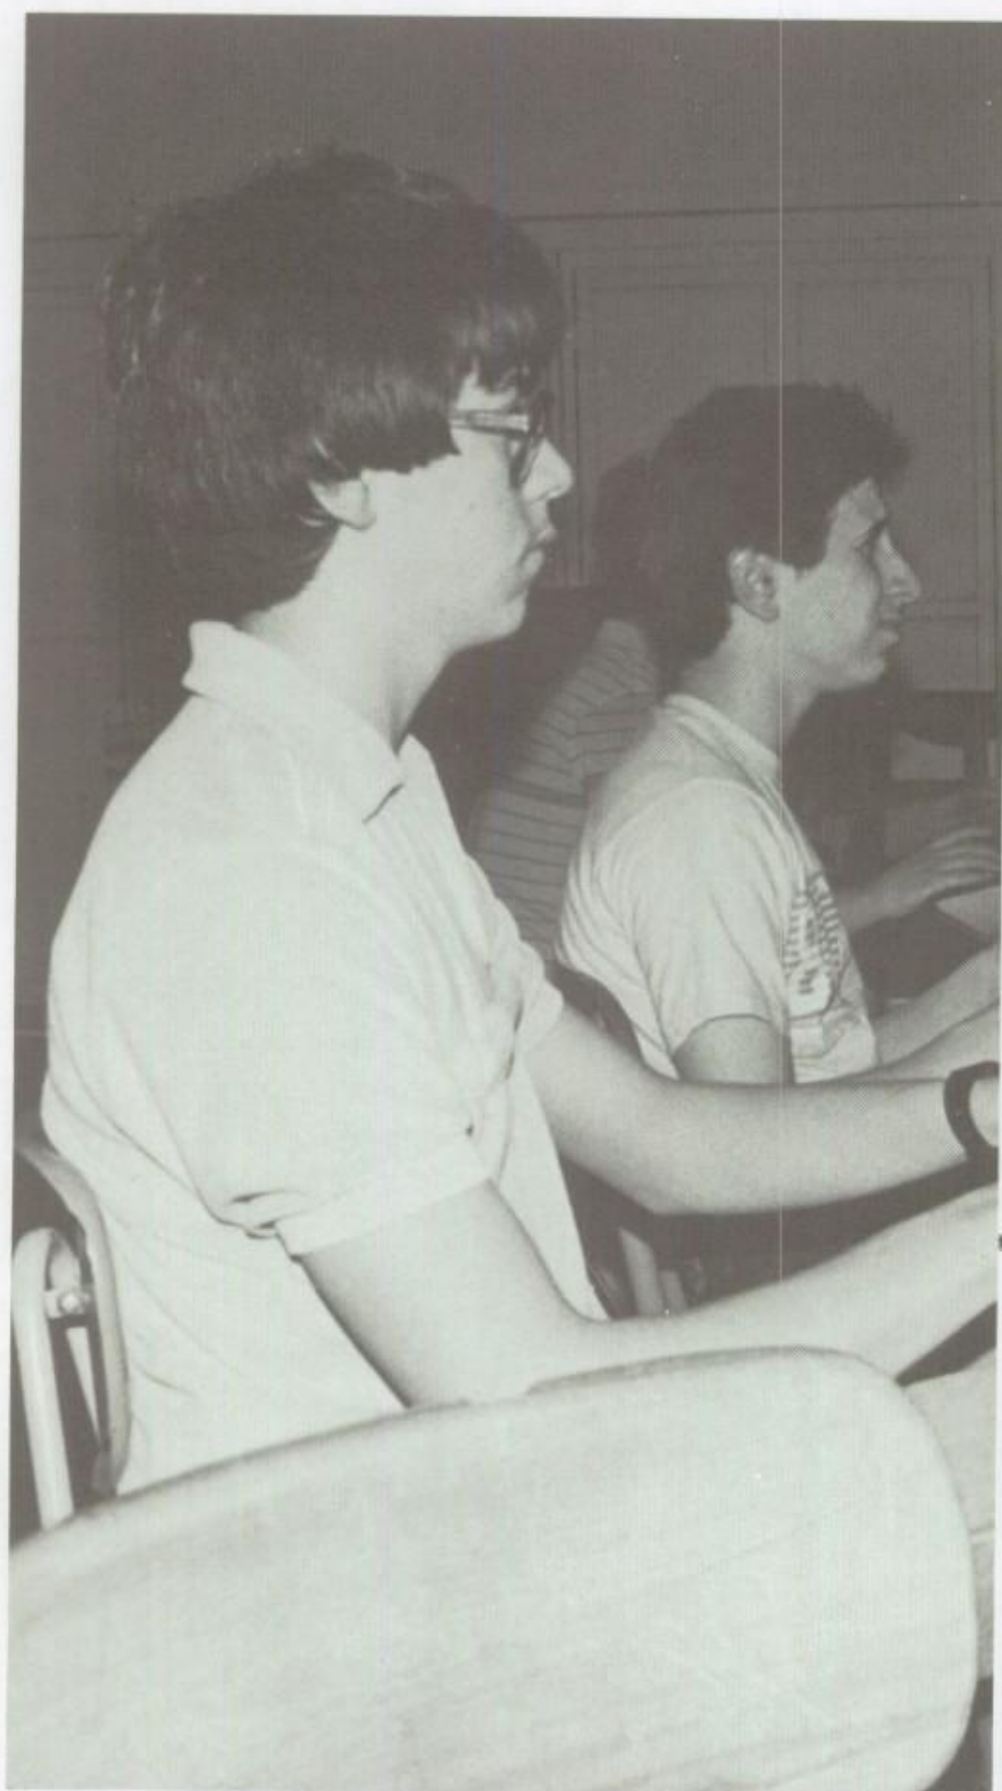

*To complete his daily assignment, Dennis Neil looks through the camera monitor while taping the daily news show for Seaholm.*

*Dave Albaum gets orders through the headset to do a close up during an interview for BPS, Channel 21 on Cable television.*

*Video Club members Catherine Smith, Chris Smith, and Linda Cadaret.*

# DEFENDING CHAMPIONS

## *Computer Team Tries For Three In a Row*

Champions for three straight years? That's exactly what it looks like for the members of the 1984-85 computer team. The four students who compete each week are: Tim Carroll, Matt Klimesh, Doug Klimesh, and Josh Calomeni. The rules for competition are strict and demanding. Each school sends four members one of which must be a 9th or 10th grader and no more than two seniors. All the team members have 150 min. to solve four computer

problems on one Apple 2 microcomputer. A team receives 100 points per correct program, being penalized ten points for each bad run and one point for every five minutes it takes to complete the program. Sounds complicated but not to the Seaholm team which has won every meet this season. Every meet consists of seven teams, Groves, Andover, Lahser, Berkley, Southfield Lahtrup, Country Day, and Seaholm. Country Day is our toughest opponent finishing 2nd in every meet. One more first place finish and Seaholm will be league champions again.

*By Chris Searles*

*"All the team members have the desire to learn more and more about a field in which they already excel in."*

*Mr. Francis*

*Freshman Ken Alexander looks for the answer to the computer program which senior Doug Klimesh is already typing in to the computer disk.*

Fritz Kass "flicks his switch" displaying his ability to recall trivia as Mike Weissman and John Cummings enthusiastically support him.

# SMART PEOPLE GOT NO

## *Reason to Gripe About a 3.78 Grade Point*

BRAIN (bran), n.a person who leads the human race in usable and stored mental energy and is capable of answering questions like: "What invention does the principle of conversation of energy make impossible?" and "What did Sherlock Holmes keep in the toe of a Persian slipper?"

Every year there are lists of names published recognizing the achievements of certain Seaholm students (A.K.A. "brains"). There is a common denominator of leadership, scholarship and dedication among the members of the National Honor Society, the National Merit Scholarship Finalists,

Quill and Scroll nominees and competitors in the College Quiz Bowl and Science Olympiad.

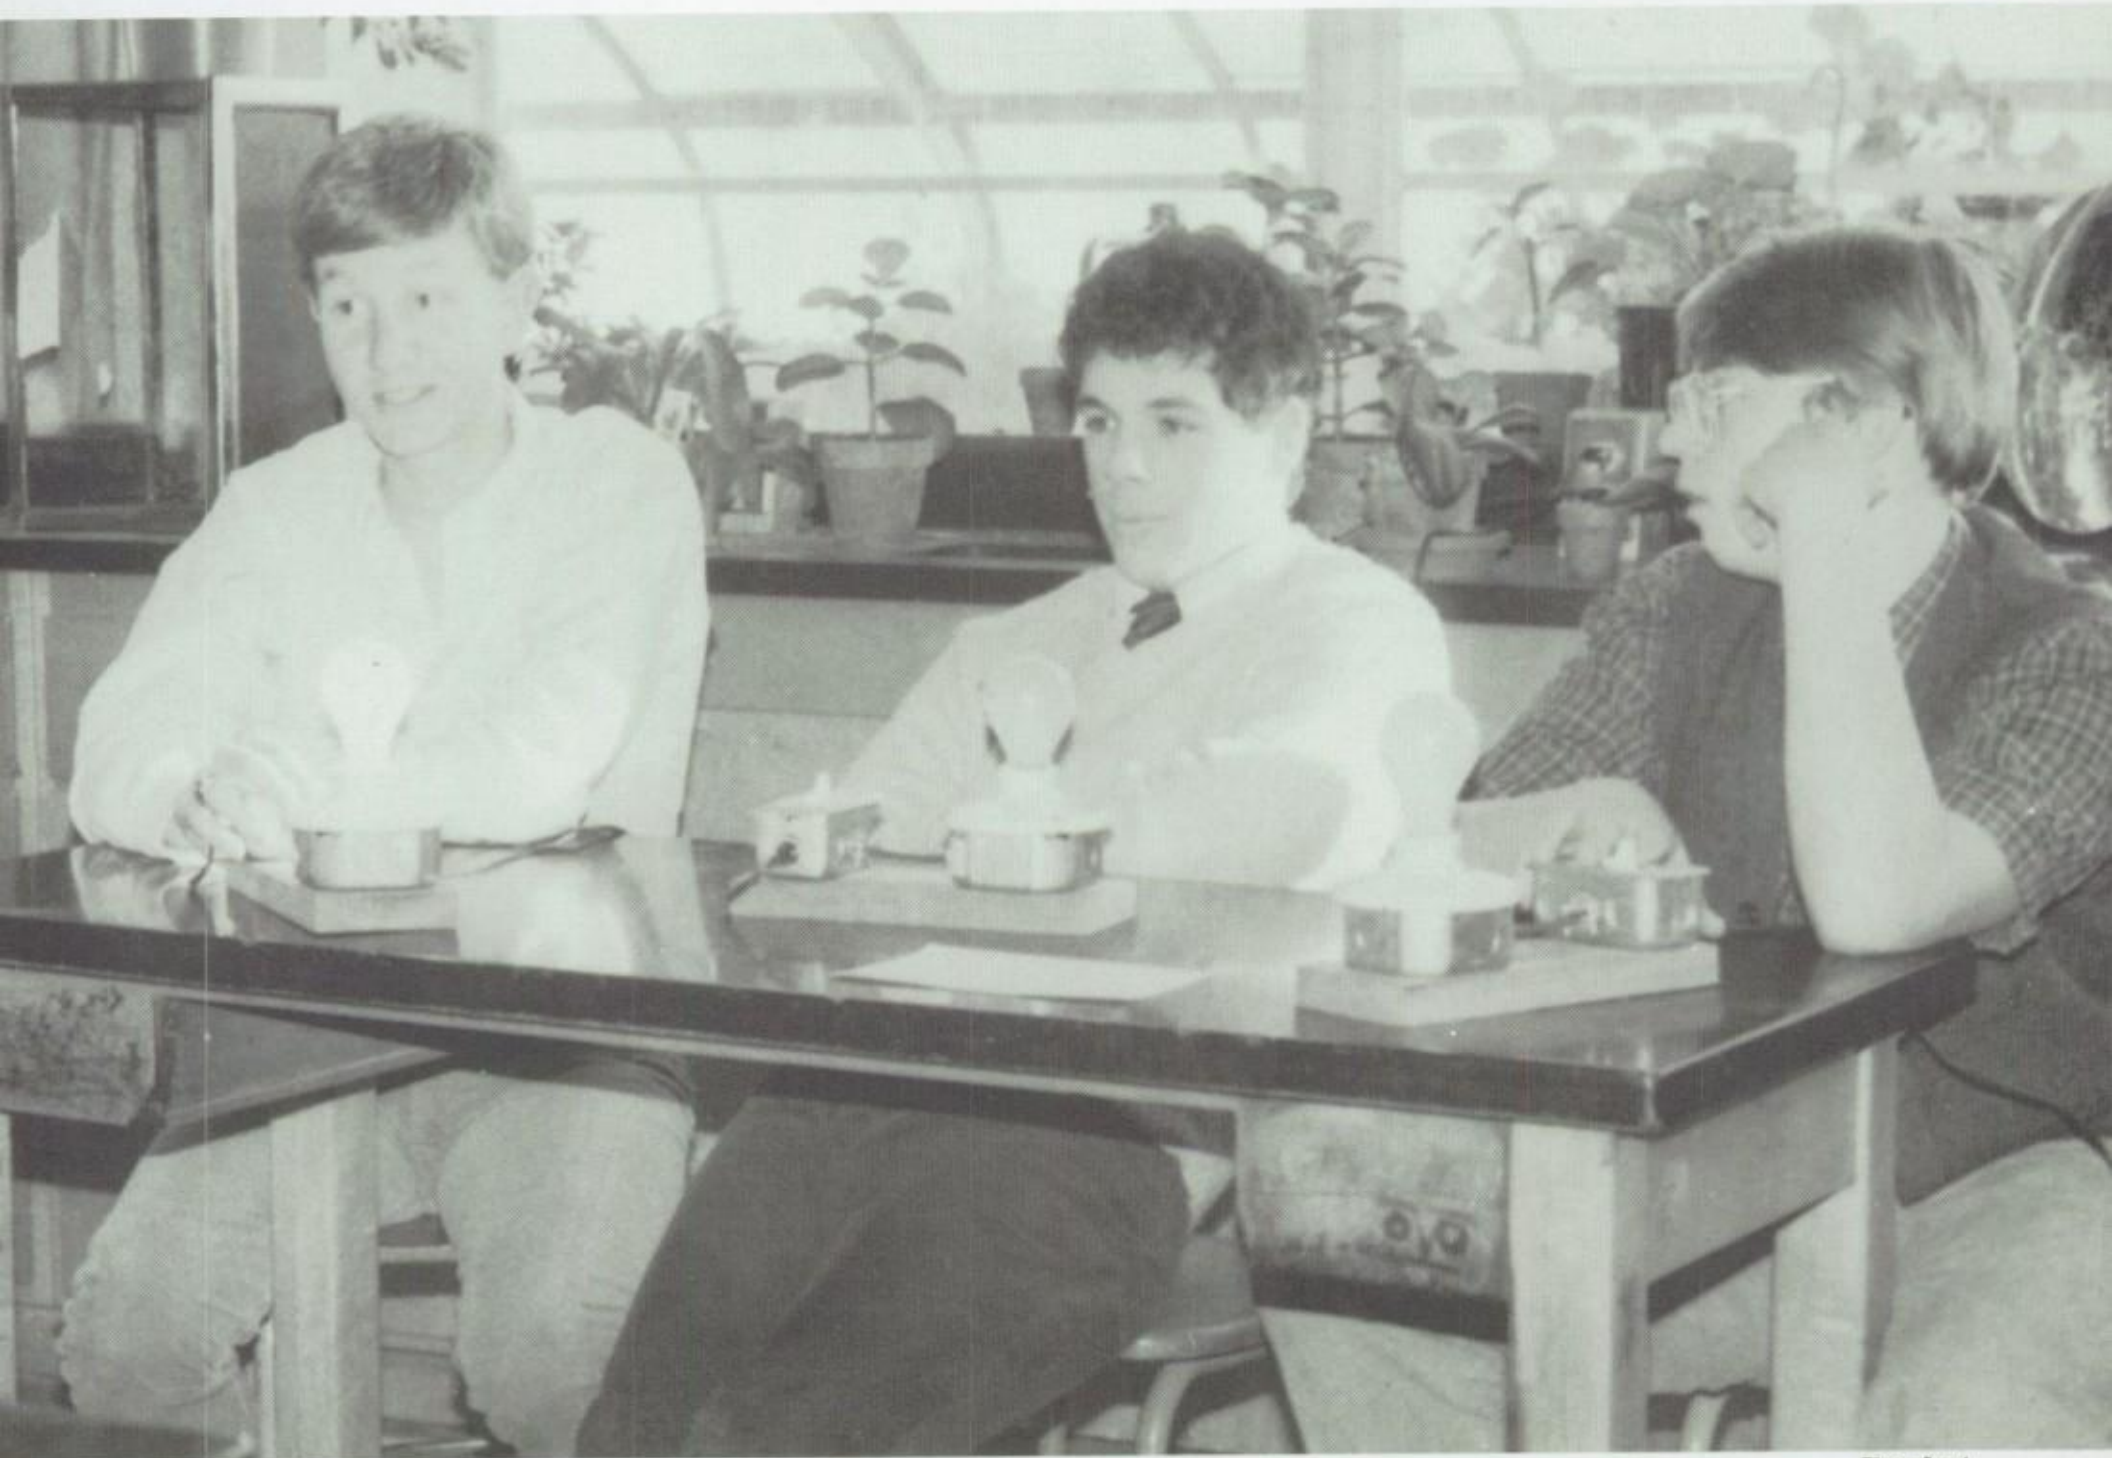

"The purpose of NHS is to honor those students whose success deserves recognition while at the same time performing certain activities that will benefit people in the school and around the community," explains NHS President Laurie Michelson. These beneficial NHS activities included the fund-raising pumpkin sale, free Wednesday-night tutoring, and ushering at various events.

While NHS involves a broad range of honoraries, there are many groups which honor specific talents

*continued*

"Quill and Scroll, represents the elite, hardworking upper crust of the journalistic community."

*Doug Koester*

*"NHS is a great opportunity to stay involved in school activities. Our morning meetings were always loads of fun for me."*

*Matt Rappleye*

in areas such as journalism, trivia and science. Journalists who made outstanding contributions to the yearbook and the newspaper were commended by being nominated to Quill and Scroll. Formally, this honor went exclusively to Seniors.

This year marks Seaholm's first in College Quiz Bowl competition. The team consists of five members who are able to answer questions resembling those found on a Trivial Pursuit card, but on a more academic level in areas such as: U.S. history, geography, math, science and literature. The team competes in local matches in hopes of clinching state, regional and nation-

al titles. The Science Olympiad team follows a similar pattern. Members of the Science Olympiad team are hand-picked to represent Seaholm. The teams score points by exhibiting their talent in various science-related events. Senior Jeff Hepfer believes, "It's the only place where students who enjoy science have a chance to pursue their abilities and interests outside of the classroom." Those who take time to further their academic interests outside of school and excel in their pursuits are hereby endowed with the honor to be deemed "brains."

*By Katy Andreae and Elissa Sard*

# BUILDING WORLD POWER

## *Students Work to Enhance Their Country*

Once a year Seaholm students have the opportunity to experience first hand the problems, cultures, and interrelationships of foreign nations. On the morning of General Assembly, the auditorium hums with the chatter of people dressed in multi-colored costumes representing fifty countries of the world. The room is an array of Arabic Sheiks, Cuban Terrorists, Swiss Yodelers, and Russian KGB Spies.

Where could you find such a diverse group of people? At the 1984-85 BUNA, or Birmingham United Nations Association. This group helps students learn about the United

Nations by having a simulation of one. BUNA also helps students to understand both sides of the issues by proposing resolutions to better the economic or political systems in their country. Joe Wolf, representative of Nicaragua, states that "After two days of debate, I understand why the communists feel the way they do and the reasons behind their viewpoints."

Although BUNA may be a great educational experience, students make new friends and also enjoy the General Assembly.

*By Heather Burch*

*"As a participant of BUNA for the first time, I had a lot of fun and learned a little about the world."*

*Stu Hunt*

# SEEKERS OF CULTURE

## *New Advisor Brings New Life To Club*

*"International Club represents the spices of the many cultures involved in our own Great American Melting Pot."*

*Steve Perry*

Lead by Ms. Stefano for the first time, International Club is becoming a big promoter of the learning and understanding of different cultures. The members of International Club pick a different country each month to discover some of it's background. "Through the International Club students learn that countries are less foreign and have many similarities instead of differences: It's a small world after all!" exclaims Ms. Stefano.

To enhance the learning about these different countries, guest speakers come in and give a background of their country or a special dinner is held. In the month of October a German dinner was

given called "The Octoberfest." This feast included Bratworst and many other German dishes. December was dedicated to Mexico, a party called "Project Piñata" was throw to make Piñatas for needy children. The months of January and February were dedicated to Isreal. Guest speaker Uri Seagal came and spoke on the countries of Isreal and Palestine. Between B.U.N.A., which bases itself on the political aspects of different countries, and International Club, which involves itself with the different cultures of different countries, Seaholm Students gain a well-rounded view of our world.

*By Kroeder*

# PRACTICALLY PERFECT

## *Proud Persevering Perky Piper People*

*"We work with the real life pressures of budgeting and making deadlines. This experience is irreplaceable."*

*Amy Parsons*

Following an award winning book, this year promises even more.

Last year was the first year the Piper won an award under advisor Mrs. Young. The book received top honors from GLIPA and scored 148 of 150 points in MIPA. With an even stronger staff this year there are hopes for even higher honors. Mrs. Young said, "Powerful editorial leadership, experience, and creativity characterize this staff."

Over the summer Mrs. Young and a group of eight students attended a yearbook workshop at Ball State. All eight are now editors, and their week at Ball State helped

tremendously to enrich our book.

Contrary to the popular misconception, Yearbook is not an "easy A" class. It is hard work and is perhaps the only class at Seaholm in which a student gets to work in a real life working environment. A new production schedule helps ease the burden on students at deadline.

This Yearbook staff is striving to produce a book that will gain national respect, and as Managing Editor Robert Kessler said, "I believe that this book will be the best book Seaholm has ever put out."

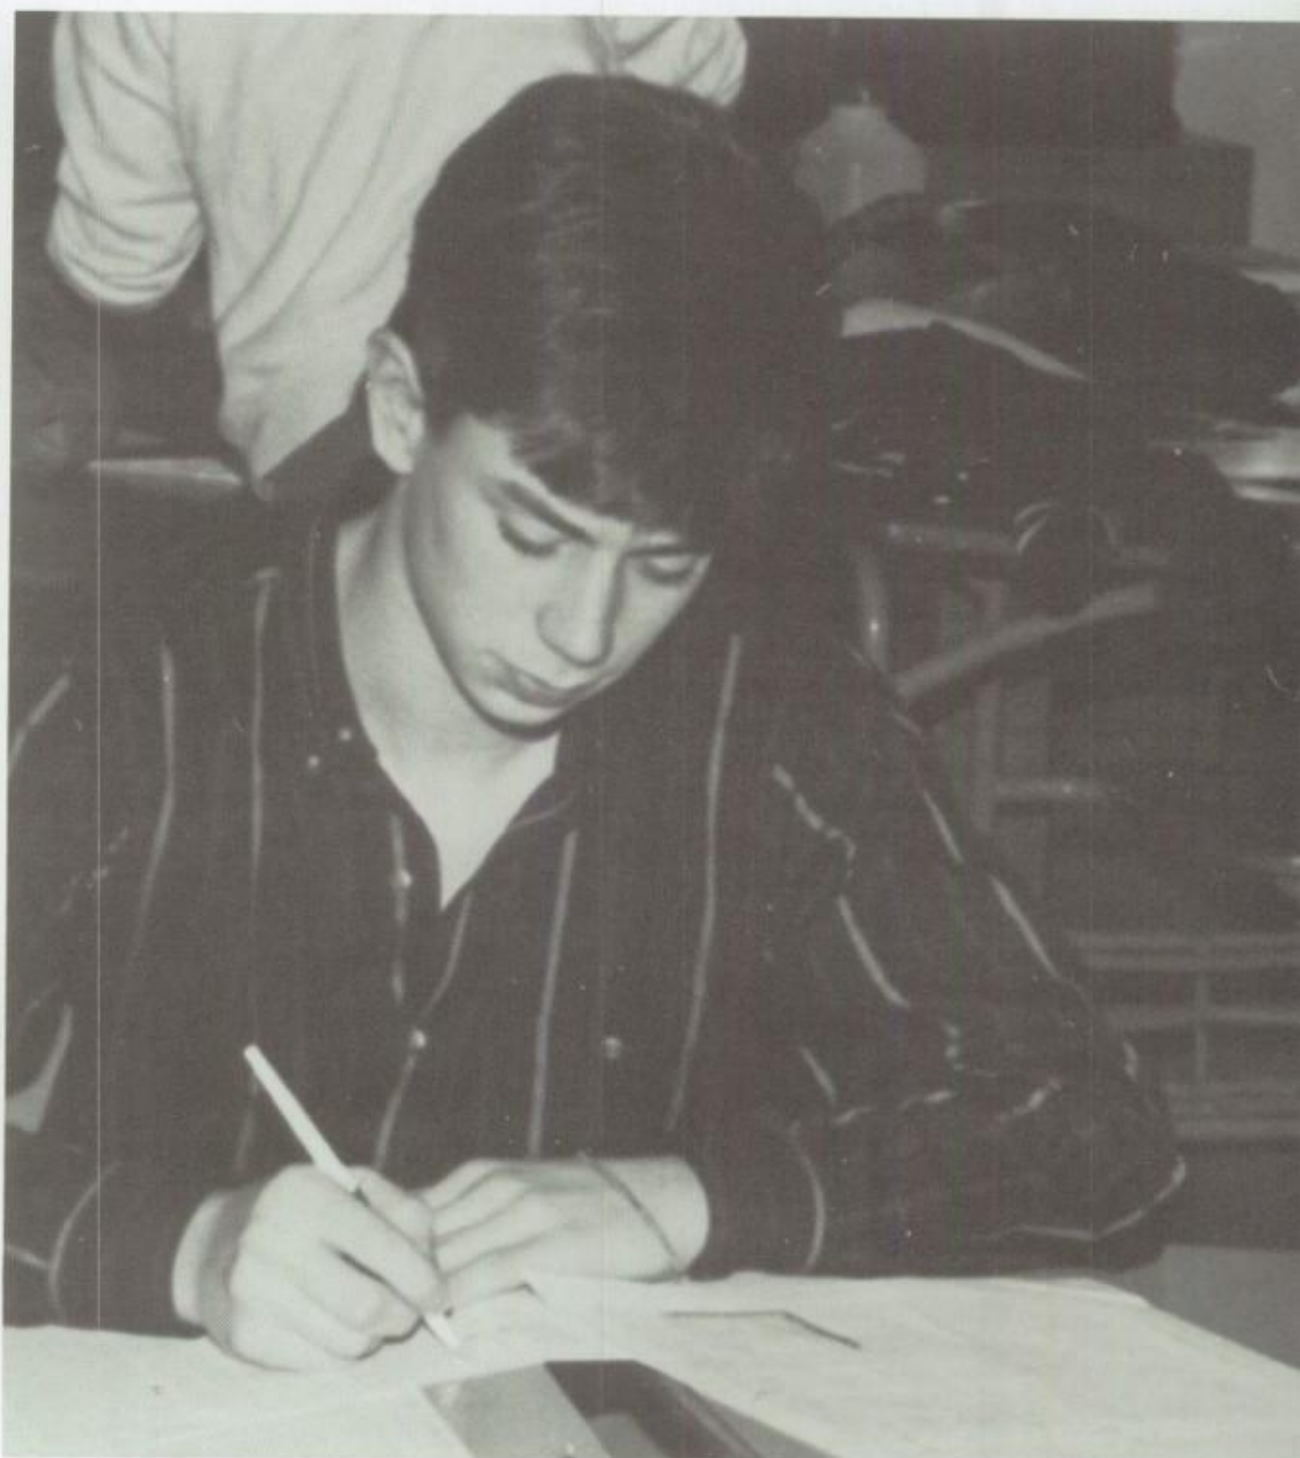

*By Jeff Hepfer*

*Nick Dvoras*

# WORKING TOGETHER

## *Successful Cooperation Is The Key*

*"It's hard work, but we thank the Administration for support in making it easier."*

*Jenny Root*

Working with an actual staff of only a dozen or so people the paper is remarkably delivered to each homeroom every month.

Under the guidance of Mrs. Crenshaw the staff tries hard to keep up on topics that will be interesting as well as current, but since the paper isn't frequently produced, this can be a difficult task.

"The Administration is very supportive," according to Jenny Root. As well as providing interviews, the Administration has given the necessary encouragement that the Highlander staff needs. Although it

has only been in its new state for a few years, the Highlander has already gained a reputation with the students for covering the important topics and people that otherwise might be overlooked.

"We try to encourage as many people as we can," says Jenny, "but a lot of people don't realize that we have a need for more journalists." While the paper is now open to any students who wish to add their skills, the Highlander may incorporate a journalism production class as its base in the future.

*By A. Taylor and K. Hauser*

*Paul Donar*

*Overlooking a news report is Andy Jordan, one of the few Editors for the Highlander.*

*Within the Highlander's office, Laura Heidrich and Hironao Sugiura plan out an ad for an upcoming edition.*

Spelling and attractive layouts are concerns of Claudette Rowley and Mrs. Crenshaw when assembling the Highlander.

Having the job of Managing Editor is rewarding for Jenny Root but deadlines can be long and tiresome.

Seven enthusiastic Senior girls spend time after school constructing colorful sweatshirts, displaying their class unity, and demonstrating the most important part of Field Day . . . Having fun!

# FIELD DAY PREP PAYS OFF

## *Positive Results are the End Rewards*

Long hours, hard work, and exhaustion are three ideas that some people may associate with Field Day preparation. However, the crowd that really assisted in the making of Field Day may disagree. Many different kinds of people could've been found somewhere around the building spending their free time helping out. Making costumes, creating the banner, and practicing for the field events were only a few of the tasks that took place after school hours. Freshman chairperson Amy Burch states that, "There's always something for everyone to do. You don't need

any special talent or skill, just a positive attitude and helpful hand."

The main purpose of Field Day is illustrated by the preparation. It is during these days, which are spent working hard together, that people learn what true class unity and involvement are really about. Along with these qualities new acquaintances and strong friendships are certain to arise. Junior Mary Beth Eppel replies that, "At times the preparation became extremely tedious and difficult, but in the end the results were rewarding."

*By Heather Burch*

*"Field Day comes down to a few intense hours, but half the fun was in the many days of working together during preparation."*

*Junior Katy Andreae*

# WAIT 'TIL NEXT YEAR

## Juniors and Freshmen Lose Close Battles

*"Field Day is more than just a bunch of people running around in trashbags going crazy. It is the coming together of each class ..."*

*Elissa Sard*

Seaholm's oldest tradition, Field Day, was exceptionally exciting this year between the Sophomores and Freshmen, since the Freshmen won the majority of the theme events and gave the Sophomores quite a scare early going. The Junior and Senior battle was bound to be a close race, with the class of '86 finishing only two points behind. Winning the charity, participation, logo, cheer, song, banner, and costume events, were the army green clad Freshmen. Sports Chairman George MacDonald said, "I thought we were capable of

winning at least one field event. We were really surprised when we won so many theme events."

Up against the Seniors was the All-American class, the Juniors. They used every possible resource in an attempt to defeat the Seniors. Donning blue baseball uniforms, the class of '86 battled their way into the gym, getting ready for the fight ahead. All the events were equal. The Juniors trailed by one point most of the way. Junior MaryBeth Epper said, "I felt we could have done much better, I'm excited for next year."

*By Mike Rafferty*

*Applauding for her class enthusiastically is Junior Laura McIntyre, giving encouragement to her fellow classmates in the All-American class.*

*Singing their class song is the entire Freshman class. They won the song as they also won the majority of the theme events.*

Leading off the Junior march are class President Mitch Fischer and Junior MaryBeth Eppel who was a co-chairperson of Field Day.

Standing proud and tall are Freshmen Stephanie Bearden and Steve White, stars of the Frosh floor show.

Reciting their cheer is the strong Junior class of '86. They couldn't quite pull off a Field Day victory this year.

The three-dimensional effect was attempted by the Juniors to defeat the Seniors, but it wasn't quite enough.

The work that was put into the Freshmen banner paid off. It added to one of the many victories in the theme events.

Leading the seniors, in the final march to be judged, Liesel Brand concentrates on keeping the beat so the seniors don't lose step.

Patently frozen, Leeaundra Preuss confidently waits for the senior floor show to begin so that the Seniors can prove their skill and sophistication.

Stephanie Kraft, Sharon Jamo, Jolee Breyer, sporting the 1984 Field Day costume, nervously await for the "games to begin."

Hardwork, experience and originality proved to be a successful combination. The Senior banner was victorious over the Juniors.

Although it was unique, the sophomore's banner didn't make enough waves to wash away a freshman victory.

# SURFIN' SOPHOMORES

## *United We Stand, United We Stood*

Seniors - Sophomores . . . Seniors Sophomores . . . was the chant at the conclusion of Field Day 1985. The classes of '85 and '87 were deserving of the recognition for being Field Day champions.

The final week seemed to keep up behind the seniors. At daily class meetings some worry was going through people's minds because of the slow start learning the song. The cheer and march didn't seem to present as many difficulties. Amazingly, chairmen Eileen Pedersen and Doug Netzloff pulled the class together in a "united" fashion to show their true

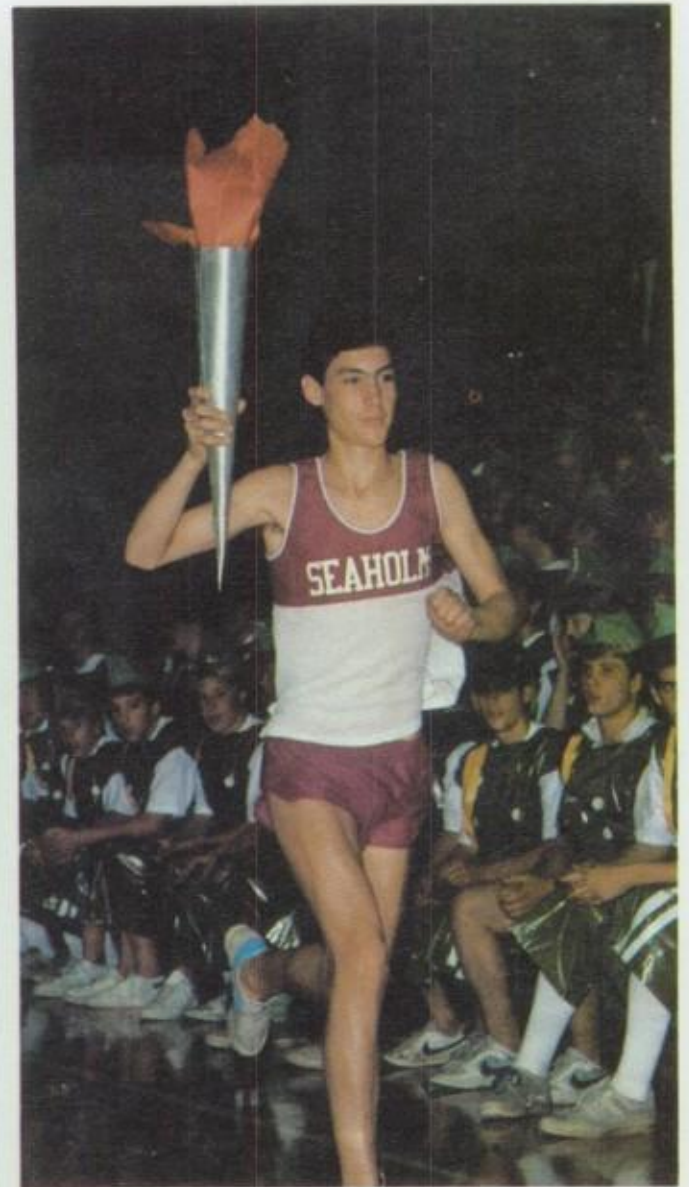

capabilities.

Surfing is in style and so are the Sophomores. Victorious in their second year as participants, chairmen Kathy Catto, Ann McElfresh, and Randy Winograd brought out the best in the sophomore class. Kathy Catto said "Field Day runs so much smoother for each class when there are leaders. We helped our class get organized and get it together." The surfers struggled through the first half of the competition, but demonstrated their real strength in the field events.

*By Sarah Yntema*

*"Even though we'll go our separate ways we'll still have the memory from Field Day of standing united."*

*Senior Eileen Pedersen*

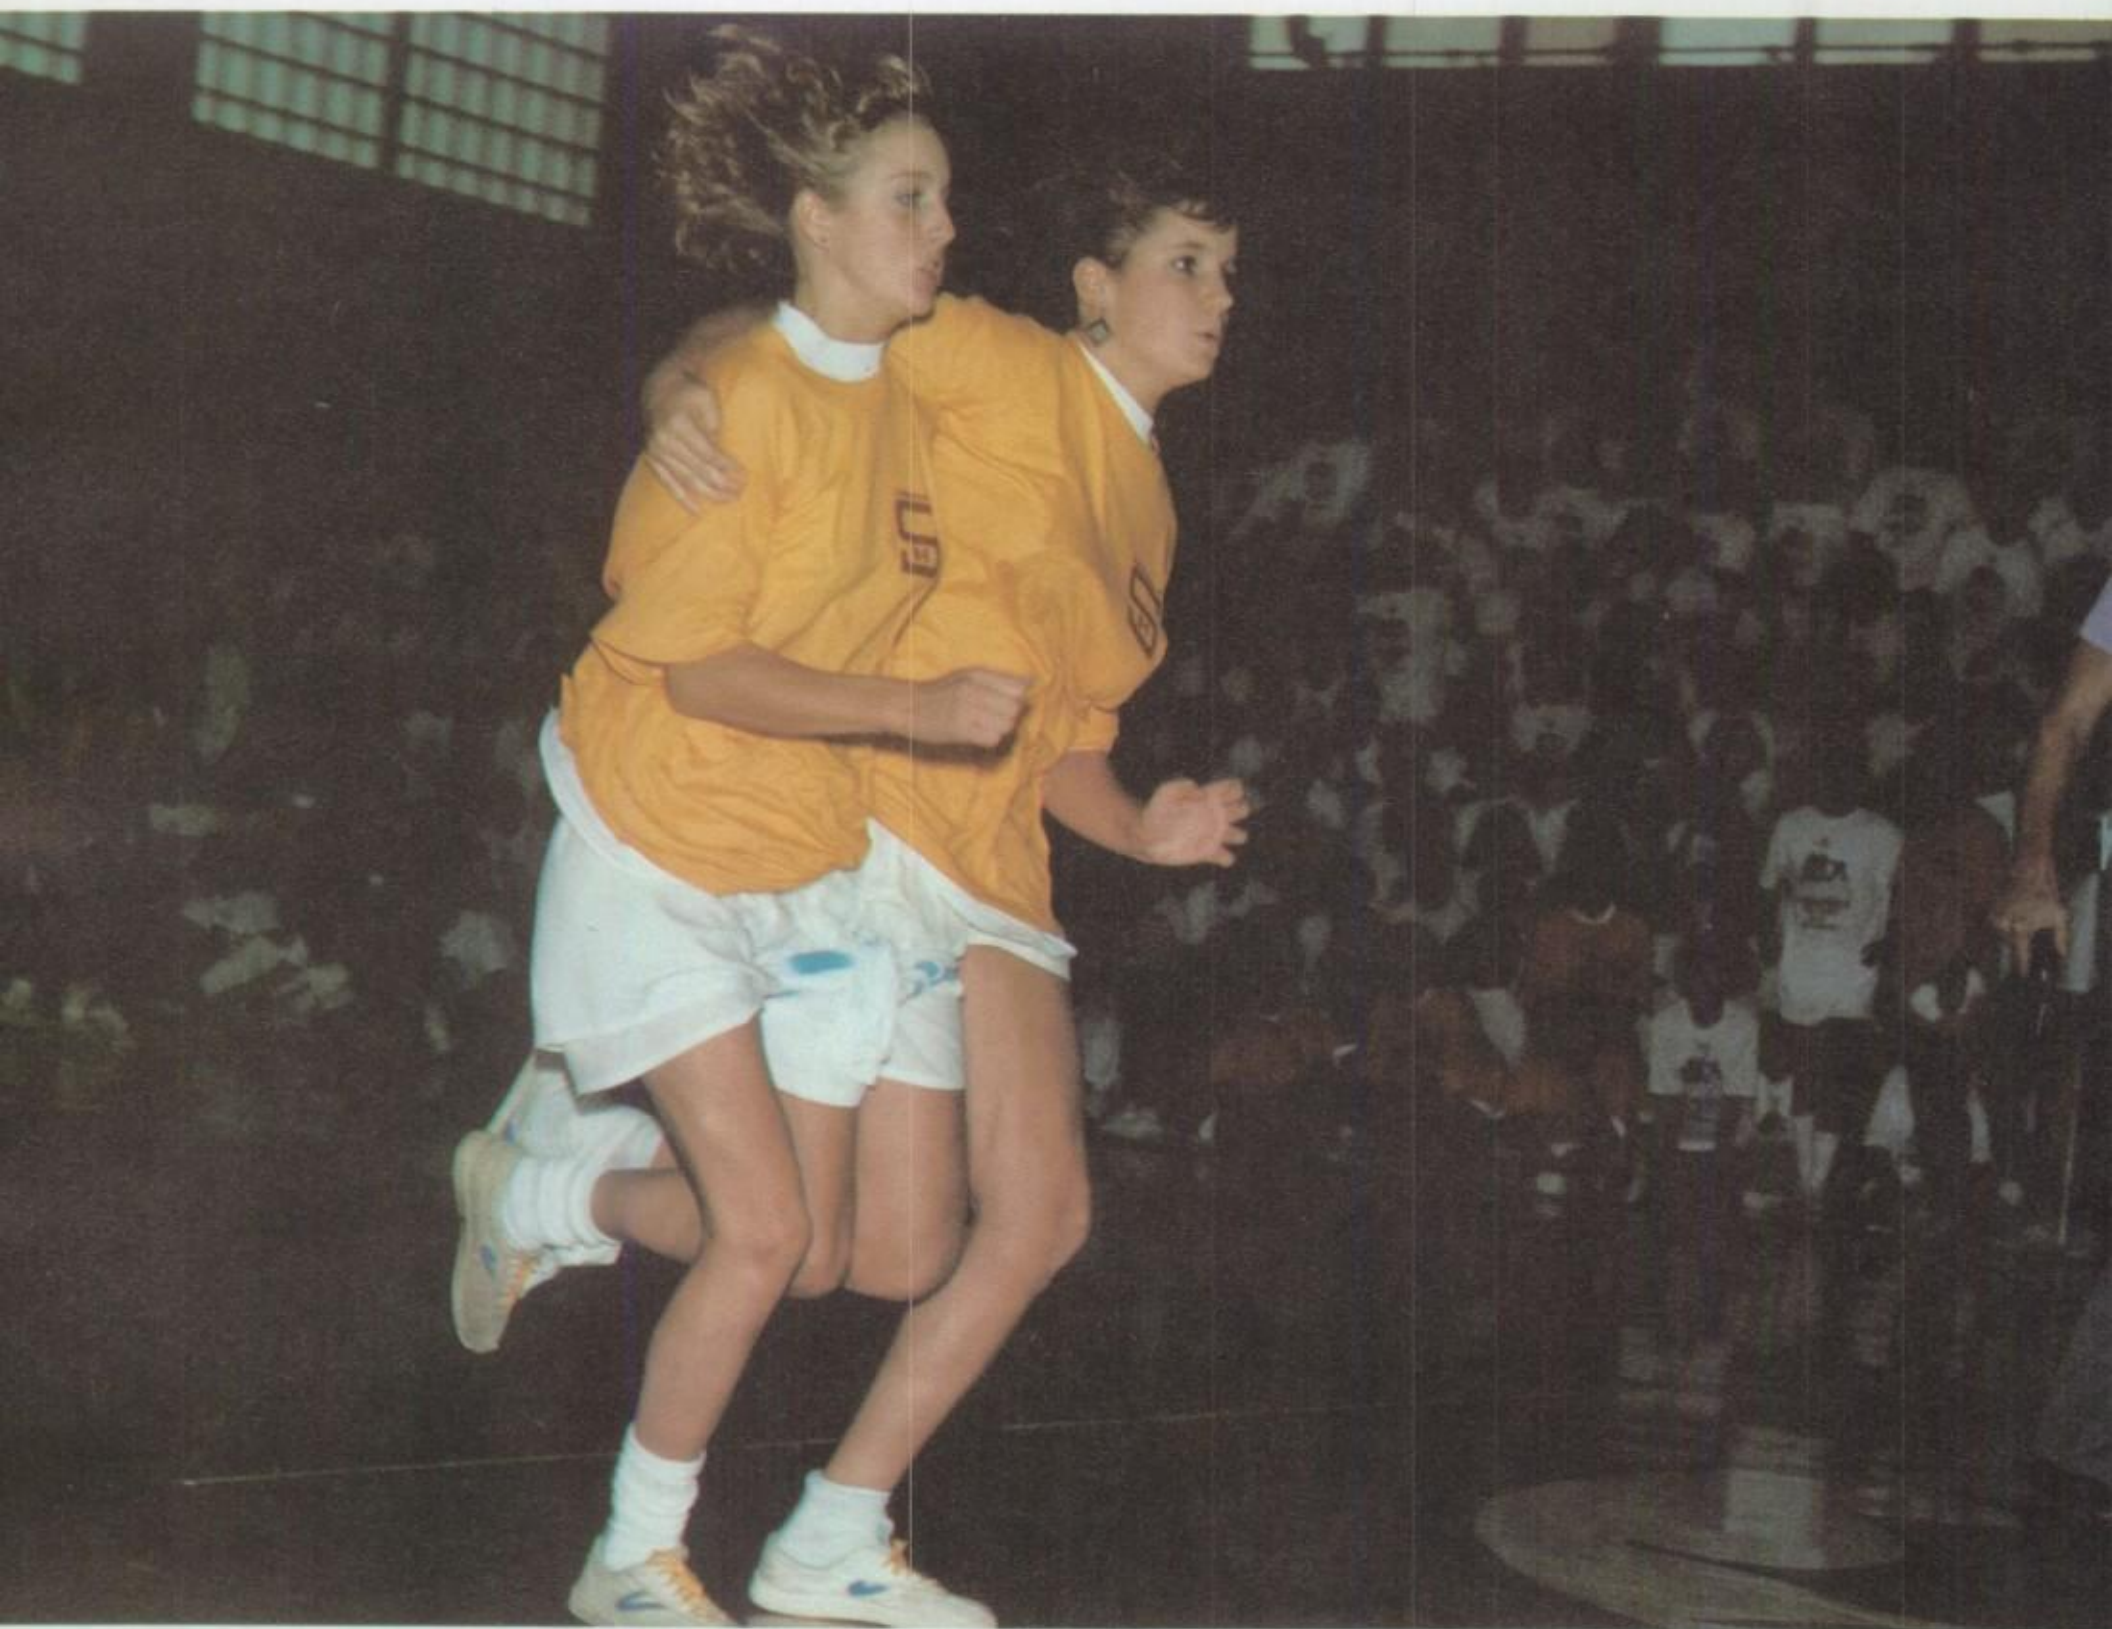

*Striding with pride, Brad Shively runs the traditional lap carrying the torch to light the Olympic flame prior to the field events.*

*Maureen McLaughlin, Mike Kiptyck, Christian Thompson, Ted Halbert and Christie Sica professionally perform the Surfer's floorshow.*

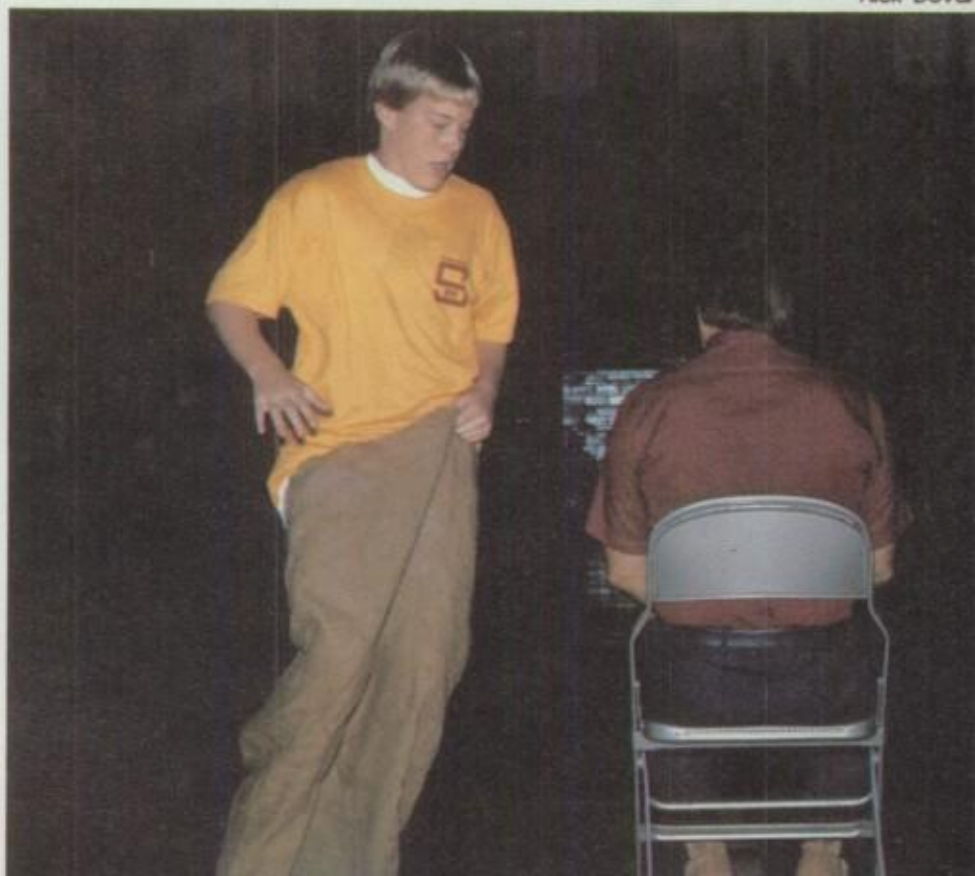

*Spearheading the Minutemen awesome force, Susan Freese and Stephanie Kemp exhibit precise running ability.*

*Nick Dvorak*

*Using the strength of a tidal "Wave," these Sophomores pull with great power. Freshman Peter Mann springs himself around the judge in a "mad-dash" towards a hopeful victory.*

# Classes Unite in '84

## *Seniors and Sophomores Victorious*

After 36 years of Field-Day here at Seaholm, the Enthusiasm and Spirit are still there. Whether it is Minute Men vs. Baseball Players or Soldiers vs. Surfers, every class gives it their best shot.

The gym this year as in past years, was filled with excitement as each class applauded the announcement of their victories. Defeat however, was also taken well. Each event showed very even competition and as each event was completed, eyeballs began to focus on the scoreboard. Only after the last event could the victors be recognized. Then the gym rang with jubilant celebration while the losers gave congratulations and filed quietly out of the gym.

The effort, most importantly, should be recognized as these were what transformed it from "Just another day" to one which will always serve as a reminder of Seaholm. Weeks of preparation went into all events. Each day someone could be found around the school working on something for Field-Day: Whether it be sports events practice, banner meeting, song, cheer, charity, costume assembly, etc.

Seaholm, unlike any other school, is very fortunate to have this great standing tradition. As the calendar bounces from year to year one phrase should always be remembered, "It's not whether you win or lose but, how you play the game."

"Field-Day was a great lesson for the Senior Class. We learned that we just cannot take the Juniors for granted, but never the less we're the Class of '85."

*Tom Hartle*

# T RADITION

## Special Happenings

Each year Seaholm sponsors special events for the students. Three of these events are the Sadie Hawkins Dance, the Winner's Circle, and the weekly bagel sales.

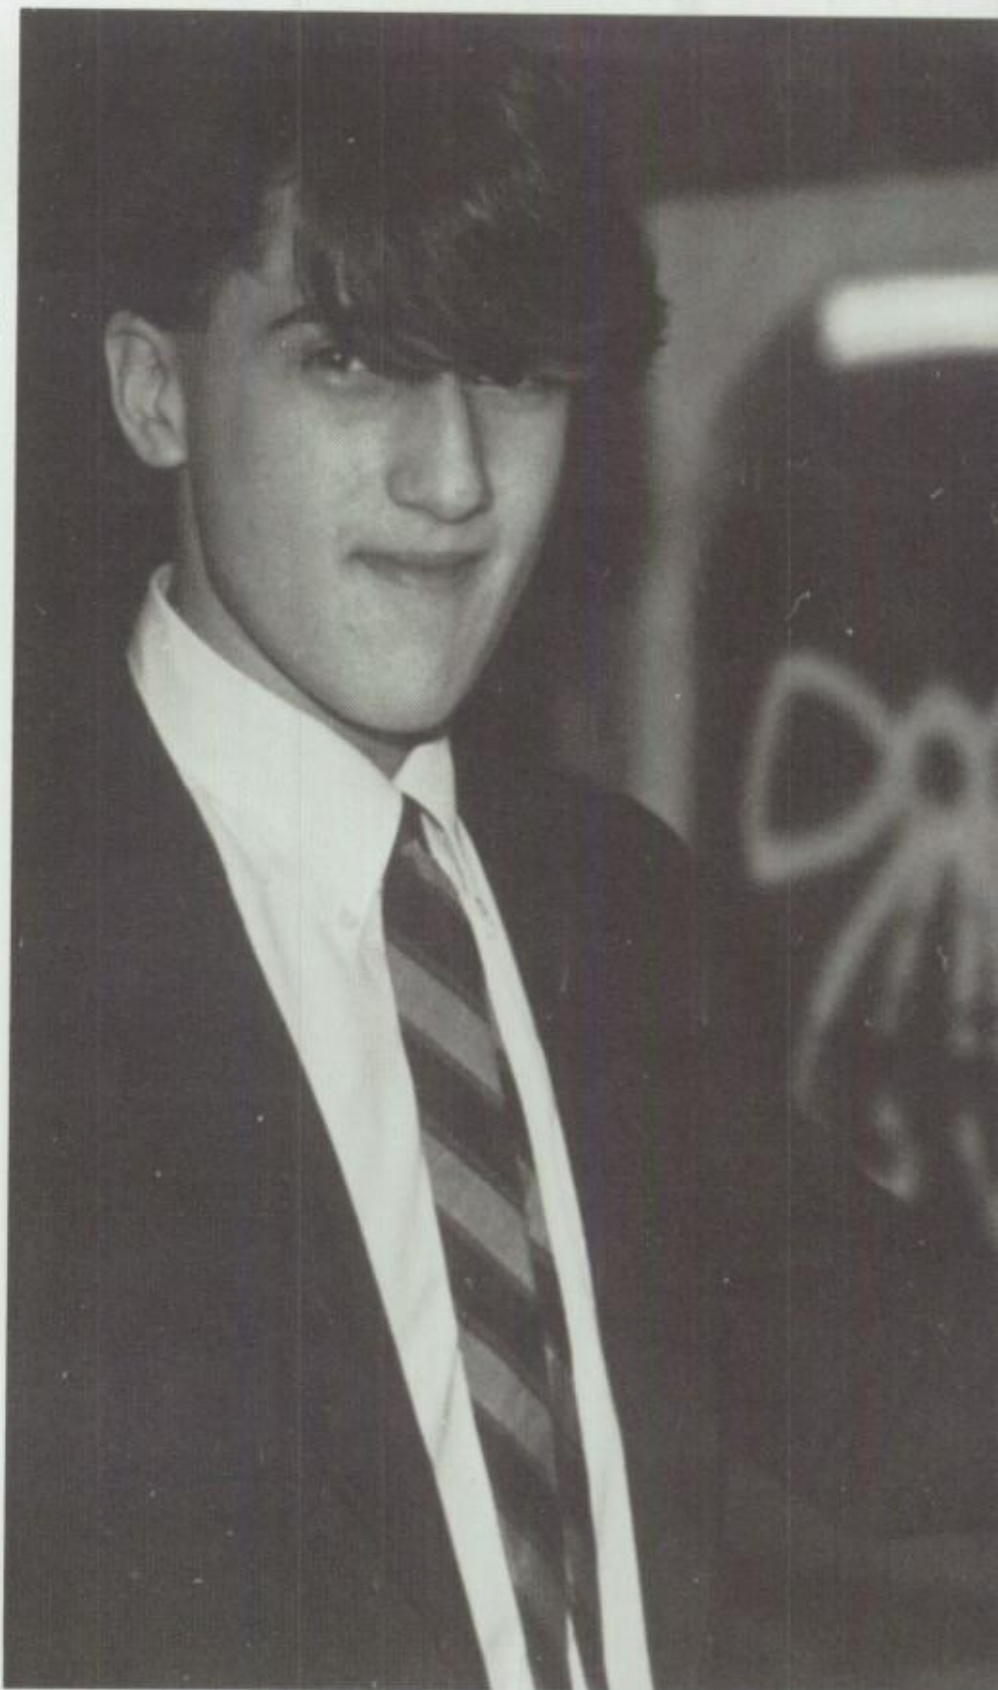

Possibly the most popular dance of the year, the seniors sold all two hundred tickets three days before the dance. Senior Jeff Hepfer said "All the guys like the dance because it's the only time they don't have to worry about any responsibilities except getting the corsage." The senior class tried a new approach this year, the dance was held on a Friday evening. Although it interfered with the basketball game, it was a huge success.

The Winner's Circles held after certain home football and basketball games are an excellent opportunity for the students to go somewhere to release their energy and excitement after a Maple victory.

The one reason students arrive at Seaholm on Wednesdays is because they know they can indulge themselves in bagels by third hour. At the start of each school year all the activity groups quickly sign up to sell bagels in the front lobby. Although the groups are limited to only four sales a year per group, the money made is a great asset.

by Sarah Yntema

*The Sadie Hawkins dance was more successful than ever, with every ticket sold three days before the dance. Matt Washburn and Kathy Morgan are checked for a ticket before entering the dance area.*

Jeff Hepfer

*Celebrating the holidays before the Sadie Hawkins Dance, Karen Bowman, Sarah Yntema and John Wharton enjoy the dinner the girls prepared. The girls exchanged responsibilities with the boys for the evening.*

*At the first Winner's Circle, after a home football game, Sue Hayes and Jim Fieste dance to the D.J.'s music. The popular Winner's Circle that occurs only after home games were initiated four years ago.*

Wednesdays are not ONLY thought of as Wednesdays at Seaholm, but they are considered Bagel Days too. Amy Bloch grabs a bagel between classes to keep her stomach quiet until she can get another.

## M MOVIE STAR REVIEWS

### Greatest Days of our Lives

The Loren B. Fischer Memorial Fund was originated in honor of Loren Fischer, who was a student at Seaholm. In Loren's junior year she died after a long fight against cancer. Three years ago this fund began for the sole purpose of bringing inspiring speakers to the students. The majority of the money donated to pay for the speakers comes from the Field Day Walk-a-thon. The first speaker was Sister Mary Agnes Mansour, and she was succeeded by Senator Carl Levin the following year.

This year's speaker sponsored by the Memorial Fund was an exhilarating and very entertaining performer. Mark Sharonbroich was chosen because of his excellent stand-up comedy movie "The Best Days of our Lives." This movie was shown to the class of 1985 their freshman year and Student Congress, and received outstanding reviews on both occasions. When Mark presented himself he brought much laughter and a few tears. It was one of the first occasions the student body had united under the influence of one person.

In the past the Loren B. Fischer Memorial Fund sponsored speakers with a more serious attitude. Mark Sharonbroich was able to keep the seriousness, but possessed the ability to present it in a enthusiastic, comical manner.

by Sarah Yntema

Paul Donar

Mark Sharonbroich was an influential speaker provided by the Loren B. Fischer Memorial Fund. Mark discusses with Mrs. Baldrige what an important role activities played during his high school days.

# Dare to DIFFER

Before class begins, English teacher Mr. Paul Colbrook eagerly answers a question for Junior Leigh Kain about the homework assignment. Mr. Colbrook's interacting and exhilarating style of teaching adds appeal to Seaholm's academic life.

who don't use the book at all; Some lecture constantly, while others make every day seem like a film festival. They all are different and take some adjusting to, but they keep Seaholm's academic life alive and diverse.

This section of the book features students and teachers who are extraordinary. Each is making a contribution towards a more interesting student body. Now is their chance to be applauded. They have already stood apart from the one thousand five hundred and fifteen. They have dared to differ.

*By Amy Parsons*

One thousand five hundred and fifteen students walk Seaholm's halls - Different smiles, different clothing, different personalities, different people. But the problems, worries, hopes and joys of the students are all quite similar. "Will I be accepted to my number one choice of colleges?" "Are my parents going to be happy with my grades?" "Is he/she going to ask me out?" These are all questions students will someday ask themselves. Because of these similarities, they must find something that makes them stand out in the crowd. It might be skiing, or drawing, or just being a good friend.

The teachers and faculty at Seaholm must do the same. Their job is to instruct but they must do so with flair. Each teacher has a unique style. Think back on those teachers who teach strictly out of the book, or those

Certified pilot Simeon Stoddard checks the oil before making a solo flight out of Detroit City Airport. Active in flying for over five years, Simeon is one who has dared to differ. He found flying to be interesting so he took lessons. He now excels as a pilot.

## — LIFE STYLE —

### trade offs

**A** foreign exchange student from South Africa has come to Seaholm

as a senior this year, her name is Karen Anderson. She enjoys the way we drive. People in South Africa drive on the opposite side of the road than we do much. She found that the driving age in South Africa is 18 years old, which has taken her some time to get used to.

South Africa is more strict than Seaholm, for example they have uniforms at her school and expect good behavior from each student. "Schools are more open here," she says. She also said that she liked American football, she went to all the games and had a lot of fun. She thought the band was a neat idea at the games. She herself likes sports. She joined the varsity swim team here at Seaholm and got her letter and

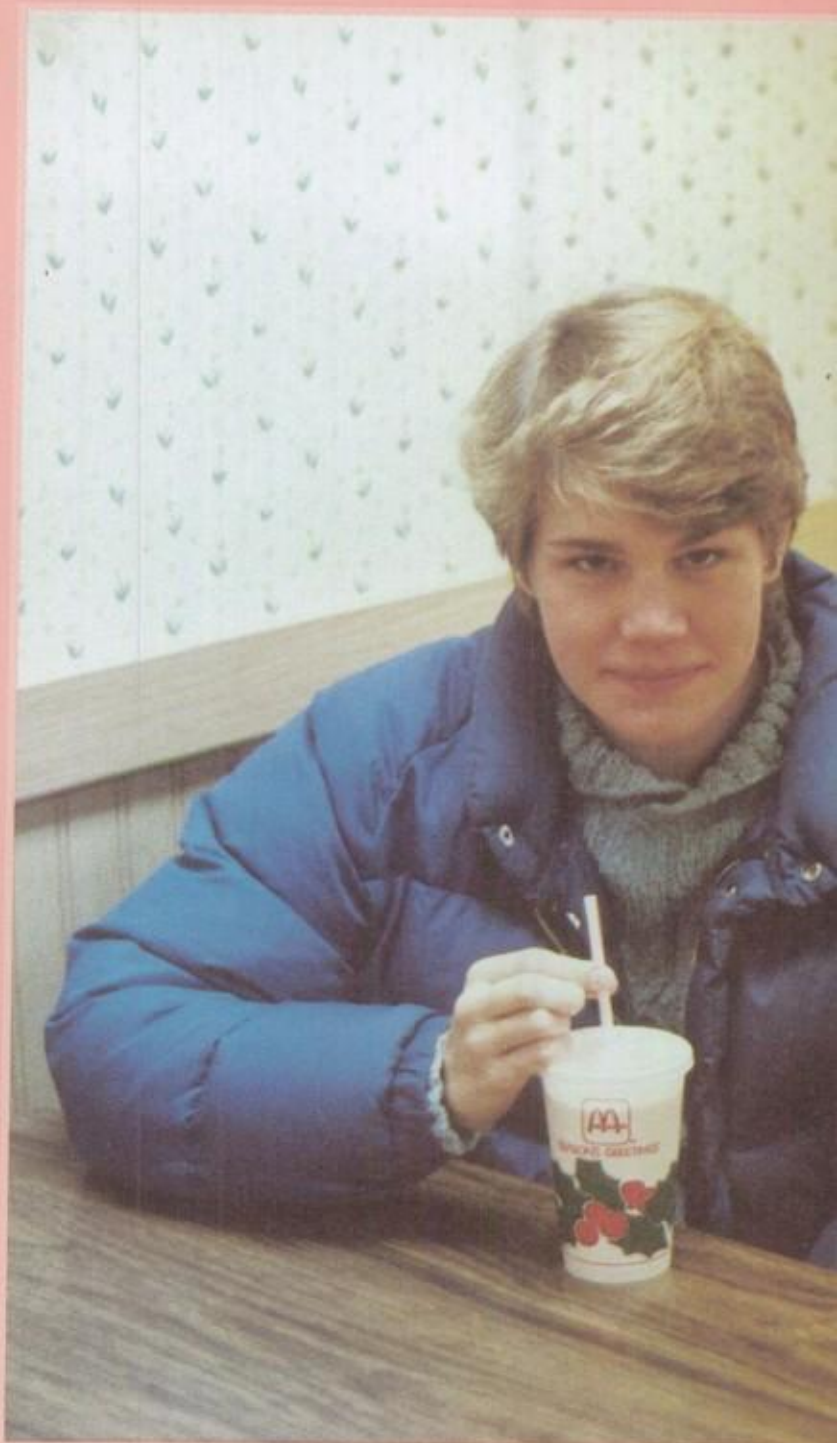

the Rose family that she is staying with got her a Seaholm jacket for Christmas.

When asked what the most interesting thing was that she noticed in Michigan she replied, "The way we drive." People in South Africa drive on the opposite side of the road than we do and the driving age in South Africa is 18 years old, which has taken her some time to get used to.

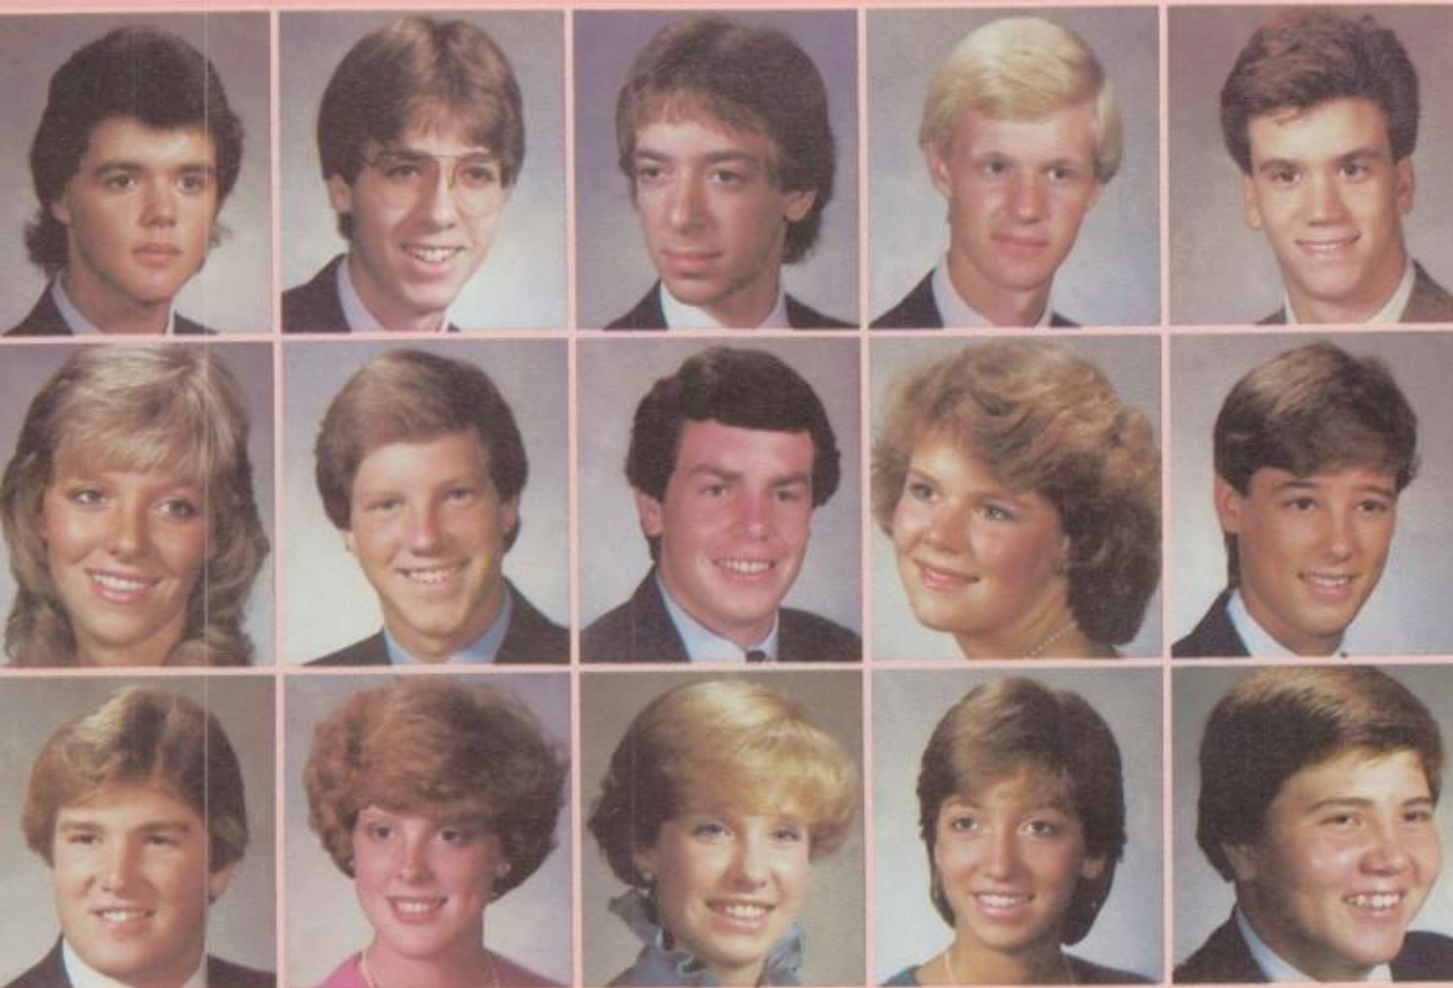

Karen misses the scenery back home, she loves the seasonal changes in Michigan, especially winter. She also tells us that it is funny that during Christmas with snow and very cold. But there it is sunny and hot about 90 degrees. Which was a neat experience and very different than she was used to, which she will take back to South Africa.

*Julie McLandress*

*After swim practice, Karen Anderson enjoys a strawberry shake at her favorite fast food restaurant, MacDonalds.*

# EXPANDING SPORT

## senior excels

Paul Donar

The game of squash, beginning in the 18th century in England, is often likened to the more modern game of racquetball. There are many similarities in these two sports. The major differences are: 1) the squash court is smaller; 2) the racquet handle is larger; and 3) the ball is much smaller thus making squash a much faster and a more difficult game. Brad Carlson, a Seaholm Senior has been playing squash since the age of 8. He has competed all over the country and has placed well in many tournaments. Brad placed 4th in the New Jersey State Juniors in 1982, won Michigan Men's State winner in 1983, placed 6th in the Canadian Junior nationals in 1983 and more recently he was a semi-finalist in Mich. "A" softball squash championships in 1984. Brad is currently ranked top 10 in the nation.

"Walter Oehrlein, the 1965 Intercollegiate Squash Cham-

pion from the Army and my first coach, had the greatest influence over me. He always encouraged me, even though I was an overweight, uncoordinated 8 year-old." "Jim

Austen, my current coach at the B.A.C., has helped me to advance to a higher level of competition."

Brad attends the United States Squash Racquets Association National Training Center every summer at Princeton University. "I get a lot out of it. It gives me a chance to play against the top-ranked players in the country, and allows me to receive instruction from top-ranked touring squash professionals."

## -ASCENDING IN- the clouds

It's not just getting to the top that's important it's how you get there," quoted our resident mountain climber, Eric

Knoerr. Eric became interested in climbing through backpacking. He has

back packed in the Upper Peninsula and Appalachians several times.

He finally decided to get some training in Mountain Climbing as he had become very interested in it. Eric went to the National Outdoor Leadership School (NOLS) in the Pacific Northwest. He decided on the school because of its location in the Cascade Mountains. The Cascades are unique because there are 80% more glaciers

there than anywhere in the Continental U.S. The training was a month long trip on which Eric learned three different mountain climbing techniques. They are Ice Climbing, Rock Climbing, and Mountaineering. Eric seems to prefer Rock and Ice Climbing. In Mountaineering one comes upon more glaciers and surprisingly enough they are very hot. Special clothing must be worn to prevent over exposure if one falls in a crevasse.

The highest Eric has climbed is 9,900 ft. at Eldorado Peak, in the Cascade Mountains during his ice climbing training. The trip took 6 hours each way and was limited due to lack of sunlight.

# —ICE PRINCESS—

## *high hopes*

Outside of the Olympic games, figure skating is a sport which few people are able to enjoy. However, figure skating is one of the most graceful and beautiful sports in the world. Skaters must be determined - and most of all, dedicated. Senior Janine Johnson glides across the ice with all the dedication and motivation of a skater with a future.

Janine has been skating and competing for over seven years. Her career has included travel across the country, including competition and training in Colorado. Between competitions, Janine practices faithfully. Her daily routine includes two hours of skating before school, and three hours after school when she does not work. Her six day a week practice schedule includes private coaching and figures.

Janine has competed in many

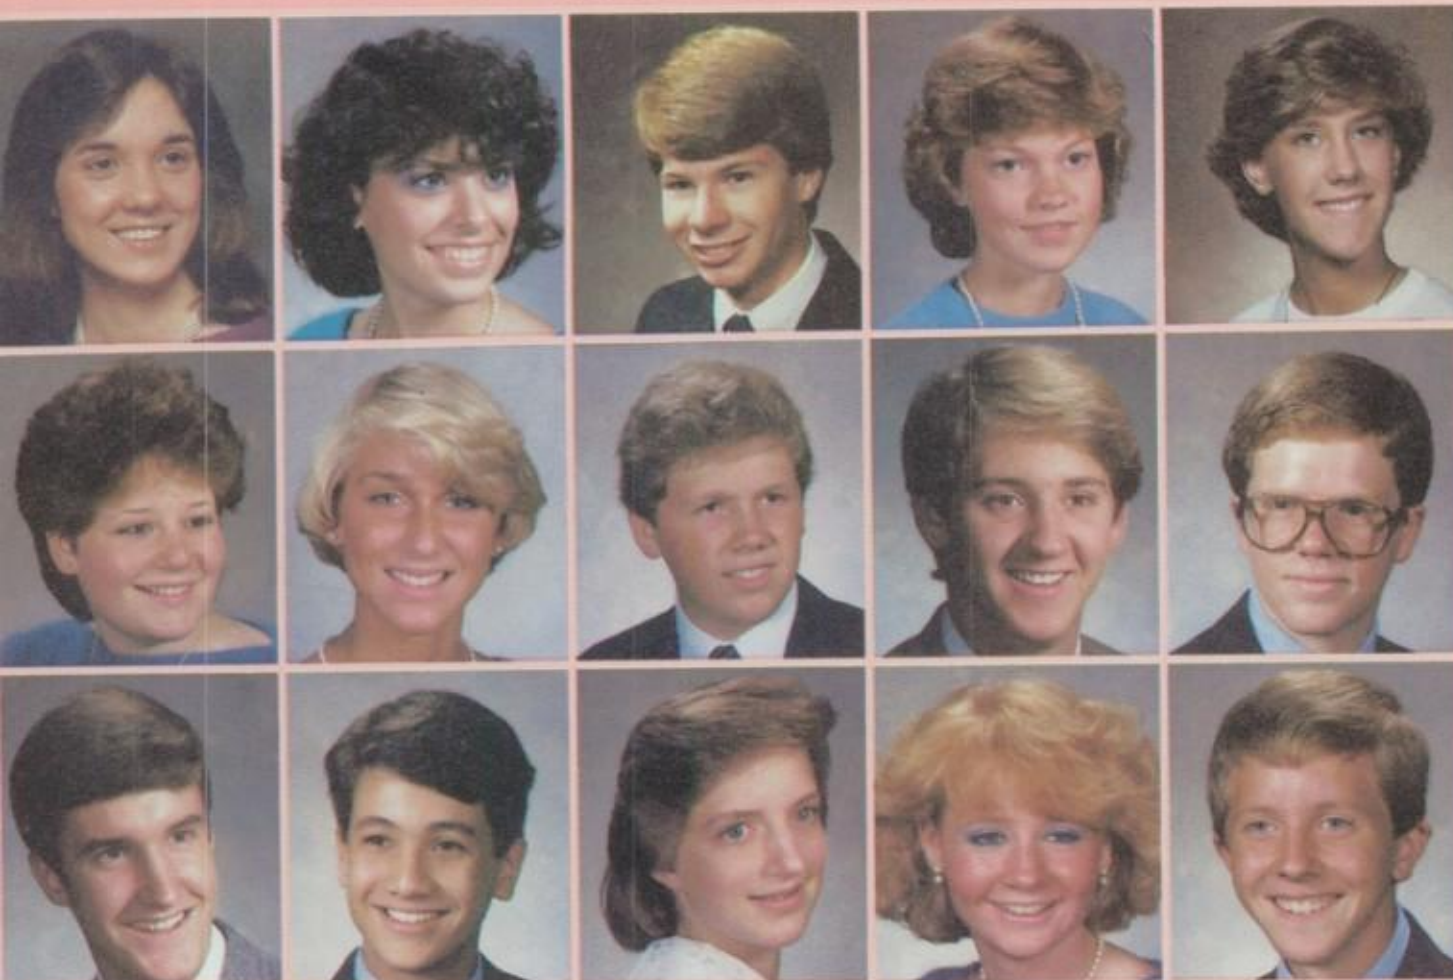

events including the Eastern Great Lakes Regionals. Although she enjoys competition, she is not seriously considering an Olympic career. She has hopes of touring in Europe with the Ice Capades, and possibly teaching in the future. She enjoys performing in ice shows, and does not mind the practice, time, and commitment that they require.

Hard work is only the beginning, it cannot compare to the fulfillment Janine Johnson feels as she glides to a halt and the audience applauds her time, effort, and talent.

## ON THE ROAD. *again*

In 1980 nobody gave him a second look, but now Senior Rick Schliem is ranked in the top ten of the nation for bike racing, and is a very possible candidate for the Olympics of 1988.

Rick's career started in Texas, where he lived until two years ago. Rick was racing mopeds at the time, and a local bike store owner, Jerry Turner, asked Rick if he'd want to race ten speed bicycles. He decided to give it a try and in Rick's first race, in amateur class, he placed second.

Since his first season Rick has received seven first place awards, plus several second and third places. Rick accounts for his success by the

long hours and hard training he puts in, plus the motivation from his parents. The training routine he goes through is very strenuous: during one week he rides over three hundred miles. Rick is currently ranked as number one in the state for both road racing and track sprinting. He is also in the top ten of the nation for road racing.

Although the sport of racing seems safe it often isn't. This was the case at Super Week '84. Rick was cut off by another racer and the accident resulted in both a broken collar bone plus missing the nationals for that year.

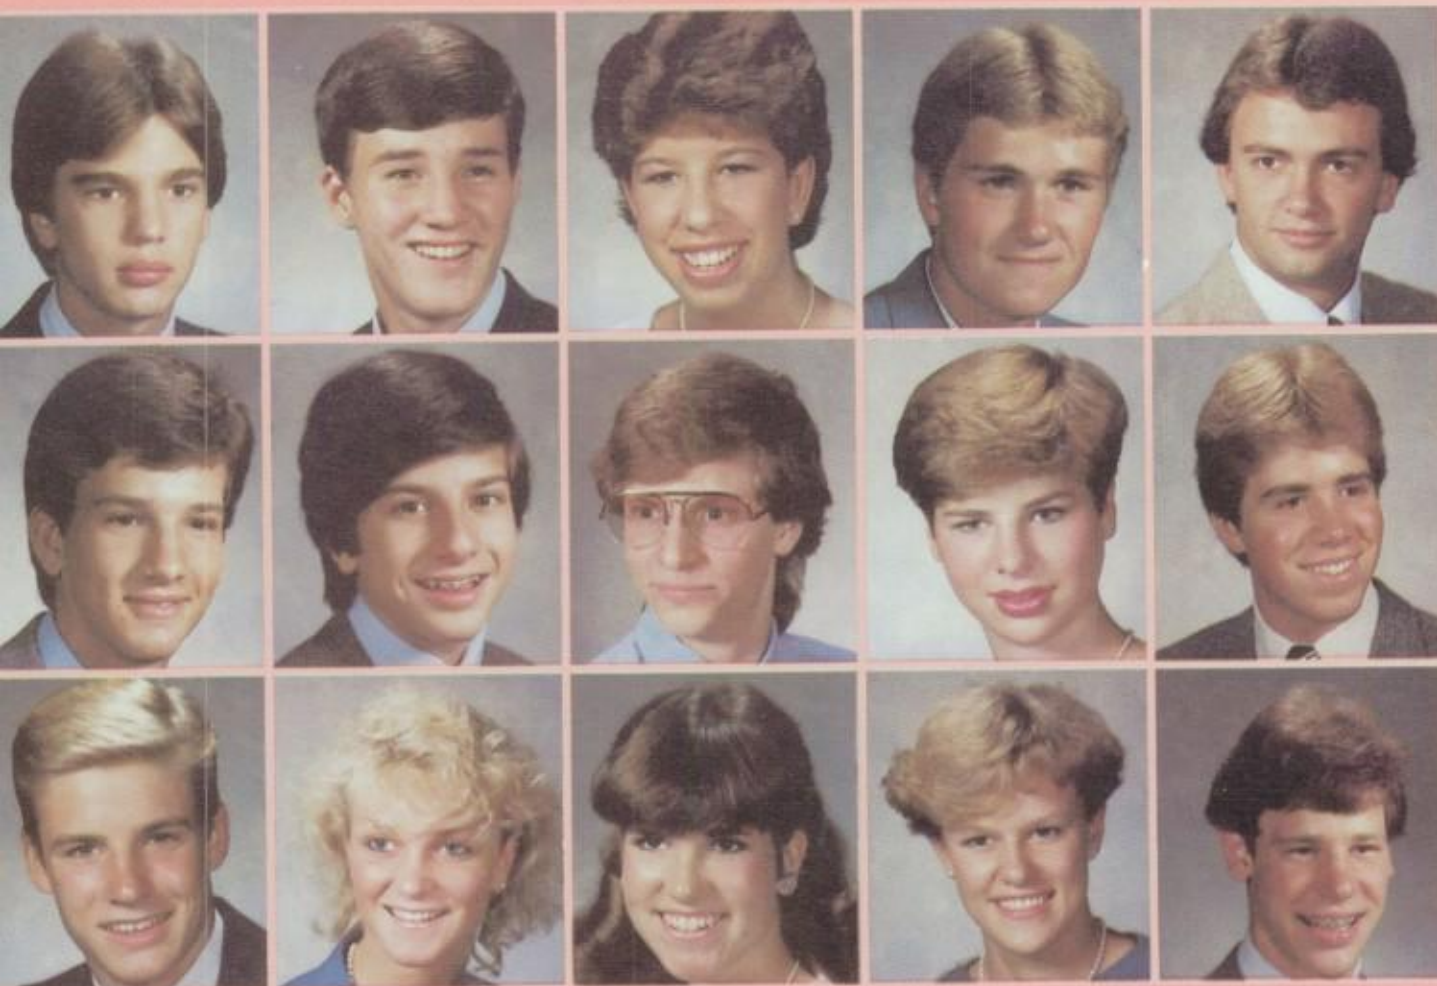

Early last winter, Rick received a letter from the National Biking Federation asking him to attend the Olympic training Center in Colorado Springs.

# EVERYBODY'D

## go surfin' u.s.a.

To anyone out on Orchard Lake last summer the face of Doug Summers would most probably have been familiar, for Summers is an avid windsurfer who spends most of his free time out with the wind and the waves. Although he sails mainly for pleasure, Doug is also very competitive. He owns many prestigious titles, among them the Michigan Windsurfer Champion, middle weight, which he has won for the last three years. He also entered the Mistral North American Championships held on Lake Michigan last October and took seventh place in the light weight division with his highest race being a third place. It appears that others have noticed Summers talents as the Olympic coach wrote him a letter inquiring into past history. He, however, maintained that he is not interested in pursuing this goal as he feels

the practice would take too much time away from college.

During last fall, Seaholm was well represented at the Michigan

Windsur-

fing Cham-

pionships.

Not only did Doug

take a first place

finish in the medium group, but Derick Fries, a teacher here,

took first place in the heavy one as well. Mr. Fries, who has

been a good friend of Dougs for several years now, speaks

very highly of his younger friend. When asked of Sum-

mers he said, "The only limita-

tion to how far he goes is his desire."

Summers has put his talents to good use and has been reaping the profit from them for the last two years. *By S. J. Hunt*

## -SELF DEFENSE- yet fun

In the past two years, Senior David Kunkler has earned his black belt in a Korean art similar to Karate called Tae Kwon Do. The belt he has received represents much knowledge and maturity.

This knowledge was gained through extensive training with Korean master Kwang Jo Choi, who has an eighth degree black belt. David says he has never gotten bored with the classes. He said, "I learn new things all the time." David was first interested in taking Tae Kwon Do classes through an older brother, who also participated. David's first objective for taking the class was for defense. After two years he has found it very

enjoyable.

"Once I joined I was hooked for life." David's highlight of the classes has been free sparring, which is simulated fighting. Pads are worn on the feet and hands to avoid injury. Accidents do happen, but nothing more serious than a fat lip. There is no contact in simulated fighting, but you try to come as close as possible with control. The main difference between Tae Kwon Do and Karate is in Karate more emphasis is put on solid stances, strikes, and power of the hands. In Tae Kwon Do flexibility of the legs, kicks, and developing the legs as much as the hands. Both male and female are enrolled in these classes but, the majority are boys and men ranging in age from three to sixty. Although these classes are not extremely expensive, they are not considered cheap.

By Susan Cotter

Senior Dave Kunkler challenges a classmate and proves his abilities with a jumping side kick, attempting to move to the highly prestigious black belt level.

The legs are considered extremely useful and essential body parts in Tae Kwon Do so warming up and stretching the muscles is important before every class.

## KEEPING

### on her toes

**A**my Shell does it all. She has taken Classical Ballet for fourteen years, in addition to taking five years of jazz and a year of tap dancing. She has been using toe-shoes for eleven

years now. Currently she is studying dance at the Birmingham Ballet Company.

Not only does Amy spend one and a half to three hours, five days a week practicing, but she sometimes helps teach teenage jazz classes. Amy's dance credits go back a long way. In sixth grade, she was Clara in "The Nutcracker", a favorite Christmas ballet. More recently, she danced in "Copeia", a story about a beautiful girl that is brought to

life. Amy, along with the rest of her dance company, has performed at Twelve Oaks, Oakland, and Somerset malls. They have also danced for private dinner parties.

Amy remembers last year as very special. She was chosen to perform at the Winter Festival in Birmingham, and one performance for the City Hall was video-taped by Booth Communications.

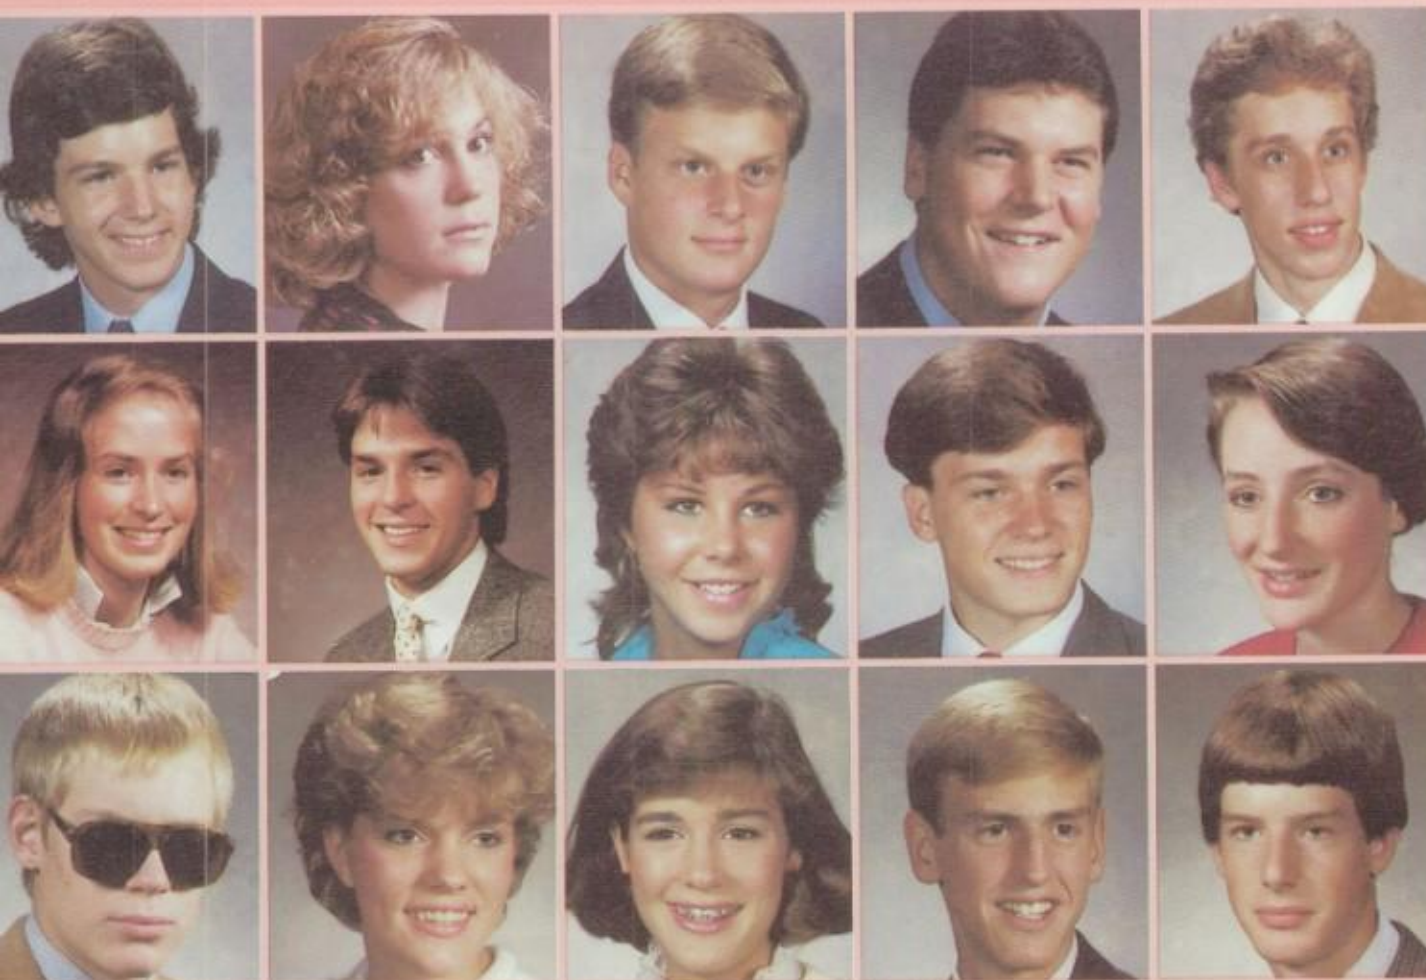

Amy is also active at school. She enjoyed dancing in "Oklahoma!", and when the Michigan Opera Theater came to Seaholm, she auditioned for, and became part of the dancing chorus. Over the summer, Amy passed a rigorous ballet examination. This was a very special accomplishment, as Amy practiced for this exam for over a year.

# COMMUNICATION

## *speaking through art*

Imagine yourself having just moved to a foreign country. You are an outsider, and speak a foreign language.

Hironao likes drawing best, but he does some painting and enjoys film making as well. "When I make movies, I want to talk about something," he explains. Hironao uses his films to express the ideas he can't find words for in English.

Film, however, is not Hironao's only means of expression. He likes to draw, and says, "I started drawing because I couldn't talk." He didn't realize the quality of his sketches until he came to Seaholm. "Nobody told me I was good in drawing. I didn't know."

So when he heard of the *Dune* poster contest, he decided to enter. His effort paid off. He earned third prize.

Further, art has proven to be a valuable method of communication. Hironao learned to overcome the language barrier, he had to find an alternate method of communication. His solution? Art.

"I do a little bit of everything," Hironao says, "but I haven't done many paint-

## THE MAN WITH a thousand faces

We have a movie star within our midst here at Seaholm! Well, to be more exact we have a

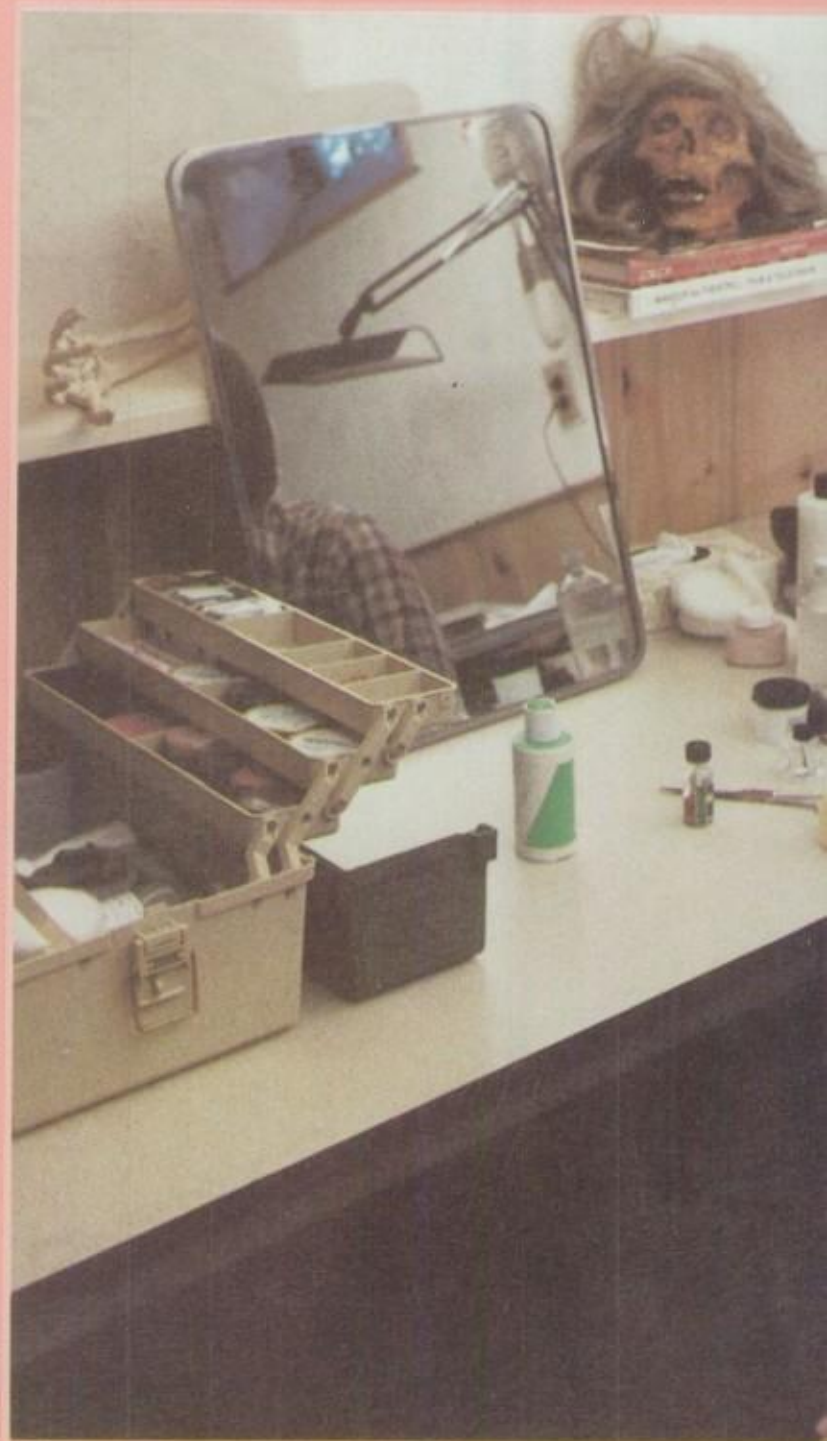

Special Effects Artist, Brian Rae, who has recently worked on the

Detroit based movie *Stryker's War*. After contacting director Sam Raimi (*Evil Dead* and *XYZ*) in California, Brian was sent to the set of *Stryker's War* to assist the film's Make-up Artist, Gary Jones, and to cover for him when he couldn't be on the set. Along with contributing a great deal to the movies gruesome effects, Brian also appeared in the film both as a "Viet Cong" and as an extra in a bar scene. Brian will be officially credited with the titlen "Assistant Special

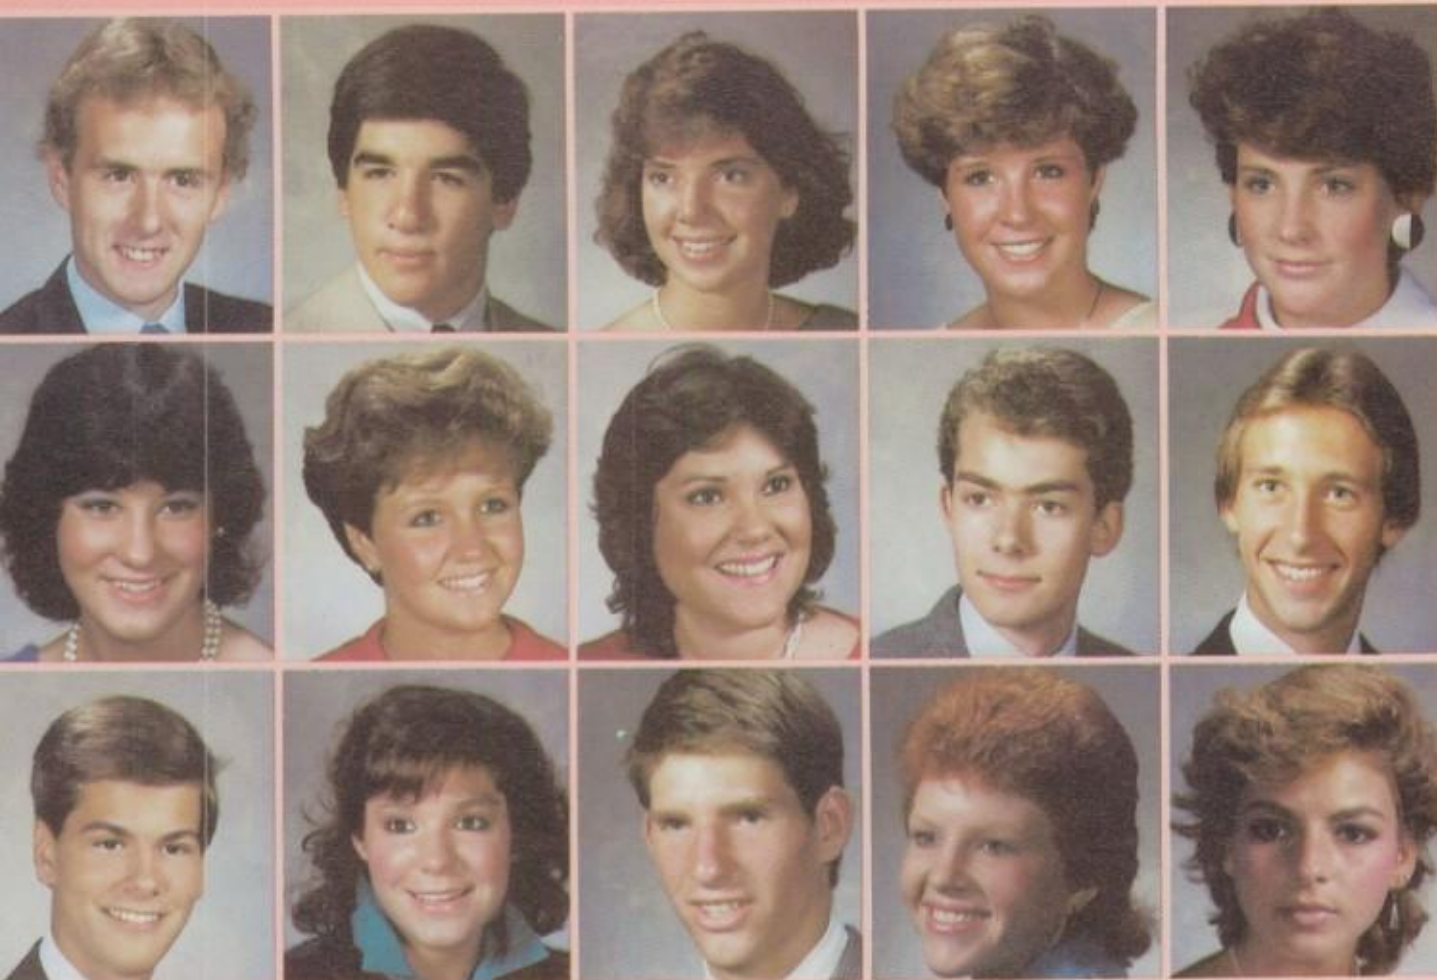

Effect Makeup" when the film premieres in the United States next year. Meanwhile, Brian's interest is kept up in his home-based studio. Although no special equipment is necessary, the large amount of molds and materials build up constantly. Many of the materials Brian uses are extremely hard to obtain, and very expensive but through the mail and much patience he has built up quite a collection. The biggest problem, says Brian is finding someone that will sit still for the three to four hours it takes to apply the elaborate makeup and practice new techniques. There are no schools that specializes in this sort of work, "You just have to work on your own and hope to make good connections," says Brian.

# ■ WAGONS AT WAR ■

## *beware!*

**N**ovember eighth, 1984, a date which will live in infamy. The night air was as cold as ice. The mist flowed through the dark sky like smoke from a chimney. Silhouettes of people dressed in camouflage fatigues could be seen moving through the bushes. The sound of automobile engines could be heard from miles around. Suddenly the fierce machines appeared in anticipation of the night before the Field Day battle. These battle machines are known as "War Wagons." War wagons are only known to Seaholm and have been a field day tradition since 1977.

At the mere sight of these

so-called automobiles, people lock and bar their doors and windows in a futile attempt to escape the fate which lurks outside. Innocent bystanders call the "war wagons" a menace to society and horrid, with their characteristic hole-in-the-roof and the eye-catching war paint. With names such as: Cujo, the Budmobile, the Batmobile, the Road Warrior, the Bounty Hunter, and Deathtrap II, how could you not be intimidated? Even the most awe-inspiring war wagon has it's amusing side, with written exclamations such as "Don't laugh, your daughter may be inside."

Numerous hours of thought and effort go into the production of each machine and it is well worth it.

# Dare to DIFFER

Picture taking was given a new twist this year as underclassmen had their mugs taken during registration. This new idea brought smiles to the students - they realized they still had a tan, as sophomore Erika Turrigiano discovers.

The junior, sophomore, and freshman classes also set the future trends for Seaholm. While seniors have their own style of clothing, places to hang out, and vocabulary, the underclass students dared to differ from the seniors and set their own styles for the future senior classes.

The underclassmen have dared to be different from the senior class in many ways. They have provided Seaholm with the unity and charisma needed to later 'rule the school,' and will bring the school many more great moments in the future.

# T

hroughout the year, Seaholm's senior class provided the school with leadership and entertainment. With their graduation, Swing Out, Field Day, fun, and Skip Day, the seniors showed that they're more than just twelfth graders. Even though the seniors take the lime-light, the school could not be complete without its underclassmen.

The juniors, sophomores, and freshmen displayed unity and friendship through the year. Together they gave Field Day a more exciting appearance as the sophomores came from behind to beat the freshman, and the juniors showed their sportsmanship as they were edged out of a win by the patriotic seniors.

# THE THRILL OF THE HIGH SPEED RACER

98 Juniors

Bill's inter-  
Best in hot-  
rods started  
when his dad  
was working  
at Chrysler. He  
used to bring  
them home as lease cars.

Bill then owned a 1970  
Dart (396 Modified for car  
buffs) and Bill has spent a  
great deal of his time at  
various dragstrips around  
Michigan including one at  
Lapier, not only as a  
participating racer, but as  
a spectator as well. Bill  
doesn't advocate street  
racing. "It's too danger-  
ous" he says, beside the  
fact that it can get you in  
a lot of trouble. Has Bill  
ever been afraid of an  
accident? No, he says,  
he's more concerned with  
watching the limits of his  
car, as well as the other

drivers.

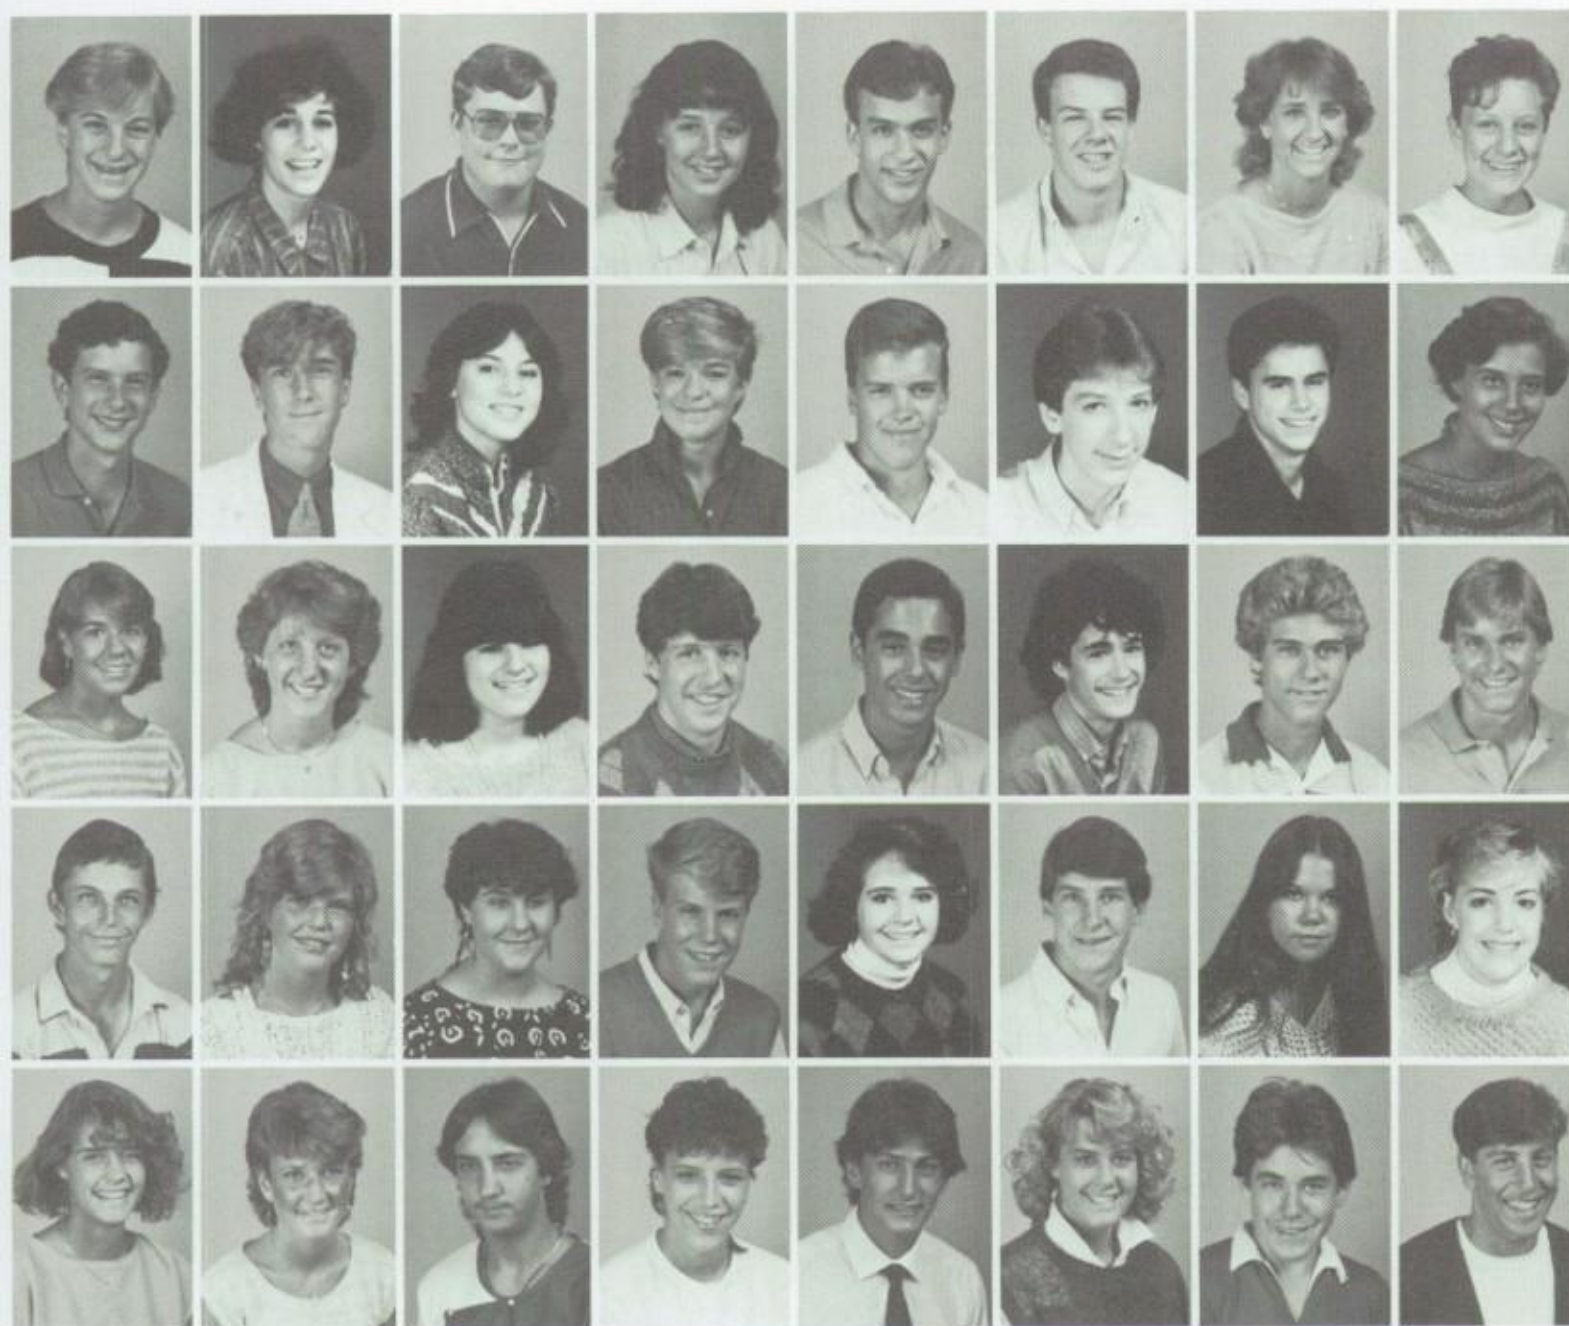

Although Bill has never  
won an official race, he  
says the stakes are pretty  
high. Winners usually  
receive car parts, tools  
and accessories along  
with various trophies, but  
money is the big prize at  
the races and the drivers  
all want to see their share!

On and off the track, Bill  
has raced "more times  
than (he) can count."  
Racing is just a hobby for  
him, as going professional  
is simply too expensive, for  
a good car usually ex-  
ceeds \$100,000. During his  
career, Bill has picked out  
his favorites: A 1968  
Plymouth Super Stock, a  
1969 ZL1 Corvette and a  
1967 Ford Shelby Cobra.

What's Bill's main con-  
cern? "Winning."

short skirts, nor does it imply that cheerleaders should be female. Shutting out the old stereotype, spirited juniors Dan Demarco and Rocky Roland surprised the fans this year in their first appearance as Varsity Cheerleaders. "I've made a lot of new friends through cheerleading, the girls have been really supportive," said Rocky.

The idea of boy

cheerleaders may seem strange because most high school cheerleading squads consist only of girls. However, colleges have used male cheerleaders for years. This is where Dan first got the idea which has been successful. The girls on the squad were pleased about the addition of Dan and Rocky. Senior Kristie Turner explains, "We are able to do more partner stunts and mounts with the boys. Many of our new cheerleaders include male parts for better effects." First-timers are real attention getters and chances are Rocky and Dan will have more competition next year. Dan comments, "At first people thought it was funny, but I think a lot of guys are becoming interested."

*Sue carefully studies her skates as she skillfully attempts to complete a backwards figure eight while warming up for her performance.*

# Axels Camels and Figures

## Add up to super skater Sue

Gracefully gliding across the smooth ice is Seaholm's own, Junior, Sue Whorf, displaying her experience and skill as an ice skater.

Sue has been skating for many years, starting at an early age. In seventh grade, she began figure skating and at this time, started to get serious about skating. She then became a member of the U.S.F.S.A. (United States Figure Skating Association).

Starting out at the Birmingham ice arena, Sue took lessons in the basic skills of ice skating. As she progressed, she was advanced to the Detroit Skating Club in Beverly Hills, where she continues to skate now.

In the summer, Sue practices six to seven hours a

day, everyday but Sunday. During the school year, she still manages to skate twenty to thirty hours a week, skating everyday but Wednesday. All of this practice also includes two to three hours a week of private lessons, instructed by her coaches, Rita and Dave Lowery.

Sue is one of twenty people on a precision team. This team will be competing in such cities as Tulsa, Oklahoma and Cleveland, Ohio. Sue also competes in singles.

Proven by her gracefulness and skill, Sue is on her fifth figure test of freestyle and on her pre-gold figures in dance.

Sue Whorf really enjoys ice skating, which is obvious by the devotion and time she puts in to it everyday.

Brad Carlson and Jeff Ingold play a friendly match at the BAC. Brad and Jeff are evenly matched which makes for stiff but fun competition.

Paul Dohar

Not often heard on television or seen in newspapers squash is a fast quick moving sport that is becoming quite popular in the midwest. Here at Seaholm, junior Jeff Ingold ranks top ten in the nation. When Birmingham Athletic Club offered squash lessons nine years ago, Jeff decided to try it. The major influence on Jeff has been Dave Talbot who is now the head coach at Yale. From Dave, Jeff learned many valuable drilling techniques and trick shots such as boasting, cross courting, and ralling. Jeff competes mostly in the Eastern states. He goes to tournaments at Harvard, West Pointe, and Princeton. When he plays in Michigan it is against men at the Detroit Athletic Club. Jeff plays against Senior Brad Carlson who is also ranked top ten nationally. There are not many juniors in Michigan. Men are often surprised when Jeff arrives at a senior

tournament, and they are equally amazed when he beats them. Brad credits Jeff for "being a quick responder, anticipating the shots, and being a strong offensive minded player." Jeff never wanted to commit himself to one sport. He has been on the tennis team three years and plans to play again this spring. Squash is by far his best sport. He practices everyday hitting with the pros at the BAC. Jeff explains why squash is his favorite sport. "I prefer squash over any other sport because it is a fast game, and it is not as widely participated in." Squash isn't a very popular sport, but it is catching on quickly with the building of new courts across the midwest.

Jeff is interested in going to Princeton. He has a strong academic background. Some of his classes this year include English Lit., Pre-Cal, and Chemistry. Jeff hopes to play in college where the highest caliber of players compete.

In some of her free time at Seaholm, Silke "gets Americanized" by frequenting the commons and munching Starbursts.

# Our Friend From Afar: Silke

Paul Donar

## Wiegand Meets Seaholm

Does travelling abroad to nations across the sea sound appealing? Our foreign exchange student, Silke Wiegand, says, "I like languages and visiting foreign countries."

Silke, a junior from West Germany, is described by Mrs. Wilson as "... a very lovely young lady and very adaptable to our culture."

She travelled to the United States through the American Scandinavian Student Exchange. The program sends European students to America.

Silke was born in Frankfurt, Germany, but her home is in a nearby town called Breitenborn. Living there are her older brother and sister, and her father and mother. "I miss the people and everybody (in

Germany)," Silke confesses, "but when I go back, I'll miss the people here."

Silke has been to the United States before, but this is her first visit to Michigan. She finds the people here "athletic" and "active," and she notes the expansiveness of Birmingham: "Everything here is spread out. It's hard to get anywhere without a car."

Although there are many differences between Birmingham and Breitenborn, Silke finds pleasure in this different culture. Mrs. Wilson, head of the foreign language department, remarks, "Silke is a very brave girl... Most students who come (to the U.S.) are only eighteen and I think that sixteen years old is young to come for such a long program."

With endless dedication to harp-play, Kirsten placed first in the 1984 American Harp Society competition.

# Here She Is Seaholms Heavenly Harpist of National Reknown

Kirsten Agresta Music. "A lot of people ask me if it is hard to play the harp. Technically, it is one of the most of the hardest instruments to learn how to play yet I've never thought of it as extremely difficult. I've been playing it for so long that all of the difficulty has disappeared." According to Kirsten's mother she is a hard worker, has the ability to memorize fast and possesses true pitch. Kirsten has recieved many awards and scholarships such as: 1st place in the 1984 American Harp Society competition, Michigan Youth Symphony Recital winner, Indiana University Harp Masters class in 1983 and 1984, and others too numerous to mention. "I've learned that it's impossible to accomplish anything on the harp unless you have the dedication to achieve your goals." By Leigh Webster

Commencing with a version of "Concerto" for the harp, Miss Agresta trains using much concentration and effort.

While practicing to obtain the correct pitch and tune sophomore Kirsten Agresta preserves herself in concentration.

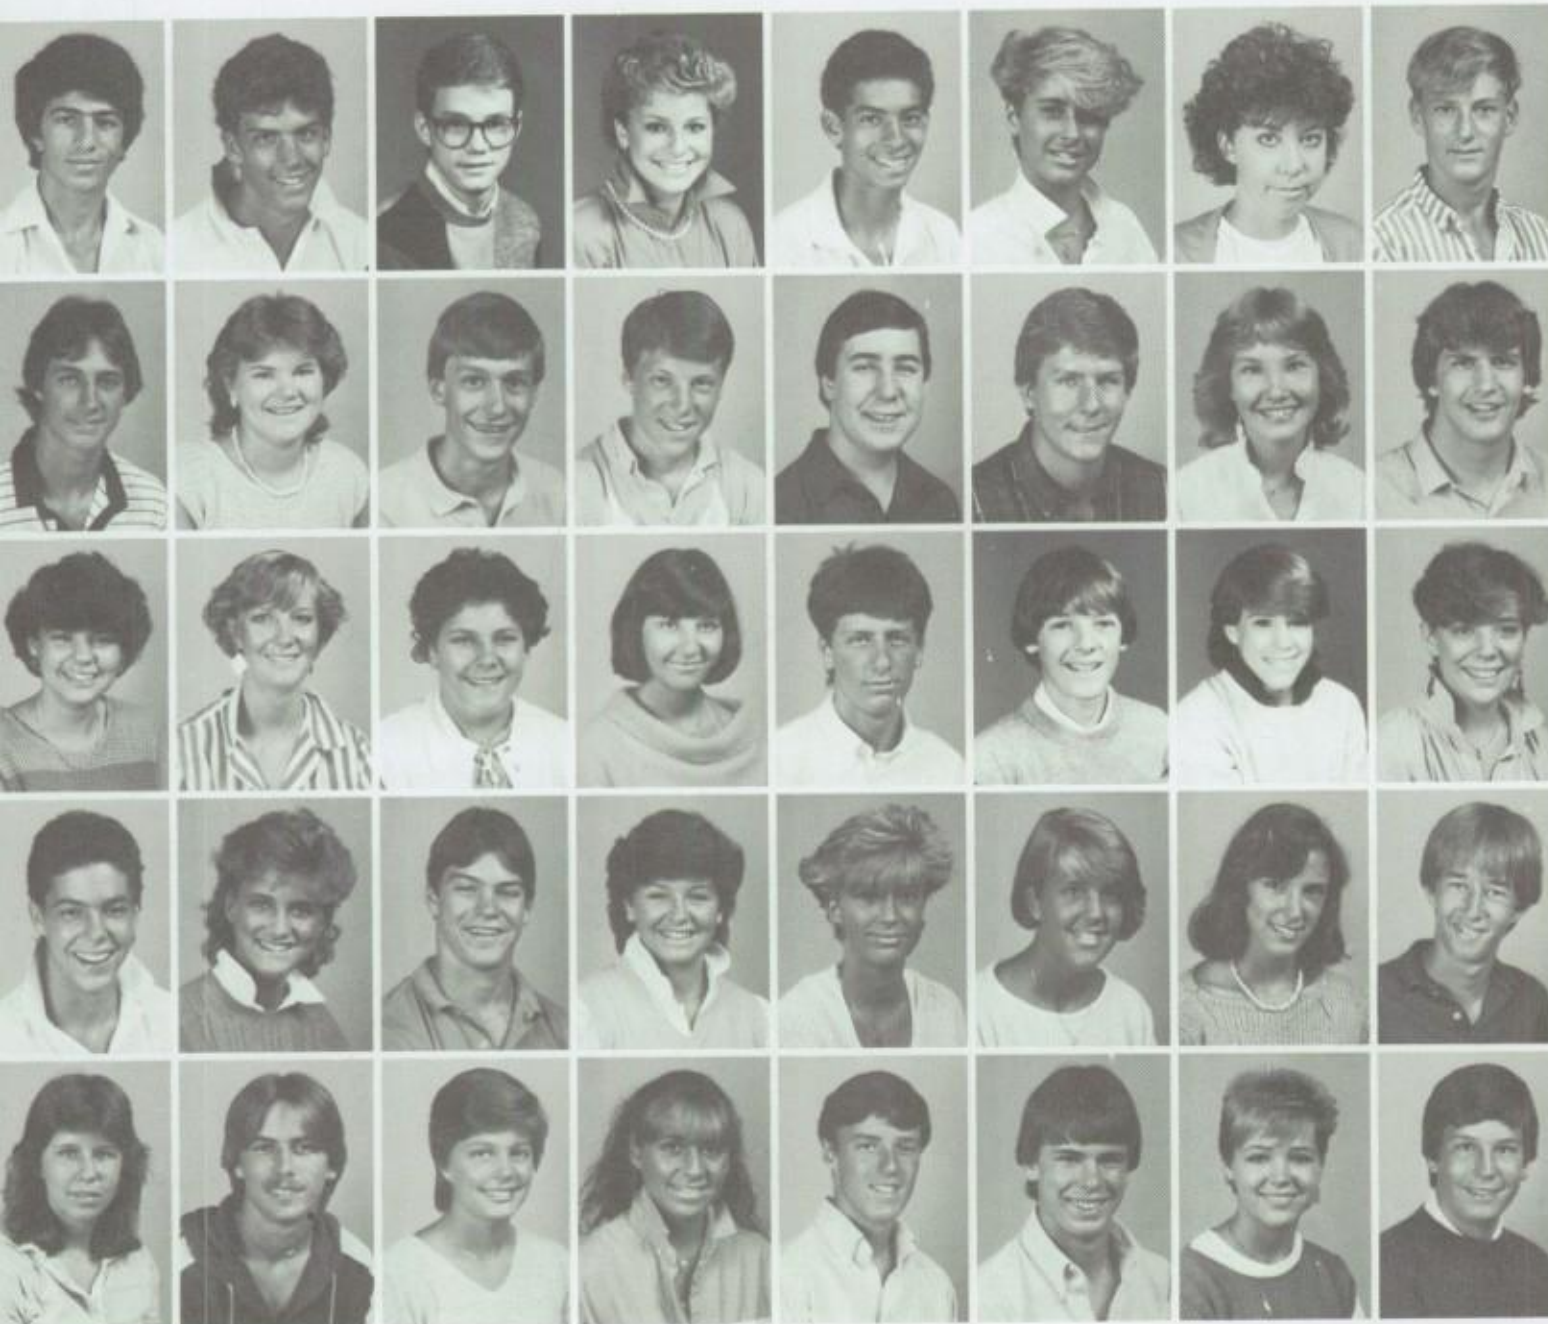

After appearing on NBC's Junior Hall of Fame. This multi-talented sophomore became a renowned harpist.

*Courageous Sophomore Brad Schrage shoots down the ramp, proving that it is possible to keep both feet on the skateboard.*

# Summer Fun-Fakeys, Grinds, Aerials, and Handplants

**S**eahlom students Tim Baldwin, Eric Fertuck, Brad Schrage, Phillipe Bauduc, Brian Stahley find that ramp skateboarding is the most satisfying means of combatting those after-school blues. Ramp skateboarding requires no small amount of skateboard expertise, not to mention pads that protect the more vulnerable spots on one's body. The skateboards used are 10 inches wide, seemingly wide enough for it to be harder to fall off, but riding them up a 20 foot ramp and back down is

not as easy as it looks. The ramp that is used was built by sophomore Eric Fertuck, and cost four hundred dollars all together. It rests in Eric's backyard, and that's where an eager congregation of skaters can be found. Tim Baldwin, a freshman, looks forward to the summer-time when most of the skateboarding takes place. He has been skating for about four years. During that time Tim has learned quite a few stunts. As he explains, "The more you practice, the more daring you get." For the really daring, judged tests of skill are offered at Endless Summer, a state park. Contestants compete by demonstrating their skill in such things as handplants, grinds, and fakeys. If you have always wanted to accomplish the perfect fakey, just grab a skateboard and make sure you're insured.

During one of his many after school practices with his instructor, Mr. O'Donnell, Freshman Stuart Bussell solos.

# He Follows In The Foot-Steps

Doug Koester

## Of A Favorite Teacher

After admiring his bagpipe playing science teacher Mr. O'Donnell, at Derby, Freshman Stuart Bussell became interested in the bagpipes. He talked to his teacher and expressed his interest. Mr. O'Donnell offered to give him lessons and that was the start of Stuart's bagpipe playing career. That was March of 1983, since then he has put over two hundred hours of practice into his hobby. In September of '83 Stuart received his bagpipes. Since then he has practiced at least a half an hour each day with a charter, which is like the instrument a snake charmer uses. The charter helps to build strength in the diaphragm for the powerful exhalations needed for the bagpipes.

"This takes lot of air!" exclaimed Stuart after one of his many practices. It must be used for the first five or six months. Stuart and classmate Ian Dickie practice together and are both taught by Derby Middle School teacher Mr. O'Donnell. "He's a good bagpipe teacher but he's very strict," expressed Stuart. In addition to practicing the bagpipes, Stuart also has to practice marching. He has to make sure he's in perfect marching order for the parades lead by his mighty teacher. Stuarts time and effort will be put to the test on Memorial Day '85, when he has his first competition. He will be competing for two to three hours with minimal breaks. Following his first competition he will have another in Sarnia, Ontario and more through the summer.

# Frosh Netter Serves One

## Up In Nonschool Sport

114 Freshmen

Paddle or as it is usually called, platform tennis, presents Freshman Dan Hubert with personal enjoyment and physical fitness. Dan started playing about six years ago with the encouragement of his father, also a paddle tennis player. After playing for a while Dan found a partner, Chuck Foster. The team worked because Dan and Chuck were asked to play at the Detroit Invationals. After which they were invited to play at the Kalamazoo Nationals.

Equipment used in paddle tennis is basically the same as conventional tennis, but the racket is shorter, made of wood, and has holes in it. The ball used is made of sponge rubber which makes it heavier and more bouncy than an average tennis

ball. The size of a paddle tennis court is about one fourth of a conventional court, but it is fenced in, and elevated about ten feet. Only a few of the rules of tennis are different in paddle tennis: the server gets no reserve if he faults, and players are allowed to play the ball off of the screens. Also in paddle tennis there are no singles, since you always must play with a partner.

The hardest thing about paddle tennis is finding a partner. Despite the excitement of the game, the interest in the sport is extremely low. Dan accounts for this by the lack of public courts. Therefore players must belong to a private club.

Dan is currently without a partner, but hopes to find one soon so he can once again feel the excitement of stepping onto the court.

*Posing for his second portfolio while in California, Chad takes on the look needed to impress his agents.*

# In Front of the Camera to Focus on "The Look"

Chad Harris, a freshman here at Seaholm, is one of the few students who is on his way to a promising career in modeling. After getting his first portfolio taken, the idea of modeling didn't appeal to him. But when he got his second portfolio taken two years ago in California, he started "getting into it." He then took the portfolio to a local agent that was impressed and tried to get him work. But when he went on his "go-see's," the people who interviewed him felt he looked too old to work for the children's agency, but too young to work for the adult agency. Soon after, his mother met a man who scouts models. He took Chad's composite

to Eileen Ford modeling agency in New York, and he signed a contract with the agency in mid 1984. Between school and football, he was not able to follow up on leads that he had acquired during his September 1984 trip to New York City. He is at a stand still in his career because he is waiting to get another, more recent portfolio. Ultimately, Chad would like to become a successful model and possibly an actor.

Chad knows his ambition isn't that of the average high school student, and thrives on his individuality. His philosophy can be summarized with the proud boast that "I try to be different, I want to be different, and I like to be different."

Is this the way Picasso started?? Dan Grant, budding Seaholm artist, concentrates on a charcoal sketch of the late John Belushi.

Paul Donar

He's only just begun! artwork surpassed his brother's.

Freshman Dan Grant has made quite an impression for his first year at Seaholm High School. His artistic ability is, "Tremendous and diverse. He is one of the most talented kids I've ever seen," said Power Tech instructor Mr. Peirno.

Long before Dan practiced his reading, writing and arithmetic he began to draw. He practiced drawing originally to gain attention from his family. It seemed to Dan that his older brother received more attention because of his artistic capability. With his brothers' work displayed on the fridge and around the house, Dan became jealous as siblings often do. So, at five years of age little Dan set out to prove himself. Eventually his

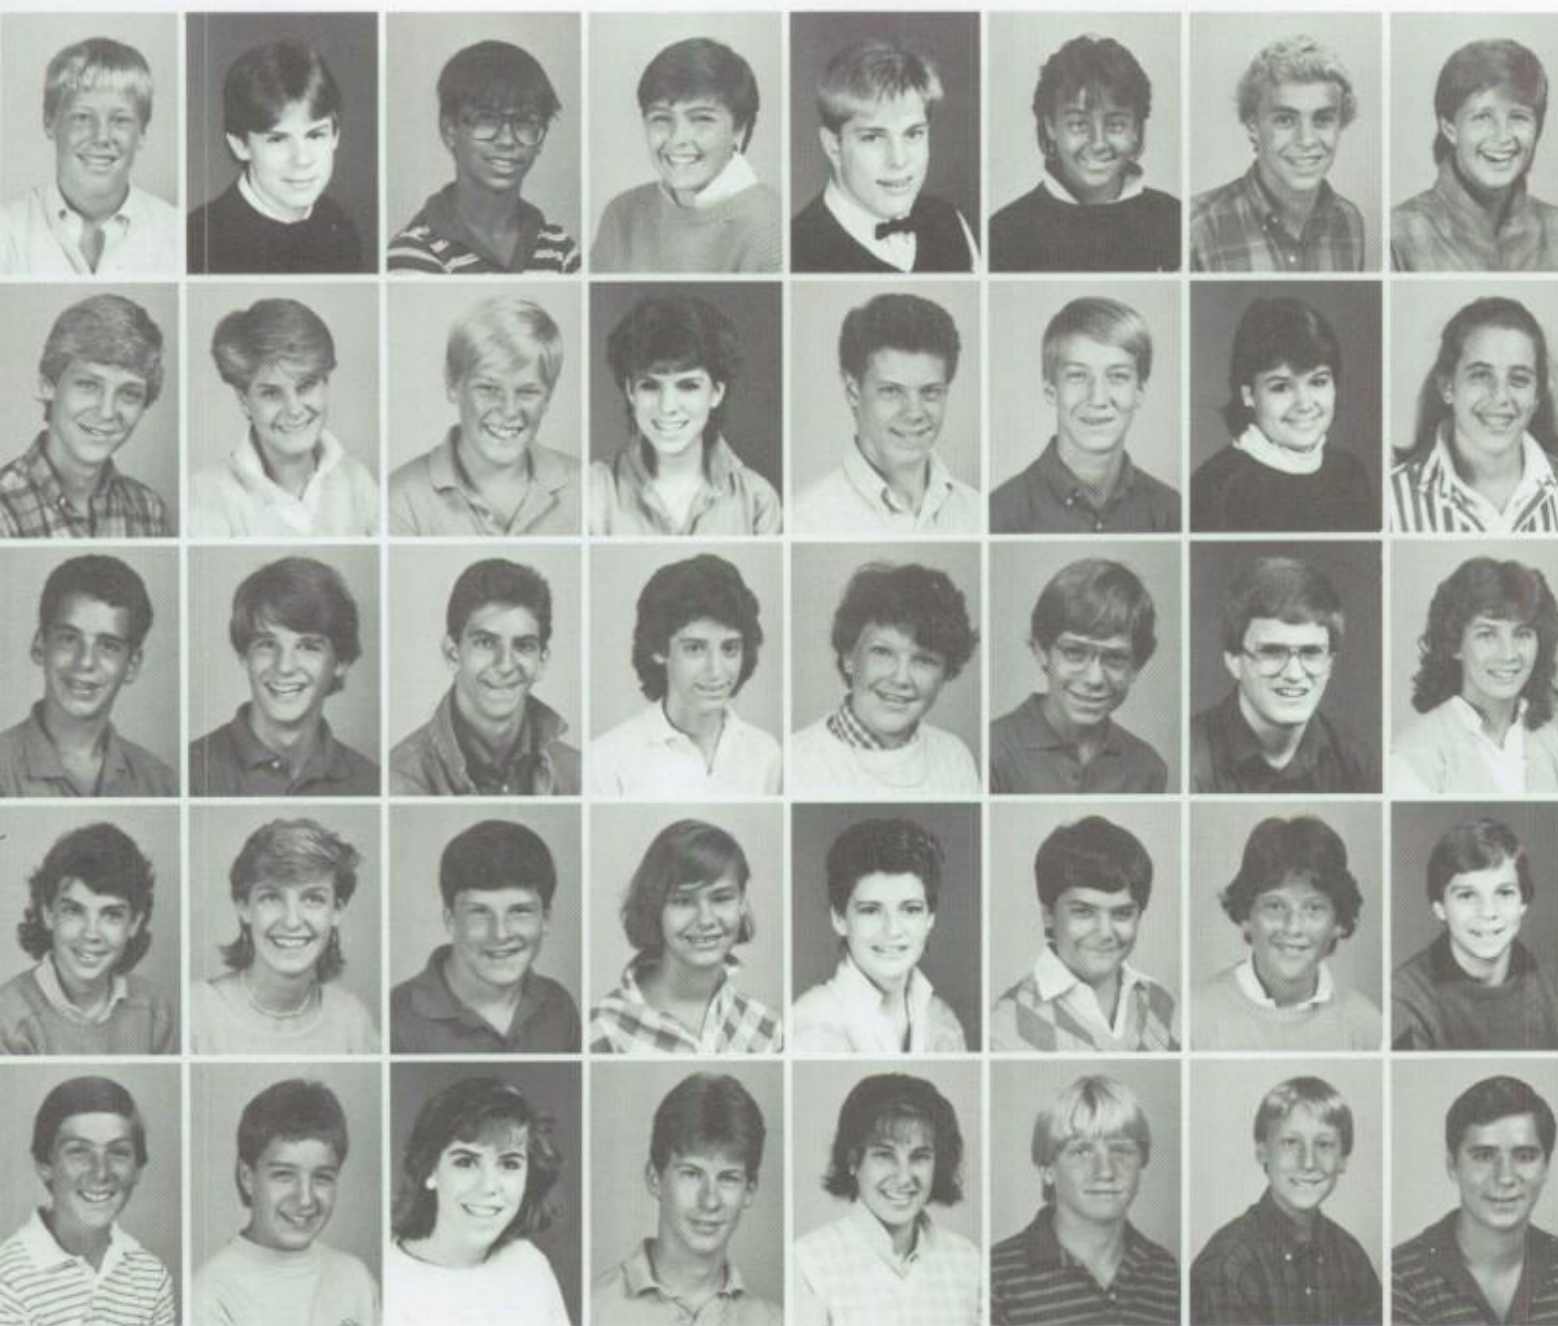

Along with weekly piano lessons, Dan takes a commercial art class at the Birmingham Bloomfield Art Association. At Seaholm he's enrolled in Graphic Arts with Mr. Tincu. In his art class he quickly gained respect because people found interest in his incredible talent. "Even the older kids would ask me for advice," said Dan.

Outstanding artwork will hopefully win Dan a scholarship. With plans for becoming a commercial artist, he would like to attend the Center for Creative Studies in Detroit. Dan knows he'll be happy with a future in the arts. "I like the relationship between music and art. I can use my imagination and express my individuality."

*Sprinting across the blue line, Matt Hepfer receives a pass and takes off toward his opponents goal.*

# Matt Hepfer Melts the Ice With

## Eight Years of Experience

Chad Harris

Outside it is dark, but inside, glowing, fluorescent lights fill the ice arena. On the

ice, talented players are practicing, coaches shout above the noise of the players. This is a familiar scene for 8 year hockey veteran, Matt Hepfer. Four days a week, Matt laces up his skates, puts on jersey #15, and hits the ice to play with one of the best teams in the state. But this Freshman did not acquire his talent overnight.

When Matt was 6 years old, his father built a backyard hockey rink. Matt and his older brother, Jeff, began playing friendly neighborhood games, but the Hepfers soon realized

that Matt and Jeff were better than the average "backyard" players. Both boys tried out for teams and at age 6 Matt was well on his way.

Today, 8 years later, Matt is playing on the #1 Division AA Team in the state, Honeybaked Ham. Playing right wing, Matt and his teammates have won every tournament, 3 out of 4 years. Matt's hockey experience has allowed him to travel quite extensively. The majority of his games are played in Ohio, each year he travels to Lake Placid, New York for an invitational tournament played in the Olympic Arena, and his hockey career was highlighted in 1983 by a trip to Sweden.

*In Debbie's previous routine, she melts the ice by doing a spiral to achieve the fifth level of freestyle.*

# Ice Buster Wins Titles gliding and spinning to success

Paul Donar

Super skat-  
 er Debbie Evangelista dreams of some day having a solo in ice shows. "That's my definite intermediate goal," she says. Debbie has been skating since the age of three, and presently she practices a minimum of six hours a week.

Debbie feels that skating is a demanding sport which requires total concentration. "I love competition, and that is why I've become so dedicated to skating." Debbie has been skating competitively for two years. During that time, she is required to take many tests in order to advance to the next level. All together there are ten levels of freestyle; presently she will be working on the fifth level.

In the past five years, Debbie has received many

awards. In her classes, she has been awarded ten badges for the different stages. During her time with the Ice Skating Institute of America, she has accomplished the Alpha, Beta, Gamma, and Delta levels. In the freestyle levels, she has conquered four out of the ten levels, and is now working on the fifth. In the local competition, she has received first place in freestyle three, and second place in Interpretation.

Debbie skates during the fall and winter seasons with the Birmingham Figure Skating Club. This gives her the opportunity to enjoy other interests, such as swimming, during the spring and summer. Her long range goal is to complete all the test levels, in order to instruct others. "It's a great job opportunity," Debbie feels.

# Who's in

## She's in Tune

At a time when most adults frown on rock-music and the activities of teenagers, there is hardly a trace of a generation gap between Mrs. Crenshaw and her superstar son, Marshall. Having a teacher for a mother didn't make Marshall a straight-A student in high school - he was always much more interested in music. But Mrs. Crenshaw never interfered, and she loves what Marshall is doing. When asked how it feels to have a famous son Mrs. Crenshaw smiles and says, "When I hear his records or read about him, it's really very exciting!"

Mrs. Crenshaw is also very proud of her son for his generosity toward others. In 1983 he played at a free concert for WRIF in Hart Plaza, and he recently performed in New York to raise money for the starving people in Ethiopia.

*by Carole Braden*

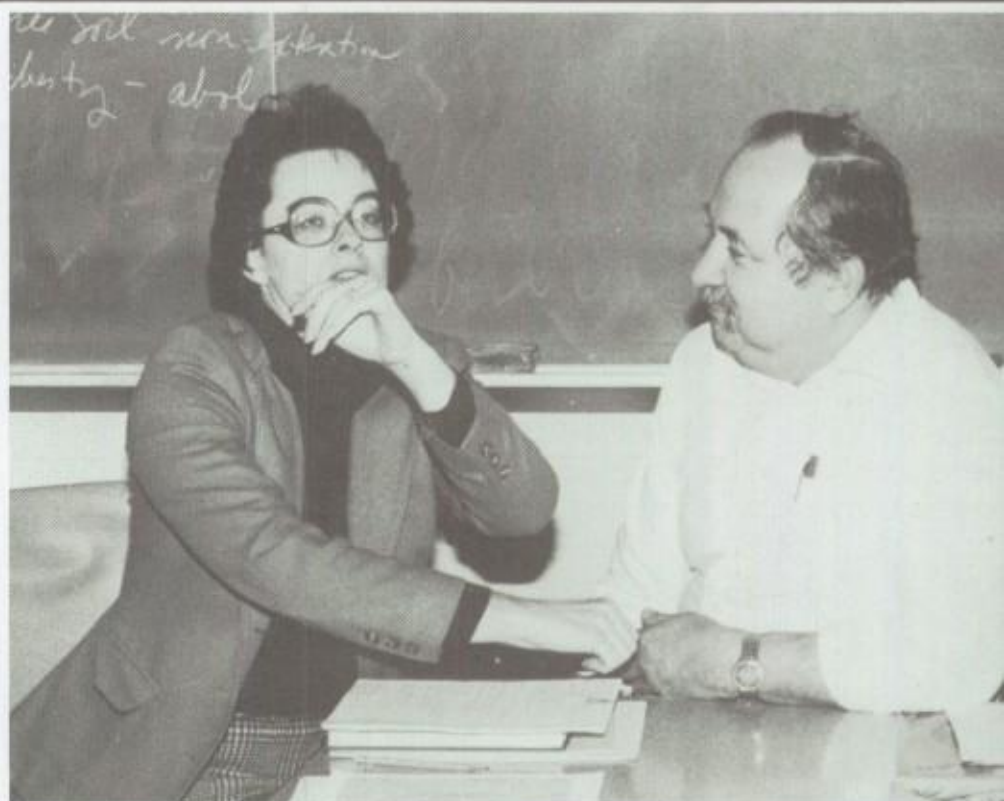

*Mr. and Mrs. Crenshaw beam with their "star" after his free concert in Hart Plaza.*

## Close Quarters

For Mr. and Ms. Taras, working one hall apart could mean a "close" marriage, but as Mr. Taras says, "We hardly see each other." Although their teaching methods are different, they do share notes and occasionally help each other with a test question. Most would agree that Ms. Taras is a bit more demanding than Mr. Taras, but to this she claims, "He's the tough one - I'm the sweetheart!"

*by Carole Braden*

*Mr. Taras gives Ms. Taras a few pointers as she ponders over a question for tomorrow's quiz.*

## School Days - A Family Affair?

Imagine walking down the hall on the way to gym class, and passing your mother on the way. Or, that your career involves working with your children. It's a little bit unusual for parents to work in the school which their children attend. This year, there are six staff members in this situation. First is Mr. Horschak, whose daughter Amy is a sophomore. She enjoys having an educated dad because he can help

*The Perrys are big at Seaholm, with Steve and Dave as students and Beckie as a teacher's aid.*

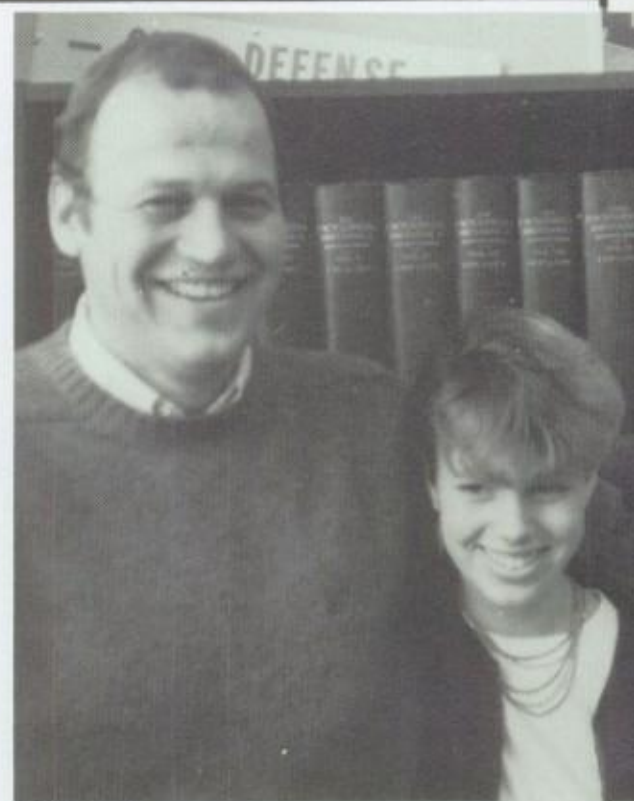

her with tricky assignments. Next is Beckie Perry, a teacher's aid in the LRC, and her two sons Steve and Dave. The two boys don't see their mother often, but she comes in handy-like when Steve wants to use her car to go out to lunch. Kirsten Bell, and her mother Denise, also a teacher's aid in the LRC make the third pair. And last is Judy Johnson, a teacher's aid for the science department, and her two children, Steve and Jody. Judy is always

enthusiastic about schoolwork, and is happy to bring it home when one of her kids is sick.

These parents enjoy having their children in school and the feeling is mutual. Beckie Perry says it best, "I have thoroughly enjoyed working with high school kids."

## Seaholm Hits New Heights

The Administrative Department is the backbone of Seaholm High School. They are the ones that keep everything functioning smoothly. They work closely with teachers, and central office personnel in developing curriculum, strengthening teaching methods and evaluating the instructional program.

A big change at Seaholm that is scheduled to take effect next year is

the 7 hour day. Beginning in the fall of 1985 students will be required to take a minimum of 6 classes per semester. The administration feels that it will be a good opportunity to widen individual curriculum. Also, the administrators are proud to announce that Seaholm is ranked as a top ten high school in Michigan.

## New kid on the block.

This year we saw some new faces in the crowd, not only among students, but also staff.

Ms. Mary Stafano attended Wayne State, and the University of Valencia in Spain where she earned her major in Spanish.

Mrs. Lowmaster, who taught at Derby middle school attended McGill University and Albion College where she majored in romance languages.

Mrs. Lucken attended Western University and U.

of M. where she earned a graduates degree in Occupational Education.

Mrs. Genick attended Wayne State, and U. of M. where she earned a major in English.

Mr. Pendracki attended Michigan State and Stanford where he majored in Physical Education.

The new additions are expected to help Seaholm's students get a fuller and more enjoyable education.

Susan Cotter.

Throughout their busy day Mr. Pendracki and Mrs. Lucken find very little time to sit down and relax for a while in the commons.

Pat Genick keeps herself busy doing paperwork before and after her time scheduled at Seaholm with students for reading.

# Who's in Charge?

## The Best Years of Our Lives

For the average student remembering things he did when he was young is very difficult. It is also very amusing to see what we looked like then: our hairstyles and our clothing. But to envision our teachers when they were young? Impossible! It is not only difficult for the students, but for the teachers as well. After giving her senior photo to the yearbook, Mrs. Taylor commented, "Hard to believe isn't it?" In looking at old pictures of our teachers it is evident that they have changed in terms of appearance. This does not mean, however, that they have changed in all aspects of their life. Although his hockey playing days are not as active as they used to be, Mr. Wadsten is now an active golfer. Although he no longer sports a Michigan cheerleading uniform, Mr. Eddy still dazzles students with his backflips off the desk.

by Laurie Michelson

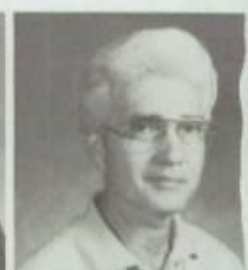

*Like fine wine Mrs. Taylor and Mrs. Kaye have aged well, and their present appearance certainly does resemble that of their youth.*

*Old pucksters never die, they just turn up teaching business courses, as exemplified by our own Mr. Wadsten seen here in his former garb.*

The frustration of not getting a test back or waiting for a paper to be graded are major annoyances that cause students to view their teachers as nothing more than procrastinators. This is a false assumption. In reality, teachers, like students, have as active a life out of school as they do in school. Although not all would admit it, teachers do count the days until the weekend and look forward to vacations just as much as students. Mrs. Young's

vacation hours are well spent in her scuba equipment, and much of her leisure time is spent under water. Students can find Mr. Tarrant filling his spare time at the race track, performing his duties as a turn marshal. These two teachers are representative of a Seaholm faculty that has its own unique and individual activities, as our teachers "dare to be different" away from school.

by Laurie Michelson

## Is There Life After School?

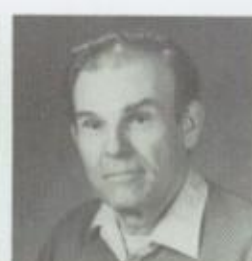

*Is it a minnow? Is it a shark? No, it's Mrs. Young scuba diving in Molasses Reef and enjoying the last few days of summer vacation.*

(Answers on page C)

"I See London, I See France,  
I See Your Boxers!!"

There was a time when this phrase, with a slight variation, would have embarrassed us all. But now, everyone wants to show off their boxers! From flowers, to plaids, the more outrageous the better, the boxer craze hit Seaholm. Worn under shorts or over sweats, as pajamas, for practice and even seen at field day everyone will remember the year of the boxers. A pair of shades over the eyes or resting on the head, tops the out-fit off.

*Sarah York models the latest in boxers and sunglasses.*

### VIDEOISM HOW TO CURE THE MTV HANGOVER

1. Turn off your cable box. (Do not allow it to remain on channel 45.)
2. Get out of the room as soon as possible and stay out of all rooms with televisions.
3. Coffee or tea may help. However, avoid all pop and junk food.
4. Begin reading, studying, or even sleeping.
5. Do not be alarmed if you show symptoms of withdrawal.

WARNING: DO NOT TURN ON YOUR TV FOR AT LEAST 24 HOURS.

## HOME BOUND

Don't touch that dial, turn in those car keys, unplug that phone! One of the worst punishments ever invented, most teenagers agree, is grounding. Being at the mercy of parents can include extremely undesirable results. "Constructive labor" is a biggy among parents when thinking of time fillers. This labor usually includes cleaning the house, raking leaves or shoveling snow, babysitting, doing odd jobs around the house, and fixing meals. Fear of ones lost social life sets in around the fourth or fifth day and things go down from there. By the end of the second or third week it is usually learned that there is no way out and that has to take what is ordered, smile, and pray that he/she will not be caught next time.

## OUR HIDDEN SPIRIT

For two consecutive years, Tom Hartle, our Maple Leaf mascot, has inspired us to the victory of three SMA's. Leaping on the sidelines, cheering with the crowd, even teasing the opposing mascot, the Senior Class president is ready to roll.

## THE WRITING ON THE BRIDGE

(how to paint the Big Beaver bridge)

### RECIPE:

- 2 cans of spray paint (cascade green recommended)
- 5 ounces of imagination
- 1 bridge
- 1 getaway car (preferably with gas)

### DIRECTIONS:

At approximately 2am, park the car in an inconspicuous spot. Climb the hill and proceed down the train tracks. (Be sure to look both ways, trains are never very predictable.) Then start painting! Don't forget to duck when a car goes by. Finally, jump into the getaway car and peel-out. Be careful not to get caught.

## STEP BY STEP

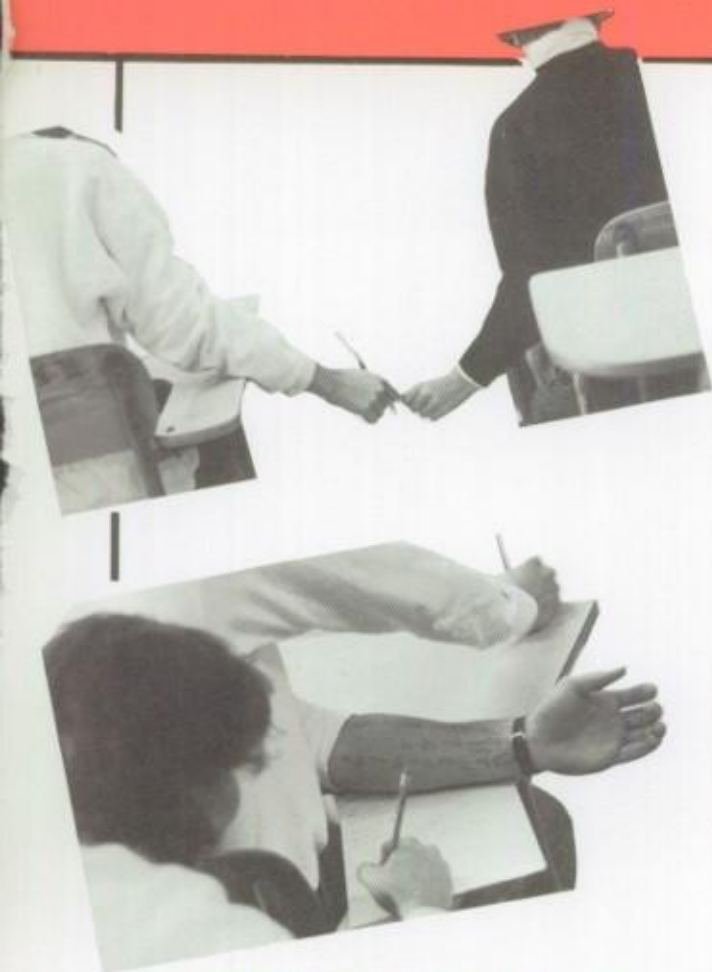

Have you ever noticed your shoes? Do you have twenty pairs, or a twenty year old pair? The price range can vary from \$7.99 to \$79.99, depending mostly on the name. There are classic styles that will always be prominent, but other shoes have come and gone, and even come back again. Shoes say a lot about a person. Whether they are tied, untied, old, or new, shoes are subtle, but expressive. Take a look at your own shoes, you may learn something about yourself.

## IT'S CASUAL

In the last couple of years the "look" has gradually changed from preppy to punk. Uneven hair cuts, spiked mohawks, single earrings, over-sized coats, sweaters, pants, and shirts, fluorescent clothes and accessories, spot paint make-up, and layed back walks. The older generation has become upset and worried about all the loud changes, but the students of this generation look at the new style as a chance to be themselves and express their personalities in a creative way.

## CREATIVE TEST TAKING

To some it is referred to as an art. Cramming forty-seven different answers on to a palm sized piece of notebook paper. Taking apart a watch in order to fill the face with tiny words about the First World War. Writing formulas on your hands, arms, legs, ankles, and shoes. Slipping a neighbor a note. A neighbor slipping you a note. Lip reading. Hand signals from across the room. Ventriloquists. Friends proof reading a test for you. Accidentally leaving your notes on the floor - beside you ... To others it is referred to as cheating.

## EXCUSES, EXCUSES CLASSIC EXCUSES OF '85

### EXCUSES, EXCUSES CLASSIC EXCUSES OF '85

... to teacher for being late:  
"I was mugged by an upperclassman."  
"There was a dog in the hall who wouldn't let me go to class."  
"McDonald's was calling me."  
... to fifth hour sub:  
"I have 'C' lunch."  
... to teacher for not doing homework:  
"My homework was in a friend's car and it sank in Quarton Lake."  
"I made my homework into a paper airplane and it was hijacked."  
"I had laryngitis and couldn't do the interviews."  
"I thought we were only supposed to do the odds!"  
... to parents for being late:  
"I had to drive fifteen people home."  
"We got lost and hit all the red lights."  
"What was the latest you came in when you were my age?"  
... to parents for bad grade:  
"Really, it's one of the better grades in the class."  
"The teacher doesn't understand me."  
"Mom, what did you get in this class when you took it?"

## THE \$50 TRIANGLE

From Levi's to Lee to Gloria Vanderbilt to Calvin Klein to Compliments and now to Guess jeans. Paying from fifteen dollars to as high as eighty dollars for a pair of denim jeans seem outrageous to most people. Yet, seeing the red and white triangle on girls and guys around the Detroit area is a common occurrence this year. The designers who are lucky enough to introduce these new styles at the precise time make millions until the next cycle of denim trends begins all over again.

## THERE'S SOMETHING FOWL IN C-103

A new student came to Seaholm last year. Although seldom seen during school hours, a lucky few have caught a glimpse of her hopping the halls after 2:35. Those who have Mrs. McCleod as a teacher, have become well acquainted with our feathered friend. Our little Maple is commonly known as "McNugget." Born from a biology experiment last year, "McNugget" is known to be a friendly paper-eating chicken.

## TWINS

## GUESS WHO'S WHO

## FLORIDA OR BUST

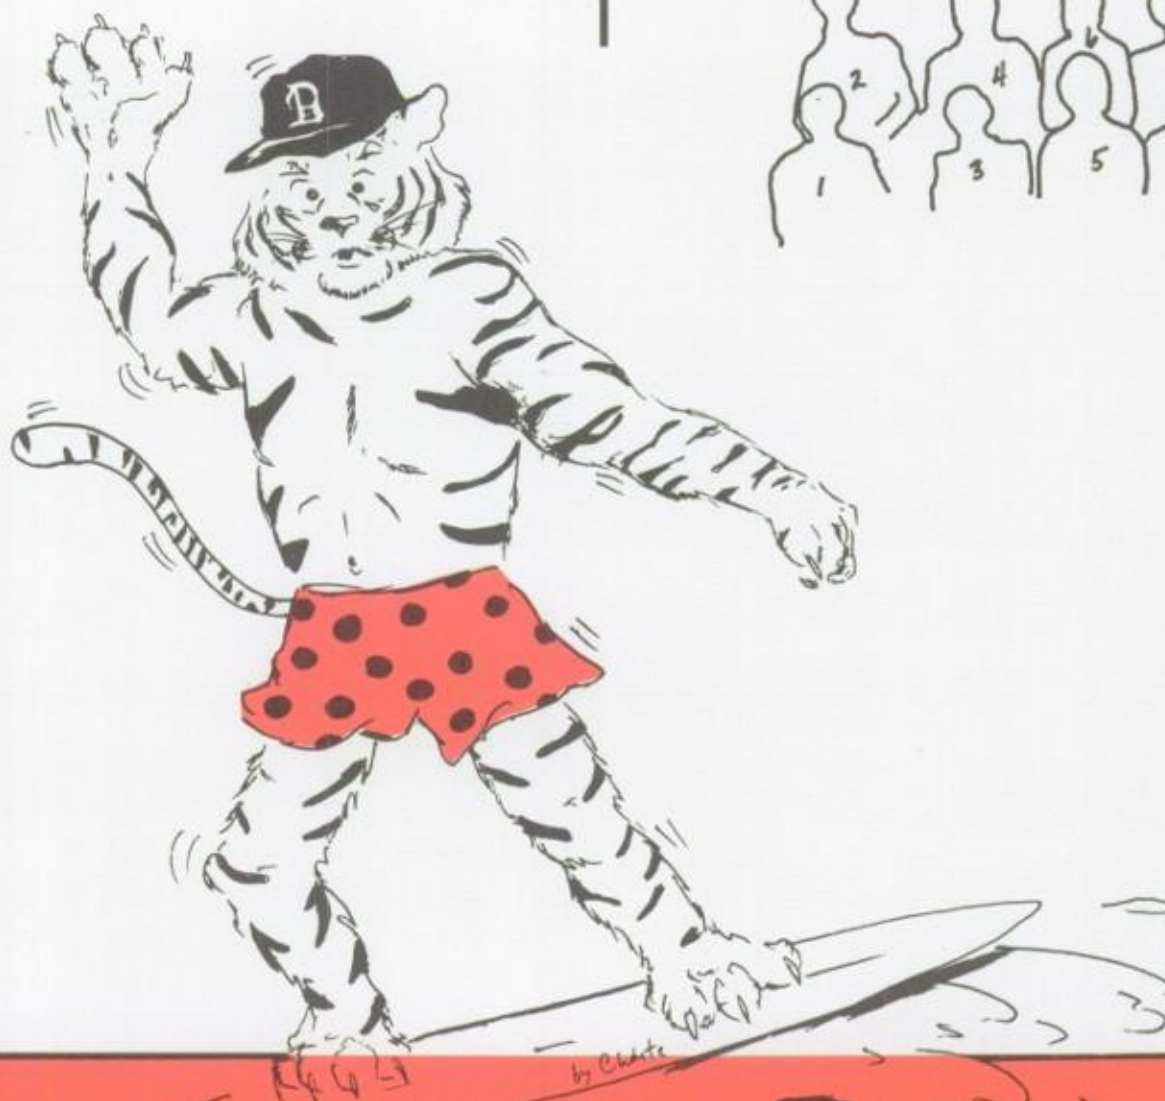

When Spring Break rolls around, many Seniors hit the Florida beaches. By plane or by car, the "senioritis" stricken students take off for the sun. Scoping out the cheapest hotels, Florida goers find that as many as ten people can fit in one hotel room. For many Seniors, it may be the last time to celebrate their high school years together.

## THE NEW WAVE

To get right into the flow of the spirited stands, by following these few techniques you too can assume the title of a "Typical Seaholm Waver".

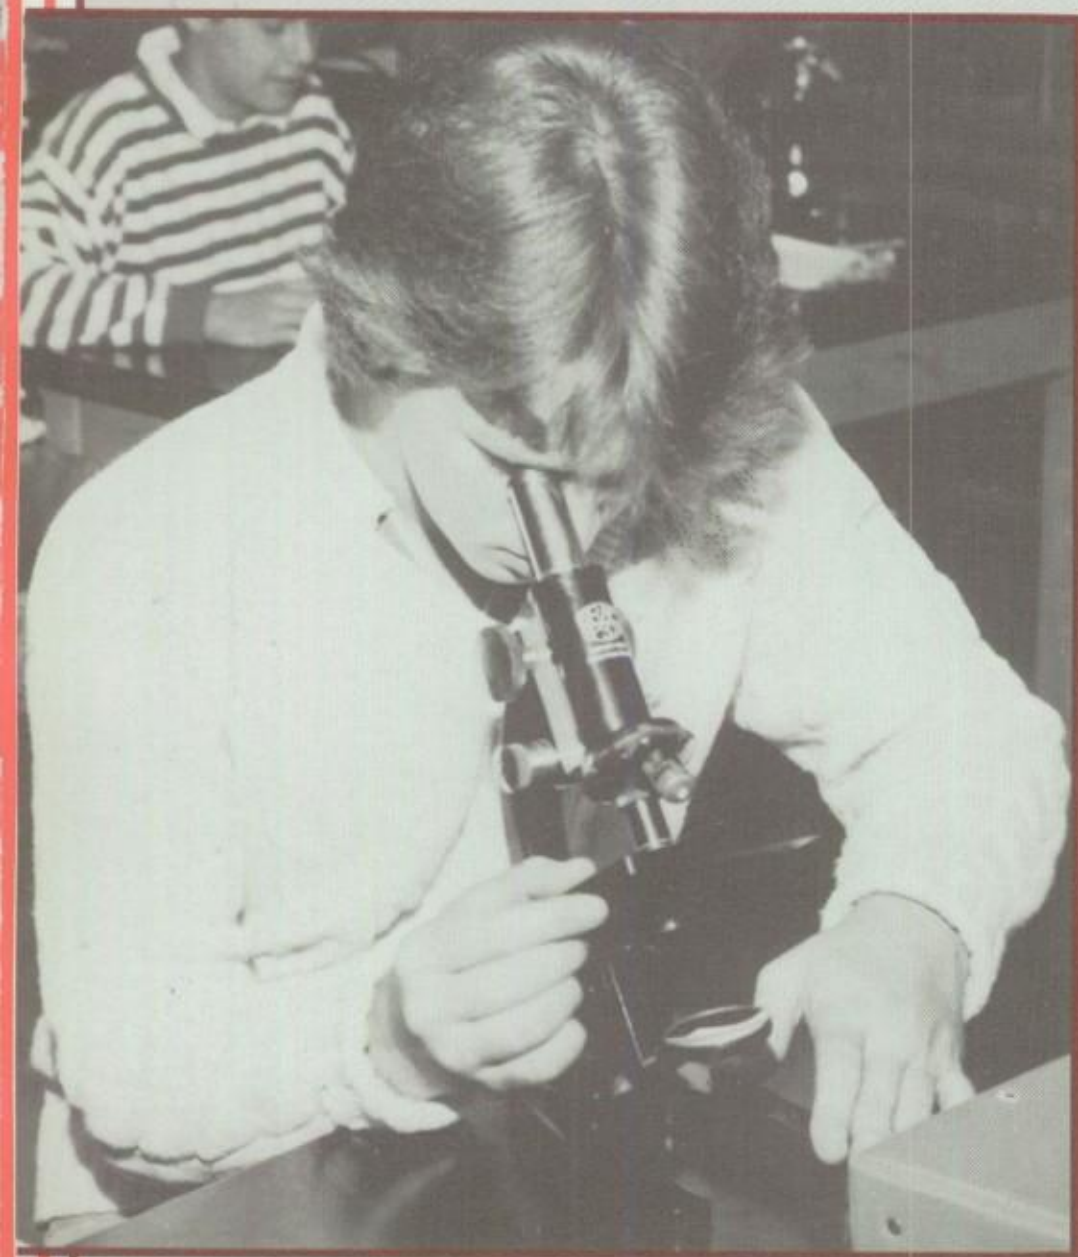

- #1. Attire: Maroon and white somewhere on body — not too obvious.
- #2. Preparation: For cheering or gossiping, gargle with salt water before game. To get body going, a few knee bends or jumping jacks.
- #3. BYOBG (Bring your own Ben Gay): To keep muscles loose while participating in cheers apply on leg and arm areas. This prevents a muscle pull while doing the wave — made famous at Tiger Stadium — or was it at the Mapledome?

Dare to

# EXCEL

Silently observing microscopic animals, Sophomore Mike Collins learns about the single-celled amoeba's structure and world. Laboratory work is a vital part of all science courses because it allows students to apply what they learn to actual situations.

produces a commendable number of scholars, with 85% of all seniors going on to higher education. In 1984, 129 Advanced Placement tests were taken by Seaholm students, and 77% are expected to receive college credit. These students have challenged themselves. Senior Fritz Kass, a National Merit Finalist, is one who excels. He says, "The best may not be the best in the class, but the best that I can do. I can't stand the feeling of knowing that if I had worked a little harder, I could have done better." This is drive. Accept the challenge, take success one step further. Go ahead - dare to excel!

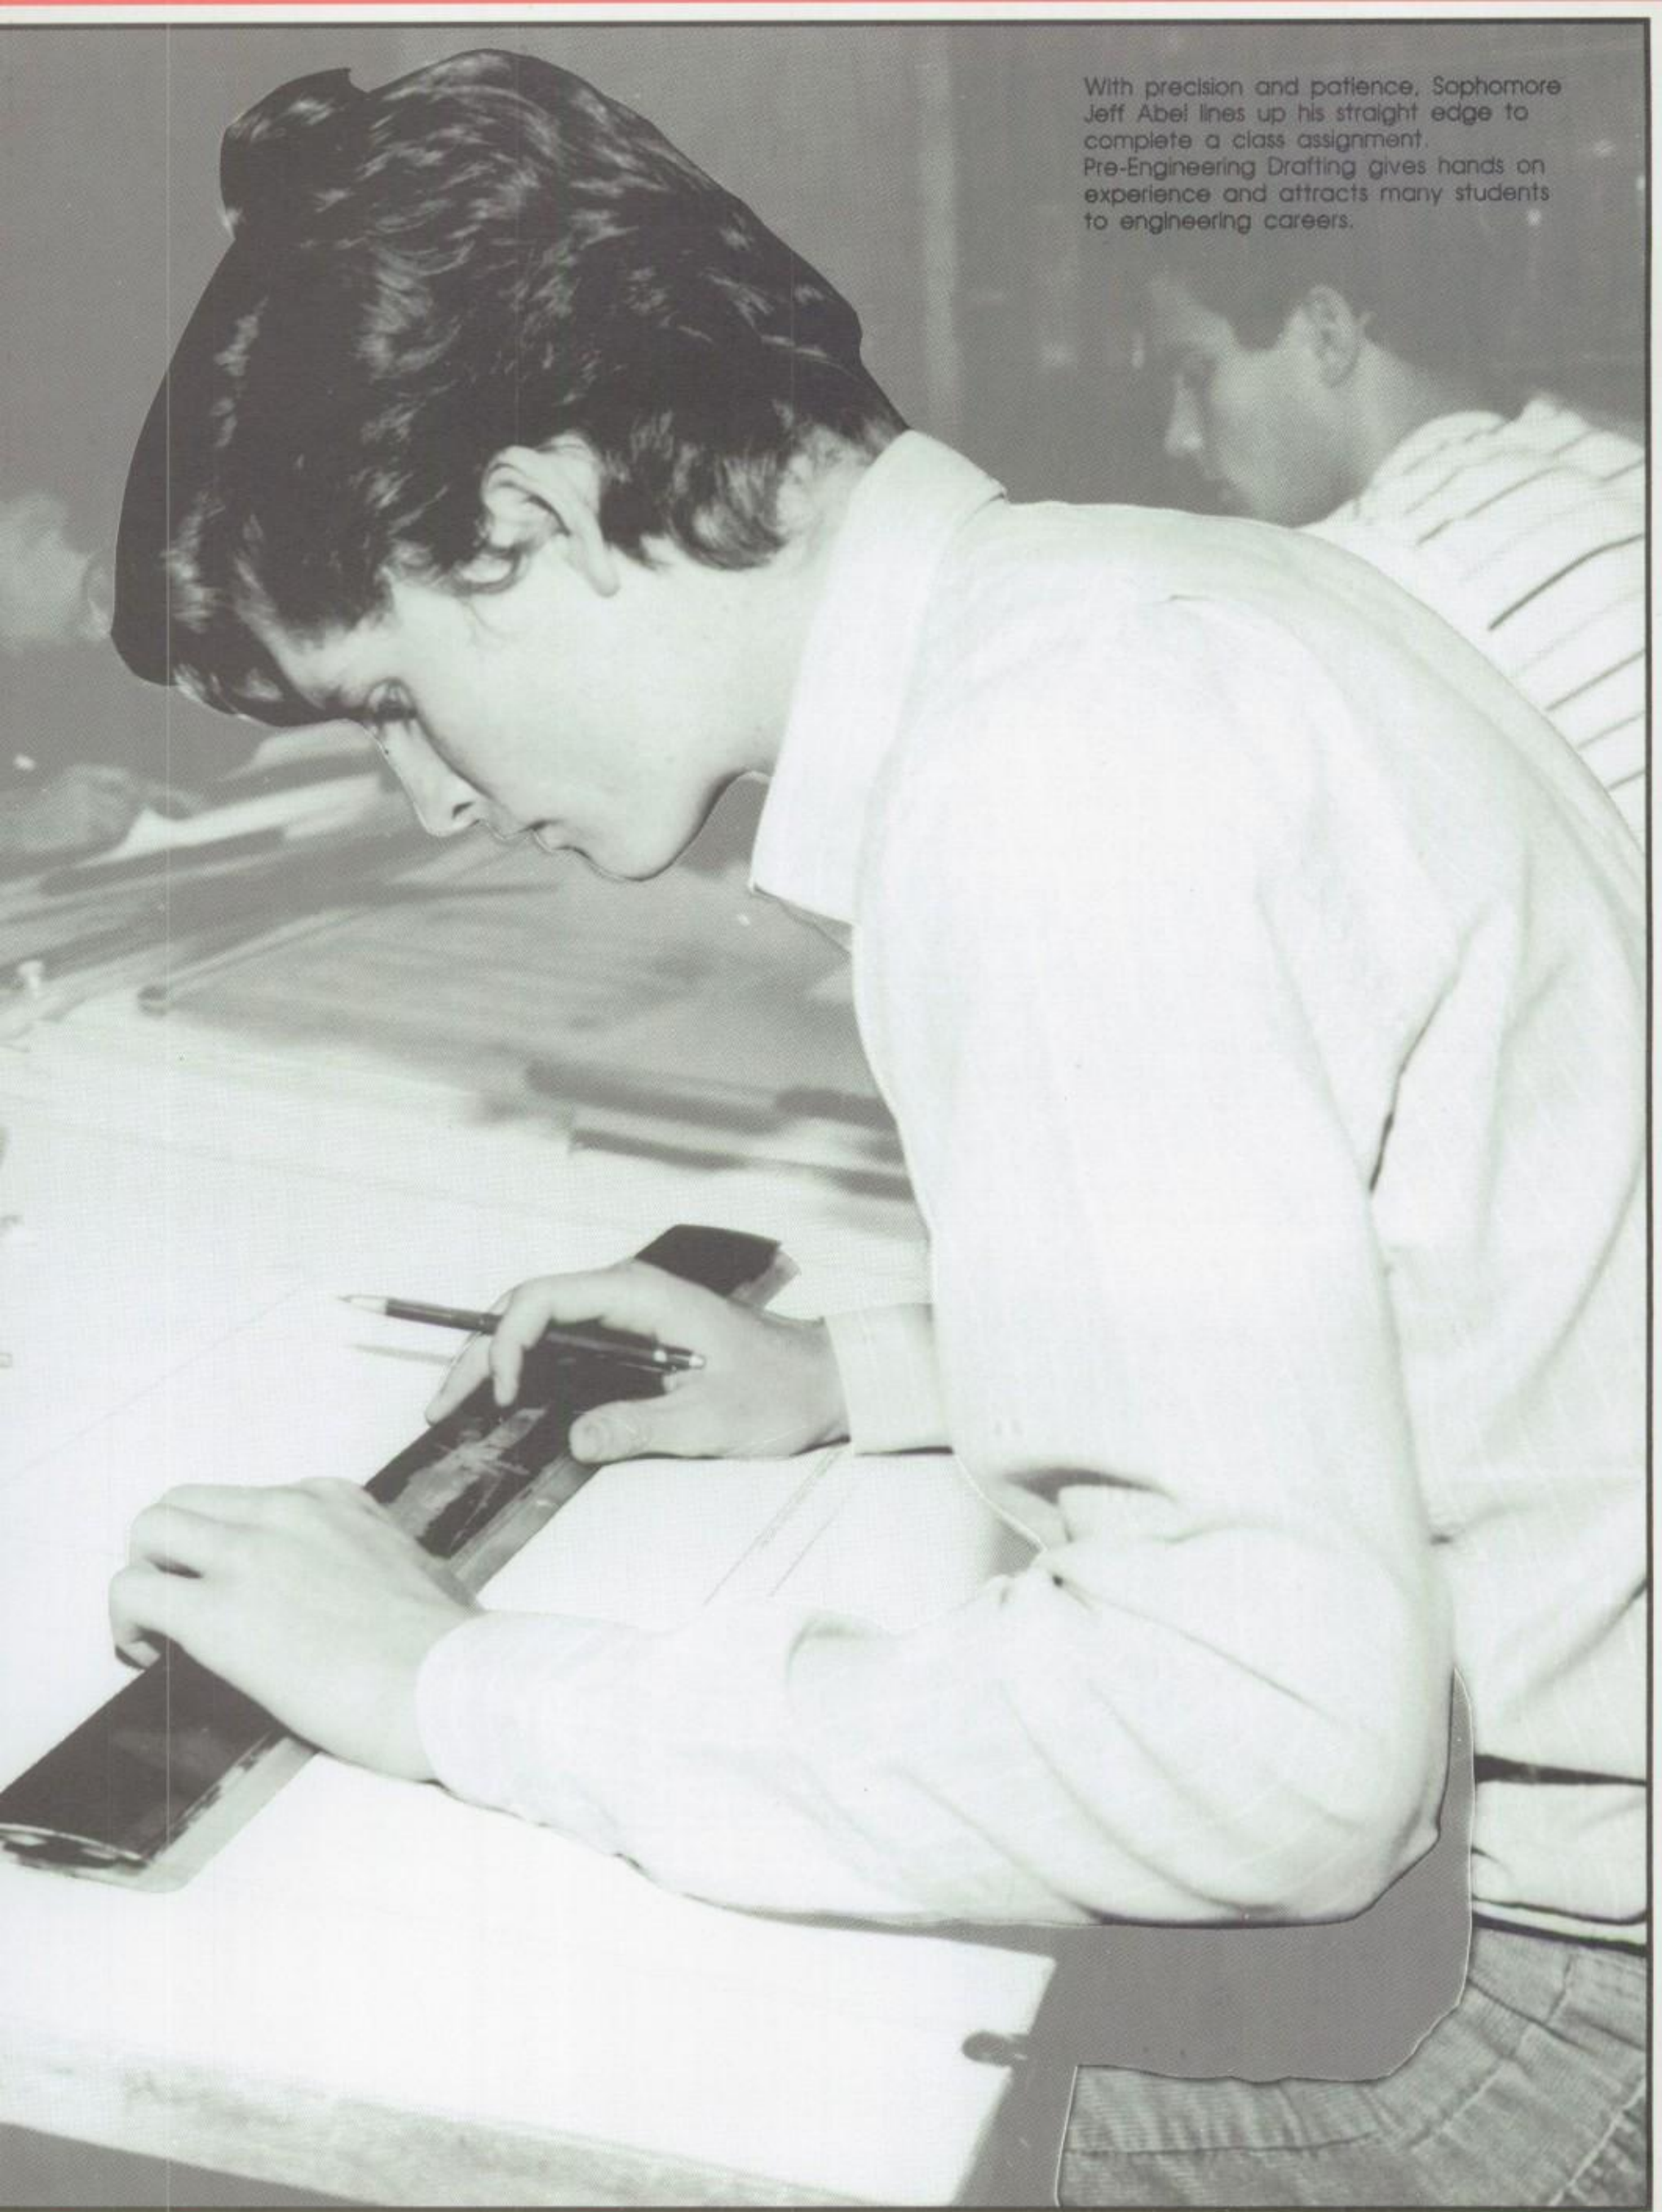

Anyone can be successful, but it takes a remarkable person to excel. Those who excel outdo others by setting their own goals and going for it. They challenge themselves daily to work toward perfection. They are the ones who dare.

Seaholm promotes excellence. 272 courses are offered, as diverse as the students who attend them. From Computer Programming and Calculus to Shorthand and Spanish. From the simplest to the most demanding, all courses are important. They teach not only the textbook content, but also the meanings of responsibility and drive. It is this extra ambition which separates the students from the scholars. Seaholm

With precision and patience, Sophomore Jeff Abel lines up his straight edge to complete a class assignment. Pre-Engineering Drafting gives hands on experience and attracts many students to engineering careers.

# B ARE NECESSITIES

Nobody likes to be told what to do, but when the subject is required classes it is a necessity. Although Seaholm students may select their own curriculum from more than 324 courses, there are certain courses all students must take. Beginning in ninth grade, students must earn a minimum of twenty units of credit in order to graduate. These twenty credits must include the following: three units of credit in language arts, one unit in mathematics, one unit in science, two and a half units in social studies and one and a half units of physical education.

Over half of all Seaholm graduates go on to college to continue their education, and passing these required courses is a must for college admission. Required courses are the basis for

all other classes, and most are prerequisites in related fields of study. Students hoping to attend college benefit from the language arts, mathematics, social studies and science requirements when they prepare for college entrance exams, such as the SAT and ACT. A

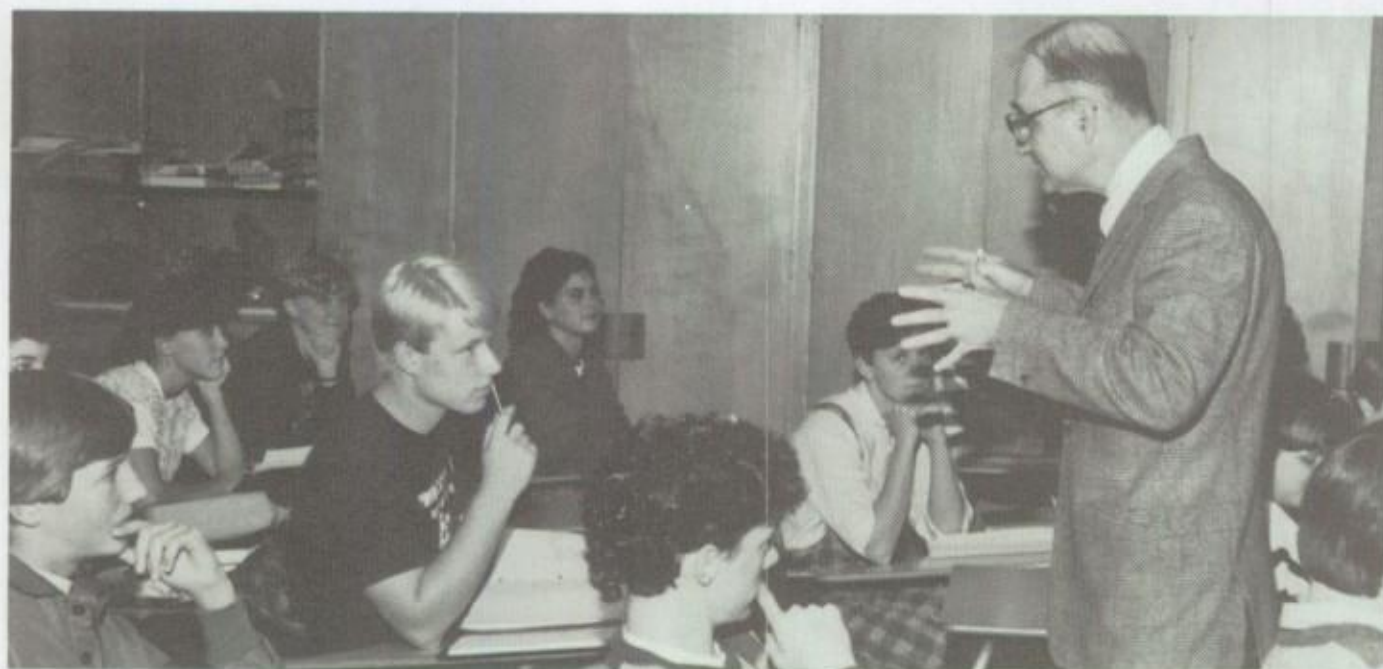

student wishing to be placed in accelerated programs or advanced placement classes must do well in the required courses. In those required courses where only one year is necessary for

graduation, students may obtain the credit in the freshman year and have the next three years to elect those courses which are the most consistent with the individual goals of that student. In fact, according to Mr. Gene Francis, head of the Math Department, "Over 200 students are in at least their fourth year of math."

By Laurie Michelson

**"... He or she must know how to read, how to express his or her self well; and above all, he needs to be able to think."**

Don Grothe

*Mr. Gentle lets his fingers do the talking as Richard Bailey, Jeff Ingold, and the rest of his Pre-Cal students do the listening.*

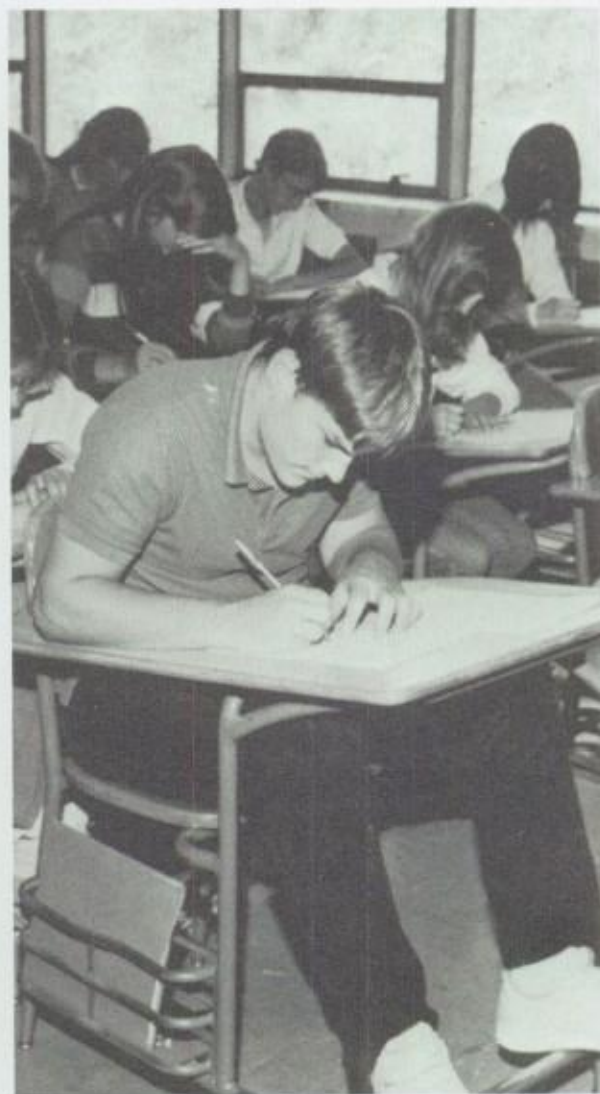

*Showing off his geographical expertise to the rest of his World History class, Chris Nelson has no trouble locating Afghanistan on the map.*

*Next to finding their way around school, the most confusing thing for Freshmen is Math. Doug Groves handles it like a pro.*

*"It is better to give than receive" is obvious, as a happy Mr. Taras issues Seaholm's heaviest textbook to Mike Blasciuc.*

# N O OTHER CHOICE

Twenty graduation credits require more than just math, English, science, and social studies.

At least three of the total credits must be in English, which includes a semester each of Speech and Composition. Speech helps the students develop their ability to express their thoughts in front of a large group of people and how to give their opinions through public dictation. Composition teaches the student how to write succinctly and expand their ability to reason.

One and a half credits of Social Studies come from U.S. History and American Government. U.S. History examines the background of the United States. Every Senior is required to take a class in American Government.

**"Required courses give you the general education basics needed to get through life."**

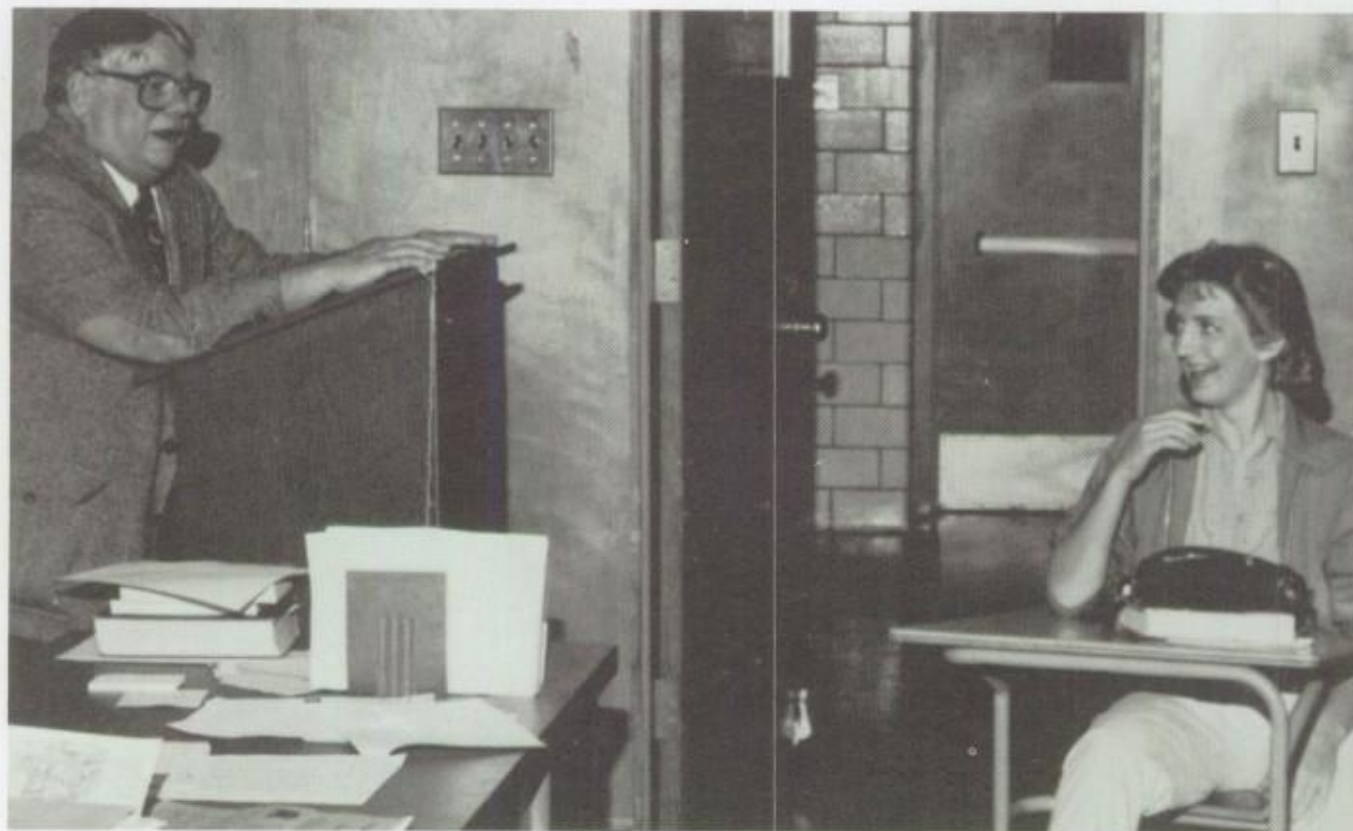

Kristin Matthews

This class teaches students how government is run and about the laws that regulate our society. Since most Seniors are turning 18 years old, this class also explores the American voting system. The students get practice by running their own mock elections for presidency and using voting machines.

All students are also required to have 1 and ½ credits of Physical Education. This is where students can stop

working-out their brains and start working-out their bodies. Phys. Ed. teaches physical skills, and is a welcome break from other academics.

Within these specific required areas, students can still choose from a number of courses to gain the required credits. *by Amy Osterhoff*

*Demonstrating an outstanding ability to do sit ups, Rich Harris attracts a large audience who look on in awe.*

*After hearing about Mr. Richards' disagreement with the United States foreign policy with China, Cheryl Hammel expresses her opinion in American Government.*

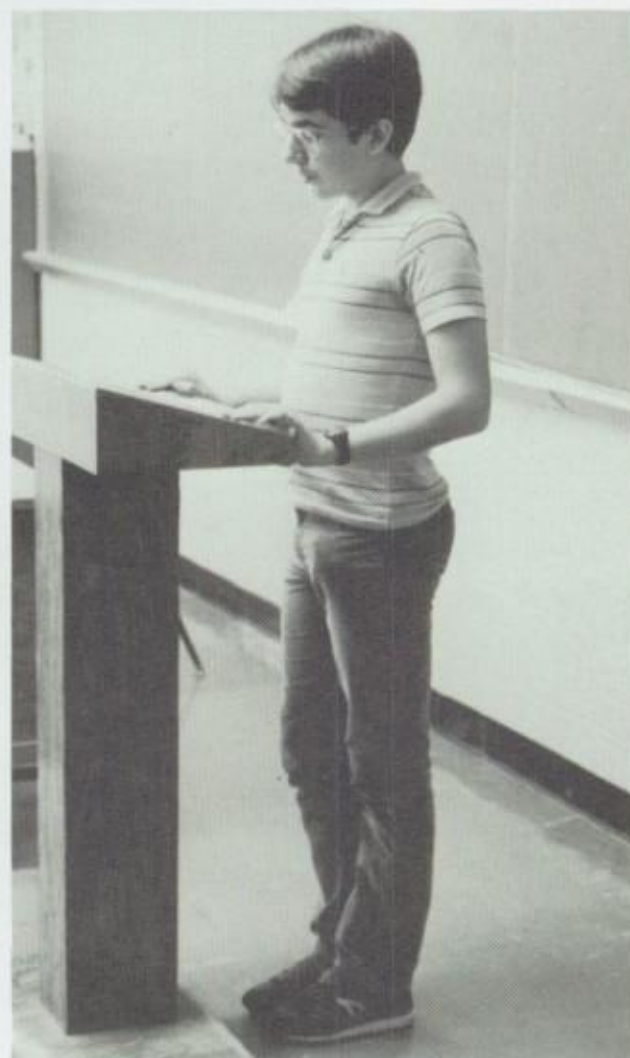

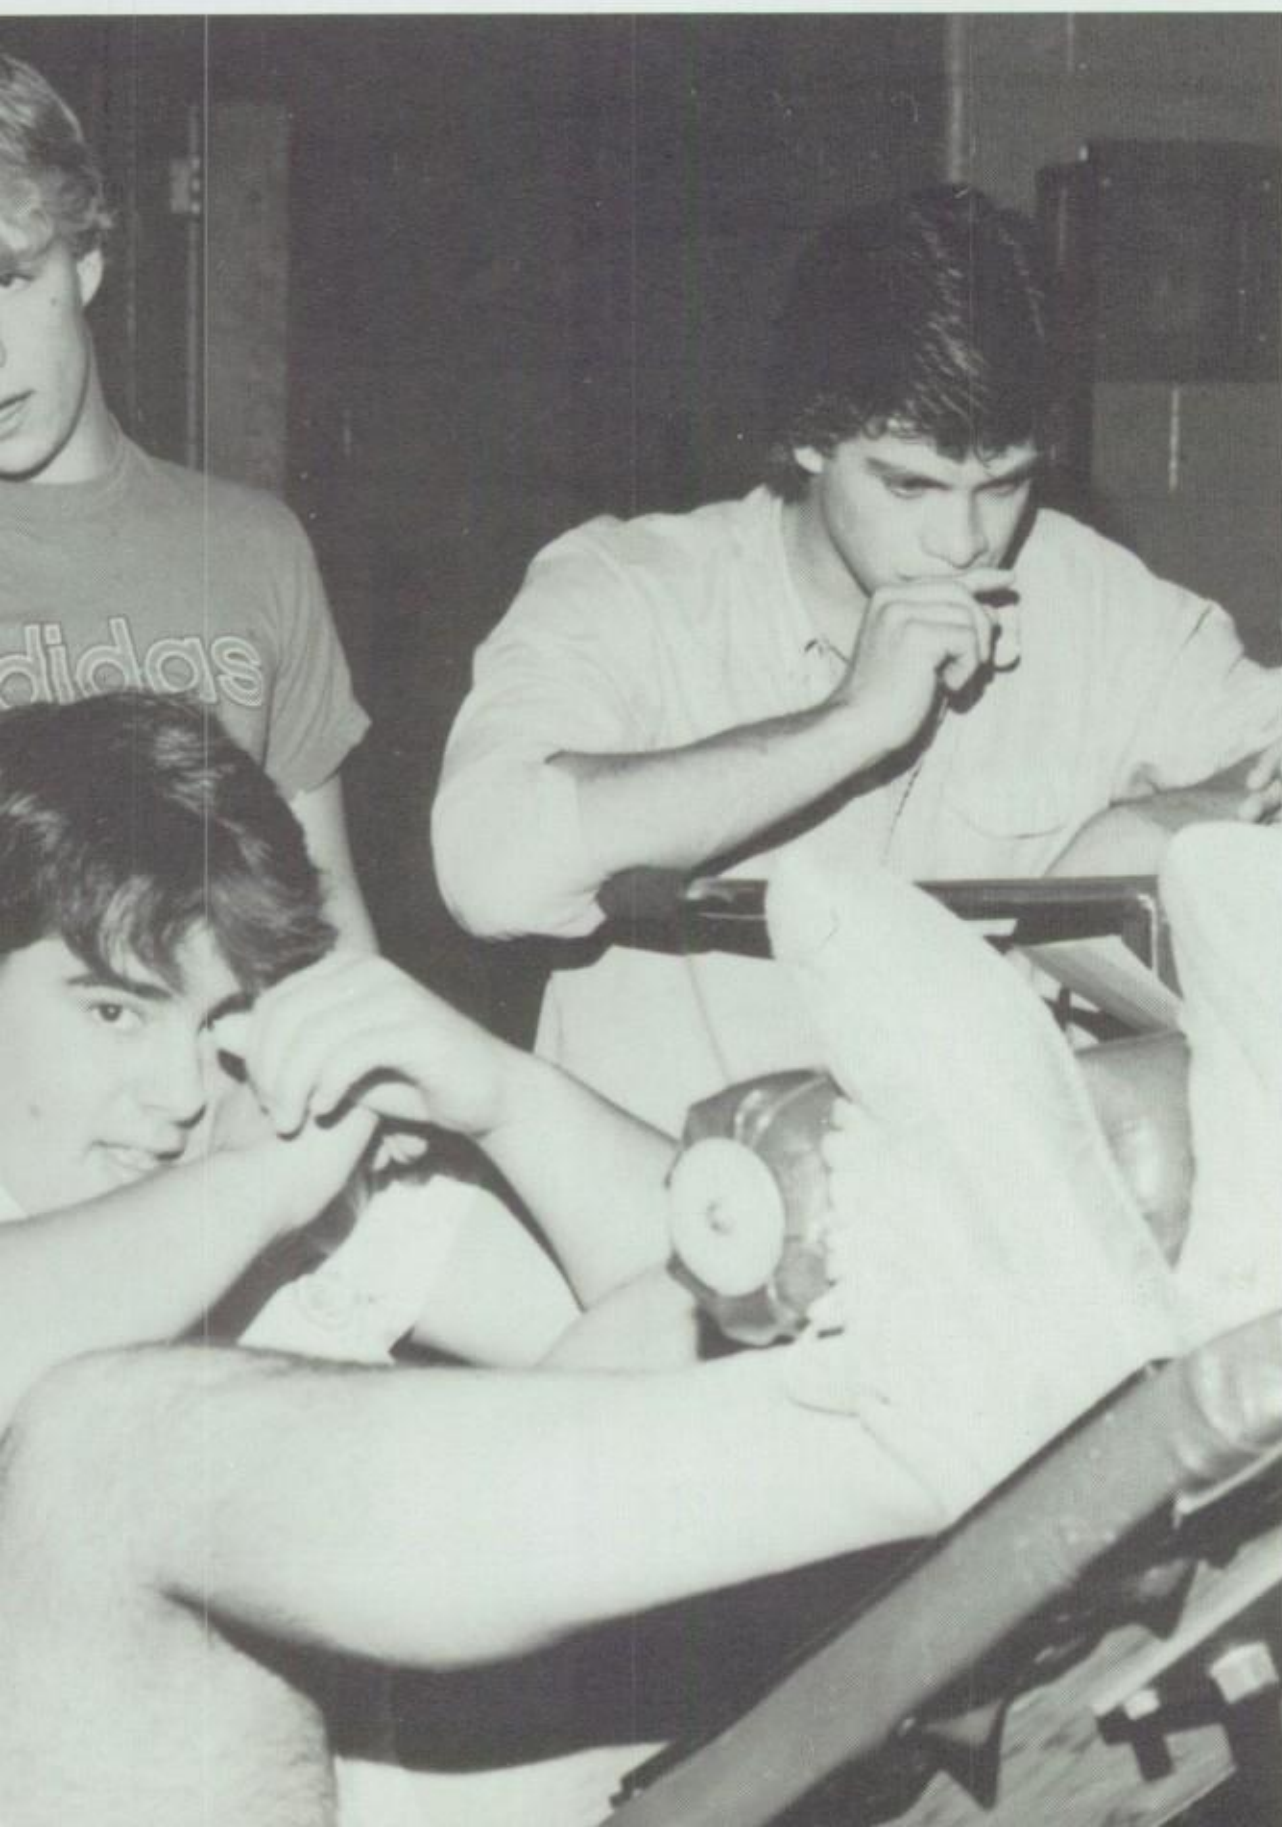

*Although they appear to be drowning, the freshmen gym class improves their swimming abilities by treading water for five straight minutes.*

*Catching the attention of his speech classmates, Todd Glad opens his demonstration speech with a catchy introduction on baseball.*

*With the skill of a professional orator, Freshman, Brian Lewis, looks totally at ease during the delivery of an outstanding speech.*

# FACING THE FUTURE

Flex, or Flexible Scheduling, is a college preparatory course which is taught first through third hours, and covers the Social Studies and English subjects. It is designed for highly self-motivated students going on to college. Mrs. Rabideau states that "The student should be interested in learning and want to take an active part in education." These students work mostly independently, using novels and historical fact books instead of textbooks.

Guest speakers present specific topics regularly; a favorite is Mr. Weatherston and his Stroh's Brewery presentation. Another example is Dr. Ozinga who lectures on multi-international corporations. The information provided by the speakers is used in seminar discus-

**"There's a lot less monotony in Flex because of the variety of activities ... the students are expected to discipline themselves."**

Amy Zalman

sions and is often found in "flexams", given four per quarter.

"One disappointment this year," states Nicci Chen, "is the loss of Mrs. Kirchhofer in the English Department. The class size has now increased, thus making the seminars less personal." However, Flex does have some teaching advantages over regular scheduling. Mrs. Rabideau explains that this program offers "tremendous variety because of its four year cycle." She also feels "strong contact with the other teachers in the Flex

Department is helpful."

Katie McKenzie, a student that changed into Flex from regular scheduling after her freshmen year, states that "Flex places greater homework demands on the student due to heavy reading and writing requirements."

By Heather Burch

*During a Flex elective, Mr. Klemme discusses an assigned essay to his counseling group early in October.*

*The eagerness of Dirk Hoag, and the attempt of the others to appear inconspicuous, show that Dirk is the only one ready for the seminar.*

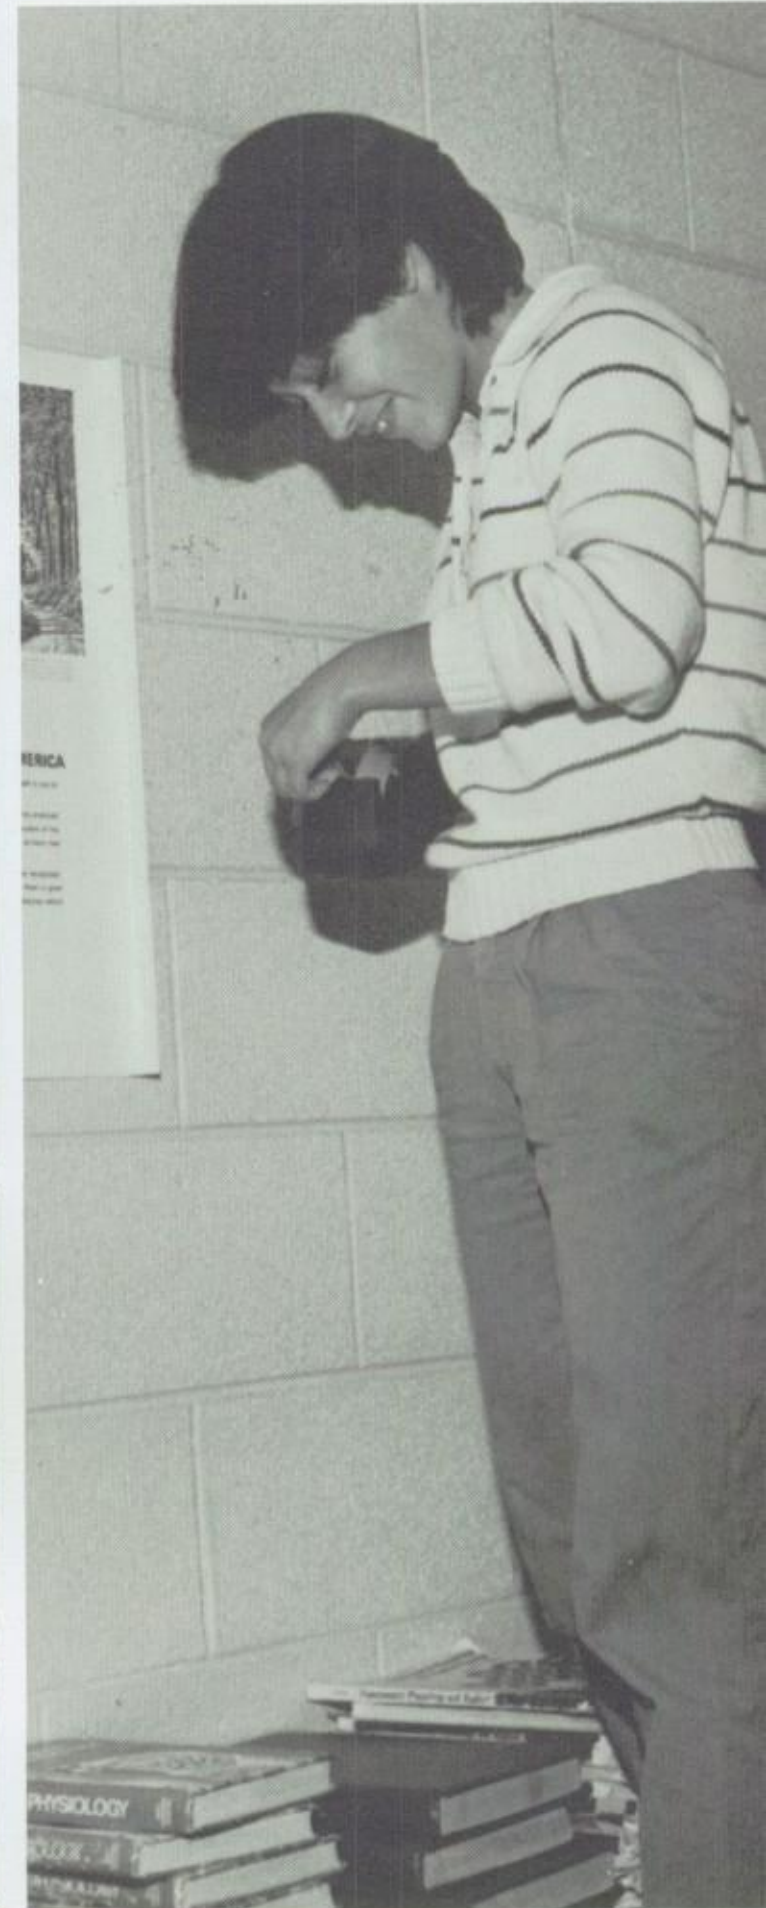

*Looking as if he doesn't have another care in the world, Dave Kunkler is totally engrossed in his derivatives for Calculus.*

*Surprisingly, Joanie Fand can't get enough of Mr. Stephen's anatomy class, so one year later she returns to hang posters.*

*After another grueling European History quiz, the facial expressions of Pam Michelson and Jaema Hook reflect their uncertainty.*

*Filling out note cards is no problem, but when 100 of them are bibliography cards it's no wonder Karen Finkbeiner goes for help.*

# L LOOKING AHEAD

Seaholm High School prepares one efficiently for post secondary education. It offers many excellent college prep courses in a wide variety of subjects. Seaholm features courses such as English Literature, which offers a firm foundation for contemporary English and American writing. Critical essays are written, which prepare students for fields in college like history, science, and philosophy.

It allows a student to place himself and his views in relationship to these subjects. When asked why she thought English Literature was important, Mrs. Swart replied, "Students tend to struggle with

concepts and this course provides background and understanding for present philosophy."

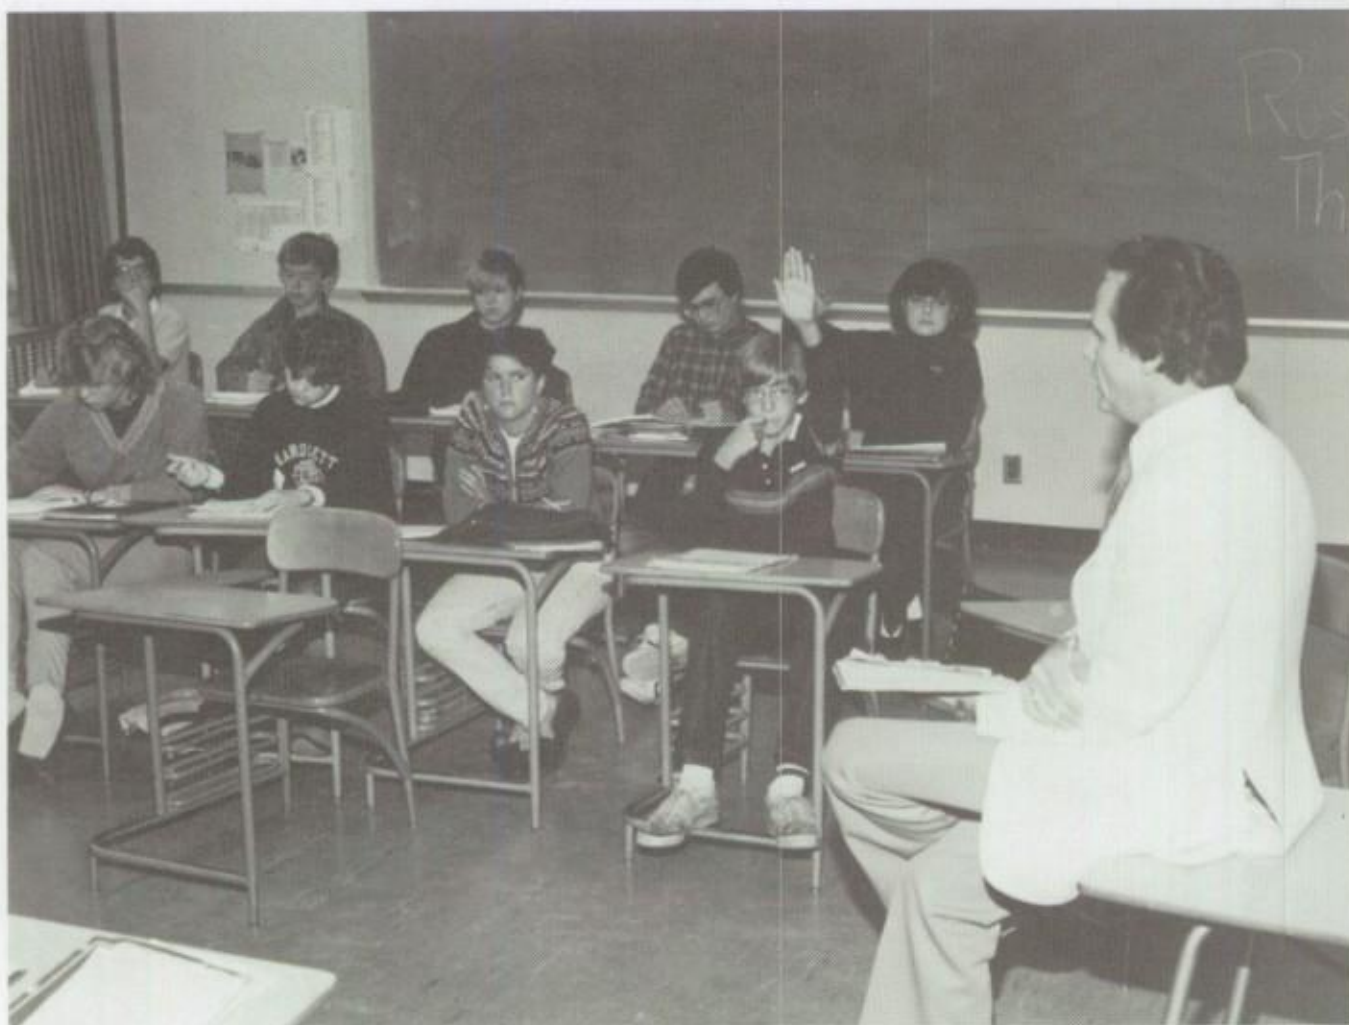

Another highly recommended college prep course at Seaholm is Modern European History, which is taught by the talented Mr. Delvero. This challenging class covers

the trends and examples of diplomacy in the present rulers of Europe. This is a very helpful class to take in preparing for the Social Studies Advanced Placement Test. The statistics prove that statement, since 80% who take the Advanced Placement from Seaholm scored a 3 or 4, which is quite impressive.

*By Karen Bird*

**"Great Books helps me get more meaning out of the readings and understand the symbolism in a more in depth way."**

*Liz Krebbs*

*After finishing a very controversial film, Mr. Behrendts class launched an open discussion on multi-national relations.*

*While conversing about Multi-million dollar corporations, Mrs. Rabideau breaks the tension with some humor.*

*In an early morning Flex Seminar, Mr. Miller hassles Chris Morse for dozing off during a lecture on Chinese culture.*

*Mr. Delvero animatedly aides Senior Laurie Michelson as she requests clarification on a 3rd hour European History quiz.*

*Mary Krsul, Doug Netzloff, and Fritz Kass scramble to prepare for Research Term Paper by comparing note cards.*

# T HE SPICE OF LIFE

In photography class, Leigh Kain holds a negative strip up to the light so that she can analyze it before printing her photo.

"Variety is the spice of life," was the way William Cowper said it, and he probably said it best. Students are the first to say that the only way to endure that line-up of lesson plans each day is to sneak in an elective class here and there. Optional courses allow the student to develop talents and interests, while simultaneously helping them to earn important credits.

Seaholm's curriculum offers a multitude of electives, from the fine arts and foreign language to communications like television and radio broadcasting. After a morning of math, English, and science classes, everyone enjoys an hour of photography, ceramics, or yearbook.

**"Art students don't always plan to become artists, they just enjoy a creative outlet."**

Bill Tall

Electives give the gifted a chance to discover their talent, and more importantly practice it. The art and music departments are great examples, with their superior students and staff. In special cases of talent and potential, it is usually with regard to

his teacher, in addition to the individual, that a student is honored with an award for his excellence. Two examples of

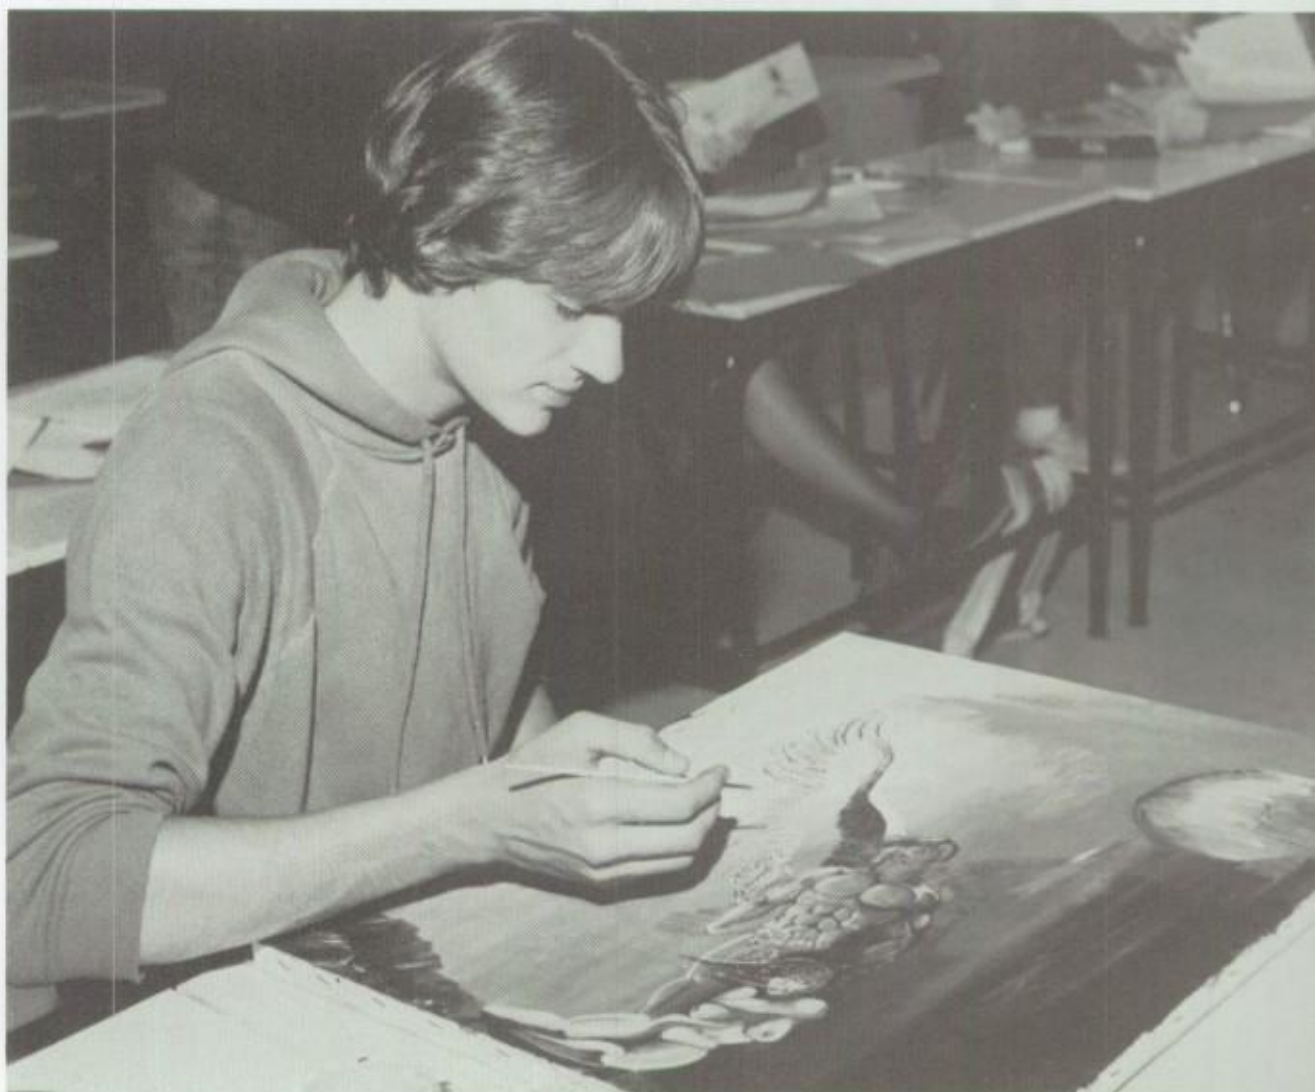

this are junior Dale Redman, chosen first-chair clarinet player for the Michigan Youth Symphony, and senior Hirinao Sugura, who won third prize in a poster contest for the movie *Dune*, as well as a top score of five on his art examination.

By Carole Braden

Maps and posters give foreign language classrooms a cultural air, so Steve Perry and Allison Jones hang German posters.

Andrew Fritch uses painting class to express his own personal philosophy, based on a mixture of science fiction and myths.

*Lisa Smyk spends her 6th hour originating and creating. A little advice from Mr. Tall contributes to her dynamic artwork.*

*Unit test grades are improved by a thorough review. Chris Raymond gets a tip from Mrs. Young which Kim Morton finds amusing.*

# D IFFERENT STROKES

Looking for something different to divide up a six hour day, students turn to elective courses as a way out of a strict academic schedule. Foreign language is one of the most popular elective courses. This year 337 students are taking

French, 407 are in Spanish, and 73 have chosen German. "The emphasis for adopting a foreign language has become very strong. There is a 9% increase

in enrollment from last year," stated Mrs. Wilson, the head of the foreign language department. One of the reasons why so many students are taking foreign language is because of the emerging third world countries and the new emphasis language

has on science and technology. Many colleges are now requiring it for graduation.

Other students choose classes in the arts. Drama, music, art, and photography help a person develop and enhance their personal skills and talents.

**"Taking a foreign language is important to me because I'd like to be able to communicate to people of other countries when I travel."**

Lanelle Mellick

In these courses principles are taught that may help a student discover a possible future career or hobby. Many of the people

in these classes take their work out of the classroom. For photography, practice shots of outdoor scenes and people are required. The students participating in drama often spend their summers at theater workshops or productions. *By Lisa Dietz*

*Thinking of possible captions, Amy Osterhoff and Leigh Webster prepare for their first deadline in yearbook class.*

*During sixth hour, Radawnna Vail practices her recently acquired techniques for throwing a pot in art class.*

*In preparation for his first roll of exposed film, Doug Engle practices developing a negative in photography class.*

*Looking over next week's vocabulary lesson for Spanish four, Tom Fiscella gratefully lays back for a welcomed breather.*

*During Introduction to Journalism class fourth hour, Vicki Volz and Christina Schumaker discuss the video "Word of Honor."*

# E XPERIENCE PAYS

It's up to you!

What will you be doing in a few years?

Where will you be?

A better tomorrow depends on learning, daring and experiencing new opportunities today.

Juniors and seniors from twelve school districts gain experience in SEOVEC. SEOVEC, stands for Southeast Oakland Vocational Education Center and offers twenty-six different courses.

Job skills taught, range from mechanical skills and food services, to health occupations and floriculture.

SEOVEC secretary, Evelyn Buchanan said, "SEOVEC

teaches students important skills and gives them the opportunity to learn trades they may pursue after high school."

The Cooperative Education program gives students the chance to work toward potential careers and get credit at the same time.

**"... Working and using your skills is just as important as what you learn in a classroom — you should experience the real thing!"**

**Karen Finkbeiner**

Senior Karen Finkbeiner, involved in the nursing Co-op taught by Mrs. Green at Groves explains that her experience of working as a

nurse assistant at Beaumont Hospital gives her the chance to use what she's taught in school.

Karen said, "Practical nursing cannot be taught in a classroom, you can't learn some of the real life situations."

*By Jody Kafarski*

*Seniors Shari Metz, Mike McDermott and Alysse Donohue hurry to get 100 note cards in by the end of the hour in Research and Term Paper.*

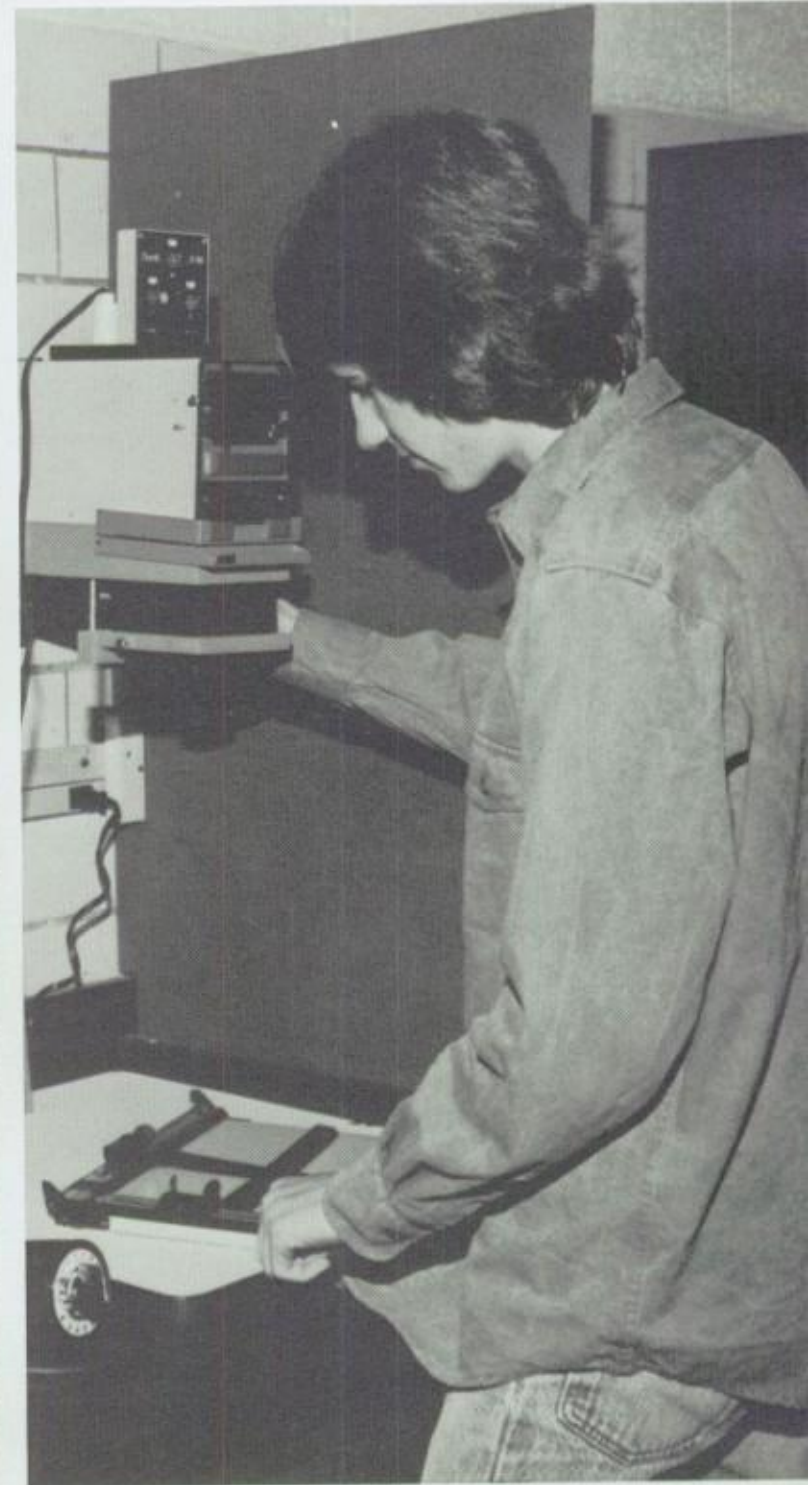

*In Groves Nursing class, Terry Storey, Sandra Wente, teacher Mrs. Green and Shari Metz practice taking vital signs on Martha Finneren.*

*Chris Frisone sits back for a relaxing shampoo giving Laurie Driscoll practice and a preview of the beauty business in Cosmetology at SEOVEC.*

*A future in photography demands basic concepts taught in Photography class. Kevin Hauser focuses in and crops a print in the photo lab.*

*Looking at hot prospects MSU and U of V, Mrs. Behm directs Patty Willett and Laurie Michelson in requesting information concerning applications.*

# T IME'S RUNNING OUT

Throughout the high school years, the question on everyone's mind is, what happens after graduation? At Seaholm roughly 80% of the graduating seniors continue their schooling at either a college or university. Upon entering college, yet another question is asked: What career does the student have in mind? With the career classes available here at Seaholm, this question may be answered.

From the basics of Business Law to the intricate precision of Industrial Arts, the students can get a fairly good idea about what the career entails. Today, practically every job makes use of a computer in some way. With the computer classes offered, almost anyone can learn the basics of

computers. In the past five years, the enrollment of these classes has more than doubled, and a competing computer team has been developed.

Mr. Pierno, department head for Industrial Arts, has a high-tech class of Industrial Technology,

where students have built an XR, a work cell that operates a drill press and other mechanical skills that would otherwise be done by the students themselves. Mr. Pierno and his

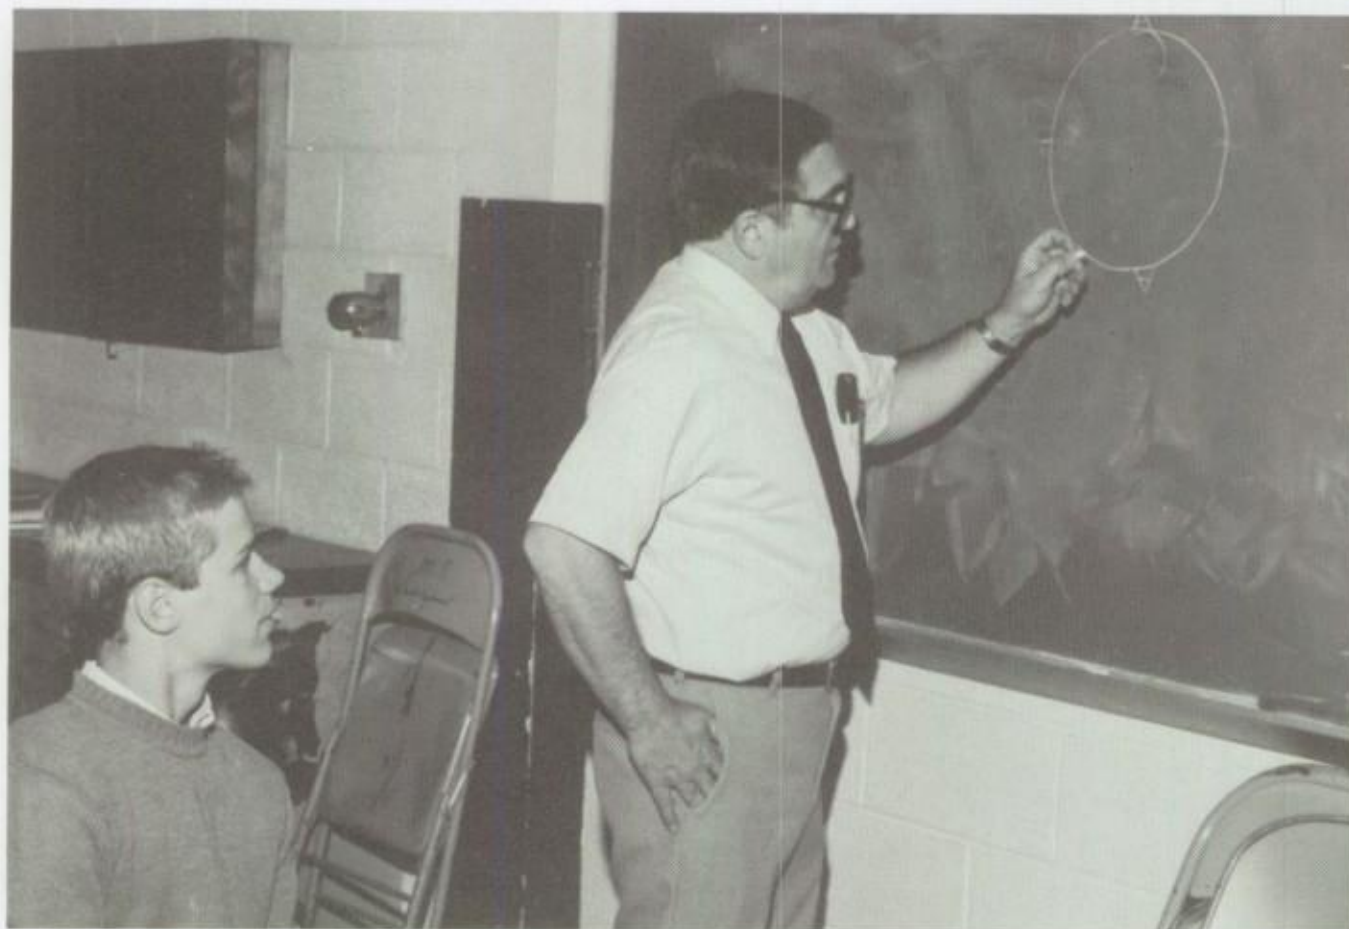

students work with the XR has been nationally recognized in different magazines.

To get a good background in any job, accounting is always helpful.

*By Patty Willett*

**"Taking Accounting has helped me decide on what classes I want to take in college, and even maybe a career."**

**Anjell Karibian**

*Detailed graphics is only the beginning for Mr. Pierno's Industrial Tech class, who throughout the semester construct a functional robot.*

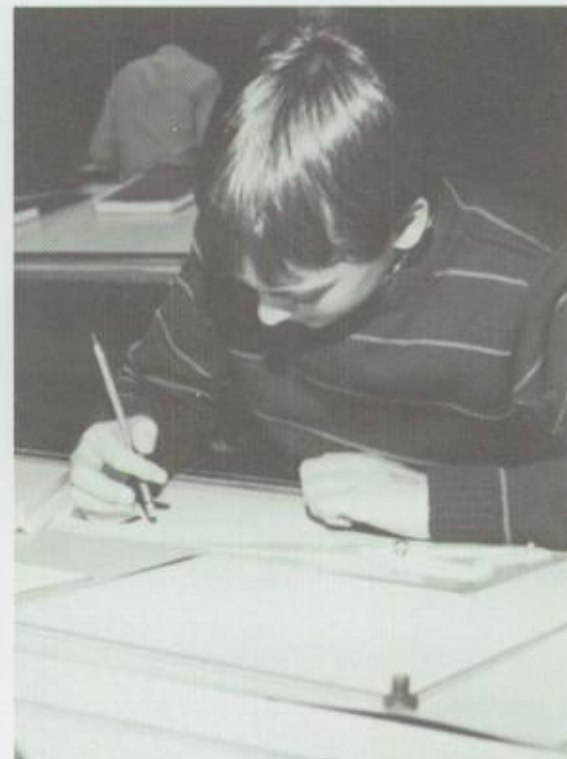

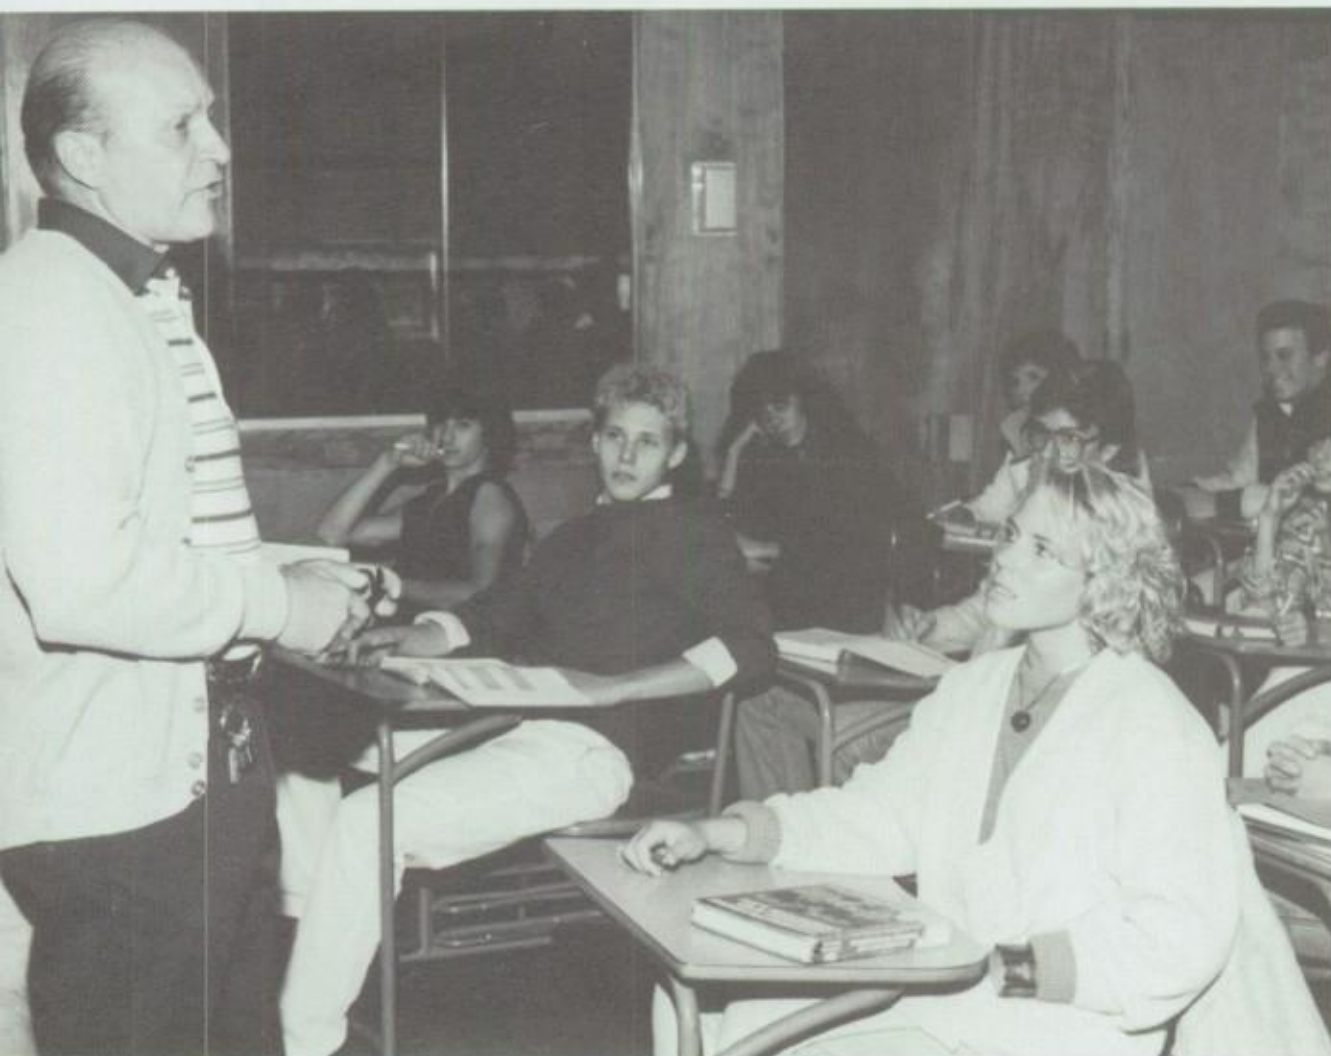

*With time to spare, Andy Ryan finishes his Accounting test and double checks his answers with a feeling of confidence.*

*Laying down his ideas for Mr. Tinku, Mike Corker asks for any helpful suggestions to finish his drafting project.*

*While the computer does all the work, Ray Dobson sits back and absorbs the readout so he can spot his errors and warnings.*

*Making his last corrections on his drafting project, Phillippe Bauduc finishes his rough copy to hand in before the bell rings.*

*In Business Law, students David Dietze and Christine Claussen weigh the pros and cons of a court case to get a verdict.*

# N

## AME THAT ORGANISM

Some students may find the prospect of a long year in science class too much to bear. They can imagine finding how many grams a piece of chalk weighs, or making twenty observations about boiling water. Lab sciences, they will discover, are a lot more than that.

Mr. Hackett's Biology 2 class, went on a trip to analyze the water of a stream. Mr. Stevens took his Anatomy/Physiology class to Wayne State medical school for a day. Pat Williams, a senior in Biology, looks forward to dissecting worms, frogs, and chicken embryos. He finds the new electron microscopes ideal for watching a "batch of planaria," and of the new films, Pat says they are not only educational, but

"pretty entertaining" as well. The Science Department has two new classes added to its roster this year, Applied Science Two and Computer Applications. Mr. Bedor, a physics teacher and the head of the Science Department, says that there is a lot more use of

computers this year, especially in physics. Students that are gifted in different aspects of science can do more than just garner straight "A's" on their report card. An outlet for their special talents is

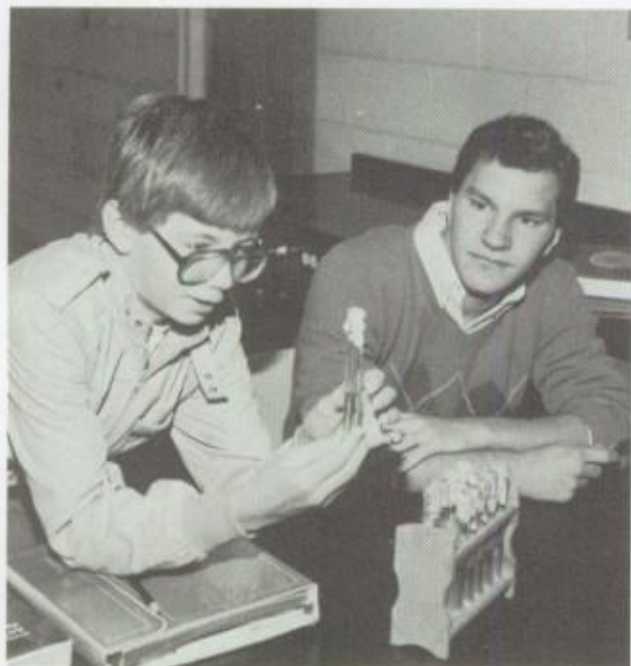

to be found in the Michigan Science Olympiad.

Areas in which they can compete include such events as "Name That Organism."

by Nicci Chen

**"The Science Department this year features more use of computers, and two new classes, Applied Sciences Two and Computer Applications."**

Mr. Bedor

*Sophomore Cliff Wessling demonstrates his test tube holding technique, keeping Junior Biology buddy Aubrey Vance in the thralls of fascination.*

*Mrs. Loupee emphasizes some hard and cold facts while Biology student, Sophomore Annmarie Gillatt, reaches for this higher plane of understanding.*

*Juniors Kevin Williams and Jeff Ronsky don their goggles and aprons in Biology class, hoping to show that foil and water are not explosive.*

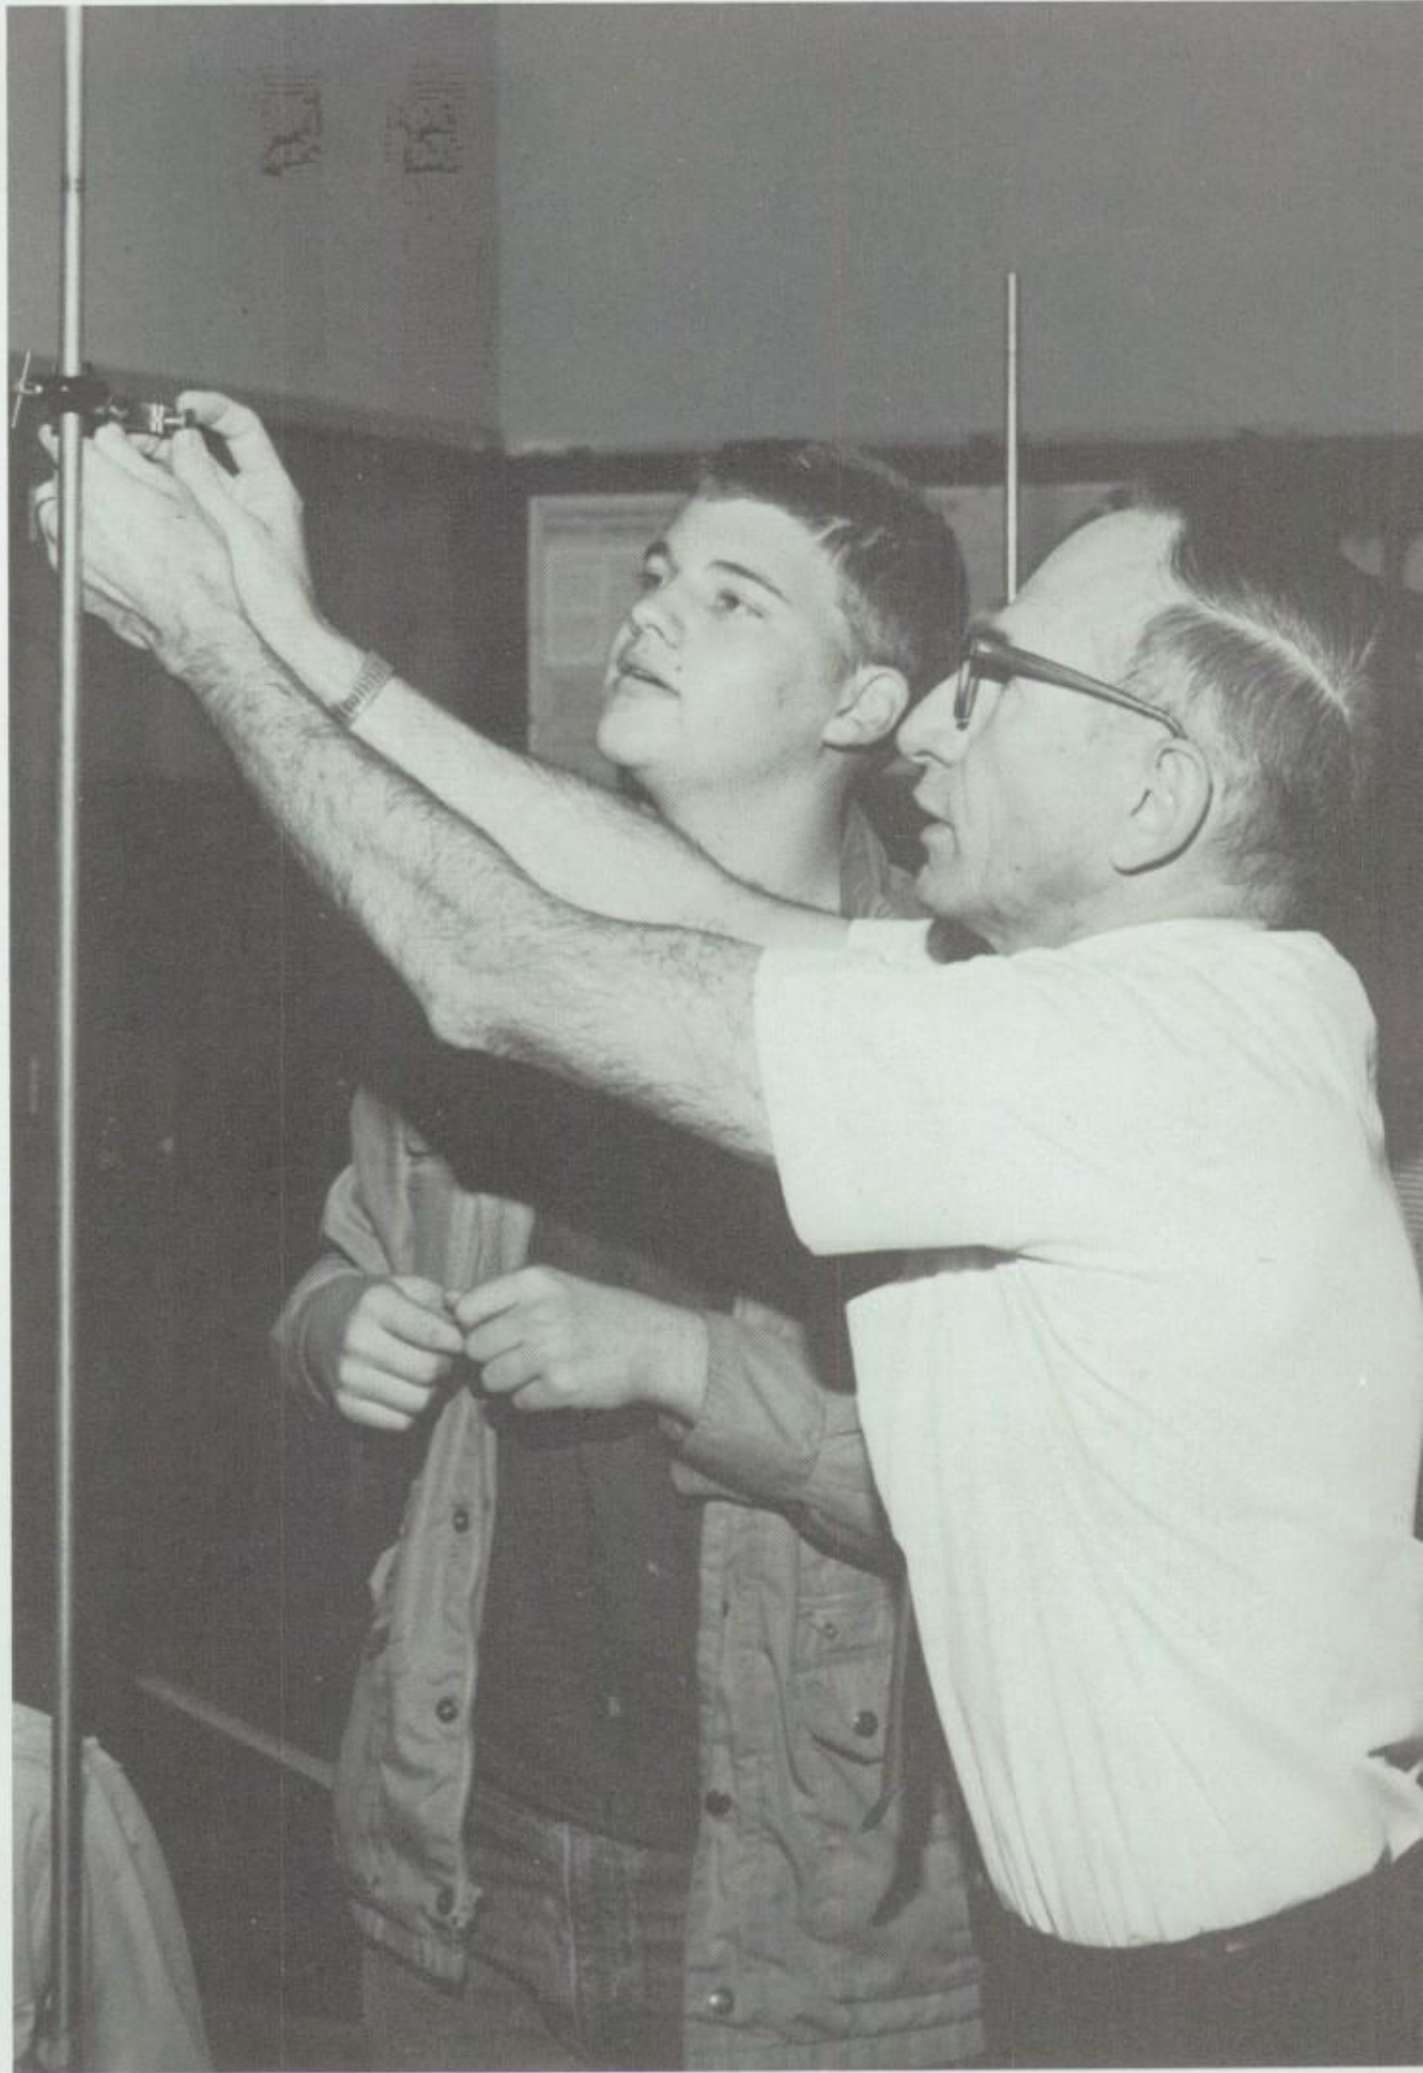

Seniors Jim Wickersham and Eugene Walden are eager to learn about time-space graphs, if only the right parts would somehow get together.

Senior Physics student Chris Brenner lures Mr. Bedor into position to prove a pendulum swings faster when it is aimed at a teacher.

# LABS LET LOOSE

Many students when they hear the words "lab course" immediately think about someone about to cut open a frog they just named Fred. Many lab courses, though, have nothing to do with a chemical explosion or naming an organism a person will never see again without a microscope.

Home economics classes include many different courses ranging from interior designs to gourmet foods. The head of the home economics department is Mrs. Fleming. Mrs. Fleming teaches four different classes for the eligible bachelor to the women who want to go on in designs or cooking. These classes include; gourmet foods, foods, clothing, and interior designs. With many students

**"These classes prepare students for professional work in the areas of home economics."**

Mrs. Fleming

students going on into these professions, and guest speakers from all over the community, home economics can not only be interesting to participate in but can also be an extremely helpful skill in the future.

Many lab sciences are taught also which some students may be

interested in but have never heard of or didn't know they were offered at Seaholm. With three types of physics offered, three kinds of chemistry, two kinds of biology, and IPS, anatomy,

and physiology included, the science department has a class to interest every kind of student. Science may also be very rewarding with many science fairs, contests, and clubs going on throughout the year.

By Ro-Ro

*Preparing for an important physics experiment John Schans weighs a steel sphere for the use in a pendulum - swing observation.*

*Julle Chlodo, Annmarie Gilliatt, and Ann McElfresh jot down their observations of chemicals in different quantities.*

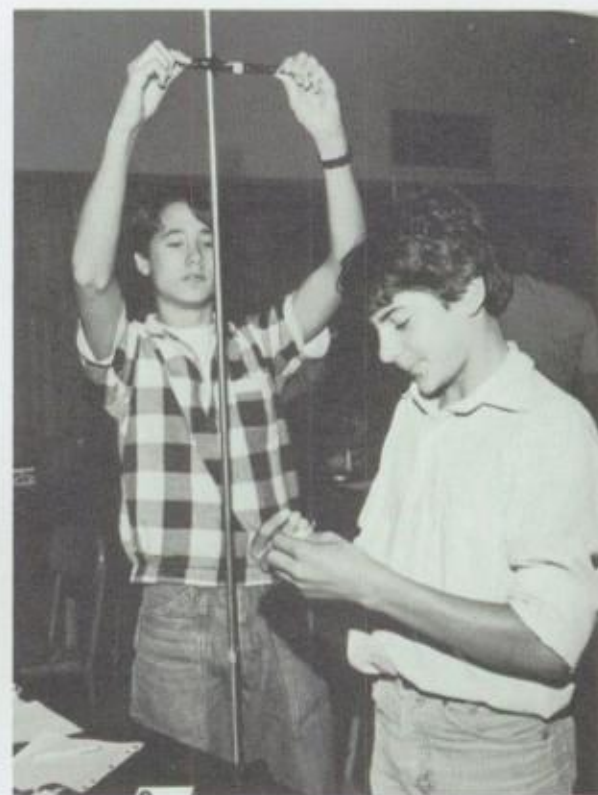

*Preparing a recipe learned in class, Bryan McNee, Anne Krause, and Mrs. Fleming show the class the correct amounts.*

*Bob Jason and Nick Papadakis prepare for their first physics experiment in which they learn about the log-log graphs.*

*To learn more about proper washing techniques for different fabrics, Terry Peek and Diana Ward wash a towel and other clothes.*

*As partner Jennifer McHugh observes, John Kristofetz lets a small amount of chemicals freeze at room temperature.*

# SUMMERTIME

## HOW TO SPEND THE VACATION

The temperature is rising, classrooms are scalding, and Father's Day is just around the corner. The month has arrived when students count down the days until summer vacation, when they will put all thoughts of school out of their mind. There are, however, a few exceptions. Last summer, a number of students took part in school-related activities. Members of the yearbook staff attended a week long journalism workshop at Ball State U., where a grueling workload prepared them for putting out a top-notch yearbook. In the last week of school, many of Seaholm's most gifted science students came together as a team, under the leadership of James Bedor, to compete in the Science Olympiad, finishing second out of all competing high schools. This past summer was also one in which selected members of the choir demonstrated their musical skill in several European countries, such as Italy and Germany.

by Laurie Michelson

*Titrating to an acid PH, on their way to becoming the number one team in the state, during the Science Olympiad of June, 1984, is the tandem of seniors John Cumming and Charlie Hufford.*

*After surviving a week at a Ball State journalism workshop, Rob Kessler, Patti Willet, Lisa Dietz, Carole Braden, Sarah Yntema, Amy Osterhoff, Laurie Michelson, and Jody Kafarski could no longer hide their joy!*

*Music makes the world go around, and these talented Seaholm Choir members went part way around the world making music during an exciting month-long tour of several European countries last summer.*

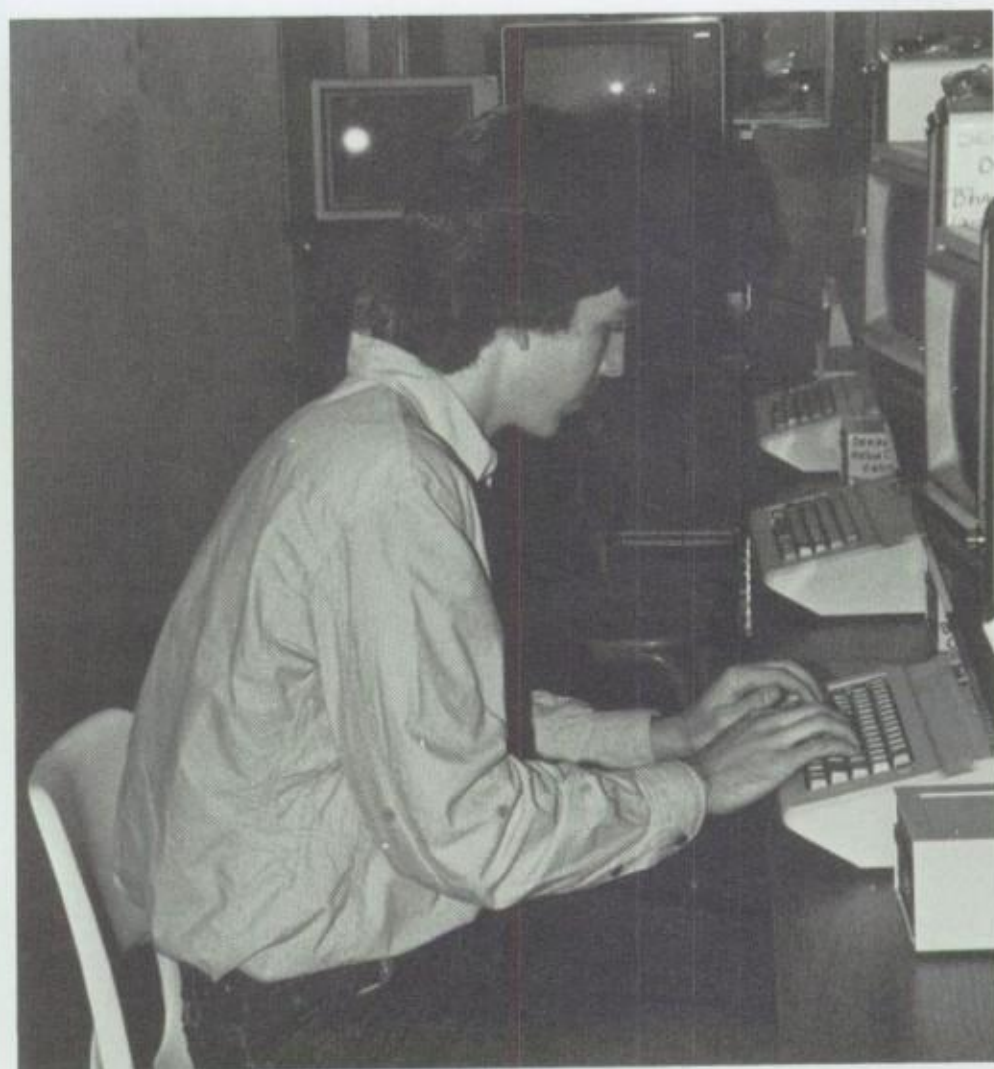

## NEW ALTERNATIVES

### EMPHASIS: THE NEW ROOM

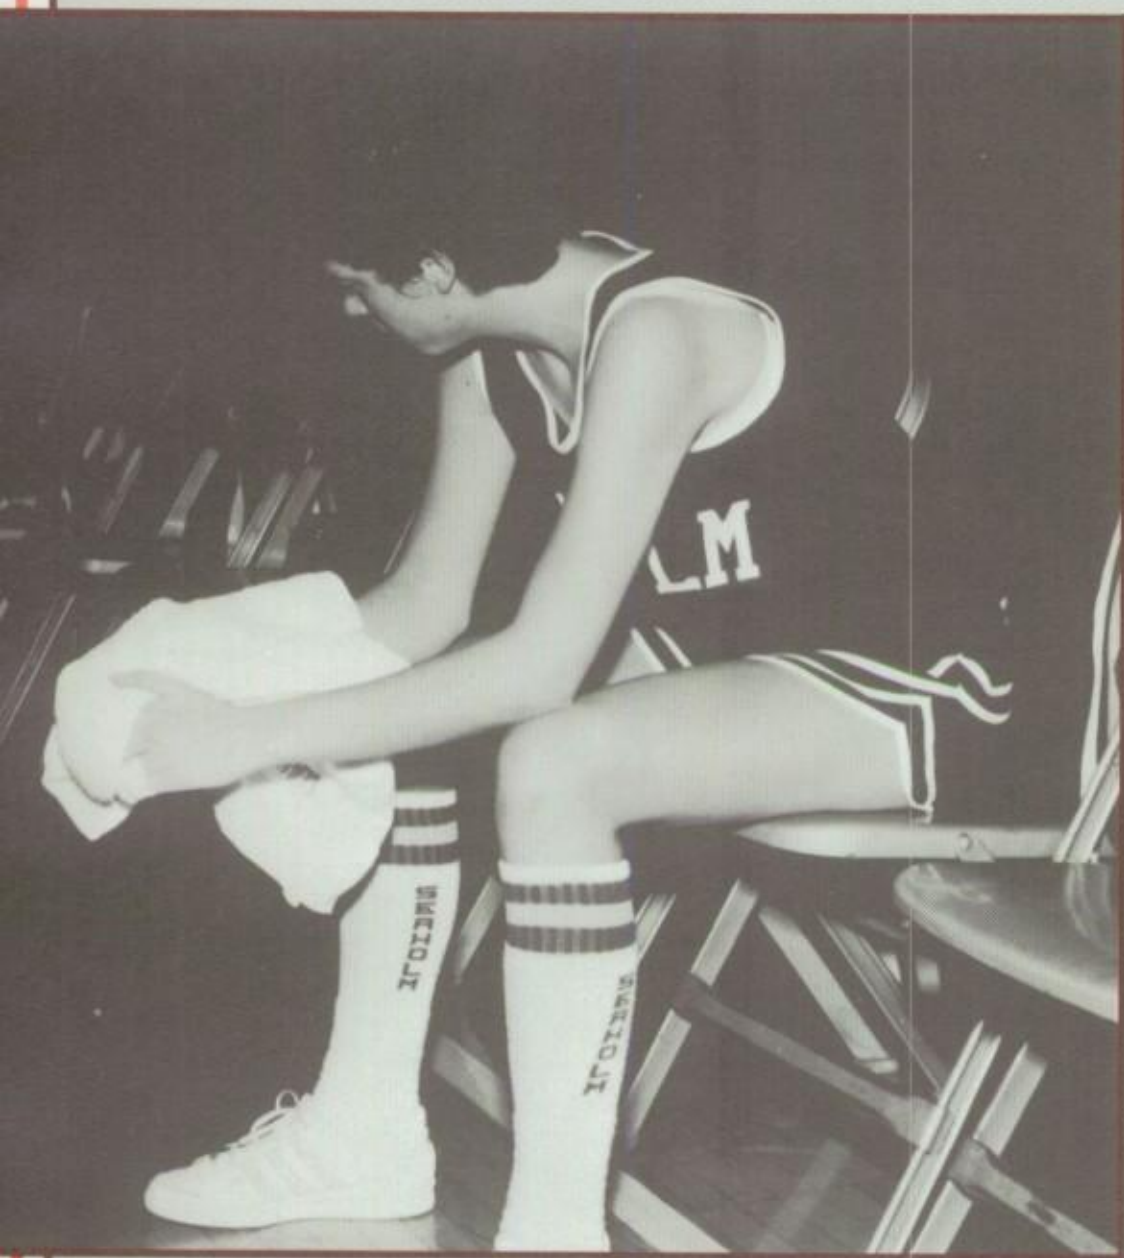

Out with the old and in with the new is being seen more and more at Seaholm. First there were the new graduation requirements, then a new attendance policy, and now there is the new computer lab in the media center. This new computer lab is equipped with fifteen Apple IIe computers. This is the first time Seaholm has had a specific computer lab. It was proposed last year, funded in the spring, and built over the summer. There were only two small problems when opening the lab: a delay in the shipment of equipment, it was delivered in October, and a strike by the suppliers of the chairs. With these problems overcome, the entire school community now has easy accessibility to computers; in addition, students and staff who would not otherwise have the exposure, now have an introduction to computers. Students should not fail to take advantage of this newest addition to the media center, which they are free to use any time between 7:30 a.m. and 3:15 p.m.

*The advantages students gain from using the new computer lab are as numerous as the number of computers in the room. Senior Stephen Roberts is one of many whose homework will improve because of this addition.*

# Dare to COMPETE

"My four years of playing basketball for Seaholm were wonderful and special, but I know I will always remember the pain of losing that 'last' game." - Laurie Michelson after losing to West Bloomfield in the second round of the play-offs.

losses with his teammates.

Sports not only bring good health and varsity letters but also brings school spirit to a high. With attendance records being broken in almost every sport, the students and Maple fans showed and shared their enthusiasm with the Mighty Maples. The teams usually repayed the fans by giving a hundred percent in all their efforts. The teams were more often victorious than disappointed. The Seaholm students have the chance to dare to compete in the Maple tradition of great athletics.

# T

hroughout the season, Seaholm showed that unity and teamwork can pay off. The Mighty Maples continued their dominance in athletics throughout the SMA. With these victories and the great support given from the students and fans, Seaholm wiped out their competition.

The Seaholm season all began back in September when the football team continued its 28 game regular season win streak and took the SMA crown. After the loss to Farmington Harrison, the Maples proved their sportsmanship knowing that injuries had hurt the effort.

There are over forty sports in which a Seaholm student can join. From Varsity Football to gymnastics, the student can also join new friends and learn to take the good times with the bad, sharing his triumphs and

After taking the hike, Senior quarterback Dave Kuhn takes the ball on a roll out for a four yard gain against Farmington Harrison. The Maples fell short of a victory as they lost the first round playoff game.

# WINNING TRADITION

## Maples Earn Third Straight SMA Title

Through their undefeated season and their appearance in the State Championship Playoffs, this year's varsity football team brought state-wide recognition to Seaholm.

One of the Maple's toughest games was against Southfield. Fresh from a 36-0 victory over Ferndale, Seaholm entered the game with complete confidence in their ability to demolish the Blue Jays. Much to their astonishment, however, with just

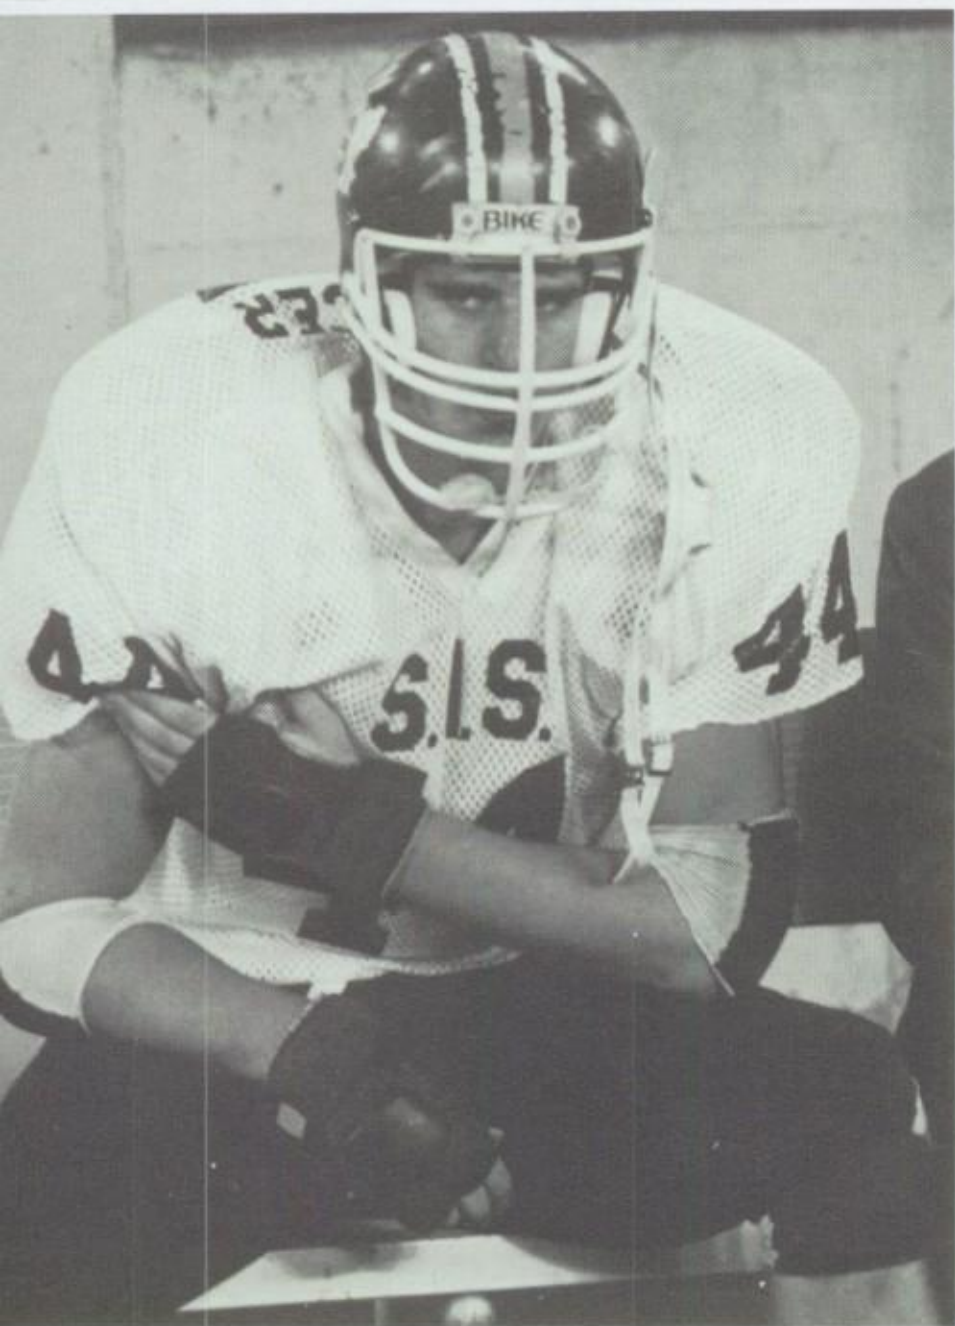

over five minutes left in the game, the Maples found themselves losing by a score of 6-20. Only by remaining unified and determined to win were the Maples able to score two touchdowns and a two-point conversion and earn the 21-20 victory.

Although Farmington Harrison stopped Seaholm's rampage in the first round of the state playoffs, the Maple's undefeated season was a tremendous accomplishment. Three of

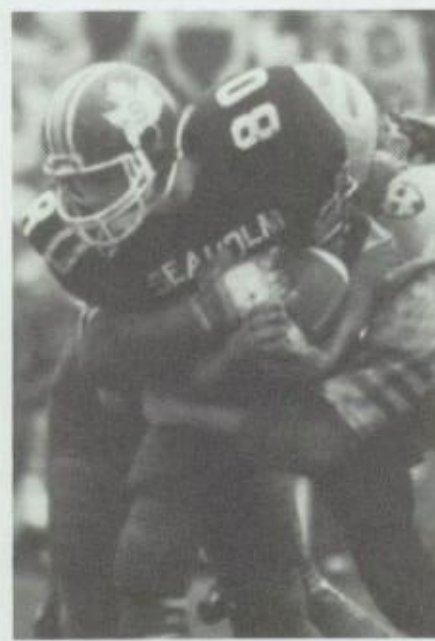

Seaholm's players received All-State honors; Joe Holland, Rob Bosart, and Marc Spencer. However, it was the team's unity and the dedication of each and every player which enabled Seaholm to win.

Said Coach Chuck Skinner, "To experience an undefeated season is something most kids can only dream about. This was a season none of the players will ever forget."

Second team all-area kicker Jeff Hepfer drags two Harrison defenders across the scrimmage line.

# A LOSING BATTLE

## *The Fight Against Injuries, Not Opponents*

Hard work and determination were the only things that carried the injury-plagued Junior Varsity Football team to a respectable season. Coaches Jeff Harris and Bob Crowell led their team to a 3-4 record in the S.M.A.

Injuries were 'the name of the game' this year. When Coach Harris was asked for a brief description of the season he said, "We had so many people

hurt this season, it was a struggle each week simply to come up with a team."

Despite a decreasing number of players, the team never gave up. Quarterback Mike Kiptyk said, "One of our teams greatest strengths was the ability of our players to adjust to different positions." Another of this teams strengths was their defense.

This year's captains were Josh Greenblatt and

Freshman Tod Siefken. Award winners were Most Valuable Lineman - Josh Greenblatt, Most Valuable Back - Tod Siefken, Most Improved - Andy Halsted.

Supported by hard work and the intense coaching of Jeff Harris and Bob Crowell the JV Football team overcame countless injuries to finish in the middle of the S.M.A.

# M APLES GAIN YARDS

*Freshmen play together as a strong unit*

The 1984 Freshmen football team broke even this year with a 4-4 overall record. The team started the season on a high note, shutting out rival Birmingham Groves. Coach Bill Kendro recalled "the offensive running was probably our best weapon." This proved true when Kevin Billington broke loose on several occasions and gained as much as 75 yds.

*Giving the Southfield player a forearm shiver to avoid a block, Freshman, Jon Burleigh charges the ball carrier.*

in one play. The toughest loss the Maples suffered this year was to Ferndale, when on the last play of the game they scored a safety beating Seaholm by a hair, 2-0. "In some games physical height rather than skill was lacking," said safety Todd Morton. "The Maple defense would not always be able to block the receiver resulting in more completed passes for the opposition." Team captains, Rob Marzella and Scott Lue-

kart, greatly contributed to Seaholm's success, both playing awesome defense. The most valuable player was Tim Vanas, who ran a quarterback sneak for 35 yds. leading to a much needed touchdown against Andover. Another highly valuable member of the team was lineman Judd Schreur, whose strength and size dominated the opponents.

*By Karen Bird*

# M APLES DOMINATE

## *Advance to Second Round in District Play*

Eight dedicated girls, one dedicated coach and hundreds of hours of practice all add up to the 1984 Varsity girls' basketball season.

Their training started in June and climaxed in August with grueling five hour a day practices which attributed to their second place SMA finish. The girls' fine attitude and their desire to excel lead them to defeat Hazel Park and Berkley. "They were both key games," recalls Karen Marshall, "and they

all came down to the last few seconds where we pulled it off with our superb foul shooting." The girls also stunned many teams by their effective man-to-man marking and their ability to capitalize on fast break situations. This combination of attitude and talent accounted for the Maples' advancement to the second round in the district tournament. Here they met with West Bloomfield where they suffered defeat.

Co-Capt. Laurie Michel-

son was named the MVP and earned All-Oakland County honors. Co-Capt. Karen Marshall received Best Defensive Player and All-SMA honors. Ann Bookmeyer earned the "Sportsmanship Award" and Belinda Carter was named the Most Improved Player.

*By Katy Andreae*

*Senior Rachel Mullet attempts to block a shot by a Kimball forward and proves to be successful as the ball falls short.*

*Coach Gary Chamberlain reinforces the Maples' tactical knowledge while his team recuperates during a valuable time-out at Kimball.*

*Junior Karen Marshall keeps possession of the ball and looks to pass downcourt while being pressured by Kimball defenders.*

## APLES SINK SMA

### *From Few Participants Came Big Scores.*

With a mere seven players on the team the freshmen basketball team pulled through with a decent record. "It's hard to scrimmage with only seven players," coach Jane Mineweaser asserted, "theres no one to pick up the slack." However, the team's greatest strengths were that they all worked with each other, and they stuck together all season with lots of team spirit and

enthusiasm.

Every game was difficult with only seven players. When the "Mighty Maples" played Ferndale it was tough because they went in to two overtimes and won the game with a score of 28-24. It was also tough when the Maples played Ruther Junior High because they had a big team with many strings, and the Seaholm Maples only had seven people. So the Maples did their best.

Stephanie Bearden, point guard, enjoyed this team because "We were all friends and we worked well together."

The mighty freshmen may only have had seven players but at least they had each other with the spirit and enthusiasm of a winning team.

# E<sup>N</sup>DURANCE BUILDS

## *Spirit And Unity Create A Victorious Team*

Despite this year being referred to as the so-called rebuilding year, the Girls' Cross Country Team had a commendable season, which was almost as successful as last year's. Their record was 6-2 overall and 5-2 in the SMA for a 3rd place finish in the league. The team placed a surprising 4th in the Region. These outstanding results are due primarily to strong individual performances. The team was led

by co-captain and State qualifier Debbie Burson. Other runners making key contributions were Seniors Traci Logue and co-captain Joanie Fand, Junior Kathy Solowczuk, Sophomores Amy Burkhart and Renee Bator, and Freshmen Kirsten Browne, Heather Finch, and Valerie Root.

One positive asset of the Girls' Cross Country Team was its effort and high motivation. Freshman

Heather Finch states that, "Everyone had a lot of spirit. This helped us toward winning the meets." Junior Joe Wolf, assisting in the scoring of several meets, remarked that, "The team had much more enthusiasm than their opponents." However, aside from the spirit, head coach Mr. Kearney stated that "Depth and unity were the team's greatest strengths."

# P<sub>UTTERS</sub> POLISH UP

## *Loss to Ferndale spoils SMA championship*

With four returning starters the 1984 Boys Golf Team started the season hoping to end up state champions. Seniors Chris Beachum, Matt Davison, John Everhardus, and Darin McBride led the Maples to an 9-2 overall record and 6-1 in the SMA. Even though the team had a strong 2nd place finish in the SMA tournament, they went on to a disappointing 10th place finish in the state regional. This was the

first time in three years the team had not qualified for the state tournament.

The disappointing regional was due to the fact that the young team didn't have the experience to score in pressure situations. Senior Mike McDermott was honest when he said, "We just don't have that fifth man who comes through when you need it. A state playoff team has depth. We just don't have it."

After a 1st place finish in the Jim Dewling Invitational the team looked ready for the state playoffs. The invitational had been against some of the toughest teams in the mid west. Inconsistent play did it again when regionals came around. Chris Beachum sums it up best, "Overall it was pretty good."

# SUPERIOR SEASON

## Kickers Beat Athens and Finish With 14-4-1

After having been just another .500 soccer team for the last 6 years, the Varsity squad set its flag in unpioneered soil this year by capturing an outstanding 14-4-1 record. The team achieved many unheard of goals including beating eventual state champions Troy Athens. Senior midfielder, Bob Rybicki said of the Athens game; "It was undoubtedly the most memorable part of our season. It was such a meaningful victory not only because they

were state champions 3 of the last 4 years, but also because we shut them out."

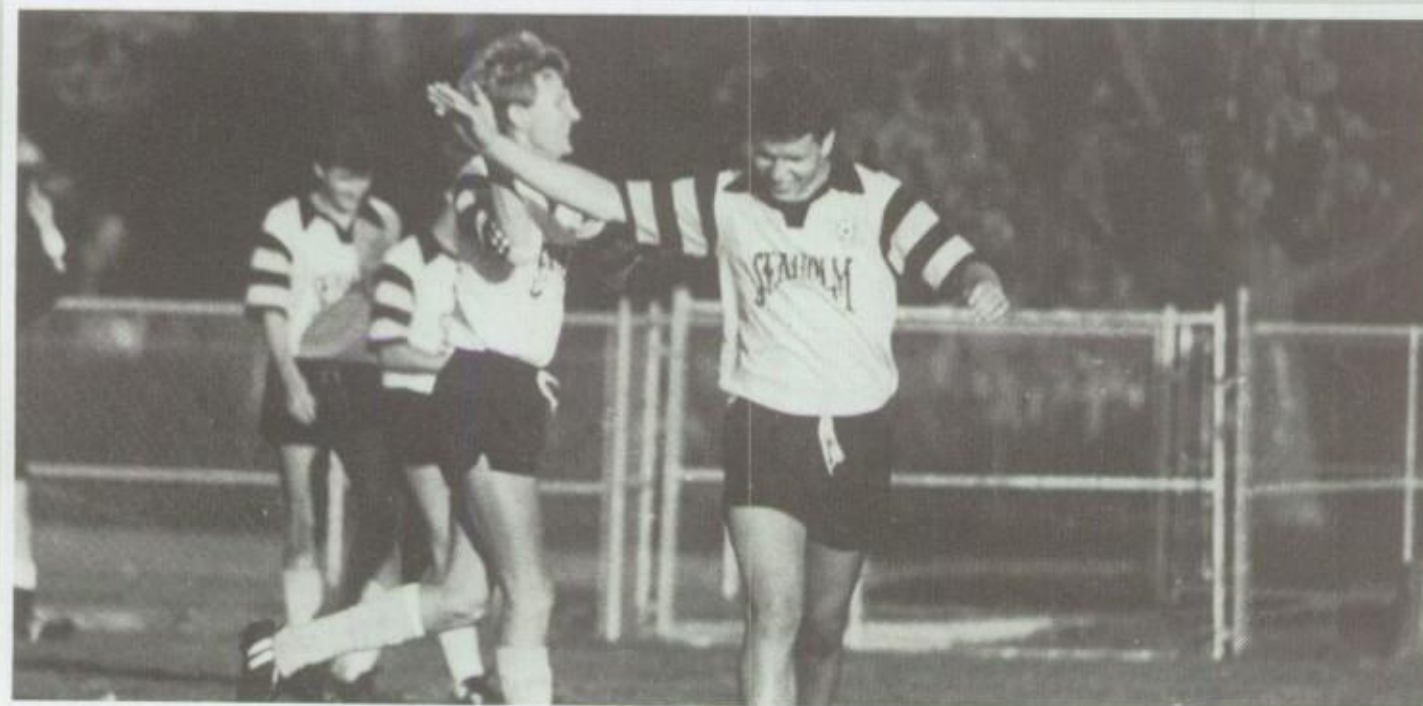

Seaholm took second place in the S.M.A. behind Troy High. The Colts, were the only league team to whom Seaholm lost. They beat the Maples first in Troy, one goal to zero, on a penalty kick with ten seconds remaining, and second two to one after the rain and injuries had killed the team spirit at home.

This years team had

many outstanding players including: Fritz Kass, All league, team M.I.P., Doug Netzloff, Coaches award, John Warton, All Area Honorable Mention, Soccer Excellence Award, and Alex O'Kukich, All Area, Team M.V.P., Dave Appleford, All Area.

# BOYS JV TRIUMPHS

## *Talent, Skill and Teamwork Tally 11 Wins*

The 1984 boys' JV soccer season has been described as "awesome" by Junior John Tholen, Sophomore Mike Rafferty, and Coach Cliff Poe. This opinion is easily supported by their outstanding 11-1 record.

Their sole loss to Grosse Pointe South stemmed from a close match-up and questionable decisions by the referee. There were two outstanding wins: one in West Bloomfield and one against Southfield. The Maples outscored their opponents by scores of 10-0 and 18-0, respectively. Their second win over Andover illustrates another memorable victory for the Maples. The excitement level of this particular game rose as the two SMA rivals fought for the ball, and peaked when Sophomore Pete Landgraff scored off a header to

break the tie and bring the score to 3-2. Thanks to their defensive talents, the Maples were able to accumulate a superb goals for/goals against record of 64/8, with 7 shut-outs for goalkeeper David Wolff. Other major contributors to this year's team include Captains Barrett Tripp, Pete Landgraff and Brian Sard. Barrett and Brian also earned MVP honors.

*By Elissa Sard*

Tim Baldwin

Due to a handball called against Groves, Tom Freydl takes a penalty shot, scoring the third of Seaholm's four unanswered goals.

Intense first half competition finds Brian Sard defending for Seaholm to regain possession from his Ferndale opponent.

# WINNING SEASON

## *Freshman Fury Captures Second Place Title*

"It's better to start at the bottom and move up because we played twice as much, learned a lot more and got more experience," asserted David Christopher, summing up the boys' freshman soccer season.

Despite the turn-out of six people for the initial tryout, the team quickly unified and clinched second place with a brilliant 8-3 record. The team easily crushed its first five opponents until deep rival

Andover stopped their victorious rampage. Although Andover kept the team from first place, the Maples twice squashed Lahser, defeating them for the first time in six years.

Coach Bukari developed an intense short passing game, trained an inexperienced goalkeeper, and focused on the universal malady of fitness. "He'd run us for hours," recalls Matt VanVurst, "and then he'd take our pulse to make sure we

were working."

This conviction for hard work yielded MVP awards to Co-Captains Jeff Milius and Steve Sheckell; Tom Dawson received the Most Improved Player award and goalkeeper Scott Marshall earned Rookie of the Year honors.

*By Katy Andreae*

*Hoping to beat his defender, Matt VanVurst (17) anticipates a lead pass from Tony Scolaro (10) after making an overlapping run.*

# THE ONES TO WATCH

---

## Maples Swam To Second Place In The SMA

---

"You gotta want it and you gotta want it bad!" And this year's girls' swim team definitely wants to be better than the best. From August to December they spent four hours practicing every school day. Head Coach Dennis Carter worked hard training these girls both physically and mentally.

Seaholm swam proudly to win 9 meets and lose 3.

*What a start!* Team Captain Kristin Fusco's explosive backstroke start payed-off when she placed 5th in the SMA and 2nd in the states.

Highlighting their season the Maples sank the Lahser Knights. Team Cpt. Kristen Catto said, "Everybody got totally psyched-up and wanted to win as a team." Tied until the last event, Seaholm's 400-yard freestyle relay pulled through with a victory. Relay members Kristen Catto, Martha Williams, Sarah Holsington, and Jackie Moss swam superbly to win their event and the meet. Most valuable swimmer Jackie Moss broke two individual event records.

Proving their season a success, the Maples placed 2nd in the SMA and 5th in the state meet. Coach Carter felt that the source of the teams ability "was our depth, that is, a lot of our girls were ranked in the top six of their events."

The dedicated swimmers showed tremendous improvement. Captain Kristin Fusco beleives the entire team "swam up to and beyond their ability this season."

*By Lanell Mellick*

Paul Dor

Mara Simich, at morning practice, works at her 3rd set of 100's. Her goal is to lower her 100-yard breaststroke time prior to the state meet.

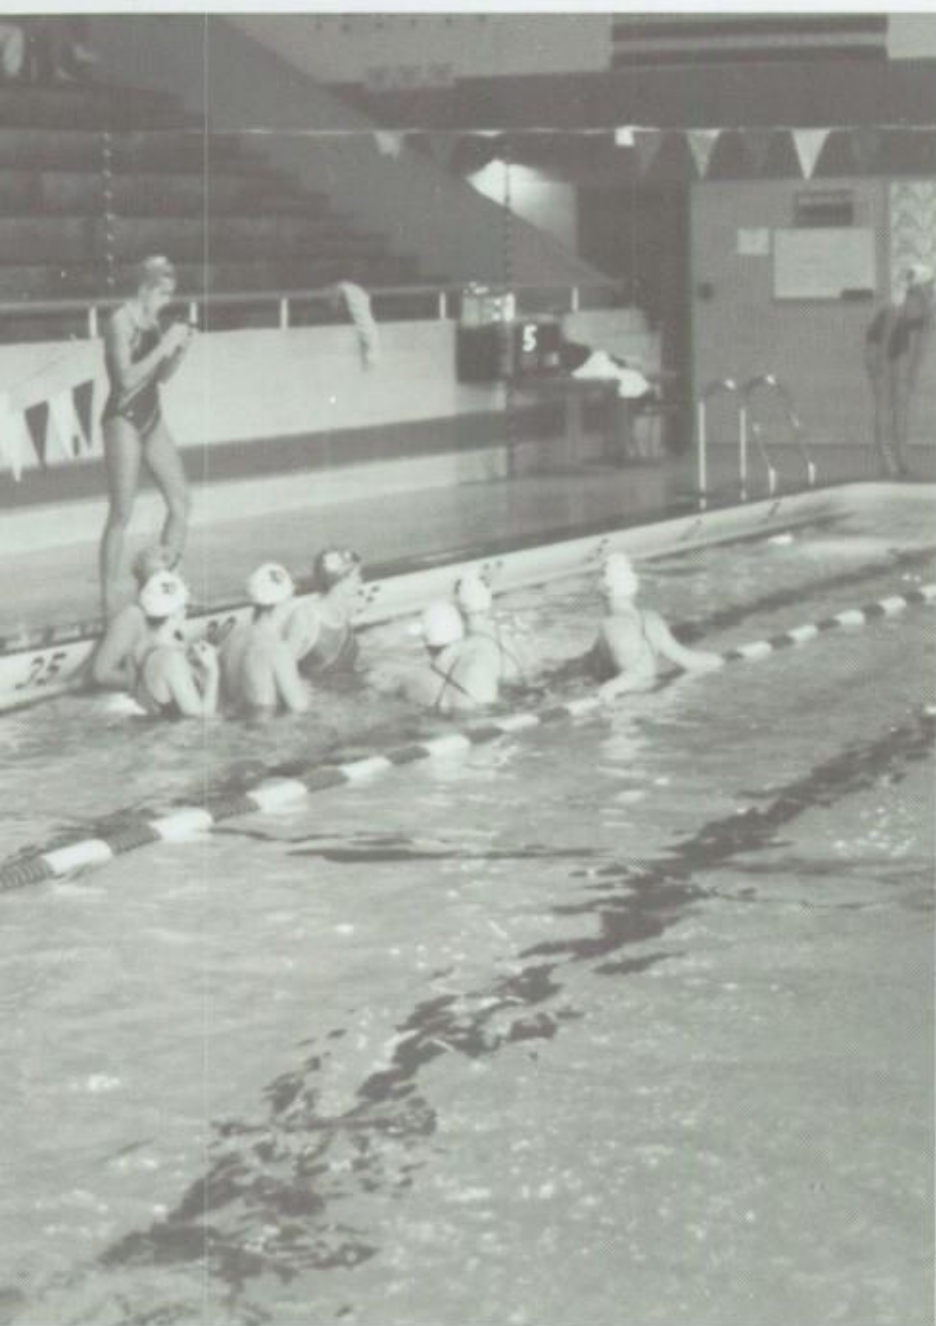

Most valuable swimmer Jackie Moss perfects her butterfly. Her two firsts in the state meet earned her a place on the All-Area team.

By Mike Rattery

# TALENTED ABILITY

## *With team Unity, their hard Work paid off*

Bill Coty, coach of the girls diving team, says it best: "It is hard to find girls with a lot of determination because it's so easy to fail in this sport." Although there were seven girls on the team, very few kept up with demanding practice schedules of six to seven in the morning, three to five in the afternoon, and for three times a week, seven to nine in the evening.

Extensive concentration

and determination led two of our divers, Kerri Shea and Vicki Upham to place well in both State and league meets. Vicki, the team's captain, placed fourth overall in the SMA, and Kerri's hard work payed off with a seventh. They felt it was an exciting highlight of their season to make it to State. Vicki feels the team's greatest strength was the girls' attitudes during practice.

"Everyone was so supportive of each other - which I feel was a great asset to the team." The greatest weakness the team had was the lack of experience the divers had. Vicki wraps up the season by saying, "No matter how good or bad we did, the people on both the swimming and diving team made it all worth while."

By Kristin Fusco

## *The Right Moves Net Courters State's 6th Best*

With extraordinary morale and spirit, the varsity tennis team once again was led to a successful season. Diedra Keating says, "The outgoing personalities of the captains, Pam Michelson and Sarah Yntema, kept the team psyched up and ready to win". Of the 30 girls who tried out for the team only 13 were selected, including alternates. Coach Lou Perry recapped a few of the highlights

*Senior Julie Marshall waits in a volley position for her opponents stroke during the State Tournament.*

during the season. They finished fourth in the Liggett invitational, second at regionals, and won all flights to successful triumph in the S.M.A. Of the 32 teams at State, the Seaholm Maples contently took 6th. The girl netters recorded a 10-2 overall record, with losses only to Lahser and Marian. The doubles combo of Alexa Irwin and Julie Marshall had a superb record of 22-0 going into states. After winning three tough matches they lost a grueling final match, which

brought their overall record to 25-1. Special awards went out to number 2 singles Sarah Yntema for most improved; number 1 doubles Julie Marshall for most valuable player; and the number 1 singles Pam Michelson for the "Sam Slaughter" award. Coach Perry feels to improve their playing he will continue to train to the best of his ability, and compete against the top teams.

# S WAMPMEN ARE BACK

## *Revised sport sends Seaholm tankers swimming*

Last year when the Birmingham School District cancelled the Seaholm Water polo Team's varsity status the program seemed finished. But this year through the excellent support of coach Kurt Pfister, and parent-manager Al Hibbert the program is now back on it's feet again.

Coach Pfister had to play the role of both teacher, and coach this

*Senior goalie and Most Improved Player Bill Bird throws down pool to an open teammate after making a save in the second game against Grand Blanc.*

season, due to the inexperience of his squad. Made up of a large crop of underclassmen the team also included nine seniors, and a junior. Of these nine seniors, only three, Lloyd Rose, the Co-captains Chris Scott and Ken LaBarge, had previously played water polo.

The season started out slowly for the swampmen, but really started rolling after the players gelled into one unit. Freshman George MacDonald playing his first season of polo

was an honorable mention all-stater, along with senior Chris Scott, who made the first team. George said, "Kurt taught me a lot, he is a great motivator." Junior Varsity player Charlie Leto stated "Water polo is a difficult game to learn, but I had fun doing it." Senior shallow-end goalie Mike Foley seemed to sum it all up when he said "We really grew together as a team this season, and the team will be even stronger in the years to come."

# SEA MA GIANT KILLERS

## Maples' Drive Stuns Big League Opponents

After several years of dismal basketball at Seaholm, the 84-85 squad set out to prove to its foes that Seaholm basketball had arrived. After an initial close loss to cross town rival Groves, the team began to take shape. Senior leadership and returning starters all aided the teams effort toward their distant goal. Their first

*After receiving a pass senior David Kuhn reads a pick underneath the basket and waits to deliver a play-making pass.*

victory came in their next game against highly ranked Lahser in the home opener at the Maple Dome. Later in the season the team put together outstanding victory strings of four and six games. These streaks were especially impressive because they included wins over such big name rivals as Berkley and Kimball in the first streak and in the second, Ferndale, Troy, and Kimball.

Much of the 85 team's success can be attributed to hard work, high team spirit, and outstanding senior leadership. David Kuhn said of the team, "Desire and hard work payed off on the court. Love of the game is why we play, so we're always enjoying ourselves. Winning just follows naturally from this." And follow it did, as the Maples posted an impressive record redefining their role in high school basketball.

# HITTING THE HOOPS

## *They Take the S.M.A. With Style*

It was a terrific season for J.V. Basketball. With combined effort and good leadership, the J.V. Basketball team had a winning season. As a matter of fact, it was the best season ever for a J.V. team at Seaholm. Leading the team to a great season were Co-Captains Pat Dunn and Tim Buese. Other stand-outs were Rob Stucky, Aaron John-

son, Steve Soechtig, and Wayne Neuser.

One of the biggest thrills of the season was defeating Ferndale by more than thirty points. One of the worst moments was a heartbreaking loss to Lathrup at the buzzer. What held this team together, as Co-Captain Tim Buese said, was a "tremendous dedication and ability to bounce back from a loss

without a problem".

Thanks to total dedication and devotion to Coach Dan Whitfield, who is also a pastor, the overall team effort for the season was 12 wins and 6 losses. If next year's J.V. team is as successful, Seaholm should have an outstanding team next year.

*By Joe MacFarlane*

# HAPPY HOOPSTERS

## *Plenty of Smiles After a Season of Success*

The Freshman Basketball team enjoyed a very successful season with new coach John Ivanko.

This team's greatest strength was depth. As Mr. Ivanko said, "Every player on this team played, contributed, and improved in every game." This improvement was highlighted by the teams 51-48 victory against Troy com-

*Dave Marcinkowski (42) and Tod Glant (30) prepare for a rebound while Bob McCarty (41) takes the ball to the hoop against Groves.*

ing back from ten points down in the fourth quarter. Troy had also beaten the Maples by 30 points early in the season.

Other outstanding games came against Groves and Berkley. Seaholm beat Groves in overtime in the first game of the season after coming from behind to tie the game. They also beat Berkley while missing two key starters.

This year's captains

were Scott Kang and Dave Marcinkowski. Other outstanding players were Bob McCarty, Tod Glant, and Tim Vinass.

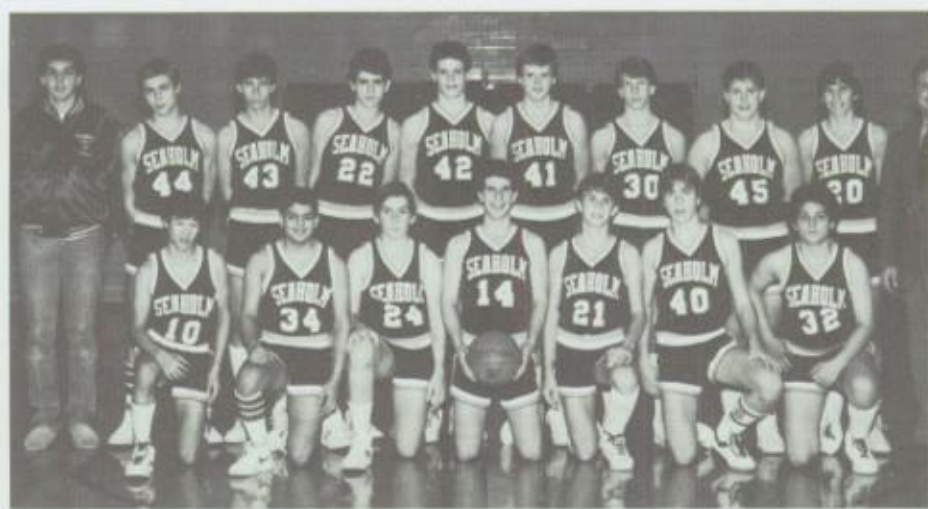

Through the hard work of every player and the leadership of coach John Ivanko the Freshman Basketball team ended the 1984-85 season with an outstanding record of 10 wins and 6 losses.

# GRATING GYMNASTS

## *Jumping Gymmies Leap to Second Place*

The girls' gymnastics team was unable to pull off a winning season this year. With a final record of 4-6-0 and an SMA record of 3-2-0, the girls had a rough schedule going up against tough Lahser and Troy teams early in the season. Sophomore Beth Hockman stated that, "We have a really spirited team this year, and despite our record we had a great season." One of the high points of the season was scoring 125 points against Berkley, which is a

very high score. Also qualifying for regionals and finishing second in the SMA were uplifting points during the season.

Although there were some gymnasts who were especially outstanding, Coach Kathy Briggs said that "each girl had her strong points." Junior Katie Dahn, the teams leading performer and MVP, had many. The team's overall best events were vault and floor exercise. Katie Dahn and Kim Morton competed all around while

Beth Hockman competed in the floor events and balance beam. Katie Dahn also qualified for the state meet.

Sophomore Sara Cairns said "we are strong because everyone gets along." Since no one is graduating this year, this closeness will continue.

# RACERS SLIP UP

## *A disappointing season ends in victory*

The Seaholm Ski Team consisted more of outstanding performances rather than an overall team effort. Throughout the year inconsistency plagued both the boys' and girls' teams. Captains of the boys team Chris Searles and David Schreiber along with Wayne Burns finished strong, but it wasn't good

*Double pole planting was the secret to Sophomore Matt McKenzie's successful season as the team's 4th racer.*

enough to beat the outstanding skiers from the other top schools. Seaholm is in the second hardest division in the state competing against the teams that go on to finish respectably in the state meet.

This year at divisionals Chris Searles finished 4th in the Giant Slalom and David Schreiber finished 12th in Slalom. For the girl's, captain and new student from Kingswood, Susie Rifkin finished in the top ten

in both Slalom and Giant Slalom. Co-captain Mary Napier finished in the top twenty. Other major contributors for the boys were rising young stars Matt McKenzie, Pete Landgraff, and Scott Appleford. The boys finished with a 1 and 5 record, the girls 2 and 4. Although the records don't show it, the year was exciting.

# SWIMMERS TAKE SMA

## *Depth and unity lead Maples to victory*

Seaholm Boys' Varsity Swim Team achieved high status in the 1985 season. "The boys have never worked harder," bragged Coach Rosenthal, "their times came down just as was planned." The team's awesome record was 10 wins and only 2 losses. This year's squad had unbelievable depth and expertly used it to their advantage

*Senior Bill Bird, on his way to an impressive finish in the Troy meet, grabs a breath of air while competing in the 100 butterfly event.*

in the League Meet.

Leading the way this year were Team Captains Brad Shivley and Cam Ramsey. These two Mighty Maples gave the team the support and encouragement they needed, and at the same time scored numerous points in the water themselves. Some other outstanding Maples included Billy Bertoncin, who was a double event state qualifier. Tom Augsburger and Eric Fernando came through for the

squad many times with spectacular swims. Freshmen Jimmy Johns, George MacDonald and Rusty Hibbert competed exceptionally well in spite of it being their rookie year. The biggest thrill for the Boys' Varsity Team this year was almost beating East Kentwood, who remains a dominant power in the State. The Maples ended the season with an impressive top ten finish in the State Meet.

## UDDING DIVERS

*Proving how Commitment and Talent pay off*

The boys' diving team may not have the quantity of most activities at our school, but the ones who have kept up with the demanding sport have received great satisfaction. "Since failure is close, many don't want to make the effort to try and succeed," says sophomore diver Geoff Hockman. The vigorous schedule of three to five-thirty in the afternoon, six to seven in the morning,

and ten to two on the weekends, require a determined diver willing to work.

Bill Cody feels the greatest strength of the team is the young age of the members. "Since our top diver, Geoff Hockman, is only a sophomore he still has many years to place top 5 in state." Bill felt Andover was the most difficult meet of the season because their top diver was the same age

and ability as ours. Geoff feels the toughest part about diving is "trying to land between the swimmers during practice!" Since Geoff set his goal at the beginning of the season, he realizes how much motivation he must have in order to succeed, and not be defeated. Geoff believes, "He who puts in the most effort will definitely triumph in this demanding sport."

# PINNING MATTERS

*Wrestlers grapple through a tough season*

"Young and strong": that's how Junior Pat Bray feels about this year's Varsity Wrestling team. Pat, co-captain of the team, believes that next year's team will be one of the strongest ever.

Also to the advantage of this year's team is the new coaching staff. Head Coach Josif Leynov, a Russian immigrant, has had over twenty-five years of experience in the wrestling field, and should provide

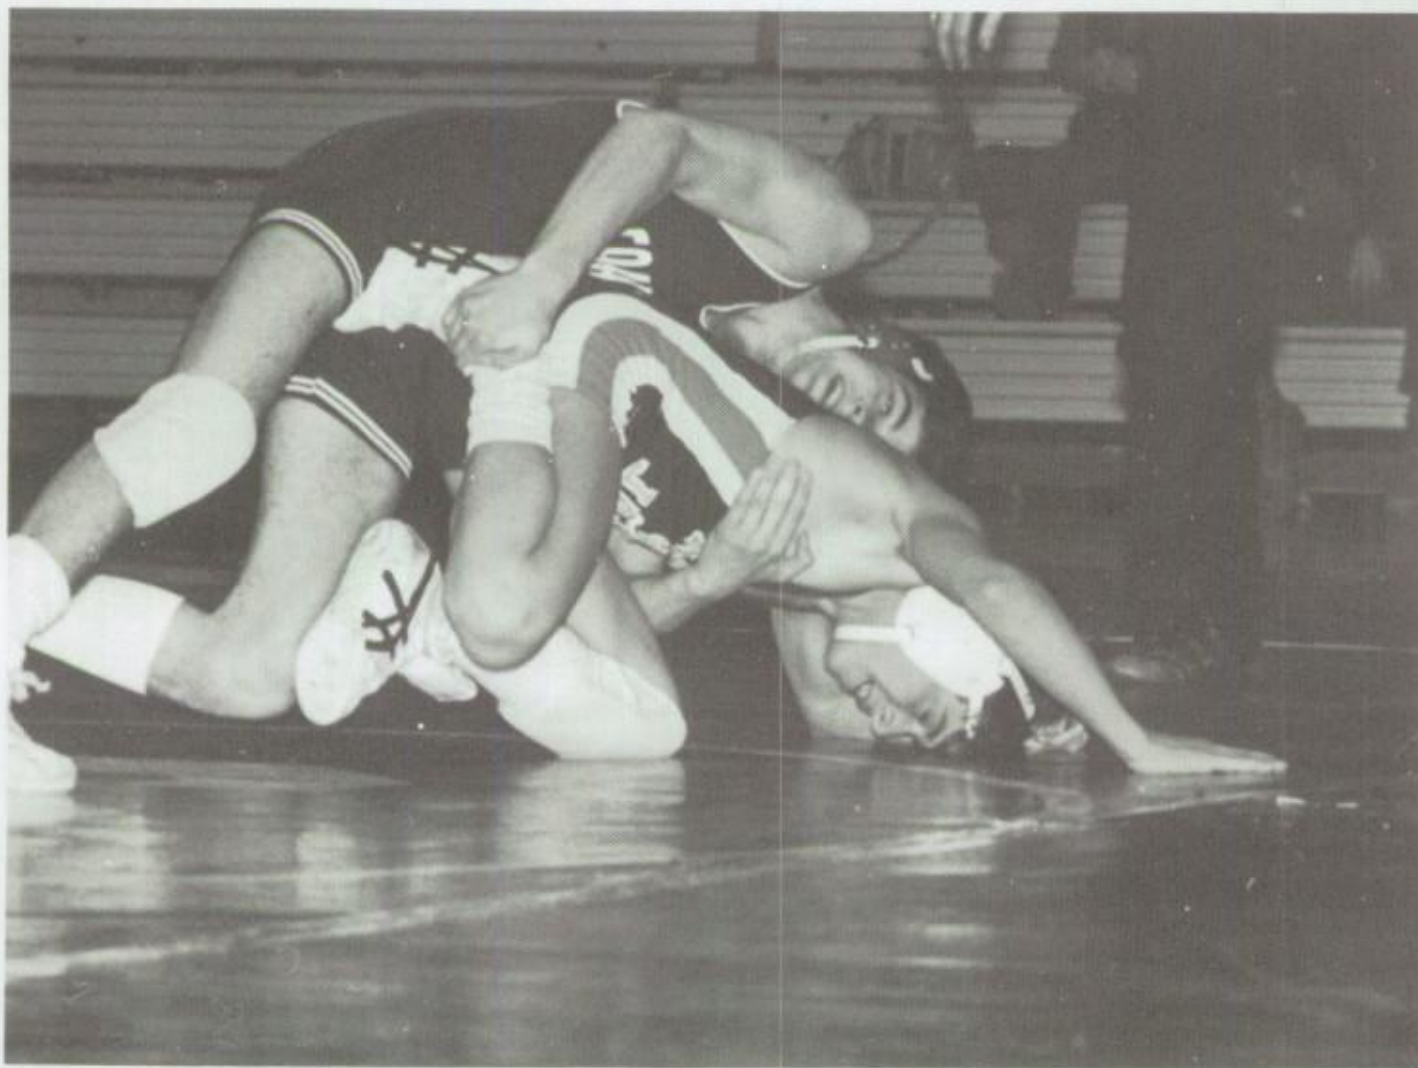

the team with strong backing.

This year's team had many strong performers. Among those were Pat Bray who won the SMA in his weight class of 119 lbs. and placed second in the Birmingham Bloomfield Invitational. Ted Berry, a transfer student from Country Day School, placed first at both the West Bloomfield Invitational and the Baron Invitational.

Of the Freshmen, Mike Hess was one of the best. Mike took third place in the Birmingham Bloomfield Invitational, plus a fourth at the Baron Invitational.

Because of the large number of returning members, next year's team will be exceptionally strong. Add this to the new coaches plus any new students will give this team a great advantage against their opponents.

*By Paul Donar*

# GIRLS CLINCH SMA

*Unity, Spirit and Skill Leads to Victory*

"It's nice having all the publicity and recognition even though it's hard to live up to it," admits setter Muffy Hayes. But live up to it they did, as they captured Seaholm's first girls' volleyball SMA title. In addition to finishing with a record thirty wins, the team earned second place in the University of Michigan and Dryden tournaments.

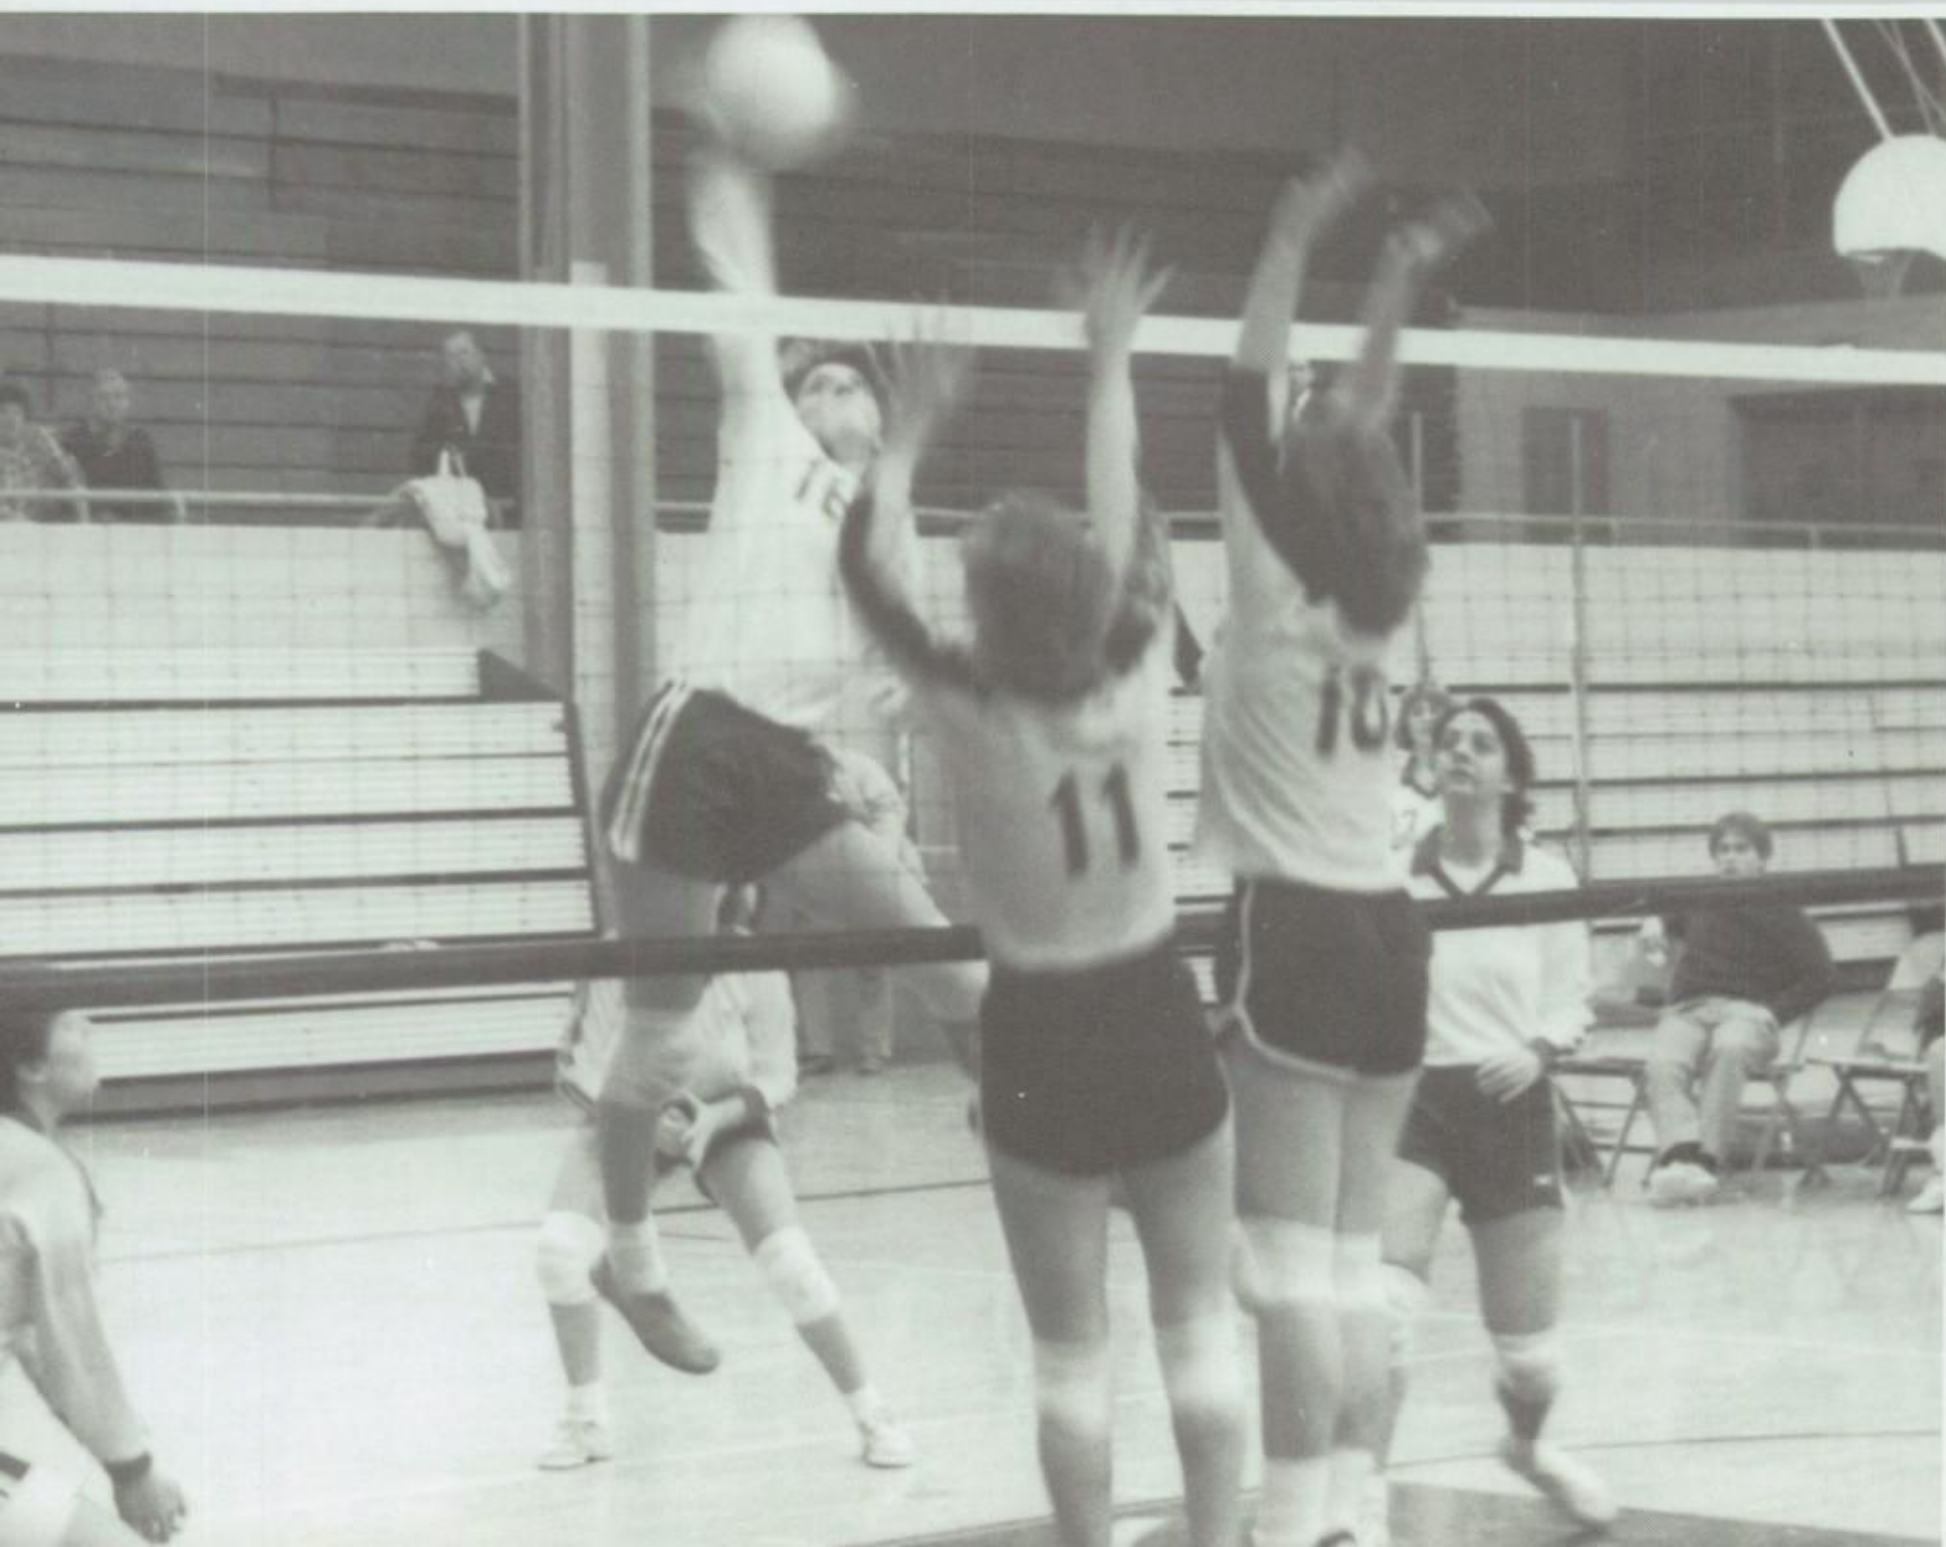

*With complete support of the team, Julie Marshall strives to reach her potential as she aggressively goes for the kill.*

The team's outstanding serving, power and performance at the net is based on the heavy emphasis placed upon basic skills. "Although our team has a lot of finesse, we must master the basic skills in order to obtain success," asserted Katy Hennessy. Another element of Coach Mills' winning philosophy is the importance of a team commitment. "We must be determined to be the best," proclaims Mrs. Mills.

One of the obvious ef-

fects of the hard work and commitment put in by the players is the camaraderie shared by the entire team. Explains Stephanie Kemp, "Either everyone is having a good day or a bad day, and no matter which one it is we all stick together." This combination of team unity, a strong desire for excellence, and an overall high skill level resulted in the 1985 championship volleyball team.

## ACK ON THE TRACK

### Netters Stick Together and End Up Winning

Led by returning players Kelly Hayes, Andrea Komives, Debbie Witt, and Molly Beagen, this year's JV volleyball team bumped, set, and spiked its way through a challenging but successful season.

After starting the season with three straight victories, the Maples fell prey to injuries and faltering morale. However, as player Kelly Hayes explained, the team members' "confi-

dence and encouragement of each other" was strong enough to put the Maples back on the winning track, and Seaholm finished the season with an 11-5 record.

One of the team's most treasured moments was defeating Kimball in the first game of the Clarkston Tournament. The Maples were really up for the game and defeated the Knights easily, 15-9, 15-5, making up for Seaholm's

loss to Kimball earlier in the season.

Seaholm's greatest strength was their offensive prowess. "We had a lot of good hitters and everyone could set," said Kelly. "Throughout the season, we were able to overcome any problem that was handed to us."

# BUMP, SET, SPIKE

*Freshman girls concentrate on the basics*

"If we could have had more time, we could have had a better team," explained Carin Laskowski. Time is always a main factor when it comes to having a successful athletic team. This year's 9th grade team has had their moments.

Coach Bill Schmidt felt *Kelly Holden goes up for the block while Ginger McGregor and Carin Laskowski get low to help return the unblocked ball.*

that the girls' basic skills; bumping, setting, and spiking were good but serving appeared to be the strong point for the girls. "We're just too sporadic, we do well in the tough games, and then we really have to hustle other times," said Dahria Lewis.

The girls felt the best part of the season was beating cross-town rival, Groves in two easy games. Carin Laskowski

had many good things to say about the 9th graders: "When we were losing and one of the girls was having a tough time, we all were very supportive of her." Overall, this freshman team has done a superior job representing Seaholm, with their achievements, in both good sportsmanship and athletic accomplishments.

*With intensity on her face and the desire to give a perfect pass, Ginger McGregor sets herself in the proper position.*

# D EPTH & UNITY

## *Maples' team spirit places them 2nd in SMA*

The Seaholm Varsity Baseball team did their job this year, and more. They ended the season with a 16-12 overall record, which actually understated the teams achievements. The player that lead the way was superstar pitcher, Jeff Peterson. He earned an awesome 10 wins and only 3 losses. This Mighty Maple also had 105 strikeouts, breaking the school record. This

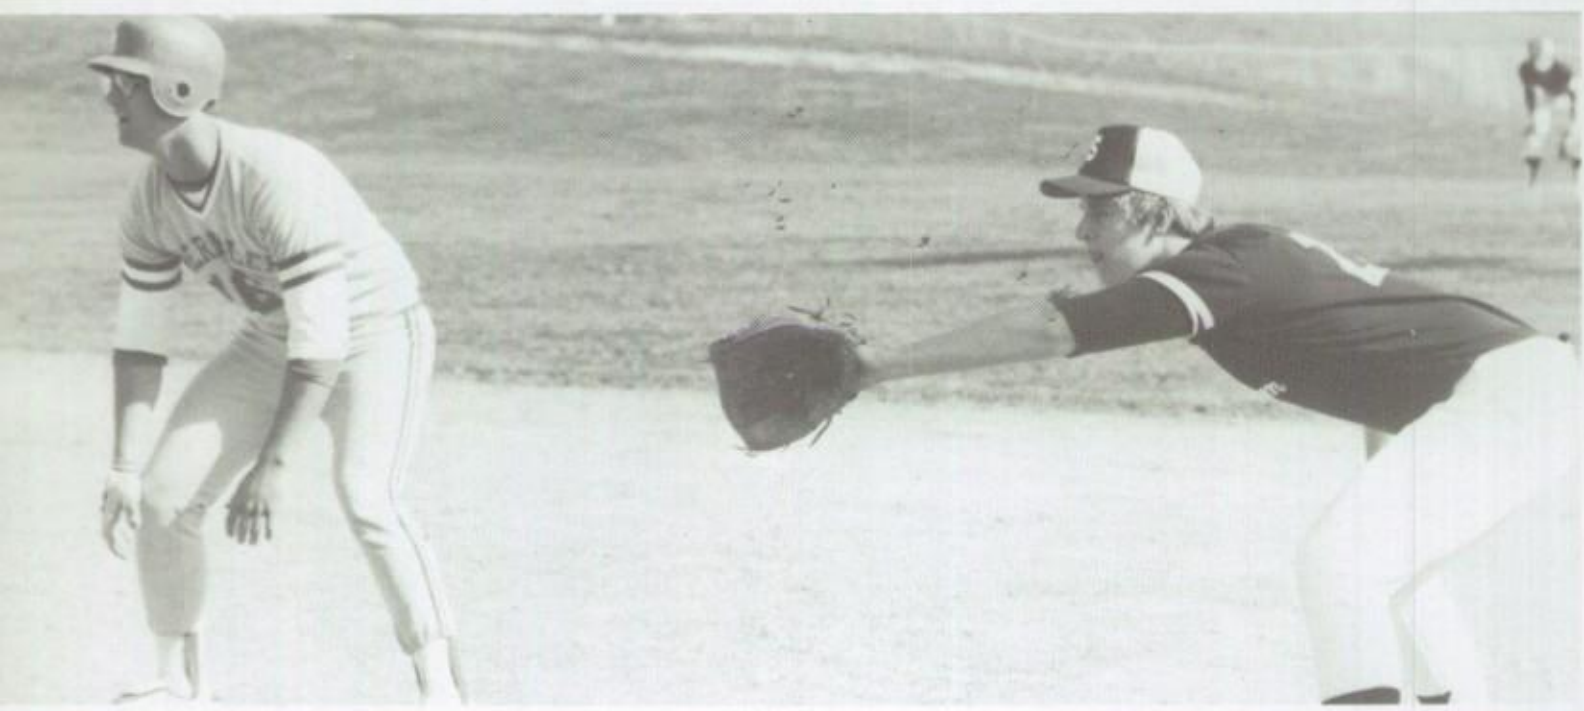

great talent did not go unnoticed, for Jeff will be attending Ferris University on full scholarship. In the hitting department, Jim Hakemian out slugged them all. Besides having the best average on the team, he managed to tie Seaholms' homerun record of 7. The Best Defensive Player on the squad went to Senior Ed Malone.

Overall the Maples were stupendous this year.

Junior Jimmy Woodruff said "the best part of the team was the strong unity among the players." "This team had a lot of depth," stated Coach Sackett. "On any other team our 2nd string would be their 1st."

*By Karen Bird*

*Keeping the base runner close, Sophomore Marc Spencer anticipates a throw from the pitcher to prevent a stolen base.*

*In a game against Troy, powerhouse Tony Purther smashes a base hit into leftfield, boosting his average above .400.*

*Hoping for another strikeout, Senior Jeff Peterson puts all he's got into a fastball against a tough Lasher opponent.*

After a close game against Cranbrook, Coach Glenn heads for the locker room to give his players an after-game pep talk.

Ready and eager to play, short-stop Eric Griffiths waits for his chance to take the field against West Bloomfield.

# C OME BACK KIDS

## *Second Half Spree Sends Seaholm Sailing*

"Comeback Kids" is a good description for the J.V. baseball team. In a tough S.M.A. J.V. league, Seaholm lost its' first five games, but was able to come back and end the season with a respectable 6-8 record.

The team was generally inexperienced, but throughout the season they learned a tremendous amount about baseball. "Each day everyone improved their

hitting, throwing, and general baseball knowledge," explained Coach Greg Glenn.

The ace on the mound was Mike Kauth, backed by Scott Millius, a young and upcoming thrower. Strong hitting was led by catcher Phil Bivens, Mike Kauth, and first baseman David Branstrom. The fielding was led by Steve Kurth, left fielder Doug Engle and John Sterling.

As Coach Glenn put it,

"Everyone was valuable and contributed their part to make the season a success and a learning experience. This year's goal was to be disciplined and aggressive. Each man on the team learned what it takes to win not only on the field but also in life."

*By Anne Carroll*

*Making the play at first base, starter Dave Branstrom snags a hard throw from third base.*

# UNIFIED EFFORT

## *Team Spirit Earns Frosh a Winning Season*

The freshmen baseball team, characterized by prowess and the ability to fight back, wrapped up their season with an 8-7 record.

One of the Maples' toughest games was against Kimball. Outstanding pitching by Bob Keating and strong hitting by the Maples, gave Seaholm the upset victory against the highly favored Knights.

In addition to Bob Keat-

ing, outstanding players included Bill Solomonson, a third baseman who was a good .300 hitter; catcher Dave Martin; short stop Dave Van Meter, another .300 hitter; Tom Weddell, the center fielder, and Mike Lawler, who had the highest batting average of the team.

As well as the outstanding individual performances, the team's unity is what enabled the Maples

to finish so strongly. The fact that Coach Smith played everyone as much as possible "really kept the team together," said Steve Kopcha. Added Bob Keating, "We worked well together as a team and it showed in our record."

*By Anne Carroll*

*With the determination of a modern day Babe Ruth, Jim Peters waits for the perfect pitch to blast over the left field fence.*

Showing his well-trained eye, Jim Peters takes a high inside ball. The Groves pitcher walked him on four straight balls.

Anticipating a blazing fastball straight through the strike zone, .300 hitter Tom Weddell winds up his home run swing.

# RECORDS BROKEN

## *Low marks drop golfers to sixth in region*

The girls' golf team drove their way to a 7-2 record and three school records. The team worked well together, which was proven when they broke the school records in lowest score for a foursome during 9 holes. They also set a record for lowest score for a fivesome on 18 holes. The incredible foursome was Muffy Hayes, Jenny Smith, Nancy Butts,

and Alisa Troelsen. The fivesome was the same four with the addition of Mary Beth Eppel.

The team had a 7-2 record but it wasn't enough to qualify them for the state meet. Due to the four cancelled matches they were excluded from divisionals which disappointed the team and coach Alex McInnes. During the year the team

showed promise when finishing 2nd in the Troy Athens scramble. This was against the toughest teams in the state. At the awards banquet All-Area stand out and team MVP Muffy Hayes received well deserved accolades.

## APLES TOP TROY

*The Booters Balance Out With 8-8-2 record*

The 1983 girl's soccer team shot its way to an 8-8-2 record this season under the direction of coach Bob Bukari. This year's team was comprised of many outstanding individuals, all of whom worked together to create a scoring machine. The Maples, who scored 45 goals on the season

*Coach Bukari and the team converse during halftime, attempting to increase their two goal lead.*

while allowing only 22 against, had a strong defense which shut out such power houses as Troy. Summing the Troy game, Sophomore Elissa Sard said, "It was the greatest game of our season. We played well together, scored an early goal and then let our defense take over."

The most disappointing loss the team suffered this year came by way of Bloomfield Hills Andover. The game was held score-

less throughout regulation time and both overtimes, and Andover won three goals to two in penalty kicks.

The teams outstanding athletes included: Katy Andreae, All-State; Stephanie Scott, 2nd team All-State; and Molly Finley, All-Area Honorable Mention. Team awards went to Stephanie Scott, MVP, Gingie Thompson, MIP, and Tish Weidman, Coaches Award.

*By Stuart Hunt*

*Katy Andreae puts a fake on a Kimball defender, on her way to scoring yet another goal.*

*Making use of the last few minutes, Stephanie Scott dribbles through Kimball halfbacks before feeding the forward line.*

# T EAM OF SPIRIT

## J.V. Ignites Toward The Season's Ending

The 1984 girls J.V. Soccer team stepped on to the turf in anticipation of a new season. This team, made up of mostly Juniors and Sophomores, had a little trouble uniting at the start, which gave the opposition a big edge. "The team had alot of spirit but not as much drive as other years," stated Ann Kilgore.

The Maples began to score more goals and began a four game win-

ning streak. Lead by the offensive scoring of Liesel Brand and the great defensive ability of Julie Dietz and Beth Stokes, the Maples were beginning their rebound. The most disappointing loss Seaholm suffered was the one to Roeper 0-3. Even though they lost, the feeling was that they didn't take the game seriously enough. The loss to Roeper was not enough to stop them. They came back to beat

Groves in the highlight game of their year, 1-0.

"All in all we had a pretty good season. Everyone enjoyed themselves and we played some good soccer as well," exclaimed Junior sweeper Anne Carroll.

By Doug Koester

*With the speed of a lightning bolt and the ability of Pelé, Junior Liz Bray controls the ball into the Roeper territory on May 7 at Seaholm.*

FRONT ROW: Jay Jay Cromer, Hope Scherer, Carrie Webster, Patty Willett, Ginger Thompson, Coach John Cunningham.  
SECOND ROW: Beth Szuhay, Liz Bray, Alison Saylor, Beth Stokes,

Krista Edwards, Laura McIntyre.  
THIRD ROW: Julie Dietz, Andrea Scampa, Liesel Brand, Laura Scholler, Ann Kilgore, Diane Hageman.

*In preparation for the all important throw in, Sophomore Diane Hageman readies all her power and strength to rifle the ball.*

*Relief goalie, Lynne Sherwood, retrieves the ball after what appeared to be a Lasher goal, nullified due to an offside player.*

# D EFEATED BUT...

## *Booters Find That Winning Isn't Everything*

Although the 1984 girls' ninth grade soccer team finished the season with an 0-8-1 record, participating on the team was a fun, learning experience for all of the players.

The high point of the season came when Molly Hartle scored the team's only goal during the Maples' third game against Andover. Although Seaholm wasn't able to pull off a victory, the hard fought, superbly played match was a tremendous boost

to the team's morale.

Seaholm's outstanding individual players, as well as the unity and dedication shown by all of the team members, is what enabled the Maples to overcome their weaknesses. Kerry Shea and Amy Sapala did wonders on defense while Mimi Spung and Molly Hartle led the offense.

As the season progressed, the team members earned valuable soccer knowledge as well

as building their dedication to the sport. Laura Carroll explained, "The fact that we didn't win made us more determined to work hard. The soccer foundation our freshman season provided will encourage many people to continue playing next year."

*By Anne Carroll*

*Rookie Coach Brian Hayes congratulates his team for a superbly played game against Andover which ended in a 1-1 tie.*

## APLE DEFENSE

### Softballers Defense Carries to District

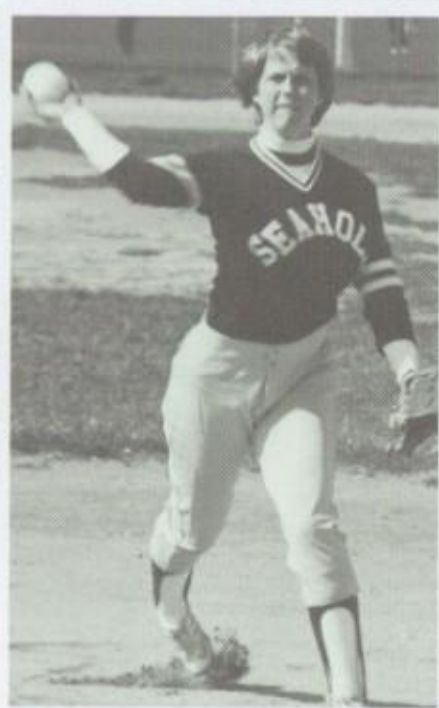

The 1983-84 Varsity Girls softball team, under second year coach Gary Chamberlain, had another impressive season. After losing all-league pitcher Rene Corej, senior Amy Key stepped in and did an equally outstanding job.

*Senior co-captain Beth Bray fires the ball while attempting to stop the tying run from crossing the plate.*

Other valuable senior players were MVP third baseman Jody Page, best defensive player, first baseman Wynne Kinder, and third year shortstop Beth Bray. Another outstanding player was centerfielder Lynn McDermott. This years team comprised an overall record of 14 wins and 9 losses with an 8-6 league standing.

Seaholm's most memorable victory this year was their easy defeat of cross town rival Groves by a score of 10-4. The Maples toughest challenge this year came in the second-round of District play. It was a wonderfully played defensive game, and Seaholm fell short of advancing by a score of 3-1.

*By Sarah Yntema*

FRONT ROW: Sarah Wilkinson, Jenny Buesser, Lauren Mirro, Lynn McDermott, Sarah Parker,  
SECOND ROW: Amy Key, Beth Bray, Wynne Kinder, Jody Page,

Carrie York, Laurie Michelson,  
THIRD ROW: Gary Chamberlain, Karen Marshall, Julie Marshall, Susan Maentz, Sarah Yntema

*Displaying her perfect form on her fastball, Senior pitcher Amy Key sets down yet another Andover batter.*

# M

# APLE SLUGGERS

## *Slide and Stride into CO-SMA Champ Position*

With spring in the air, the 1984 J.V. Softball team hit the diamond with new determination, each player striving for the best record that Seaholm could attain.

After the fifteen games played, the team left the SMA with an outstanding 12-3 record.

"The toughest game was against Berkley which decided who would be league champs," said

sophomore Jackie Baby.

The well rounded team consisting of four previous J.V. players, twelve sophomores and one freshman was just one strong factor of the successful season.

"The hitting and fielding in the infield were the team's greatest strengths," said Coach Bob Goralczyk.

"The winning season and the way we all worked so well together

were highlights," said Katy Hennessy.

The special coach's awards given include; Most Improved Player, Sarah Hoisington, Sportsmanship Award to Ann Bookmyer, and Most Valuable Player, Kelly Hayes.

*By Jody Kafarski*

*Contributing to Seaholm's winning score of 20-3 over Andover, Karen Reynolds stands at the plate calmly anticipating the next pitch.*

*Ann Bookmyer, while keeping her eye on the ball, pushes a base hit to Andover's right fielder, putting runners on first and second.*

*As Andover's pitcher completes her wind up, Good Sportsman of the Year, Ann Bookmyer, starts her swing and steps into the pitch.*

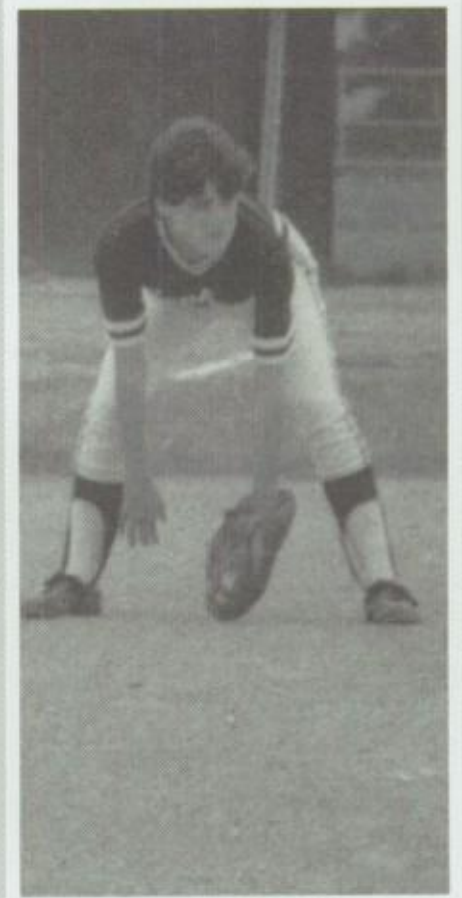

## SCOREBOARD

Body language reveals a lot about a situation. Catcher Erin Kauth refuses to move until the umpire acknowledges the perfect strike.

Pitching such an outstanding game, Mara Simich has no use for an infield or outfield.

# PITCH TO VICTORY

*Teamwork + Friendship + Skill = Undefeated*

Representing Seaholm for the first time, the girls Freshmen softball team had an incredible 1984 season. Closing up the year with an undefeated 12-0 record, the Freshmen out-scored their opponents 242-50 in 12 games. "We did so well, due to our hard hitters and good pitching staff," says, third baseman, Katie Buesser.

The girls coach, Bill Schmidt, has been coaching Freshmen softball for

the past three years and feels "This is the strongest team I have ever had; they should do well for the next three years representing Seaholm."

The girls pulled together and showed extraordinary team work. When the time came for the coach and team to vote on awards, they had some tough decisions ahead of them. Most Valuable Player went to Erin Kauth, Most Improved went to Jane

Ravish, and Best Sportsmanship went to Katie Buesser.

Summarizing an enjoyable season, Julie Joliffe said, "It's a lot of fun and very satisfying, especially since we went undefeated."

*By Amy Osterhoff*

*In her anxiety to make the put out at home, first baseman, Becky Lojak, fails to realize that the catcher is not there.*

*In preparation for a sharply hit grounder, Becky Lojek sets herself during one of the many practices at Seaholm.*

# S MASHING IN SMA

## *No 'love' means victorious Maple season*

An outstanding season ended on a positive note when the Seaholm Varsity tennis team surprised a few and impressed many. They won all their dual meets, and also defeated two tennis teams ranked above them in the state, Grosse Pointe Liggett and Ann Arbor Huron. Individual honors were given to Brad Pierce, who was voted MVP by the team, and

Tom Kemp, voted most dedicated. Excellent coaching this year was provided by Lew Parry and Bob London.

The varsity team consisted of ten strong players. The JV team provided additional power and skill. It was said by Senior John Mundell, "Our depth was amazing. Anyone could have been placed in any position."

Sophomore Jeff Ingold summarizes by saying, "We had an excellent season overall, a championship season, and a season filled with fun and new experiences."

*By Heather Burch*

*During the State Championships in Midland last June, John Mundell sets up for a powerful forehand that will win the point.*

At the State Championship meet, David Pierce radiates true form in his serve while hoping to ace his opponent.

Psyching himself up for the match, Brad Pierce hungers the victory of the State Championship meet in Midland.

*With deep concentration Junior Matt Rappleye powerfully propels himself within yards of the finish line against Adams.*

*Expecting his eventual fall, Freshman Matt Murvey strains on his crucial jump in a meet against the Andover Barons.*

# A

## UNITED TEAM

### *Maple Fast Feet Pour It On At Leagues*

The 1984 Seaholm Men's Track and Field Team, 55 men strong, finished 3rd in the league championships and 6th in the regionals out of a field of 16.

Jim Feiste led the way at the JV league meet by winning the 400 meter run. Dave Appleford, another JV champion, took the pole vault event. Seaholm looks to anchormen like these for leadership in next season's meets.

Senior captain, Kurt Mills,

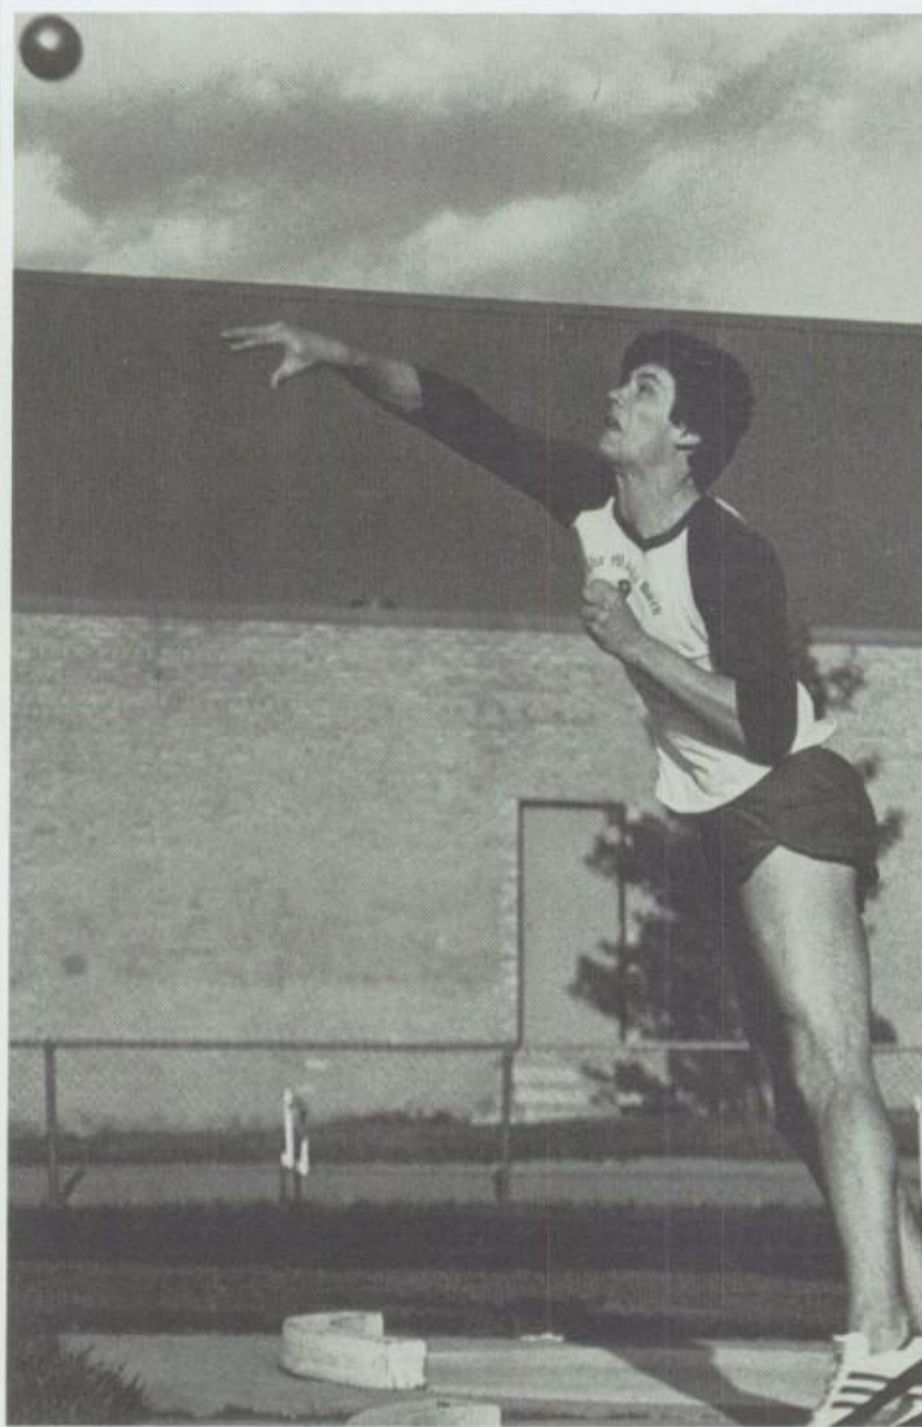

went undefeated in dual meets all season in his main events; shot put and discus.

Coach Ken Shively and volunteer assistant coach Jim Roth are to be commended for a good job, well done. "Jim Roth's technique was a real asset to the runners style," said junior runner Bill Cox. "Mr. Shively kept the team in line, and kept them all together." Their team deserves all the credit and

recognition they have received. Hard work and perserverance paid big dividends during this years track season. Junior runner, Nick Dovaras, said, "This year's team captains helped out each individual to improve their own personal performance."

*By Leigh Webster*

*Thrusting with the power of 96 cannons, Kurt Mills hurls the 12 pound shot put for his personal distance record.*

# LEAPS & BOUNDS

## Girls Track Team Sprints Through It's Season

Led by All-State distance runner Michelle Bews and sprinter Mary Ballantyne, the girls track team continued with its' second fine year in a row.

The rest of the team displayed extreme depth in its sprinting, field events, and distance. Mary Ballantyne came in third place in the 800 in the state meet. Laura Stapleton and Kirsten Elvekrog did well in the discus and shotput, and after becoming

the number one cross country runner in the state, senior Michelle Bews ran off with the mile and two mile run in the State Meet. Coach Wheeler admitted, "This was an extremely talented team and had more depth than most of the past teams."

Juniors Alysse Donohue and Karen Finkbeiner agreed, "The way in which everyone works together and cheers each other on at the meets and practice

is why this team succeeds."

With only two seniors leaving the team and over ten underclassman coming back, including eight letterman, in 1985 girls track looks as though it has a bright future.

By Lisa Dietz and  
Patty Willett

With obvious determination Elizabeth approaches the finish of her 200 yard dash. Elizabeth was one of the freshmen on the team.

Alysse Donahue clears the hurdle with perfect form during the Varsity regionals at Southfield. Alysse finished first in this particular race.

FRONT ROW: Kathy Solowczuk, Terri Peek, Debbie Burson. THIRD ROW: Ursula Nerdrum, Karen Finkbeiner, Alysse Donahue, Laura Stapleton, Kirsten Elvekrog, Mary Geltka, and the coach, Ron Wheeler. SECOND ROW: Heidi Nagaj, Renee Bator, Anita Motwani, Elizabeth Borman, Valarie Root,

Toughing it out during practice, Michelle Bews maintains an even pace. Michelle is ranked fifth in the United States for the two mile.

Kathy Solowczuk gets a good start to a winning finish in the 100 yard dash at the Southfield relays. The 100 yard dash is Kathy's best event.

# DOMINATION

## FROM FIELD TO ARENA

Chased inside by falling snow and temperatures, Maple soccer players extended Seaholm's tradition of domination on the soccer fields to the Square Lake Racquet Club Arena throughout the winter season.

The Varsity Boys' Team was made up of predominately senior players. For many of these soccer fanatics, indoor served as a stepping stone to possible college careers.

Most of the players on the Boys' JV Team were likely candidates for next year's Varsity Fall Team. By facing tough opponents like the Athens Scorpions, the players were able to sharpen their skills and remain in "soccer shape."

For the girls, indoor served as a prelude to the outdoor spring soccer season. The action-packed, high intensity game prepared the girls for the tough competition they would face in the upcoming outdoor league.

As Brian Sard asserted, "Indoor soccer develops better physical condition, a higher level of skill, and deeper concentration on the game than outdoor soccer. It's the up-and-coming sport of the eighties." Neil Tidmarsh added, "The recent growth of popularity of indoor soccer has helped to keep soccer among the top sports in the world."

*By Anne Carroll*

*Mike Rafferty*

*Elissa Sard*

*During the Maples' 5-2 victory over Troy, Doug Netzloff breaks towards the Scorpion goal. Although he was unsuccessful on this attempt, Doug later scored following a scramble in front of the goal.*

*Defender Mike Rafferty turns the ball away from Seaholm's goal during an 8-1 victory over Clarkston. The JV team was able to accumulate a 3-4-1 record in the A division, which included several varsity teams.*

Quick thinking and fast feet enable senior midfielder Lisa Smyk to clear the ball from Seaholm's defensive third while being pressured by an aggressive forward from the Troy Mountain Dew team.

Showing off the skill gained from five years of playing on BBSC and Bonanza teams, Freshman Heather Hamilton deftly dribbles towards the Lasher goal. The Maples, however, lost the game by a score of 3-2.

Elissa Sard

## VOLLEYBALL DIEHARDS GUYS JOIN GIRL NETTERS

For the second year in a row, forty boys joined the girls' volleyball team for four hours of competitive, co-ed volleyball in a pre-Christmas tournament. Organized by Seaholm's Varsity Squad, the tournament consisted of eight teams with four boys and two girls on each team. Two pools of four teams each were formed and round robins were played. The two teams with the best records faced each other in the final match.

Spurred by their loss in the finals of last year's tournament, Stephanie Kemp and Beth Witt led their returning team members Scott Christie, Jim Hakemian, Ty Deller, and Bill Whan to victory over Heather Swift, Muffy Hayes, and their teammates in this year's final match. "The people on our team were really into finesse and not just banging the ball around," said Stephanie. "That was what made the difference between us and the other teams."

"Everyone got out and had a really good time," said Heather. "There was a lot of competition between the teams and the guys really got into it," added Stephanie.

The tournament stirred a great amount of interest in volleyball and is likely to become an annual event, perhaps even including other schools. Stephanie concluded, "People are really starting to take interest in volleyball. They're realizing that it's not the sissy sport they used to think it was."

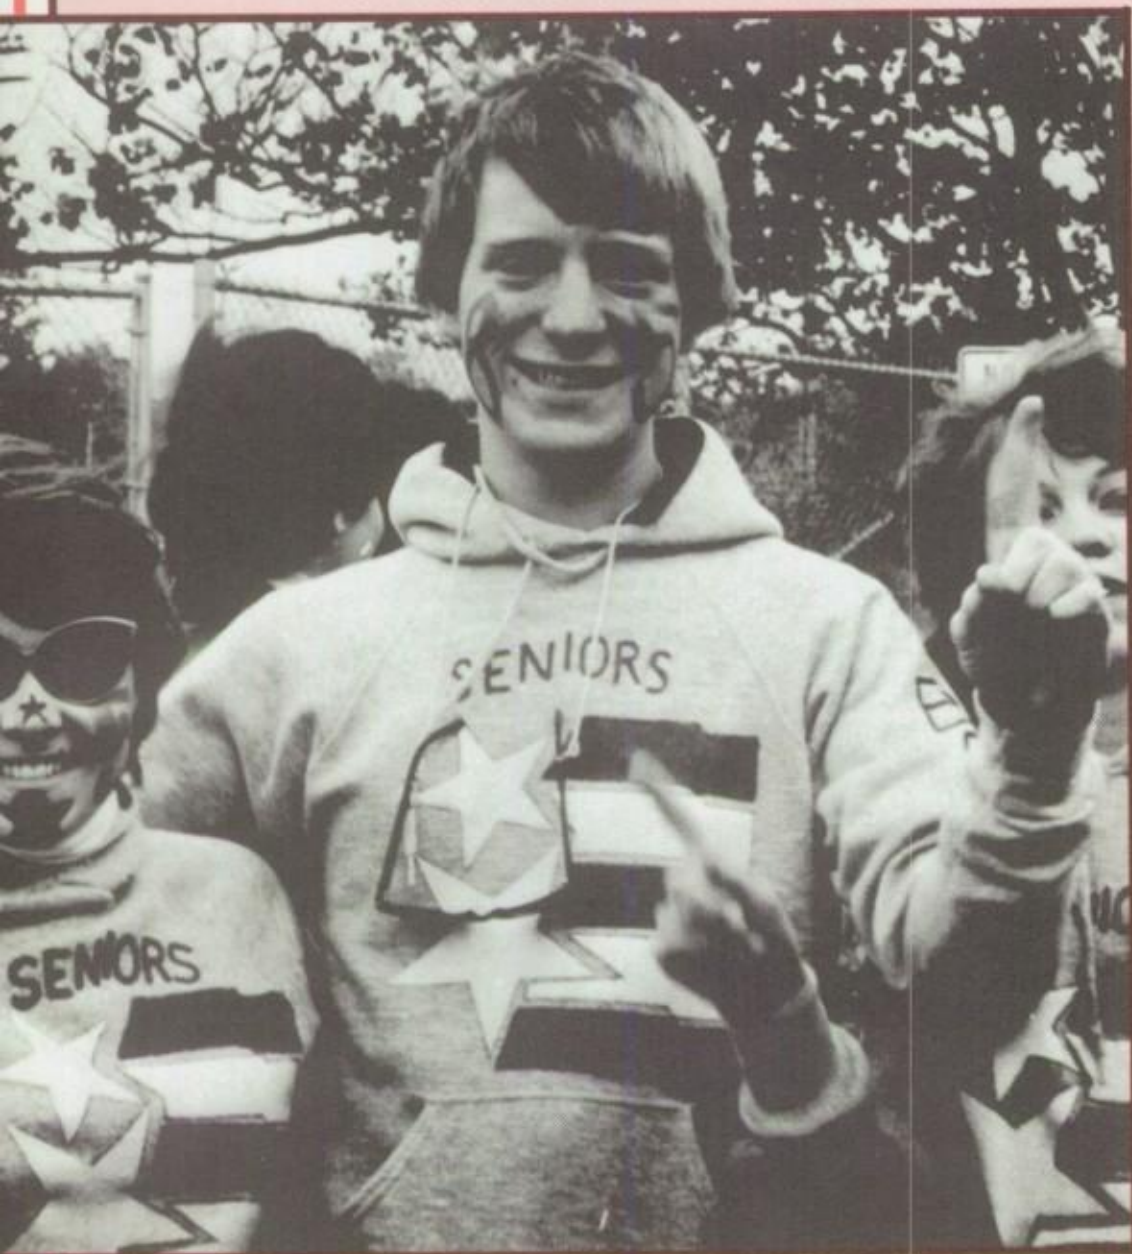

By Anne Carroll

Team work and finesse earned Les Belles et Les Betes the honor of winning this year's championship match. Their names have been placed on a trophy in Seaholm's lobby until next year's tournament.

# Dare to BELONG

Confident that the Seniors would win the Field Day charity event, Seniors Muffy Hayes and Wayne Laako were anxious to lead off the five mile Walk-a-thon. The class of '85 swept through this event by earning over \$1000 dollars for the Loren B. Fischer Memorial Fund.

Fleming and her Home Economics classes shared their holiday spirit by preparing the annual free Christmas dinner for Senior Citizens. Stores and business in Birmingham also involve students by hiring them for part-time and summer jobs.

By taking an active roll in their community, Seaholm students show their approval of the changes and transformations in Birmingham. They are eager to help it grow while preserving its charm at the same time. They have accepted their "new" town. They have dared to belong.

**B**irmingham

Michigan is a combination of the classic and the contemporary. Old-fashioned stores and houses are being replaced by new office buildings and condominiums. During the holiday season the white miniature lights on downtown's trees light up the antique Allen House as well as the highly modern Baldwin Library addition. It is this coalition between the old and the new which gives Birmingham its allure.

As in past years, Seaholm's students have reached out into their charming changing community. On October 21st many students participated in the Walk-a-thon which raised money for the Loren B. Fischer Memorial Fund. Student Congress also took an active roll in helping out others by successfully sponsoring a Fall blood drive, UNICEF, and the canned food drive. Mrs.

Pyrametrics, the new approach to haircutting for men and women, is gaining popularity at VCG Salon. Each section of your hair is cut to form a base and to support the hair above it. Like laying bricks. If the first course is right, the ones above it will follow. With Pyrametrics it's the best look for you. Make an appointment now!

Dear Cathi: We have just one month left together. Here are just a few things to remember our times together. Hadley's, Dec. 22, 1983 after a few cold ones we had our first experience with BAR room activities. Jan. 1st 1984 and our first adventure discussing politics at Eileen's house. Feb brought MONO. March brought our rides home from Canada. Summer we went to the festivals in Detroit, Up-North, St. Andrews hall, Mid-night swims, concerts, tennis, sailing, clubing and traveling where no man has ever traveled before. Remember me pulling you through the mail box. Come Sept. helping me get through the election, sorry it must have been hard. Not a day would pass without seeing you or thinking about you. Dec. brought shopping, skiing, paddle, and the very graceful way you fall. Jan. 1985 the big question was should you be driving or should I. Maann did we really have some good times!!! Remember these good times: Ohhh Marcia, get the car Givens, jello pops, and crosonts. Cathi I'm sorry I have to leave so early and can't see you off to school, be good and study hard. There will always be a song for you in my heart, they say the first love is the strongest, don't forget our plans. I LOVE YOU. TOM. One more question: Does the fuzzy pumper still live?

Tom: December 22nd, Hadley's, forget it. Prom, forget that too. Just kidding. Pool hopping. Mid-night swims at Orchard Lake. Tennis lessons. Quiet Riot. Susie and Carrie. Skiing. The Muppets. Joyce. Fights (and we know there have been lots) Memorial Day. Ice Capades. "Heaven" Bryan Adams. Honorary lighting member. Thompson Twins. The Saraway. Hot tubs. Dinner for two. Shopping. Waterbeds. President. Homework together (HA!). Up with people. U.S. Open. Valentine's Dance. Mr. Bedor. Florida. July 1st how sad. Diamond ring, I love it. Benetton. New York. Swing OUT. Field Day. Southfield freeway in the rain. Molly and Scott. Mom, I don't feel good. You spilled again! Oh Marcia, Oh David. St. Andrews. Were going to Mothers, really. Canadian border. Don't worry I know the way home. Why are you driving. Thursdays in the park. Biology. Royal Oak Music Theater. Just one minute. You know I was talking to my dad and he said you are the best looking person in the world. Aunt Terry. "The Club" Paddle. Maaan! Guarding Eileen's upstairs. Hi Kids! You had an abortion? Turning into a snob. Let's cuddle. Dinner and a movie. Grimley. Mr. Casual. Penny and Gus are in love now. Rearranging rooms. Sadie compared last year to this. Well, sweetie enough memories. I'm looking forward to the future with you. I will miss you so much over the next year. I love you and always will.

CONGRATULATIONS, PHILIP. WE WISH YOU HEALTH, HAPPINESS, AND MANY SUCCESSES. LOVE MOM AND DAD.

Dear Faculty and Classes, The Senior class would like to thank the classes of 86, 87, and of course 88 for all their support this past year. And good luck to them in the future. We would also like to thank Mr. Scott, Mr. Wallendorf, and the rest of the staff. We would especially like to thank our class sponsor, Mrs. Wilson for without her we would never be a unified class.

Tom Hartle

# EATON AIR FILTER, INC.

2388 COLE STREET • BIRMINGHAM, MI 48008 • TELEPHONE (313) 540-5200

## THE CLEAN AIR FORCE

Testing filters which regulate the oxygen flow during open heart surgery, Sandy and Michael Purton experiment with laboratory equipment at their fathers business, Eaton Air Filters, Inc.

## A STORY

Three high school students organized a safari into deepest Africa. After four long weeks, they were attacked and captured by a primitive tribe and brought before the tribe's ferocious leader.

"You have two choices before you," the chief said to the three. "Death or Kukamunga."

Not liking the first of the two choices, the first student replied that he'd opt for "Kukamunga". He was led by screaming tribemen to a remote portion of the village.

The other two had no idea what was happening. All they heard were horrible cries of anguish. They felt sorry for their comrade.

The second student was given the same choice by the chief: "Death or Kukamunga?" Still not knowing what the cries were about, but smart enough to know that death was not a great alternative, the second student also chose "Kukamunga".

She too was led off, and again cries of anguish could be heard by the awaiting third student.

The cries were horrible, sounding perhaps worse than death at times.

The third student was scared. Very scared. Real scared. But she was also skilled in the ancient tongues of these primitive people. She thought and thought, trying to remember how to translate "Kukamunga".

Finally, bells rang in her head, and a flash of inspiration reminded her of the translation.

"Kukamunga" was primitive talk for "Put together a yearbook".

The chief quizzed her as he had done the others. "Death or Kukamunga?"

The student opted for the lesser of the two evils: "I'll choose death, sir," she replied, relieved that her fate was brighter than the other two.

"So be it," replied the chief. "I sentence you to death by Kukamunga!"

## A REALITY

You have in your possession, a copy of the 1985 yearbook.

At first glance, it's a nice collection of pictures, stories, facts, and memories. Certainly worth keeping. Hopefully enjoyable.

But if you will for a moment, please reflect on how much effort it took to put together this volume.

Think of how many pictures had to be taken, retaken, scheduled, and rescheduled, printed and re-printed.

Think of how many words had to be written, typed, then re-typed, then edited, then proofed, etc.

Think of how many layouts had to be drawn and marked so that the printer would know whose face went with whose picture. And what type style to use. And where to put the lines. And how to get it right side up.

This book isn't perfect. And if you are a recipient of a mistake, whether it be a misspelling, misidentification, or omission, the staff is obviously sorry. And the mistake is obviously not intentional.

But the staff has worked hard to do their best. And this page is done in the hopes that you recognize this fact.

They worked not for money. And they seek not your praise for their efforts (although they wouldn't mind it).

But a simple "thank you" from some of you would feel great. And make all the work even more rewarding than it already is. The 1985 staff includes: Katy Andrea, Karen Bird, Carole Braden, Heather Burch, Anne Carroll, Kristen Catto, Nicci Chen, Susan Cotter, Lisa Dietz, Paul Donar, Nick Dovaras, Kristin Fusco, Kevin Hauser, Jeff Hepfer, Stuart Hunt, Jody Kafarski, Rob Kessler, Doug Koester, Liz Krebs, Joe MacFarlan, Julie McLandress, Lanelle Mellick, Laurie Michelson, Kathey Morgan, Amy Osterhoff, Amy Parsons, Mike Rafferty, Elissa Sard, Chris Searles, Leigh Webster, Patty Willett, and Sarah Yntema.

*The Losers of the Year: Walter Mondale, John DeLorean, and Vanessa Williams. One lost his attempt for Presidency, one lost his car company for cocaine, and one lost her crown when nude photos of her were published in a magazine.*

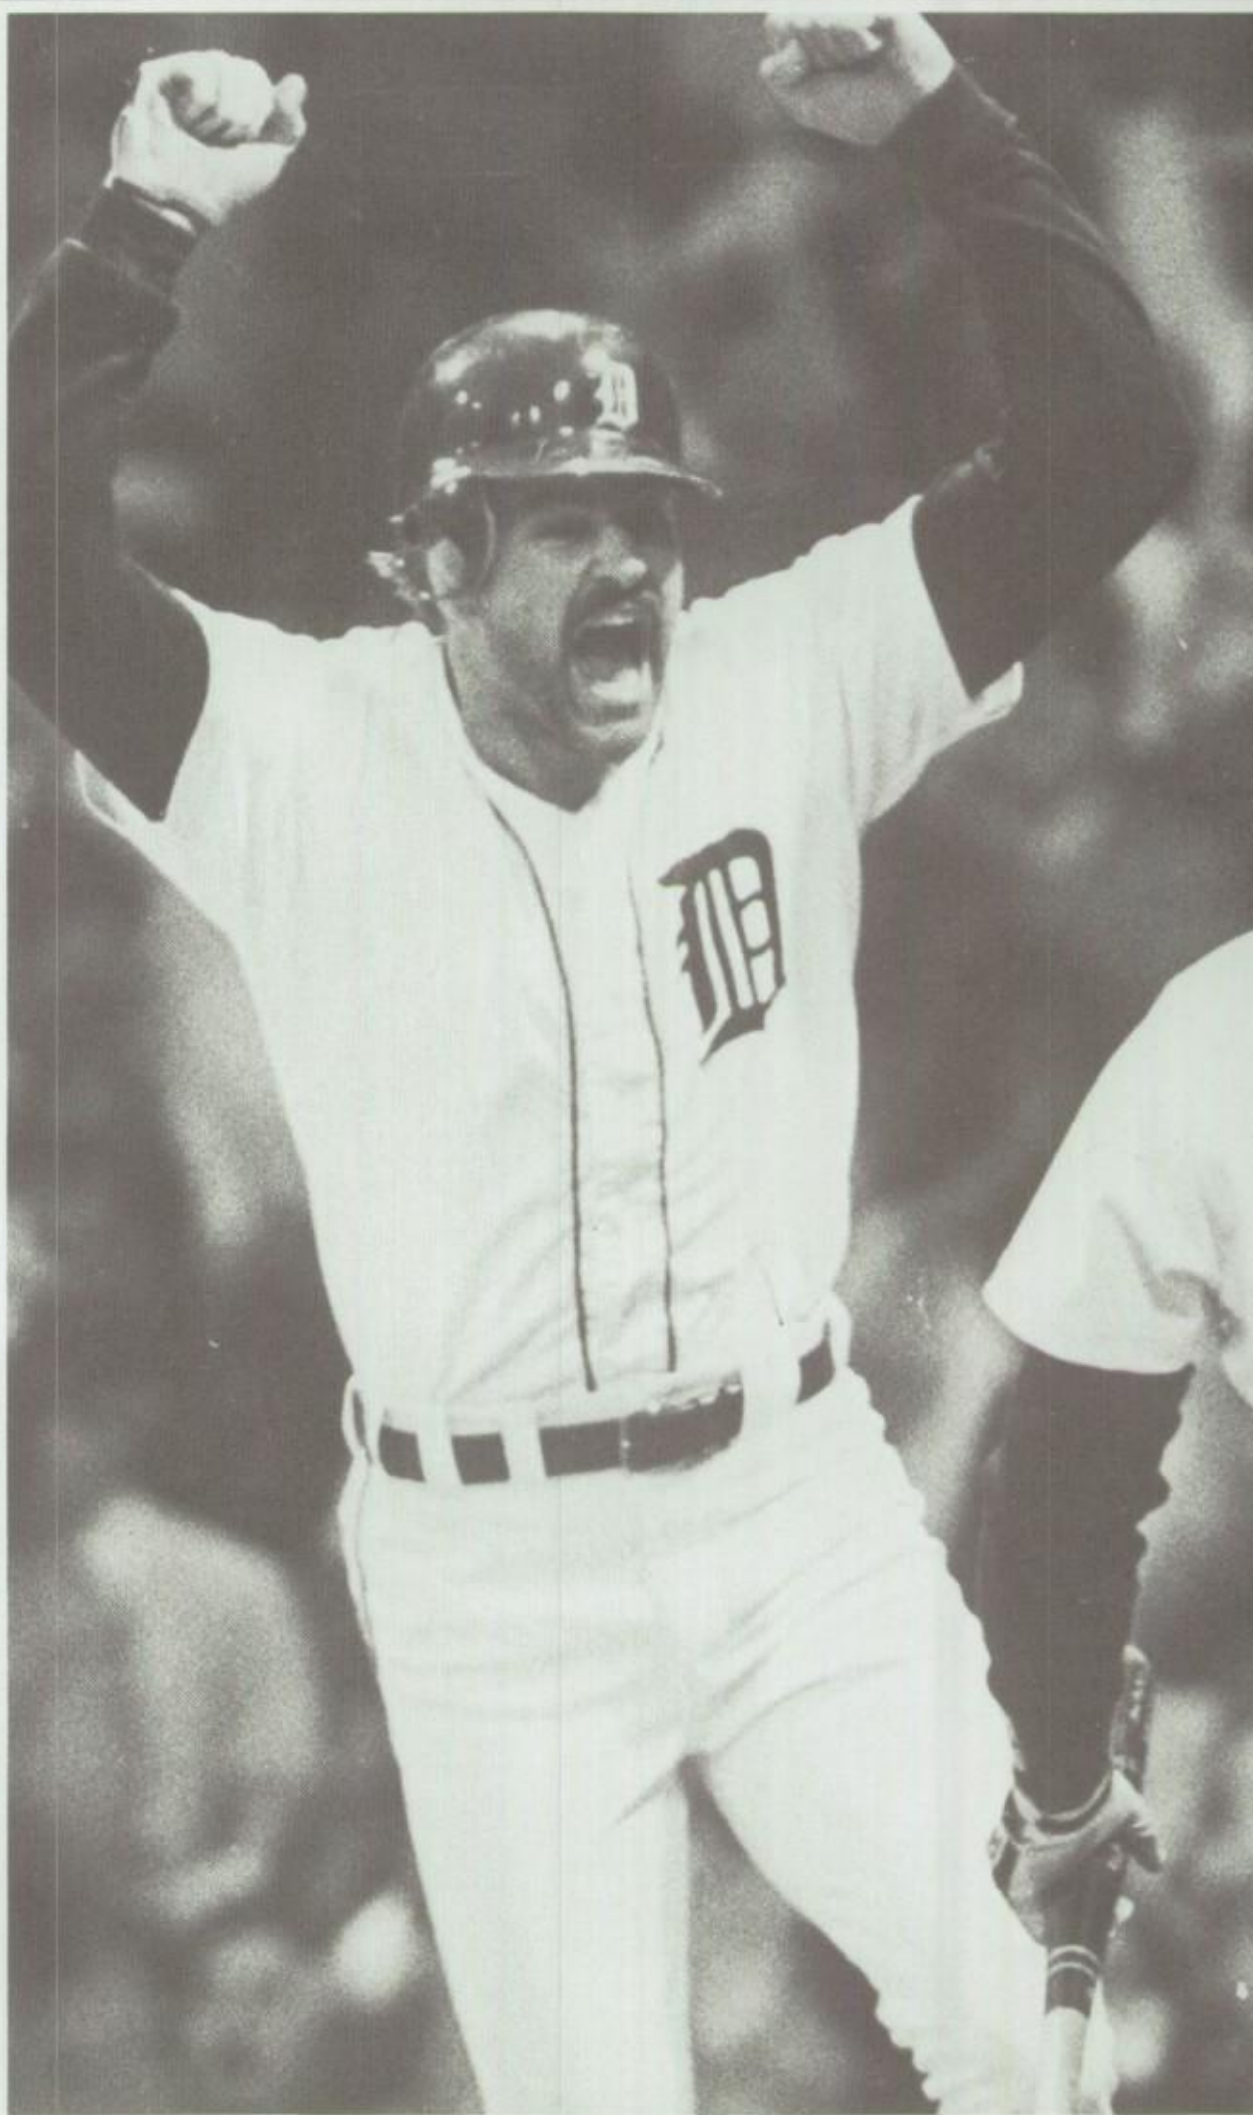

*AP/Wide World Photos*

*AP/Wide World Photos*

*The United States did extremely well in the Summer Olympics in Los Angeles, winning 83 gold medals, 61 silver and 30 bronze. Carl Lewis won four gold medals alone tying the record.*

*BLESS YOU BOYS! - The Detroit Tigers took the hearts of millions as they took the World Series from the San Diego Padres. The Tigers never slipped below first place all season.*

"We knew we were going to lose, but we kept our spirits up. We had been through this whole thing together and had worked very hard." - Geraldine Ferraro, the first lady running for Vice President, during election night when the Democrats lost to President Ronald Reagan.

# They made a difference

Lotto tickets, *Ghostbusters*, Baby Fae, neon colored clothes, Cyndi Lauper, the Olympics, Marvin Gaye, Yuppies, the Election of 1984, Prince, and the Detroit Tigers are all parts of 1984-1985, each taking its place in the history books.

The year was highlighted by the Election of '84. Once again, the two great political parties faced each other with Mondale and Ferraro opposing Reagan and Bush. Americans followed the fiery debates of "the great race," compared each party's tickets, cast their votes, and watched Reagan and Bush sweep the election for a second term with the greatest landslide election in the history of the country.

"Bless You Boys" is the phrase that stirs up memories of the Tigers championship year. Bumper stickers, billboards, and T-shirts sprouted the household phrase. 1984 became "The Year of the Tigers" as bleacher creatures and home viewers saw Lance, Kirk, Chet and the entire Tiger team conquer the San Diego Padres to reign as World Champions.

The people, fads, deaths, failures, and triumphs of 1984-1985 are unforgettable. Each making its contribution to the past year, each making a difference.

AP/Wide World Photos

President Reagan won re-election with the biggest electoral vote in the nation's history. He won 49 states with 49 percent of the total vote. Here the President enjoys his victory celebration on election night, November 6, 1984.

AP/Wide World Photos

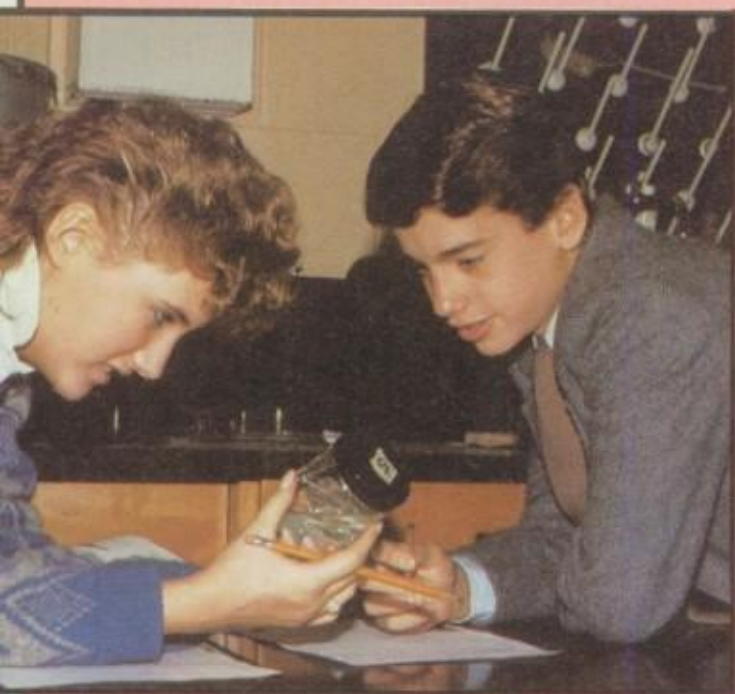

*"The Groves game is always the biggest game of the year. That win, I felt, was the biggest one of the season, and it felt so great."*  
*- Joe Holland after helping the Maples to a 7 - 0 shutout over cross-town rivals, Groves.*

# SWINGING TOWARD A VICTORY

Through the year, we have learned even with special individuals that "dared to be different," we, the school, have worked together through unity and friendship. No one person shone beyond everyone else, but everyone in their own special way was as different from each other as was Seaholm from any other high school. Seaholm dared to be different from any other high school in many unique ways.

*Nick Dovanis*

*Academics is the mainstay at Seaholm High School, and students take pride in their efforts. Here Andrea Komives and Eric Griner examine a specimen for an assignment in biology.*

In athletic competition Seaholm has proved to everyone, once again, that there is more to a good high school than just academics. For the third year in a row, the Varsity Football Team ran away with the Southern Michigan Association's title. The team was undefeated with a record of 29 - 1 regular season games through three years for the senior players. The one loss was the first game of the thirty. Many other teams once again showed what they were made of as they dared to take the SMA championship. Even the fans dared to be different. Seaholm students and fans broke attendance records in many athletic events cheering their Maples to victory. Very few times did they feel the agony of defeat as only a few teams didn't break .500.

Seaholm offered over fifty activities in which a student could pick to become involved in. From computer team and yearbook to drama and choir, students took

*Continued*

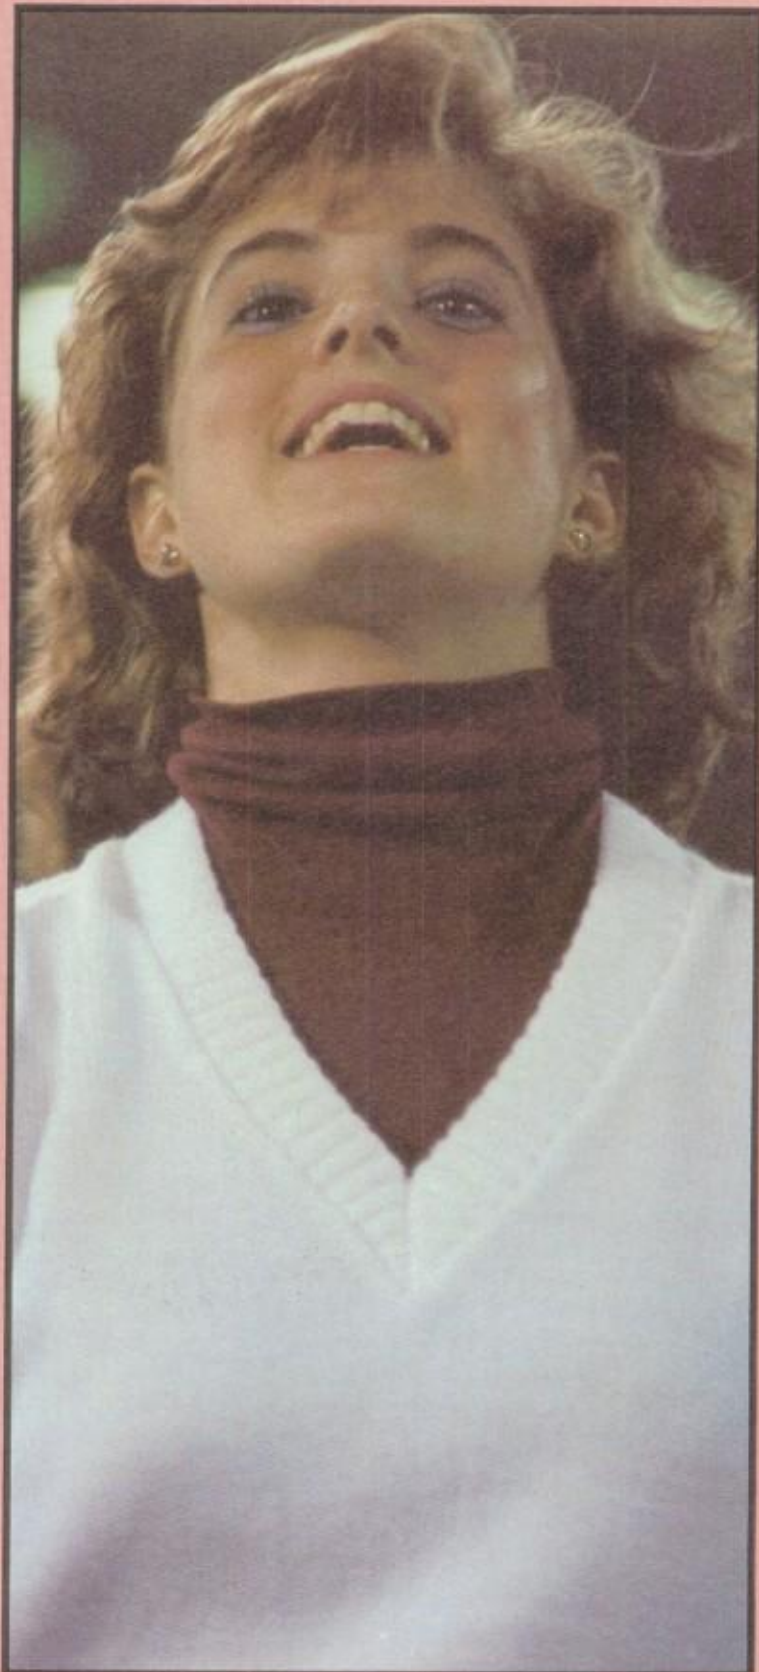

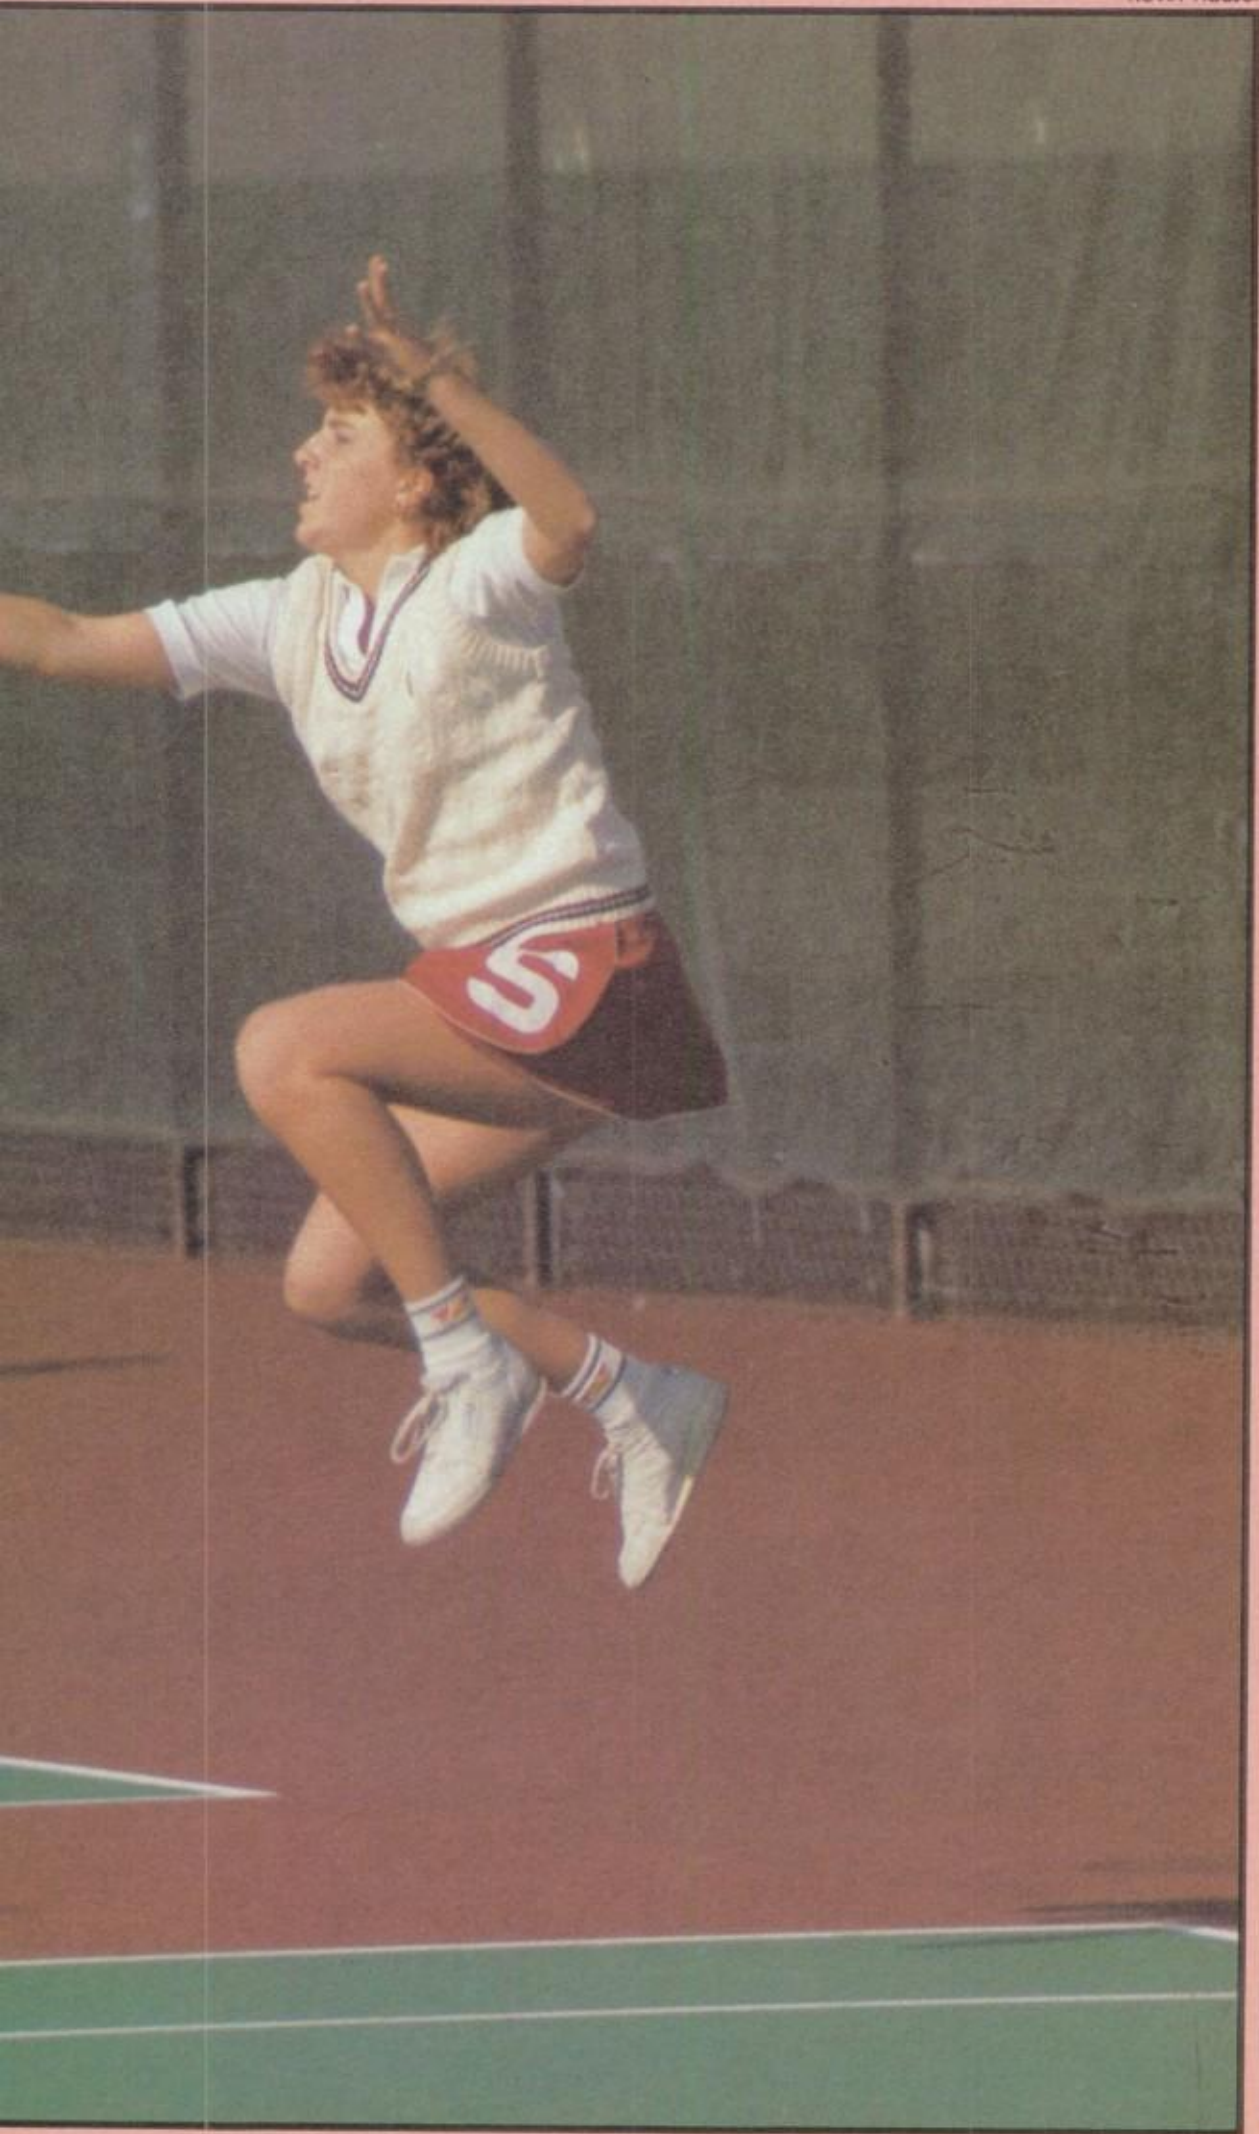

Kevin Hauser

Seaholm has produced many great people and has sent them on to a wonderful future. The school stands in all its grandeur for one of the top academic institutions in the state of Michigan.

Nick Dvorak

Spirit rose to a peak during this years' football season. Attendance records were broken all through the season. Helping in this enthusiastic spirit, Buffy Martin cheers on the Mighty Maples.

In all aspects of the school, Seaholm was successful. The girls tennis team, with the help of Julie Marshall, was just one of the many teams to go on to another fantastic season.

The Field Day theme of this year's Freshman Class, representing the army, could have been "fall out, one, two" as Michael Purton keeps his cool but not his pants.

It's "Family Night" at Tiger Stadium as Paul and Helen Constan catch Tiger Fever while rooting on our World Championship baseball team.

"Winning the sack race was so important to my class and me. We wanted to win and had to win." - Glenn Gosine after winning the sack race for the victorious sophomores.

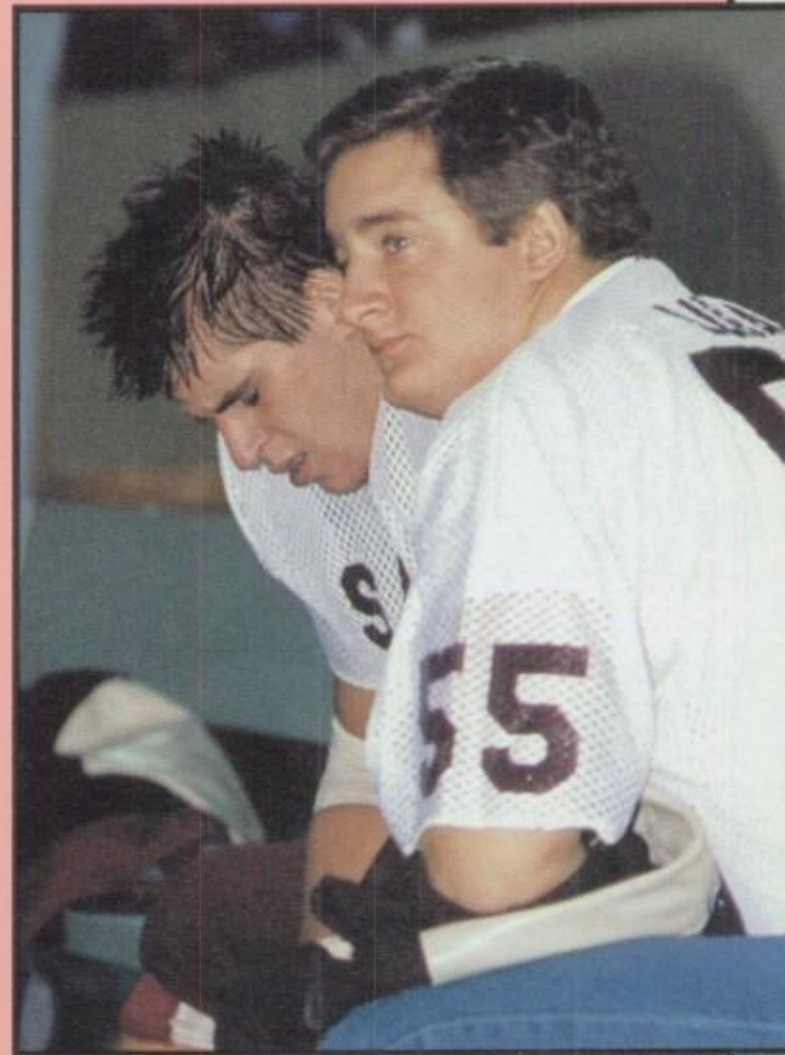

# POURING IT ON IN FIELD DAY

part in many extra-curricular activities, as they dared to be different by learning more outside of class. Another activity, Field Day, brings unity and friendship between the four classes. Even though only two classes can win, all grades come out ahead knowing they dared to achieve a win for their class.

Academics was the mainstay at Seaholm, as always, and the high school offers one of the best programs in the state of Michigan. Over 85 percent of graduating seniors go on to bigger and better things. Seaholm knows that with a statistic like that, their dare to let students excel paid off. With our first four-year graduating class, Seaholm has prepared for future students to come in and be accepted in Seaholm's way of life.

With students working throughout the community, inside the school, and across the state, Seaholm has dared to be different by letting everyone know what we are. We have met the challenge successfully. Seaholm is one to be remembered and Seaholm will always . . .

*Nick Dovanis*

Even through an injury plagued season, Seaholm's football team went undefeated. Injuries to Marc Spencer and Dan Lukas were two key draw backs, as Lukas looks on toward next week's game against Farmington Harrison in the playoffs.

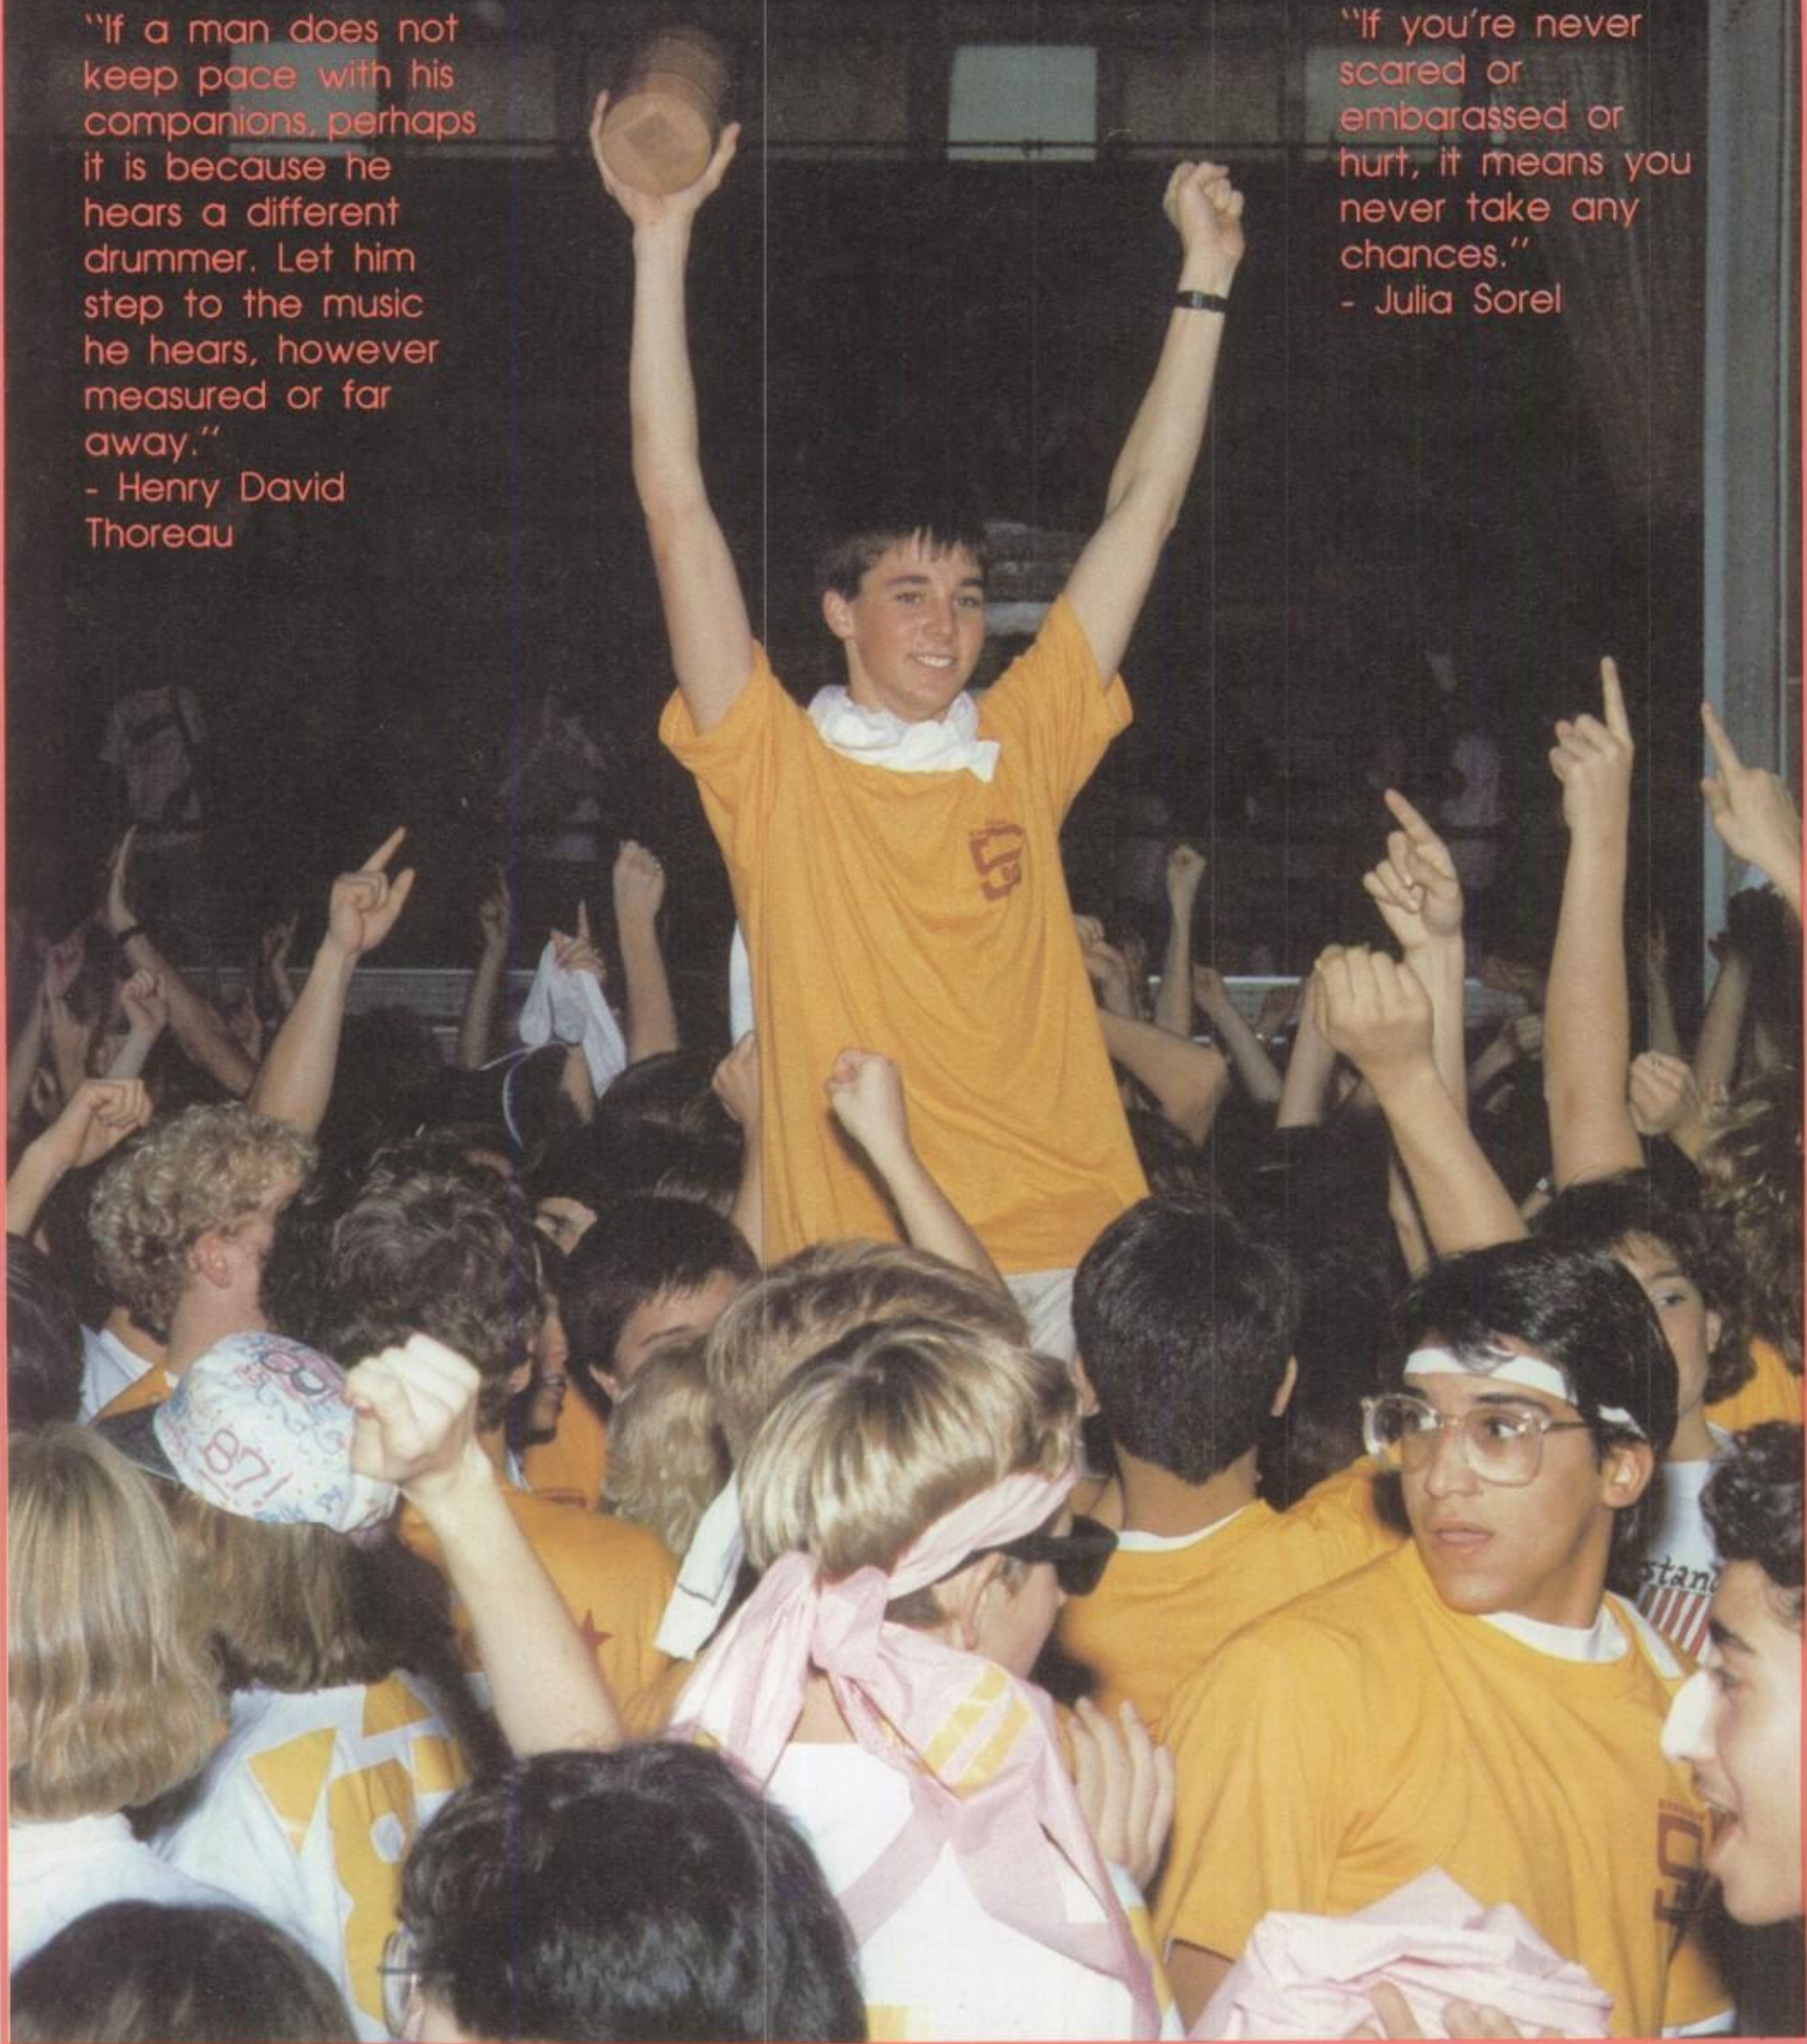

# Dare to be Different

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music he hears, however measured or far away."

- Henry David Thoreau

"If you're never scared or embarrassed or hurt, it means you never take any chances."

- Julia Sorel

I haven't known <sup>you</sup> for too long and that's  
kind of too bad but now we're making  
up for it!! Right? I want to get to  
know you real good, and keep on  
finding things that we have in common.  
I think you are an absolutely  
wonderful boyfriend and I don't want  
you to move. I can't really think up  
anything to write so let's just have  
a swell summer together..  
Love always,  
Jen

Joe,

Hi! Well, gym has been great!

Well not really! But it was great  
meeting you! Have a great  
summer! I really never <sup>know</sup> what  
to say in these things, I hope  
your zit gets better!

See ya later,

Love  
Michelle

DEAREST JOE, IT'S BEEN GREAT KNOWING YOU! YOU ARE  
SUPER SWEET! I WISH YOU THE VERY BEST IN THE  
FUTURE! I KNOW YOU WANT ME IN YOUR CLASSES  
NEXT YEAR SO WE WILL PRAY FOR THAT!! I HAVE  
A GOOD TIME WITH JEN, WHICH I KNOW YOU WILL!  
GOLD LUCK! LOVE  
DEIDRE

JOE,

SINCE WE'VE HAD SUCH A GOOD MARRIAGE, I FIGURED I COULD WRITE BIGGER. YOU'VE BEEN SUCH A GOOD HUSBAND, TOO BAD ABOUT SUSIE AND UH, WHATS HIS NAME. I JUST WANT YOU TO KNOW YOU ARE SO CUTE AND I LOVE YOU SO MUCH! ALWAYS REMEMBER HACKY-SACKING AND THE TIME WE WENT TO K-MART FOR POPCORN. REALLY NOW, YOU ARE A SUPER GUY WITH A GREAT PERSONALITY AND I'VE LOVED BEING IN YOUR 5<sup>TH</sup> HOUR - ITS BEEN FUN! LOVE YA LOTS!

YOUR LOVING EX  
WHO WANTS HER  
ALIMONY

LOVE  
LISA HILL

JOE,  
I'm really glad  
I met you this year.  
we've had a lot of  
laughs in home room  
you're a super guy. Hope  
to see you this summer.  
love  
Jody

you-  
Did ya know  
my best friend  
mother in Texas  
used to live in your  
house - isn't that cool  
Well shweetums, summer  
gums have a super ya - I mean  
I'm sure I'll see you - the corner is - sorry  
ya barely live around Susie the one who  
now that I know who weren't the well - sorry  
I guess you just of her needs. On well - sorry  
could satisfy all of her didn't deserve you in the  
about Lisa, too! she of all the look in your  
first place - I could tell by the steps  
spelled man - your one & only  
was she was have given

← Sarcasm

Bullshit

MY GOD! WE AREN'T

Freshmen

Joe,  
The Year when real Fast For me  
But The sad thing is, chances are  
we probably won't be in the same  
math class next year. So all  
I can say is: see ya this  
summer, have a great one  
and have an even better  
life!  
gnarles!  
-Lyz-

Joe,

Joe, Joe, Joe, Joe  
what can I say? I know  
I've been about the shittyist  
Lab partner ever seen on the  
earth. Thanks for all your  
help. Hope you have fun with  
Jenny D. this summer. Mrs. Loupee  
has been a bitch but we  
finally made it through her  
class. Hey. maybe we'll be in  
Biology next year together with  
Katie & Brian. US four are  
great together. Oh well, have  
a super summer and maybe  
as I'll see you! See ya next  
year!!

Don't let  
Jen read  
this

Joe,

KC ROSS

P.S. Keep windsurfing  
Dude!

Why, why Jen. I me she's a Bitch  
to you? (I better not say) If you ever  
need any advice call me, oh yea.  
Before you jump her. Wash your  
feet! We made it through walt  
Loupee and Drager. Now make it in  
her pants. I have a hell of a summer  
and if you ever want to play tennis  
Give me a call. have fun in Texas (cheer on  
Jen)

Brian Dray (God)

Joe the MAN  
 I'm 9 got to  
 know you this year!  
 Keep up with good work in school  
 and have fun this summer!  
 Next year we gonna BLAST the  
 school!!

See you  
 your friend

Joe = H1 Korean  
 조우 Z.

Well Joe

we made it through our dreaded freshmen  
year and it was hell. First we get humiliated  
in Field Day then we make fools of our self  
in speech, then we get stuck with some man  
bitch, fuck-up that sounds ~~to~~ like a broken  
record saying Sure!!! Dont let the  
loopster see this or she'll have a baby  
then we get a negative attitude teaching  
History who gives A's so people like  
him. Dont show him this either. Then  
we go to some out of shape gym teacher  
who gets a hard-on from ultimate disc.  
frisbee. Oh well there's the whole  
year in a nut shell

Have fun in Algonac,

Chris Nelson

P.S. Now we are in the out of shape  
gym teacher's who gets a hard-on about  
ultimate disc frisbee and we are sitting in  
the weight and Philippe is grossing out the  
girls with a wiffle ball down his pants  
(someday you'll laugh about this 20 years  
from now) Bye

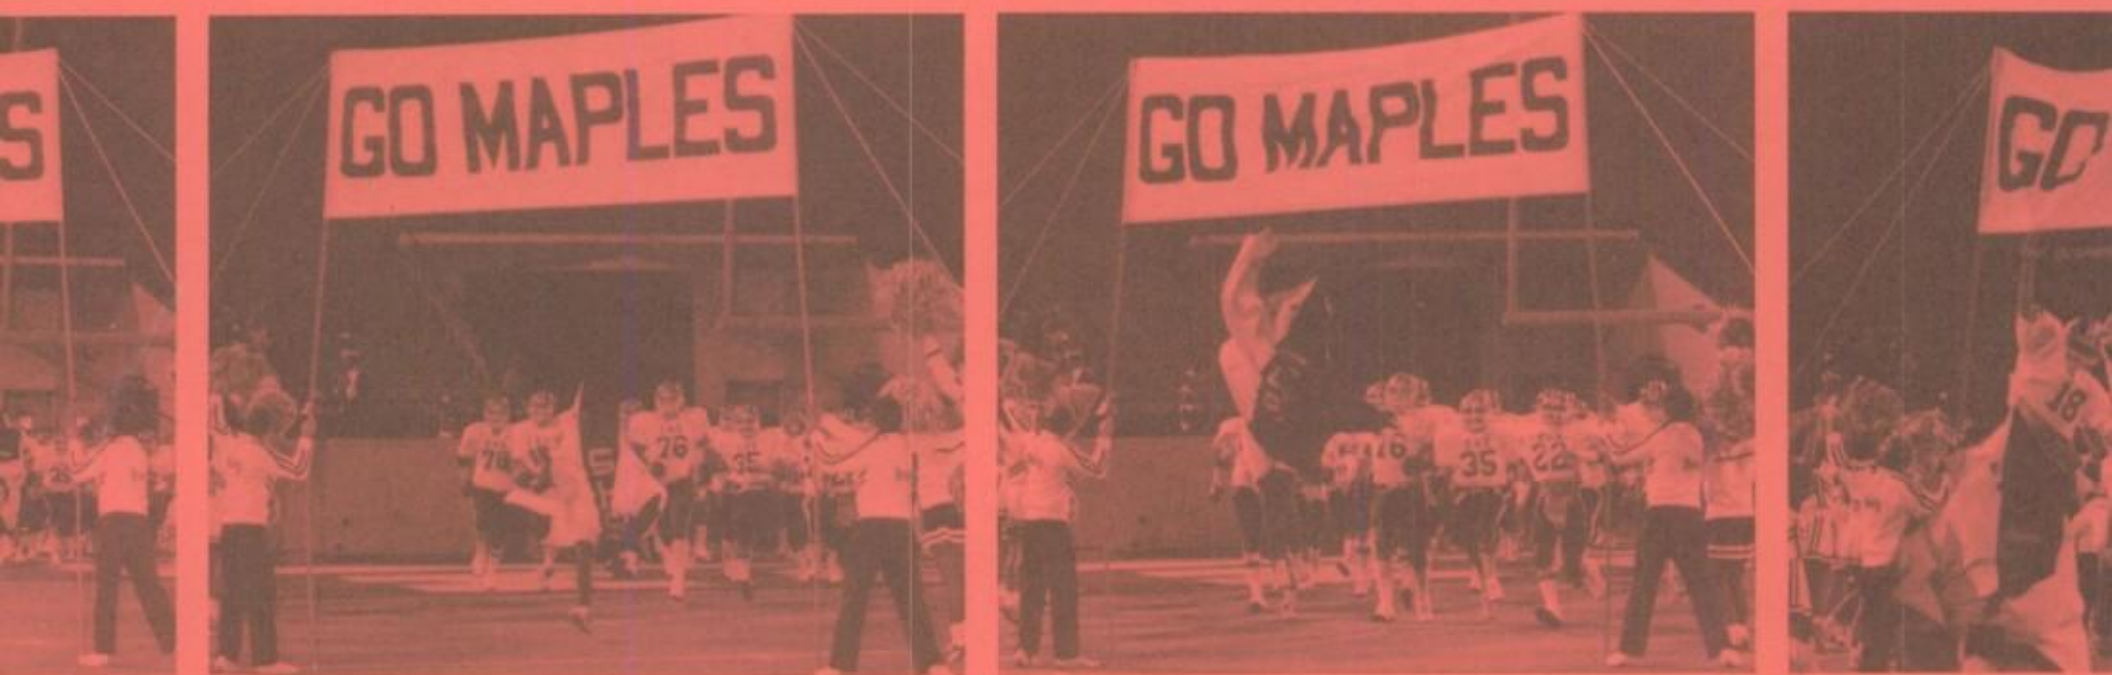

Chris Nelson

000,

you're such a guy? No, seriously, you're a queer but  
 funny. guy that copied my homework in I.P.S. (Not  
 that I minded) you and Bryan were quite funny.  
 I hope you and Jen stay happy and best of luck to  
 you two. You owe me one.

Love,  
 kate

To my Sex story Partner,  
 This year I have told you  
 many fun & interesting (to say the least) stories.  
 Well you owe me a couple. I won't pry  
 though. (Bullshit, it's just a safety feature in case  
 Jenny reads this). Well Joe, gimme a ring  
 over the summer.

Joe Kessler

~~Don't know what's happening~~  
 TAKE 2

Doc. we had a  
 fun year, it  
 was fun getting to  
 know you. Don't ya  
 next year. Don't ya  
 worry about me. I'll  
 be with all the babes.  
 go down + party to  
 you come + I'll  
 the big old teach  
 best of luck to ride  
 I luck waves.  
 next year. Good luck to you

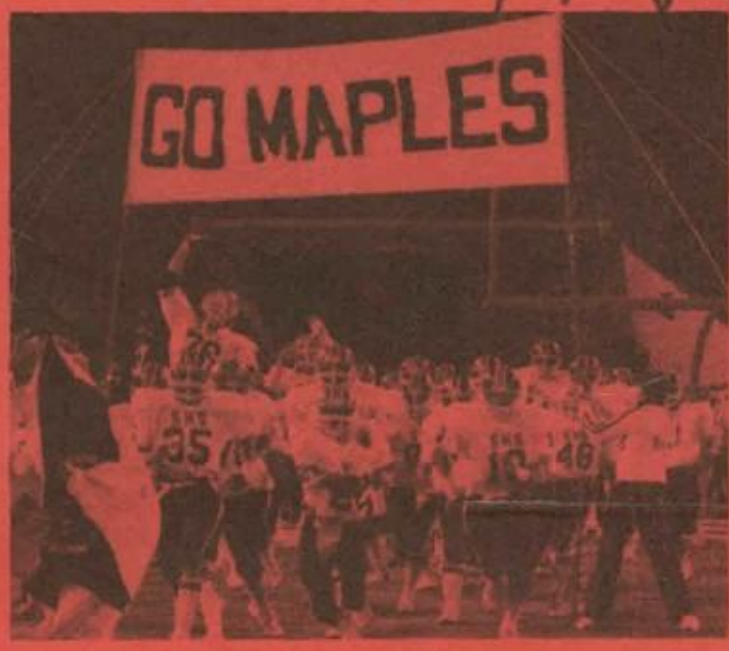

Photo series by Nick Davaras

The 8 1/2 by 11 Piper was printed on 17 signatures (16 pages each) of 80# matte paper and 100 # glossy four color pages, using offset lithography by Walsworth Publishing Company in Marceline, Missouri. Life touch Studios handled the majority of the senior portraits, while the formal underclass pictures were taken by National School Studios in Muncie, Indiana. Life touch sized the 4-process color photos and printed most of the black and white photographs. Most candid shots were taken by the Piper photography staff.

4-process color was used on pages 1-11, 60-67, 72-95, and 264-268. Ember red spot color was used in the opening, closing, Field Day section, senior section and division pages.

The majority of the book was in 10 point Avant

Garde. Captions had bold Italic lead-ins and were run in 8 point Avant Garde Italic. Folio tabs were in 12 and 10 point Avant Garde, photo credits appeared in 6 point Avant Garde Italic while bylines were 8 point Avant Garde Italic. Special artwork lettering appeared in the opening, closing, sports section, and division pages.

The book and spine were covered by black plasticine material on a 150 point board. Ember red stock paper was used for the endsheets.

The 1985 Piper, volume number 49, had a press run of approximately 1350. We maintain a membership in Quill and Scroll, Michigan Interscholastic Press Association, Great Lakes Interscholastic Press Association and National Interscholastic Press Association.

So TAKE it easy. Remember  
 NO WAVE is to big andy NO  
 SURFER is to small. See ya  
 next year.
